JEFFREY C. MCKAY
LEE DISTRICT SUPERVISOR

Board Matter

January 12, 2010

Madam Chairman— after more than 20 years with Fairfax County, most recently as Chief of the Capital Projects and Operations Division in the Department of Transportation, Ellen Gallagher has recently retired.

During those years, Ellen's dedication to the improvement of transportation in Fairfax County and Northern Virginia resulted in her heading each of the division's major sections: Capital Projects and Traffic Operations. During her years with the County, Ell has been involved in and directed transportation planning and traffic operations staff responsible for the Board's Four-Year Transportation Program and the County's Transportation Bond Program as well as the County's traffic calming program, cut-through traffic mitigation program, neighborhood parking management programs, spot safety and capacity program, and bicycling, pedestrian, and bus stop safety programs.

Most recently Ellen spearheaded the staff effort to revise the parking ordinance to limit the parking of oversized vehicles in residential neighborhoods. Earlier in her career with the County, Ellen also served as the project coordinator on numerous major projects, including the Route 28/Route 29 interchange, the Stringfellow Road park-and-ride facility, and the widening of Beulah Street from Woodlawn Road to Telegraph Road.

Madam Chairman—I ask for unanimous consent to bring Ellen Gallagher before the Board for Recognition at our meeting on February 9.
