

IMPORTANT SNOW REMOVAL INFORMATION

VDOT is asking that if possible, residents in subdivisions not park vehicles on the street so that the neighborhoods may be more effectively plowed. If it is absolutely necessary to park on the street, please park on the odd numbered side to assist VDOT plows. In addition, residents are encouraged to clear the areas around mailboxes and fire hydrants. Postal service employees are working to deliver important medicines and other mail and need access to mail boxes. And by clearing snow and ice away from all fire hydrants, they will be clearly visible to public safety personnel in the event of a fire.

Residents and businesses should also make sure that all parking spots identified as accessible parking spaces for people with disabilities are cleared of snow and ice.
