

Insect Template

Directions:

1. Color insect parts.
2. Cut out insect parts.
3. Using a hole punch, punch out small black circles.
4. Connect parts with fasteners: head to thorax to abdomen.
5. Tape legs to underside of thorax.
6. Connect wings to thorax.

Note to Child Care Providers and Parents:

1. Have children color insect parts.
2. Adults: Cut out insect parts and help children punch holes in circles and connect parts.
3. Adults: Discuss each insect part, using the correct name for each part.
