Athletic User Groups -

This morning the Fairfax County Board of Supervisors approved their FY 2017 budget. Included in this budget is an increase to the athletic application and tournament fees for **rectangular field users** to \$8 per participant per season for individual season play, and \$50 per team per tournament for tournament play. All money generated from this fee increase will go directly to the support of the synthetic turf field replacement fund.

Fairfax County currently has 86 rectangular synthetic fields available for community use. These fields have a limited life cycle and it is imperative the County have a plan to replace the synthetic turf surfaces when it becomes necessary. The action taken this morning, which was supported and approved by the Fairfax County Athletic Council, provides the necessary funding for such a replacement plan for the current inventory of fields.

Starting in the Fall 2016 season, athletic fees will be as follows:
