
SCOUT PROGRAMS
at
HUNTLEY MEADOWS
PARK
2013-2014

Programs are available on both weekdays and weekends and last approximately 1½ hours (programs may be shortened due to bad weather). There is typically a brief introduction indoors followed with a walk in the park. We do not cover all the requirements to complete a badge, but focus on those requirements best taught at this park.

Programs are scheduled when a naturalist is available; please call the Park and ask to speak to Meagan Keefe to make arrangements.
