GIS shapefiles provided by FCPA  
Field survey, April 2006 and April 2008

Most of the extant features at the Laurel Hill House site are associated with the D.C. Penal Institutions - Progressive Era (1914-1962.)

The area was closed to public access until very recently, therefore there are few changes post-date this period. Post-1962 features are indicated in *italics*.

There are few remaining features directly associated with the Lindsay ownership period. These are indicated in **bold**.

**Features associated with period of Lindsay ownership**  
*Non-contributing post-1962 features (NC)*
