Park Authority Photography Permits Now Available Online

The Fairfax County Park Authority (FCPA) has published a new webpage that lists the guidelines for professional photographers and provides a link to download a photography permit application. As many local photographers already know, county parks offer some of the most scenic locations in Northern Virginia for capturing memories. Wedding parties, graduating seniors, and families are just some of the groups seeking out beautiful natural landscapes and picturesque historic buildings found in parks. The required permit ensures that clients get the shots they envision.

Professional photographers have the option to purchase a one-time, two-hour permit or an annual permit that provides unlimited access to FCPA parks. Purchasing a permit enables site staff to coordinate activities within parks and avoid scheduling conflicts with other events. To download a photography permit application, visit www.fairfaxcounty.gov/parks/press/photography-permit.htm.

Photography permits are issued by the Park Authority's Public Information Office. For more information, call 703-324-8700 or send email to parkmail@fairfaxcounty.gov.
