Luria Park Boardwalk Renovations to Begin

The Fairfax County Park Authority will begin construction of the Luria Park Boardwalk Renovations Phase II Project shortly. These renovations are in response to public suggestions and sentiments expressed at public meetings in 2011. This project includes significant improvements to the existing boardwalk structure in Luria Park and Holmes Run Stream Valley Park, and is the continuation of the work completed in 2014. The park is located at 7624 Holmes Run Drive, in Falls Church, VA. The 2008 Park Bond will provide funding in the amount of \$26,000 for this project.

The contractor, Tito Contractors, Inc., will be mobilizing on site within the next month. Contingent on the weather, this project will continue throughout the winter with completion anticipated prior to the end of April. The demolition of approximately 320 feet of boardwalk deck and railing and the installation of new deck and code compliant safety railing are planned.

Construction access to the site will be from the park entrance on Holmes Run Drive and parking restrictions near that entrance are anticipated in order to facilitate the passage of construction materials and equipment. In addition, construction equipment will be present on the trail in Luria Park during construction. As a safety precaution, portions of the existing trail and the boardwalk will be closed to users during the project. An alternate route utilizing the Camp Alger Avenue trail and stream crossing to the north is available.

For more information contact Project Manager Cecil Hardee at 703-324-8434, or the Public Information Office at 703-324-8662.
