Technology Tours Now Offered at Ellanor C. Lawrence Park

In the 21st century, new and innovative technology is available through cell phones, computers, and machines that make lives easier. In the 1850s, the Machens at Walney had new and innovative technology for their time that made living easier. Some were even invented by the Machens themselves! Come tour Ellanor C. Lawrence Park and take the new Technology Tour at Walney and discover what technology the Machens had and how it compares to our technology today.

Tours are offered from 2 to 3 p.m. on the first Wednesday and third Sunday of the month. Learn about the technology of homebuilding and how it advanced in the early 20th century by attending The House that Came by Train on September 5, 2015 at 1 p.m. Learn about how a house could be ordered through a magazine and tour the 1933 Sears house open to the public only a few times a year! To learn more about these programs or to register, please contact Walney Visitor Center at 703-631-0013 or visit us online at <http://www.fairfaxcounty.gov/parks/eclawrence>. Spaces are still available!
