Get Tips On Achieving a Four-Season Garden at Green Spring

Your garden can look beautiful year-round with a minimum amount of work if you choose the right plants. Get tips on how to make that magic happen at the half-day Continuous Garden Symposium at Green Spring Gardens in Alexandria on Saturday, October 3, 2015.

From 8 a.m. to noon, experts will introduce you to low-maintenance shrubs, lovely perennials, and container gardens that inject beauty and carry your garden through the year. Learn how to use color and focal points to draw your eye through the garden and how to use containers to manage problem areas. You'll also get Green Spring's recipe for winning plant combinations.

Speakers include David Culp, designer, lecturer, and author of *The Layered Garden*; Nancy Moitrier, designer, horticulturist, and owner of Designs for Greener Gardens; and Karen Rexrode, horticulturist, photographer, and former nursery owner.

Green Spring Gardens is located at 4603 Green Spring Road, Alexandria, VA. For more information, call 703-642-5173 or visit us at www.fairfaxcounty.gov/parks/greenspring.
