## Join a Working Meeting on the Future of Lake Accotink Park

Members of the public are encouraged to have a say in the revision of Lake Accotink Park's master plan by attending an information meeting and workshop at Kings Glen Elementary School on May 16, 2016, from 7 to 8:30 p.m.

For the past year, the Fairfax County Park Authority has been studying ways to make Lake Accotink Park more environmentally and financially sustainable. Study results will be shared at the meeting and community members will be invited to offer their thoughts about the park's future. Park Authority staff and consultants will present the various options being considered, and small groups will be formed to discuss and evaluate the options.

The Park Authority hosted an open house community meeting on March 14 to introduce the master plan revision project, get public input, and share a wealth of information about Lake Accotink Park. The presentation from that evening can be found on the project website at <http://www.fairfaxcounty.gov/parks/plandev/lakeaccotink.htm>.

The website is also the place to follow the progress of the Lake Accotink Park Master Plan Revision and take a quick survey on what you enjoy most about Lake Accotink and what changes you would like to see.

For more information, please contact the Public Information Office at 703-324-8662 or via [Parkmail@fairfaxcounty.gov](mailto:Parkmail@fairfaxcounty.gov).
