Class Descriptions

- **Aqua Fit and Tone:** This is a low-impact and low-intensity workout taught in shallow water. You will increase muscular endurance while you tone muscles and improve flexibility.
- **Arthritis Water Exercise:** Shallow water exercise using water's buoyancy and resistance will help improve your overall range of motion, joint mobility and muscle strength. While this class is designed for students with arthritis, it is open to those who have other physical limitations.
- **Deep Water Exercise:** Take the plunge for a workout that is no impact. You'll use a variety of deep water exercises and deep water running techniques to get the maximum benefit from water's natural resistance.
- **Aerobic:** This excellent shallow water class provides cardiovascular workout and also increases muscle tone, strength and endurance.
- **Mix it up:** incorporates elements of Aerobic Water Ex and H2O Tabata.

Fairfax County Park Authority Winter Weather Policy

In weather-related emergencies, Park Authority programs, events, classes and events at park facilities and schools will be canceled based upon the closing decision of Fairfax County Public Schools

When a weather emergency occurs on a holiday and/or when schools are closed, the County Office of Public Affairs will give information on Park Authority closings to the news media.

When schools are on winter break, spring break or on teacher workdays, FCPS may make a different announcement relating to closures that address employees working those days or facility openings. If no announcement is made by the schools, call the Park Authority RECenter weather hotline **703-324-8661** for information. **Unless the county closes all county facilities, RECenters will remain open for general use.** Call the RECenter directly for their adjusted open swim schedule.
