

## A walk in the park

427 parks Fairfax County has  
70 years with many volunteers,  
Nature and history is always a mystery  
Green and clean is what I have seen.

Slide and swings make me sing  
Hide and seek I like to sneak  
I like to swing like I have wings,  
Green and clean is what I have seen.

Fishing in the spring my favorite thing  
Jogging in the summer with my brother and my mother  
Burke Lake Park where the dogs bark  
Green and clean is what I have seen.

Lakes and trees I like the breeze  
Birds and bees buzzing the geese  
Healthy air is always there  
Green and clean is what I have seen.
