ITEM SCHEDULED FOR DECISION ONLY

S07-CW-5CP – COMPREHENSIVE PLAN AMENDMENT (HERITAGE RESOURCES)

– To amend the Comprehensive Plan to update the Inventory of Historic Sites tables that appear in the Area Plans and add maps locating the sites; revise the language in the Overview and Heritage Resources sections of the Area Plans to reflect changes that have taken place such as demolition of a site and where new research has uncovered more accurate information on a site; make editorial changes to reflect changes to site names; add a definition for heritage resources in the Plan glossary; and update the language in the Area Plans related to heritage resources to reflect changes that have taken place such as demolition of a site and where new research has uncovered more accurate information on a site. Eighty-nine sites are proposed to be added to the Inventory and twenty-one sites are proposed to be deleted from the Inventory. Significant proposed revisions include: 1) updating the Inventory of Historic Sites tables in the district-wide recommendation section of each planning district, with a range from zero to thirty sites being added in any given district as recommended for inclusion by the History Commission because the site meets the criteria for listing on the Inventory and a range from zero to eight sites being deleted from the table in any given district as recommended by the History Commission because the site no longer meets the criteria for listing on the Inventory, adding a column to the Inventory of Historic Sites tables to identify the planning sector where each site is located and adding a map for each planning district to supplement the tables; 2) revising the language in the heritage resource sections of the planning districts and community planning sectors to reflect the objectives and polices stipulated in the Heritage Resources section of the Policy Plan for identification, recordation, and protection and preservation where feasible, including recognition of individual sites in the plan text; 3) making changes to site names to reconcile naming inconsistencies by using the site naming convention of the National Register of Historic Places; 4) restoring the identical Glossary definition for heritage resources to exactly how it appeared in the Plan prior to its removal and as it currently appears in the Glossary under the definition for cultural resources; and 5) updating the language describing historic overlay districts in the heritage resource sections of the planning sectors by citing the applicable section

of the Zoning Ordinance for each district. Copies of the proposed Amendment, containing a list of the Inventory of Historic Sites, and the staff report may be obtained from the Department of Planning and Zoning, 7th floor, Herrity Building, 12055 Government Center Parkway, Fairfax, VA, or by visiting <http://www.fairfaxcounty.gov/dpz>. **COUNTYWIDE.
