

Planning Commission Meeting
January 26, 2012
Verbatim Excerpt

RZ/FDP 2010-PR-019 – KETTLER SANDBURG, LLC

Decision Only During Commission Matters
(Public Hearing held on December 15, 2011)

Commissioner Lawrence: We had a case, RZ 2010-PR-019, in which we deferred the decision only at the public hearing on December 15th. We've since met with the applicant, and the applicant's met with the community. There's more work to do. They're going to resubmit and this is going to take some time. So I'm going to continue that deferral for quite a period of time. Mr. Chairman, I move that the decision only in the matter of RZ 2010-PR-019 BE CONTINUED ON A DEFERRAL BASIS TO A DATE CERTAIN OF APRIL THE 28TH, 2012, (*sic*) WITH THE RECORD TO REMAIN OPEN.

Commissioner Flanagan: Second.

Chairman Murphy: Seconded by Mr. Flanagan. Is there a discussion of the motion? All those in favor of the motion to continue the deferral of the DECISION only on RZ AND FDP 2010-PR-019 TO A DATE CERTAIN OF APRIL 28TH, (*sic*) with the record remaining open for written comments, say aye.

Commissioners: Aye.

Chairman Murphy: Opposed? Motion carries. Ms. Hurley abstains, not present for the public hearing.

//

Commissioner Lawrence later revised his motion to correct the deferral date of the decision only in the following motion:

Commissioner Lawrence: Mr. Chairman, earlier this evening I did a decision deferral on Kettler Sandburg and I gave a date which turns out to be erroneous. It's a Saturday, I'm told. Could I please have the record corrected?

Chairman Murphy: Sure.

Commissioner Lawrence: It's THE PLANNING COMMISSION MEETING ON THE THURSDAY PRIOR TO THAT SATURDAY, whichever date that is, that's fine – 26TH.

Chairman Murphy: Twenty - -

Commissioner de la Fe: Six.

Chairman Murphy: TWENTY-SIXTH?

Commissioner Lawrence: Right.

Chairman Murphy: Jeanette, did you get that? Okay, WITHOUT OBJECTION, SO ORDERED.

//

(The motion carried by a vote of 10-0-1 with Commissioner Hurley abstaining; Commissioner Alcorn not present for the vote.)
