AR 83-S-011-03 – OBER TRUST, SARA OBER

After Close of the Public Hearing

Vice Chairman Alcorn: I'll close the public hearing. Commissioner Murphy.

Commissioner Murphy: Thank you, Mr. Chairman. This renewal is significant because this particular agricultural and forestal district has been around in the county since 1954. And I think I can go public with this now, but at one time it not only was an agricultural and forestal district but it was a nudist colony, the first one in Fairfax County. It's well hidden. There are a lot of trees around there and it's off Route 123 on Roseland Drive. So therefore I'm pleased to see that it's being renewed solely as an agricultural and forestal district. So I would MOVE THAT THE PLANNING COMMISSION RECOMMEND TO THE BOARD OF SUPERVISORS THAT IT AMEND APPENDIX F OF THE FAIRFAX COUNTY CODE TO RENEW THE WALNUT RIDGE LOCAL AGRICULTURAL AND FORESTAL DISTRICT AND THAT IT APPROVE THAT, SUBJECT TO THE ORDINANCE PROVISIONS LISTED IN APPENDIX 1 OF THE STAFF REPORT.

Commissioner Litzenberger: Second.

Vice Chairman Alcorn: Seconded by Mr. Litzenberger. Any discussion?

Commissioner Lawrence: Question, Mr. Chairman.

Vice Chairman Alcorn: Mr. Lawrence.

Commissioner Murphy: I was afraid of that.

Commissioner Lawrence: Is that a barrier type E or F?

Commissioner Murphy: Yeah, right.

Vice Chairman Alcorn: Any additional discussion?

Commissioner Murphy: Or any combination thereof.

Vice Chairman Alcorn: Commissioner Flanagan.

Commissioner Flanagan: I did not see anything in the application about the nudist colony. How did the Chairman come by that information?

Commissioner Murphy: I was a member, charter member.

Vice Chairman Alcorn: All right. Any further discussion? All those in favor of approving the motion as articulated by Commissioner Murphy, please say aye.

Commissioners: Aye.

Vice Chairman Alcorn: All those opposed? That motion carries.

(The motion carried unanimously with Commissioner Hall absent from the meeting.)
