FS-L07-69 - VERIZON WIRELESS, 5801 Franconia Road

During Commission Matters

Commissioner Lusk: Thank you, Mr. Chairman. I actually have a number of “feature shown” requests if I can just do them in sequence. The first is a “feature shown” request for FS-L07-69 that pertains to a telecommunication facility that is proposed by Verizon Wireless. They’re proposing to put a 10-foot extension on an existing 90-foot stadium light pole and place three flush-mounted antennae at a height of 98 feet at Edison High School, which is located just on Franconia Road. In light of this, Mr. Chairman, there are no outstanding issues with it. So therefore, I RECOMMEND THE PLANNING COMMISSION CONCUR WITH A DETERMINATION OF THE TELECOMMUNICATION FACILITY PROPOSED BY VERIZON WIRELESS FOR THE STADIUM LIGHT POLE, LOCATED AT 5801 FRANCONIA ROAD, IS IN CONFORMANCE WITH THE RECOMMENDATIONS OF THE COMPREHENSIVE PLAN, AND SHOULD BE CONSIDERED A “FEATURE SHOWN” PURSUANT TO SECTION 15.2-2232 OF THE *CODE OF VIRGINIA*.

Commissioner Lawrence: Second.

Chairman Murphy: Seconded by Mr. Lawrence. Is there a discussion of the motion? All those in favor of the motion to concur with the “feature shown” determination in FS-L07-61 [sic], say aye.

Commissioners: Aye.

Commissioners Murphy: Opposed? Motion carries.
