456A-Y91-13-1 – FAIRFAX COUNTY DEPARTMENT OF PUBLIC WORKS AND ENVIRONMENTAL SERVICES, 4600 West Ox Road

During Commission Matters

Chairman Murphy: Also, in the Springfield District there is an application under "feature shown," which has a 456 number. It is actually a "feature shown" used in the original number for the 456. I had the – I want to make this motion this evening before we get on break because we're anxious to start construction of this facility. This application is for the expansion of the Fire and Rescue Training Academy across the street here on West Ox Road. I'm anxious to do this because it is time for this great facility to be expanded with all the good work they do up there, not only training our paid firefighters, our volunteer firefighters, but the firefighters from many jurisdictions around this area. I met for several hours with Chief Reilly, who is in charge of that facility, and his folks at a tour, went over the plans, and it's a good plan and we'd like to get to it as soon as we can. So I would move that we concur with the "feature shown" determination – by the way, this is in conformance with the Comprehensive Plan that calls for an expansion of the Academy, so I MOVE THAT THE PLANNING COMMISSION CONCUR WITH THE "FEATURE SHOWN" IN 456A-Y91-13-1.

Commissioner Hall: Second.

Chairman Murphy: Seconded by Ms. Hall. Is there is a discussion? All those in favor of the motion to concur with the "feature shown" determination, say aye.

Commissioners: Aye.

Chairman Murphy: Opposed? Motion carries.
