

20103090016

On Thursday, November 4, 2010, at approximately 4:34 p.m., uniformed officers were dispatched to a suspicious vehicle complaint in the 2900 block of Westcott Street in Falls Church. A check of the provided vehicle registration revealed that the vehicle had been stolen the previous day.

The officer confirmed the stolen status over the radio with the dispatcher. The officer parked his marked police vehicle about twenty yards away from the stolen vehicle and waited on additional officers to arrive. The suspect exited the stolen vehicle resulting in the officer displaying his service weapon and commanding the suspect to get on the ground. The suspect fled the scene causing the officer to give chase on foot. The officer was able to grab him and a struggle ensued.

A second uniformed officer arrived on scene, and expeditiously exited his unmarked police vehicle to assist the first officer with the suspect. The second officer deployed his electronic control weapon, but it had no effect. The officers continued to struggle with the suspect trying to place him in handcuffs. The suspect punched the first officer in the face, allowing him to free himself from the officers' grasp. The first officer then deployed oleoresin capsicum spray on the suspect to try to prevent his escape, but that had little effect.

The suspect was able to enter the second officer's unmarked police vehicle, which had been left running, and drive it away. A short time later, he returned to the scene, exited the stolen police vehicle and entered the original stolen vehicle. The second officer drew his service weapon and gave the verbal commands, "Police, don't move," but the suspect failed to comply and drove away. The second officer called a vehicle pursuit and additional uniformed officers, in marked police vehicles joined the pursuit.

An uninvolved uniformed officer was marked out on a traffic stop at the 2800 block of Graham Road. Realizing the pursuit was likely to pass his location, the officer deployed Stop Sticks in an effort to end the pursuit and took a position of cover. The suspect slowed down and veered to the left to avoid the Stop Sticks. The officer removed himself from his position of cover and changed the location of the Stop Sticks to attempt to disable the suspect's vehicle. The driver again changed his direction of travel, made a sharp turn toward the officer and accelerated toward him. The officer, now without cover, drew his service weapon, pointed it at the suspect and commanded, "Stop, police." The driver continued in the officer's direction and the officer discharged his service weapon at the approaching vehicle, striking the driver. The driver changed his direction of travel again and the pursuit continued.

The suspect eventually side-swiped a police vehicle that tried to stop him and the pursuit concluded when another officer successfully utilized the Precision Immobilization Technique to disable the vehicle. The suspect was taken into custody after a brief struggle. The officers rendered aid until relieved by Fire and Rescue personnel.

The suspect was treated at Inova Fairfax Hospital.

The suspect was subsequently charged with Felonious Assault on a Law Enforcement Officer, Attempted Malicious Wounding of a Police Officer, and Grand Larceny.
