

Emergency Custody Orders

By Day of Week						
Saturday	Sunday	Monday	Tuesday	Wednesday	Thursday	Friday
12%	12%	15%	15%	11%	21%	15%

Findings: Since each day is 14.2% of the week:

- Thursday was “busy”
- Monday, Tuesday and Friday was “normal”
- Saturday and Sunday were “slow”

Comment: For Crisis Services generically, Saturday and Sunday are far fare slower than Monday-Friday.

By Day of Week					
8am	12pm	4pm	8pm	12am	4am
9%	26%	27%	20%	14%	3%

Findings:

- If coverage is 8 hours, the data clearly indicate 12pm-8pm.
- If 12 hours, then 12pm thru 12am encompass 73% of all ECOs.

TDOs. Comment: Credible cannot currently capture (except in narrative) the time an ECO was executed; consequently this data reflects only the “start” for the clinician/psychiatrist (which – in most cases - will be subsequent to the execution of the ECO).
