The Small Business Commission conducted a wholly electronic meeting (using a conference call option as well as a video conference option) because the COVID-19 pandemic made it unsafe to physically assemble a quorum in one location or to have the public present. The public was encouraged to participate with notices providing call-in info and contact information for alternative accommodations. The meeting was called to order at 7:01 p.m. and was facilitated by Chairman Murphy. The minutes from the January 23, 2023 SBC meeting were approved.

- **Chairman Murphy conducted the following actions relevant to electronic meetings:**
  - A sound and video check was conducted to ensure that each member of the BAC may be adequately heard and that all members could hear each other.
  - Stated that the usual FOIA procedures, requiring in person assembly, cannot be implemented safely or practically due to the Covid-19 emergency.
- **Committee Updates**
  - Education and Outreach – Commissioner Wood requested three volunteer commissioners for interviews with Channel 16.
- **Staff updates:**
  - Thrive Grant: DEI is hopeful to have an application process in place by April, updates will be provided to this commission in meetings and via email as they become available.
  - Green Business Partner presentation provided by the Office of Energy and Environmental
