## RENT REASONABLENESS ASSESSMENT DATA SHEET

FCRHA is required to assess whether the proposed rent for your unit is comparable to similar units within its local market. FCRHA's Rent Reasonableness assessment is based on the information you provide on this sheet. Your signature below certifies that the statements made on this form are true and correct. If the FCRHA Housing Inspector is unable to verify the information provided, FCRHA will need to re-assess the proposed rent and may need to request that it be lowered, which will delay the processing of your contract approval.
