

Automated External Defibrillators (AEDs) for public use have been installed in most Fairfax County worksites and all Fairfax County Public Schools.

The Risk Management Division, Department of Finance, oversees the County program, which includes both equipment and training.

If a person collapses, will not wake up when gently shaken and is not breathing normally,

- Send someone IMMEDIATELY to call 911 and get the AED.
  - While you are waiting, begin CPR.
- Once the AED arrives, open the case, push the green on/off button and follow the instructions.

When you turn on the AED, it will guide you through each step of the rescue. The Philips FRx AED in County government and school buildings will detect where you are in each step of the rescue and prompt you with instructions, including CPR coaching.

If you use the AED, please call the program vendor, NorthStar First Response toll free 1-888-470-6771 or the County program manager 703-324-3108.

AEDS IN COUNTY WORKSITES - NOVEMBER 2014
