Are You and Your Community Prepared for a Disaster?

Disasters and emergencies can affect anyone at anytime. Do you have the plans and supplies in place to help you withstand the first three to five days after a disaster?

The Fairfax County Office of Emergency Management suggests three

(Continued on page 2)

steps that each individual and family should take to prepare for an emergency:

1. Make a plan– Determine how you will contact your family, and get back together, if you are separated during an emergency. Be sure to identify what you will do in various situations. More information is available at www.ReadyVirginia.gov and www.MakeaPlan.org .
2. Assemble a Kit– An emergency kit should contain basic supplies to help you withstand a disaster. It's best to think first about the basics of survival: fresh water, food, clean air, and warmth.
3. Stay Informed– The most convenient way to stay up-to-date about local emergencies is to register for the Community Emergency Alert Network (CEAN), which delivers important emergency alerts, notifications, and updates during a major emergency, in addition to regular weather and traffic alerts. Register at www.fairfaxcounty.gov/cean .

Additional information regarding emergency preparedness can be viewed at www.fairfaxcounty.gov/oem/prepare and www.fairfaxcounty.gov/emergency .

The Fairfax County Office of Emergency Management is available to deliver emergency preparedness presentations to community organizations and homeowner associations. If interested, contact Marcelo Ferreira at 571-350-1013, TTY 711, or via email at marcelo.ferreira@fairfaxcounty.gov .
