In this edition: Noise Advisory

Sully District e-Newsletter

My office has received a number of calls this morning regarding the loud booming noise that many residents are hearing. I have been informed that the noise is coming from heavy munitions training at Quantico. This type of activity occurs on a regular basis at Quantico but weather conditions are such that we are hearing it throughout Fairfax County. Below is the noise advisory from the Marine Corps Base Quantico Public Affairs Office.

NOISE ADVISORY – February 27 – March 7, 2010

MCB Quantico Public Affairs Office

February 26, 2010

Noise Advisory
