1. Meeting was called to order by Chair Maggie Parker at 7:04pm.
2. All present re-introduced themselves. The board welcomed new member Joe Koszarek, Hunter Mill resident representative. He lives in Reston Town Center.
3. Minutes from March 25, 2019 meeting reviewed. Action on minutes was deferred until spring meeting.
4. Chris Caperton introduced himself and gave a short update about recent Reston development, and how the core teams within the County encompass different specialties of work. In a few weeks the County will be advertising for a Senior Planner dedicated solely to Reston. Hope to fill by the end of the year.

Tom Biesiadny provided a presentation on Reston Transit Station Areas Development and Transportation Projects. The presentation will be available on the RTSDAB page on the Fairfax County Government website.

In addition to the updates in the presentation, Tom Biesiadny advised that nearly all of the RMAG Phase I Silver Line recommendations have been completed with the major outstanding project being the W&OD Bridge over Wiehle Avenue. Recent progress on that with the developers of the Isaac Newton Square area indicates the project can now move forward.

5. The board members discussed that there are still vacancies on the Board. Interested parties should contact their Supervisor.
6. The Board engaged in a discussion of future meeting schedule and time. The spring meeting will be in March and we will attempt to meet at 5pm.
