SUBJECT: 2024 Legislative Report No. 2 – Board Legislative Committee Meeting of February 9th, 2024

Three weeks remain in the 2024 General Assembly session, with last week being crossover. This is one of the most significant dates for the conduct of legislative activities, as the House and Senate are required to consider and act on their respective non-budget legislative initiatives by crossover, and thereafter, from this point forward, will only be considering legislation passed by the other body. Additionally, the House Appropriation and Senate Finance Committees presented their budget bills on February 18, and now must be passed by each chamber. As in years past, we anticipate that each chamber will reject the other's budget and appoint members to a conference committee to resolve these differences.

The Legislative Committee met on February 9th to consider several issues of importance to the County. The Committee offers the following report and recommendations for action to the Board.

Legislative Committee Actions of February 9, 2024:

Members Present: Legislative Chair Walkinshaw

HB 874 (Bulova) (HPE) prohibits persons from making any single contribution, or any combination of contributions, that exceeds \$20,000 to any one candidate for Governor, Lieutenant Governor, Attorney General, or the Senate of Virginia or \$10,000 to any one candidate for the House of Delegates in any one election cycle. The bill does not place any limits on in-kind contributions to such candidates from political party committees. The bill establishes thresholds for any candidates making contributions to their own campaign in excess of \$400,000 in a race for Governor, Lieutenant Governor, Attorney General, or the Senate of Virginia or \$200,000 in a race for House of Delegates. The bill also prohibits persons from making any single contribution, or any combination of contributions, that exceeds \$10,000 to any one political committee in any calendar year. Civil penalties for violations of the limits established by the bill may equal up to two times the excess contribution amounts. (24104987D)

HB 1045 (Simon) (HAPP) establishes the Public Campaigns Program within the Department of Elections for the purpose of providing matching payments of public money to participating candidates receiving qualified small-dollar contributions of less than \$250. The bill requires participating candidates to agree to abide by contribution limits and limits on the use of public matching payments in addition to agreeing to participate in public debates. Under the bill, matching payments are made from the Public Campaigns Fund, which is funded by an option on Virginia tax returns to direct a contribution of \$40 from an individual filer, or \$80 dollars for joint filers, to the Fund. The bill requires the Department to conduct audits of elections involving Program participants and to make a report to the General Assembly on the status of the Program generally. (24100672D)

HB 1346 (Bloxom) (Passed House) provides that a candidate for local office or for director of a soil and water conservation district may also seek an exemption from the requirement that he designate a separate campaign depository by certifying that (i) he has not and will not contribute any money to his own campaign and (ii) he has not and will not expend any money in the course of the campaign. The bill also provides that a candidate for local office or for director of a soil and water conservation district applying for a general exemption is exempt from having to make special reports for certain large pre-election contributions. (24105067D)

SB 78 (Favola) (Senate Floor) broadens the scope of disclaimer requirements for campaign advertisements to include electioneering communications, as defined in the bill, and messages advocating for the passage or defeat of a referendum. The bill also requires an advertisement that is an independent expenditure or that expressly advocates for the passage or defeat of a referendum to contain a disclaimer providing the names of the advertisement sponsor's three largest contributors. The bill also requires independent expenditure reports to be filed electronically. Current law allows such reports to be filed either electronically or in writing. (24107126D-S1)

SB 107 (Suetterlein) (Seante Floor) prohibits campaign fundraising by a member of the General Assembly or statewide official on any day the General Assembly is scheduled to meet during a special session. The bill also provides for an appeal process for any person or committee assessed a civil penalty under the Campaign Finance Disclosure Act of 2006. (24101552D)

SB 377 (Boysko) (Passed Senate) prohibits any person from converting contributions to a candidate or his campaign committee to personal use. Current law only prohibits such conversion of contributions with regard to disbursement of surplus funds at the dissolution of a campaign or political committee. The bill provides that a contribution is considered to have been converted to personal use if the contribution, in whole or in part, is used to fulfill any commitment, obligation, or expense that would exist irrespective of the person's seeking, holding, or maintaining public office but allows a contribution to be used for the ordinary and accepted expenses related to campaigning for or holding elective office, including the use of campaign funds to pay for the candidate's child care expenses that are incurred as a direct result of campaign activity. The bill provides that any person subject to the personal use ban may request an advisory opinion from the State Board of Elections on such matters. The bill directs the State Board of Elections to adopt emergency regulations similar to those promulgated by the Federal Election Commission to implement the provisions of the bill and to publish an updated summary of Virginia campaign finance law that reflects the State Board of Elections' and Attorney General's guidance on the provisions of such law that prohibit the personal use of campaign funds and any new regulations promulgated by the State Board of Elections. HB 888 - Civil commitments & temporary detention orders; def. of mental illness neurocognitive disorders.

Civil commitments and temporary detention orders; definition of mental illness neurocognitive disorders and neurodevelopmental disabilities; Secretary of Health and Human Resources to evaluate placements for certain individuals; report. Specifies that for the purpose of civil commitments and temporary detention orders, behaviors and symptoms that manifest from a neurocognitive disorder or neurodevelopmental disability are excluded from the definition of mental illness and are, therefore, not a basis for placing an individual under a temporary detention order or committing an individual involuntarily to an inpatient psychiatric hospital. The bill provides that if a state facility has reason to believe that an individual's behaviors or symptoms are solely a manifestation of a neurocognitive disorder or neurodevelopmental disability, the state facility may require that a licensed psychiatrist or other licensed mental health professional reevaluate the individual's eligibility for a temporary detention order before the individual is admitted and may refuse to admit an individual if the licensed psychiatrist or other licensed mental health professional determines the individual's behaviors or symptoms are solely a manifestation of a neurocognitive disorder or neurodevelopmental disability. The foregoing provisions of the bill have a delayed effective date of July 1, 2025. The bill also directs the Secretary of Health and Human Resources to evaluate, identify, and develop placements for individuals with neurocognitive disorders and neurodevelopmental disabilities, as well as any statutory or funding changes needed to prevent inappropriate placements for such individuals, and to report his findings and recommendations by November 1, 2024. This bill is a recommendation of the Joint Legislative Audit and Review Commission and the Behavioral Health Commission.
