4:30 p.m. Public hearing to propose an ordinance for passage that would amend Chapter 30 (Minimum Private School and Child Care Facility Standards) of The Code of the County of Fairfax, Virginia. The proposed amendments to Chapter 30, Article 1, include the following primary substantive changes to the ordinance: The proposed amendment to Section 30-3-2 reduces the time in which the background checks are renewed to every three years. Currently, this section requires a search of the Central Criminal Records Search every five years for each applicant and adult resident in the facility. The proposed amendments also delete obsolete language from Sections 30-3-4 and 30-3-6.

4:30 p.m. Public hearing to consider proposed revisions to the Comprehensive Plan for Fairfax County, VA, in accordance with the Code of Virginia, Title 15.2, Chapter 22. Plan Amendment PA 2013-I-B2, located in the Mason Supervisor District, concerns approximately 218 acres of land, surrounding Arlington Boulevard (Route 50), and Leesburg Pike (Route 7). The area is generally bounded by portions of Wilson Boulevard and the City of Falls Church to the north, and Arlington County to the north/southeast. The area includes single family properties south of Route 50 and multi-family properties south of Patrick Henry Drive between Route 50 and Leesburg Pike. On the south/northwest, the boundary follows the non-residential uses that are along Leesburg Pike and are adjacent to Juniper Lane, Castle Road, and Sleepy Hollow Road. The area is described as the Seven Corners Community Business Center (CBC) in the Baileys Planning District of the Area I Volume of the Comprehensive Plan. Plan text changes are proposed in the Seven Corners CBC section as well as other sections of the Baileys Planning District and Jefferson Planning District. The subject area is currently planned for retail, office, residential, mixed use, public facilities, institutional and other uses at various intensities. The proposed Plan amendment recommends a mixed-use town center anchored by two less intense mixed-use villages that are connected by a central spine road that serves motorists, pedestrians and bicyclists. Each mixed-use center would include a refined grid of streets with enhanced streetscapes. The transportation system is recommended to be improved with a redesign of the Seven Corners interchange into a four-legged intersection of Leesburg Pike, Wilson Boulevard and Sleepy Hollow Road and with the construction of a new ring road around this intersection. All roads are recommended to be complete streets that accommodate multiple modes of transportation. Recommended open spaces include a large-scale civic plaza for community gathering in the town center, a common green, pocket parks, additional recreational facilities and a linear green space with a trail. Corresponding to the proposed villages and town center, the recommended Comprehensive Plan for the Seven Corners CBC concentrates redevelopment in areas described as Opportunity Areas that were determined to have the greatest redevelopment potential. The proposed Plan uses a form-based approach to replace existing recommendations expressed as Floor Area Ratio (FAR) to guide the intensity and form of redevelopment in Opportunity Areas. Development in each of the three Opportunity Areas is recommended as follows: 1) Willston Village up to 2,760,000 square feet of residential use, and 391,000 square feet of non-residential uses; 2) Town Center up to 2,450,000 square feet of residential use, and 1,350,000 square feet of non-residential uses; and, 3) Leesburg Pike Village up to 404,000 square feet of residential use, and 135,000 square feet of non-residential uses. The overall maximum number of square feet in the CBC recommended in the Plan could be up to 3,584,000 square feet of existing and new non-residential uses, and 6,723,000 square feet of existing and new residential uses. Recommendations on maximum total development potential of the CBC, building height, uses and urban design guide build-out potential in an Opportunity Area. In addition, redevelopment is expected to be accompanied by coordinated development and phasing plans; contributions to the transportation network, public parks and public facilities; achievement of at least LEED certification, provision of affordable housing and

demonstration of compatibility with adjacent lower density areas planned to remain. Potential development in areas outside the Opportunity Areas is recommended to continue to be guided by floor area ratio limits. Other revisions to areawide text are recommended as needed to be consistent with new site specific guidance or to reflect editorial updates. Other changes to transportation network and public facilities guidance may also be adopted. In addition, the description of the Baileys Crossroads CBC Concept for Future Development is also recommended to be revised to reflect Plan Amendments PA 2013-I-B2 and ST10-CW-3CP. Copies of the staff report for this proposed Plan amendment may be obtained from the Dept. of Planning & Zoning, 7th floor, Herrity Bldg., 12055 Government Center Pkwy, Fairfax, VA, and can also be viewed on the Web at <http://www.fairfaxcounty.gov/dpz/comprehensiveplan/planamendments.htm>. Copies of the Planning Commission (PC) recommendation may be obtained from the PC, 12000 Government Center Pkwy., Suite 330, Fairfax, VA. Any questions may be directed to the Planning Div. at 703-324-1380.
