10. **10:30 A.M. – REPORT ON GENERAL ASSEMBLY ACTIVITIES**  
(11:18 a.m.)

Chairman Connolly briefed the Board on General Assembly activities, noting that the General Assembly failed to adopt a budget and a transportation program.

Chairman Connolly called the Board's attention to a Board matter, which he distributed, regarding House Bill (HB) 1290 and Senate Bill 260, which pertain to local personal property taxation of machinery and tools used by manufacturers and will come before the Governor shortly for signature. As passed, these bills create a new definition of "idle machinery," which is exempt from taxation. The

new definition is difficult to verify, thus creating a loophole in assessing fair market value of personal property. Machinery and Tools taxation produces \$3.9 million in personal property tax revenue in the County; although not all of this revenue would be jeopardized, the assumption that certain tangible personal property shall be exempt from taxation because it is temporarily idle creates a troubling precedent for other local taxation.

Chairman Connolly stated that a possible alternative is already included in the legislation. Language in HB 1290 mandates that a working group be convened to study certain manufacturing issues, including a uniform methodology for taxing idle machinery. The exemption for idle machinery should be stricken from the proposed legislation to allow the study mandated by HB 1290 to be completed by all interested parties.

Therefore, Chairman Connolly relinquished the Chair to Vice-Chairman Bulova and moved that the Board endorse a letter, signed by the Chair, to Governor Timothy Kaine, requesting him to amend this legislation accordingly. Supervisor Kauffman seconded the motion.

Discussion ensued, with input from Susan E. Mittereder, Legislative Director, and Tom Biesiadny, Chief, Coordination and Funding Section, Department of Transportation, regarding transportation issues.

The question was called on the motion and it carried by a vote of nine, Supervisor Hyland being out of the room.

Chairman Connolly further moved:

- Adoption of the Legislative Report on General Assembly Activities dated March 13, 2006.
- That the Board commend staff for their efforts, on behalf of the Board, in Richmond.

Supervisor DuBois and Supervisor Smyth jointly seconded the motion and it carried by a vote of nine, Supervisor Hyland being out of the room.

Vice-Chairman Bulova returned the gavel to Chairman Connolly.

11. **ADMINISTRATIVE ITEMS** (11:25 a.m.)

Supervisor Hudgins asked to amend the motion to consider Admin 11 separately, and this was accepted.

Supervisor Smyth called the Board's attention to Admin 6 – Additional Time to Commence Construction for Special Exception Application SE 2003-PR-005, Riggs Bank, NA (Providence District) and asked to amend the motion to approve 3 months of additional time to commence construction, instead of the requested 12 months. **ADDITIONAL BOARD MATTERS**

**NV:nv**

18. **INITIATIVE ON THE ARTS** (11:41 a.m.)

(BACs) Chairman Connolly said that his first Board Matter was presented jointly with Supervisor Gross to create an initiative on the arts. He noted that the arts, “enlighten us, soothe us, and provide culture and aesthetics, and there’s not enough of them.” Therefore, Chairman Connolly relinquished the Chair to Vice-Chairman Bulova and, jointly with Supervisor Gross, moved a Consideration Item of \$1.1 million to be provided to the Council on the Arts to create a community funding pool, structured and administered similar to the community funding pool process in human services. Grants provided from this pool would be awarded on a challenge grant basis of at least two for one. The prospective recipient must demonstrate that it has attracted two net new dollars for every one awarded through the arts funding pool. The purpose is to leverage tax dollars and encourage more private sector funding of the arts. Supervisor Gross seconded the motion.

Discussion ensued regarding tourism, hospitality fees, the allocation of \$100,000 of the \$1.1 million for administration, an auditorium, and the fact that this initiative is for both performing as well as fine arts, with input from Anthony H. Griffin, County Executive.

The question was called on the motion, which carried by a vote of nine, Supervisor Hyland being out of the room.

Jointly with Supervisor Gross, Chairman Connolly moved that the Board create a Commission on the Future of the Arts to provide the County with a comprehensive examination of “whither the arts in our community.” Such an

examination should include, but not be limited to, the issues of the location and construction of a center for the arts in the County, the need for public art in public spaces, the promotion of local arts, the creation and maintenance of a Countywide arts directory, the integration of the arts with the growing diversity of the community, the role and relationship of arts and education, K-16 and beyond, the role and relationship of the arts to economic development and the business community, and the role and relationship of the arts to the government.

Membership on this commission should include academic leaders, representatives of the business community, and the Arts Council. The County Executive is hereby requested to provide the Board with his recommendations on the final composition of the commission and its scope of work. The final report and recommendations of the commission should be provided to the Board by its first meeting in January 2007. Funding for the commission will be solicited from the private sector. Supervisor Gross seconded the motion, which carried by a vote of nine, Supervisor Hyland being out of the room.

19. **METROPOLITAN WASHINGTON AIRPORTS AUTHORITY (MWAA)  
PROPOSAL FOR THE DULLES TOLL ROAD** (11:49 a.m.)

Chairman Connolly announced that this Board Matter was presented jointly with Supervisor DuBois, Supervisor Hudgins, and Supervisor Smyth. He said that the MWAA recently submitted a proposal to take over operation of the Dulles Toll Road from the Virginia Department of Transportation. This proposal would allow the second phase of the extension of Metrorail in the Dulles Corridor to proceed in a more timely fashion than currently proposed. MWAA's proposal is currently being evaluated by the Commonwealth of Virginia, along with other proposals which would transfer the ownership and operation of the Dulles Toll Road to private parties. The proposal by the Airports Authority, however, holds significant and unique promise due to MWAA's stake in the project, its history and track record of managing major construction projects, and the promise of completing Phase II of the Dulles Corridor well ahead of the current timeline. However, as the Dulles Toll Road is currently a major public asset, the Board must ensure that the public continues to have a voice in its operation and management.

Accordingly, on behalf of Supervisor DuBois, Supervisor Hudgins, and Supervisor Smyth, Chairman Connolly moved that the Board:

- Endorse the MWAA proposal, in concept, provided that the County and MWAA reach agreement on the creation of an inter-jurisdictional advisory body, pursuant to the draft resolution and memorandum of understanding (MOU) that he distributed to the Board.

- Direct staff to provide copies of this motion, the resolution, and the MOU to the executive director and chairman of MWAA, the Secretary of Transportation, the acting head of the Virginia Department of Rail and Public Transportation, members of the Commonwealth Transportation Board, and members of the County's delegation to the General Assembly.

Supervisor Smyth seconded the motion.

Discussion ensued, with input from Anthony H. Griffin, County Executive, regarding this important proposal including its timing and briefings, as well as public hearings that will be scheduled.

Supervisor Hudgins asked unanimous consent that the Board direct the County Executive to provide a mechanism for regular updates to the Board on this project. Without objection, it was so ordered.

The question was called on the motion, which **CARRIED** by a recorded vote of eight, Supervisor Frey abstaining, Supervisor Hyland being out of the room.

20.

**REQUEST TO DELAY THE MEDICARE PART D PREMIUM PENALTY**  
(12:10 p.m.)

Chairman Connolly reminded the Board that the federal government recently established a prescription drug benefit for Medicare recipients. Last year the Board instituted a Medicare Part D prescription drug benefit for County government retirees. According to a letter he received from Robert Gehring, Chair of the Fairfax Area Commission on Aging, Chairman Connolly said that the decision on which Medicare Part D plan that the federal government has instituted is highly complex and confusing. Additionally, that decision must be made by all retirees, including County retirees, looking to take advantage this program by May 15, 2006, or they will start to accrue a late enrollment penalty of one percent a month, for every month until they are able to make the decision on which plan to enroll in. Once any retiree does enroll in a program, the level of penalties that they have been assessed will remain with them, for every year that they are in the program.

Therefore, Chairman Connolly moved that the Board direct staff to draft a letter for his signature to the County's Congressional Delegation, asking for a delay of the premium penalty for the first full year of the Medicare Part D prescription drug benefit program so that all retirees have more time to try to understand this important and complex decision. Supervisor Gross and Supervisor McConnell jointly seconded the motion, which carried by a vote of nine, Supervisor DuBois being out of the room.

21. **COLUMBIA PIKE TRANSIT ALTERNATIVES ANALYSIS (MASON DISTRICT)** (12:11 p.m.)

Jointly with Supervisor Gross, Chairman Connolly said that at its January 19, 2006, meeting, the Board of Directors of the Washington Metropolitan Area Transit Authority (WMATA) approved the release of the Alternative Analysis report of the Columbia Pike Transit Study. The Alternative Analysis recommended the Modified Streetcar Alternative be carried forward into the next phase of project development. The Modified Streetcar Alternative would feature a streetcar alignment running along Columbia Pike between Skyline and Pentagon City, with a constant headway of 6-12 minutes, augmented by bus service in the peak hours and to locations along Columbia Pike, such as Annandale, which would not be served directly by the streetcar.

Chairman Connolly said that the Board will, at a later date, be asked to endorse the Modified Streetcar Alternative as its Locally Preferred Alternative. He noted that the alternative put forward by the study may also have utility in other corridors within the County.

Chairman Connolly asked unanimous consent that the Board direct staff to add this item to the Board's Transportation Committee agenda. Without objection, it was so ordered.

Supervisor Gross announced a community meeting on this issue on Monday, March 20 at the Sheraton National Hotel near the Pentagon in Arlington. She said that the Arlington County Board of Supervisors will be asked to endorse the Locally Preferred Alternative first and that she anticipated that this would come before the Board in May.

22. **EMPLOYEE TRAINING FOR STAFF OF NON-PROFIT PARTNERS** (12:13 p.m.)

Chairman Connolly said that local non-profits need training for their employees, but it is not cost effective because of their small size. Noting that the County conducts training in many categories, he moved that the Board direct the County Executive to work with the Department of Human Resources to explore a program that offers non-profit partners a couple of seats for their employees in training classes offered for County employees and report with the feasibility of such a program. Without objection, it was so ordered.

23. **VOLUNTEER SERVICE AWARDS** (12:14 p.m.)

Chairman Connolly asked unanimous consent that the Board proclaim April 20, 2006, as "*Volunteer Recognition Day*" in Fairfax County and direct staff to invite appropriate representatives from Volunteer Fairfax to receive the proclamation at the April 3 Board meeting. Without objection, it was so ordered.

24. **COMMUNITY ACTION MONTH** (12:15 p.m.)

(BACs) Chairman Connolly asked unanimous consent that the Board proclaim May 2006 as “*Community Action Month*” in Fairfax County and direct staff to invite representatives from the Community Action Advisory Board to be recognized with the proclamation at the May 1 Board meeting. Without objection, it was so ordered.

25. **DONATE LIFE** (12:15 p.m.)

(BACs) Chairman Connolly asked unanimous consent that the Board proclaim April 2006 as “*Donate Life Month*” in Fairfax County to coincide with the national observance of this important cause and direct staff to invite members of the Commission on Organ and Tissue Donation and Transplantation to receive the proclamation at the April 3 Board meeting. Without objection, it was so ordered.

26. **FOSTER CARE MONTH** (12:15 p.m.)

Chairman Connolly asked unanimous consent that the Board proclaim May 2006 as “*Foster Care Month*” in Fairfax County and direct staff to invite representatives from the Department of Family Services and appropriate non-profit organizations to be recognized with the proclamation at the May 1 Board meeting. Without objection, it was so ordered.

27. **ANTICIPATING THE FUTURE** (12:15 p.m.)

Chairman Connolly reminded the Board that in May of 2004, the Board requested a study to review current and forecasted changes in the County’s demographics and the impact of those changes on County services. Following this morning’s session, he announced that the Board will release this study entitled “Anticipating the Future: A Discussion of Trends in the County,” at a press conference in the Press Room, Room 158 of the Government Center. The study brings together more than 75 major data sources, including local census data, demographic and housing forecasts, job growth forecasts, targeted surveys and studies conducted directly by the County, and national data and research to identify trends most likely to influence and impact County government services and community needs over the next 15 to 20 years and beyond. It is the first study done in the County which brings together data with implications and inferences covering human and social needs, housing, public safety, transportation, patterns of income and wealth, health care, technology change, and community engagement.

Chairman Connolly said that the study includes specific forecasts, such as the median age of County residents which has significantly increased since 1970 (from 25.2 years to 37.6 years of age) and the number of residents over the age of 65—which is expected to grow by 80 percent from 2000 to 2020. At the same time, while proportionally decreasing as a percent of total population, it is expected that by 2020 the County will add nearly 43,000 new residents aged 19

and under. Based on a projected 2020 population of nearly 1.2 million residents, those over 65 will total 138,600 (11.6 percent of the total), while those 19 and under will total 308,800 (25.9 percent of the total). The County will continue to face balancing the needs of a rapidly aging population while continuing to meet the educational and other needs of a sizeable youth population.

Chairman Connolly encouraged everyone to attend this exciting release, and he commended Supervisor Kauffman for his vision in encouraging this survey as well as the Department of Systems Management for Human Services for their efforts in its coordination.

Discussion ensued regarding the circulation of the report, with input from Merni Fitzgerald, Director, Office of Public Affairs. The report will be posted on the County's website, and copies will be available for purchase at \$4 each from the County's Maps and Publications store in the Government Center.

Supervisor Kauffman asked unanimous consent that the Board direct staff to have copies of this report available for reading by individuals waiting to testify at the Board's upcoming public hearings on the budget. Without objection, it was so ordered.

Following further discussion regarding the excellence of the report and its usefulness as a community sampler, Chairman Connolly noted that despite the report's availability electronically, the Board will be requesting printed copies to distribute to constituents at various meetings and gatherings.

Vice-Chairman Bulova returned the gavel to Chairman Connolly.

28. **REQUEST FOR EXPEDITED REVIEW AND SCHEDULING OF A PUBLIC HEARING TO VACATE AND ABANDON WIMSATT ROAD (BRADDOCK DISTRICT)** (12:24 p.m.)

Supervisor Bulova said that an application to vacate and abandon Wimsatt Road was recently submitted to the County. Wimsatt Road is located off Backlick Road and solely serves The Washington Post Company, Robinson Terminal (owned by the Post), and Dominion Virginia Power. To enhance operational security, the Post would like to control access to Wimsatt Road. Dominion Virginia Power concurs with this effort and has agreed to the vacation.

Supervisor Bulova noted that if the application is approved, there would be significant maintenance and repair cost savings for the Commonwealth of Virginia and the taxpayers. The Post understands that expediting this application would not relieve it of any obligation to meet any applicable ordinance or standards.

Therefore, Supervisor Bulova moved that the Board direct staff to expedite the review of the vacation and abandonment of Wimsatt Road and to schedule a public hearing to be held before the Board prior to the August recess. Supervisor Gross seconded the motion and it carried by unanimous vote.

29. **ANIMAL CONTROL OFFICERS** (12:25 p.m.)

Jointly with Supervisor Frey, Supervisor Gross reminded the Board that in 1994, animal control officers were moved from the S-scale (pay plan) to the P-scale to join police and sheriffs on the P-scale. Since then, both police and sheriffs have moved to their own pay plans while animal control officers remain on the P-scale, even though they were incorporated into the Police Department in 1998. She said that today's animal control officers are hired by nearly identical standards as police officers: they are required to attend and graduate from the public safety academy, and they are sworn officers who receive specialized training.

Supervisor Gross asserted that moving animal control officers to the O-scale makes sense based on both the merits of their job and the fact that they are in the same Police Department. Therefore, Supervisor Gross, jointly with Supervisor Frey, moved that the Board direct staff to prepare a Consideration Item in the amount of \$100,080 to place animal control officers on the O-scale for consideration as part of the Board's budget deliberations. Supervisor Hyland seconded the motion, which carried by a vote of nine, Chairman Connolly being out of the room.

30. **DREDGE SPOILS** (12:27 p.m.)

Supervisor Gross stated that nature's waterways continually produce sediment and receive other runoff that clogs freshwater lakes like Lake Accotink and Lake Barcroft. Water features are attractive aesthetic additions to neighborhoods, but these lakes must be dug out periodically to improve both water quality and allow for handling additional water quantity. She said that the County and other jurisdictions nationwide face an environmental issue of what to do with the dredge spoils. When there were landfills that needed to be capped, dredge spoils were welcomed as part of a symbiotic relationship with landfill operators and lake owners.

Supervisor Gross said that lakes still need dredging, but finding an environmentally sound disposal process is increasingly more difficult. Long term viable solutions for community water bodies, both public and private, are needed.

Accordingly, Supervisor Gross moved that the Board direct the Department of Public Works and Environmental Services to convene a working group to examine the issues and provide recommendations for future action. The working group should include representatives from other County agencies, including the Park Authority; the Northern Virginia Regional Park Authority; and a few

community members who may have responsibility for maintenance of their own lakes. Vice-Chairman Bulova seconded the motion.

Supervisor Gross amended her motion to include the Soil and Water Conservation District Board, and this was accepted.

Following discussion regarding the Lake Accotink dredging and the scheduling of a workshop at the National Association of Counties' annual conference in Chicago on the subject of dredge spoils in a broader sense to include rivers and harbors as well as freshwater lakes, the question was called on the motion, which carried by a vote of nine, Supervisor Hudgins being out of the room.

31. **SHAWNEE ROAD (MASON DISTRICT)** (12:30 p.m.)

Supervisor Gross stated her understanding that the Virginia Department of Transportation (VDOT) will not accept Shawnee Road into the Secondary System of State Highways until the Board quitclaims whatever interests it may own in portions of two sanitary sewer easements that intersect Shawnee Road. She noted that she had been informed by the County Attorney that these easements ceased to exist in 1978 because they merged with the fee simple interest in Shawnee Road when that road was dedicated to the Board in 1978.

Accordingly, Supervisor Gross moved that the Board authorize and direct the County Executive to execute, on behalf of the Board, if required by VDOT, the instrument attached to her written Board Matter or, if this instrument is not acceptable to VDOT, a different one that is acceptable to both the County Attorney and VDOT that will quitclaim the Board's interests, if any, in the portions of the two sanitary sewer easements that intersect Shawnee Road. Supervisor Bulova seconded the motion, which carried by unanimous vote.

32. **EDISON HIGH SCHOOL GIRLS' BASKETBALL TEAM (LEE DISTRICT)** (12:30 p.m.)

Supervisor Kauffman announced that the Edison High School Girls' basketball team played for the Virginia State Title over the weekend. Although the team fell short of winning the title by a score of 57-56, he expressed pride in the performance on behalf of the County. The team finished its season with a record of 28-2, with both losses by a margin of one point each. All five starting players will return next year.

After citing the leadership of the team, Supervisor Kauffman asked unanimous consent that the Board direct staff to:

- Invite the entire Edison Lady Eagles girls' basketball team, including Coach Dianne Lewis, Principal Gregory Croghan, and Director of Student Activities Martin Grimm, to a future Board meeting for formal recognition.

- Prepare appropriate certificates to present to the team.

Without objection, it was so ordered.

Discussion ensued regarding this heartbreaking loss and a similar situation for the Herndon High School team.

(NOTE: Later in the meeting, Supervisor DuBois presented a Board Matter regarding Herndon High School. See Clerk's Summary Item CL#47.)

33. **RESTRICTED PARKING (LEE DISTRICT)** (12:33 p.m.)

Supervisor Kauffman stated that Section 82-5-37 of the Code of the County of Fairfax (Chapter 82, Motor Vehicles and Traffic) authorizes the Board to designate restricted parking areas on any portion of the Secondary System of Highways under certain conditions. The Board has used this authority several times in the County to handle unsafe on-street parking. He said that the abutting residential communities on two roads have raised safety concerns.

Supervisor Kauffman reported that parking on the north side of Groveton Street, between Richmond Highway to Donora Drive in Lee District is a safety hazard to motorists and pedestrians and has been a constant source of complaints by the Groveton neighborhood and the commercial property owner adjacent to the street.

Supervisor Kauffman said that, similarly, the east side of Fordson Road, between south of Cyrene Boulevard northward to Lockheed Boulevard, is zoned commercial and the west side is zoned residential. Parking of non-resident commercial vehicles has raised safety concerns by residents. Section 82-5-37 (5) allows for restricting commercial vehicle parking on the commercial side of a roadway zoned residential on one side and commercial on the other.

Accordingly, Supervisor Kauffman moved that the Board direct the County Executive to place appropriate "No Parking" signs on the north side of Groveton Street from Richmond Highway to Donora Drive, and on the 7400 block of Fordson Road, upon approval of a permit from the Virginia Department of Transportation. Supervisor Bulova seconded the motion, which carried by unanimous vote.

34. **MAY AS OLDER AMERICANS MONTH** (12:35 p.m.)

(BACs) (NOTE: Earlier in the meeting, the Board announced the release of a study on the County's changing demographics. See Clerk's Summary Item CL#27.)

Supervisor Kauffman stated that in just a few years, a major segment of the County's population will assume senior status. He asserted that as the County enters the echo boom of the baby boom, it will be more important than ever to

ensure that the County has an “aging friendly community,” one that provides appropriate and supportive options for independent and engaged seniors.

With the choices for older citizens in mind, Supervisor Kauffman asked unanimous consent that the Board:

- Designate May as “*Older Americans Month*” in Fairfax County.
- Direct staff to invite representatives from the Commission on Aging, the Long Term Care Coordinating Council, the Area Agency on Aging, and other appropriate groups to appear before the Board on May 1 for recognition.

Without objection, it was so ordered.

35. **LEE DISTRICT’S ANNUAL TOWN MEETING** (12:36 p.m.)

(NOTE: Earlier in the meeting, the Board introduced the report entitled *Anticipating the Future*. See Clerk’s Summary Item CL#27.)

Supervisor Kauffman invited Members of the Board to attend his annual town meeting on March 25 at 9 a.m. at the Franconia Governmental Center. He said that the theme is “Trends, Turns, and Bumps in the Road Ahead,” and Ms. Anne Cahill of the Department of Systems Management will provide statistical information such as that imbedded in the report *Anticipating the Future*. He also noted that the meeting will celebrate the grand opening of the Franconia Museum.

36. **INTENT TO DEFER A PUBLIC HEARING (LEE DISTRICT)** (12:36 p.m.)

Supervisor Kauffman announced his intent to defer indefinitely the 4 p.m. public hearing to expand the Kingstowne Community Parking District. He stated that more streets may be added as a result of community concerns.

(NOTE: Later in the meeting, the Board formally deferred this public hearing. See Clerk’s Summary Item CL#65.)

37. **ABSENCE OF SUPERVISOR KAUFFMAN TO ATTEND A WASHINGTON METROPOLITAN AREA TRANSIT AUTHORITY (WMATA) COMMITTEE MEETING** (12:37 p.m.)

Supervisor Kauffman announced that he would not be in attendance for the afternoon’s public hearings because he would be attending an ad hoc WMATA committee that he co-chairs. The committee is examining ways to improve the paratransit service for persons with disabilities. He noted that the recently completed report of the Council of Governments’ Transportation Planning Board specifically singled out the County’s FASTRAN system as an exemplary model of how to provide paratransit services. He publicly commended Steve Yaffe,

FASTRAN Planning Manager, and other FASTRAN staff. He also noted that the County split its contract between two providers, and one of them is the same contractor that provides Metro service.

Supervisor Kauffman also reported that he met with John R. Hudson, Program Manager, Disability Services Planning and Development, Department of Family Services, and learned more than he had in ten years on the WMATA Board. He commended Mr. Hudson for this education.

Chairman Connolly expressed his hope that in the future WMATA not schedule meetings that conflict with Board meetings.

38. **SPECIAL RECOGNITION OF COUNTY EMPLOYEES** (12:38 p.m.)

Supervisor Hudgins stated that in February her office received an email from Ms. Gabrielle Aucella thanking Mr. Hugh Whitehead and Mr. Michael Knapp of the Department of Public Works and Environmental Services' Urban Forestry Division and Mr. Bruce Miller of Zoning Enforcement, Department of Planning and Zoning, for reacting quickly to a situation at the North Point Village Shopping Center.

Supervisor Hudgins said that activities at the North Point Village Shopping Center violated proffers associated with this development. Mr. Miller contacted the owner to ensure awareness of the restrictions on the site. Mr. Whitehead and Mr. Knapp researched the landscape plan, site plan, and proffer text, in addition to providing information from the Zoning Ordinance and Public Facilities Manual.

Supervisor Hudgins stated that Ms. Aucella believes that because of the swift action of these employees, the transitional screening near Reston Parkway and the shade trees in the parking lot were preserved.

Accordingly, Supervisor Hudgins publicly acknowledged the actions of Mr. Whitehead, Mr. Knapp, and Mr. Miller and asked unanimous consent that the Board direct staff to place letters in their respective personnel files acknowledging the Board's appreciation for outstanding customer services. Without objection, it was so ordered.

39. **PHOTO PRESENTATION** (12:40 p.m.)

Chairman Connolly presented a photograph to Nancy Vehrs, Clerk to the Board. The photograph of the Board with Ms. Vehrs was taken at the previous meeting and was signed by all Board Members. Chairman Connolly commended the Clerk's Office staff for the work they do.

Without objection, it was so ordered.

50. **SUPPLEMENT TO THE MAGISTRATES PAY FOR THE FISCAL YEAR (FY) 2007 BUDGET** (12:56 p.m.)

Supervisor Hyland said last year the Board approved a pay supplement of 25 percent for Magistrates in the FY 2006 Budget. Although Magistrates are technically State employees, State legislators have not, to date, augmented Magistrate pay. The original 25 percent supplement was to compete with surrounding jurisdictions that augment Magistrate pay by 50 percent to address the high vacancy rate and to stabilize the experience level of Magistrates. Some improvement has resulted; however Magistrate vacancies are still higher in the County when compared to surrounding jurisdictions.

Therefore, Supervisor Hyland asked unanimous consent that the Board include as a Consideration Item in the County's FY 2007 Budget a pay proposal at a total cost to the County of \$433,621. Without objection, it was so ordered.
