

Community Energy Initiatives

Update

Jessica Lavender, Utilities Analyst

February 2018

New Energy Website

www.fairfaxcounty.gov/energy

ENERGY ACTION FAIRFAX

Energy Action Fairfax is the county's energy education and outreach program, designed to help residents save energy and money.

[Visit our page →](#)

COUNTY GOVERNMENT ENERGY DATA

In addition to posting annual summaries of energy and emissions data back to 2006, Fairfax County has a new Energy Dashboard with monthly consumption data down to the facility level.

[Visit our page →](#)

FAIRFAX COUNTY ENERGY NEWS

Visit our news page for the latest energy events and initiatives in Fairfax County.

[Read the latest →](#)

GREEN BUSINESS PARTNERS

The Green Business Partners Program recognizes local businesses that are leaders in environmental stewardship. Visit the Green Business Directory to find a Partner in your area and learn about ways to save resources and money.

[Visit our page →](#)

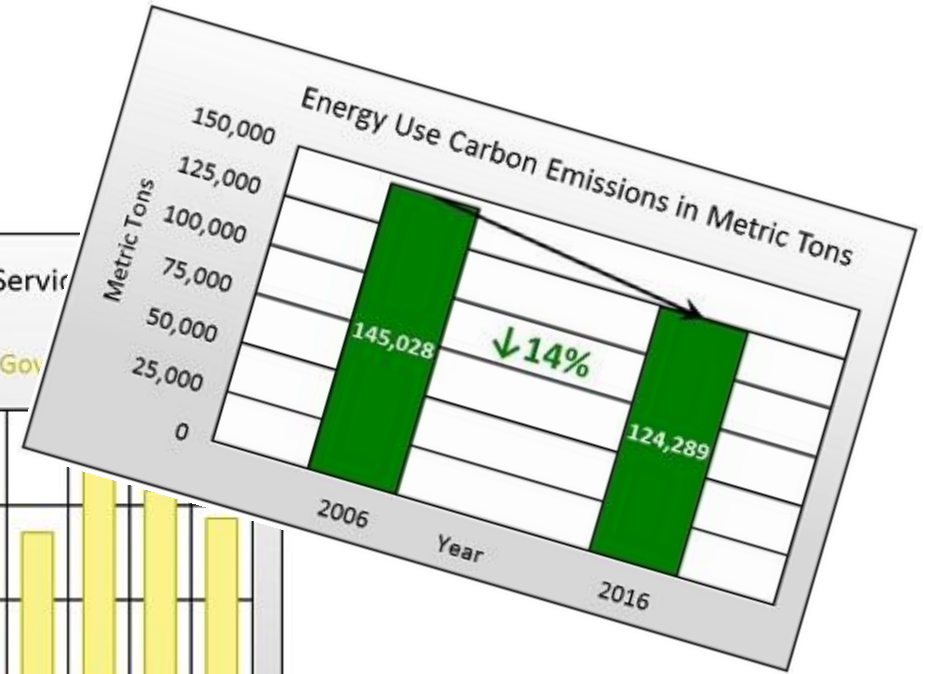

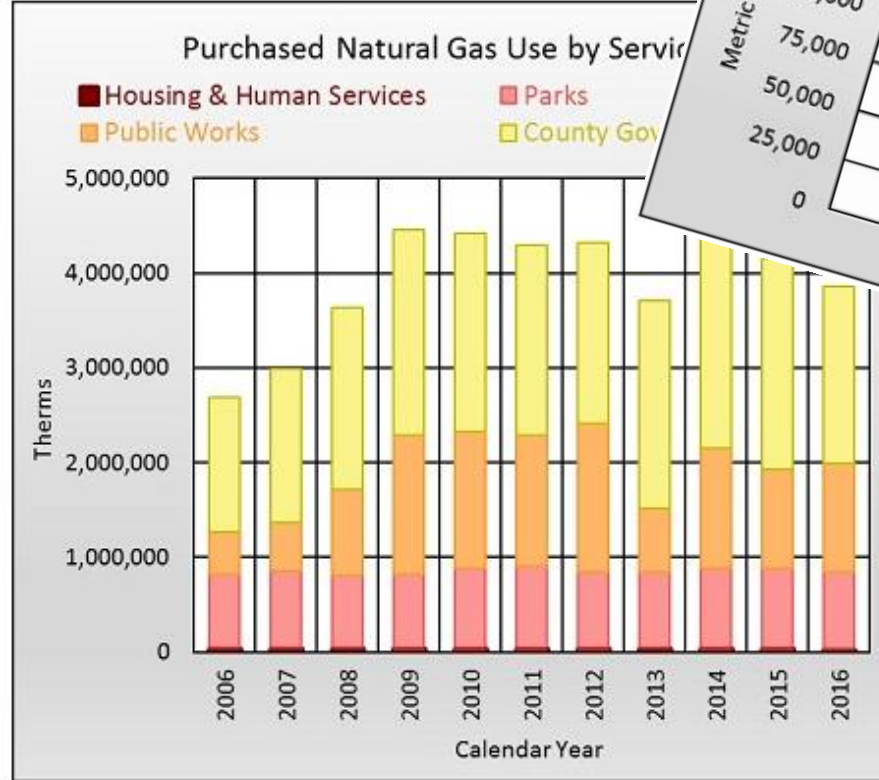

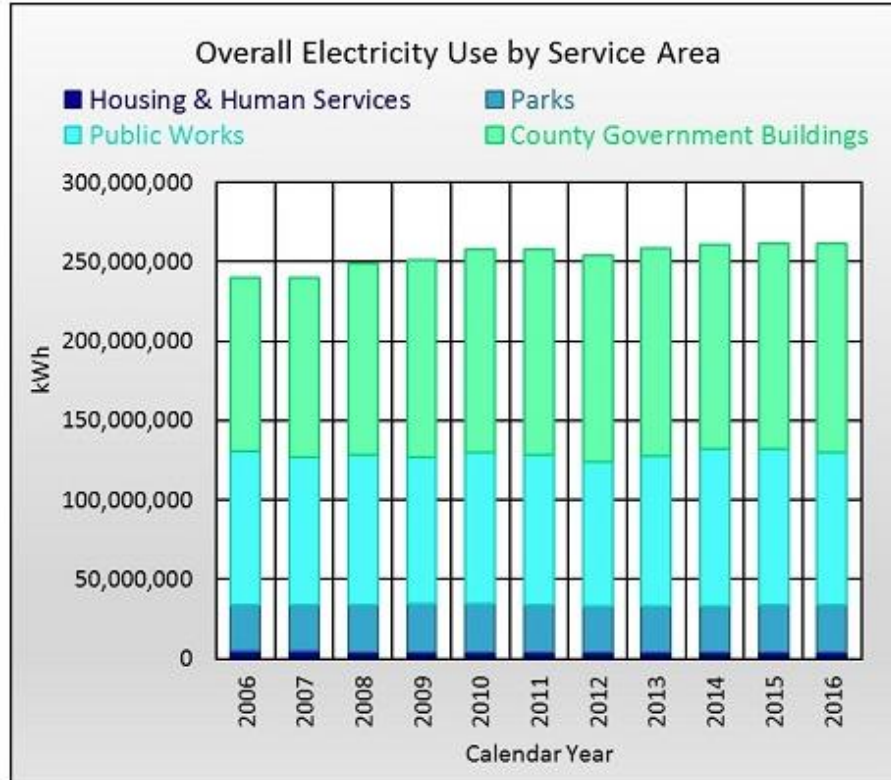

FAIRFAX EMPLOYEES FOR ENVIRONMENTAL EXCELLENCE

Fairfax Employees for Environmental Excellence is the county's employee green team. Its initiatives encourage recycling, green purchasing, and energy efficiency.

ENERGY SAVING TIPS

Low/no-cost tips for lighting, electronics, appliances, hot water, heating, cooling, air leaks, and insulation.

[Learn more →](#)

HOME ENERGY ASSESSMENTS

Home energy assessments identify problem areas and recommend improvements so you can save energy and money on your utility bills month after month.

[Learn more →](#)

THERMAL CAMERA LOAN PROGRAM

Fairfax County residents can reserve thermal cameras from any branch of the Fairfax County Public Library. Thermal cameras identify hot and cold spots, which can lead to energy saving project opportunities.

[Learn more →](#)

EVENTS & SUCCESS STORIES IN YOUR COMMUNITY

Energy Action Fairfax offers free presentations and educational home assessments.

[Learn more →](#)

RENEWABLES

Through programs like Solarize Fairfax County, Energy Action Fairfax encourages residents to explore renewable energy options.
