The bill also directs the Department to develop an emergency response plan to (i) address the needs of individuals with limited English proficiency, disabilities, or other special needs in the event of a disaster, including the provisions of competent interpretation services and translated documents, and (ii) assist and coordinate with local agencies in developing a similar emergency response plan for individuals with limited English proficiency, disabilities, or other special needs. The bill requires that every local and interjurisdictional emergency management agency include in its emergency operations plan provisions to ensure that adequate and timely emergency relief assistance, including competent interpretation services and translated documents, is provided to individuals with limited English proficiency, disabilities, or other special needs. The bill requires that the governing body of each locality that is required to establish an alert and warning plan for the dissemination of adequate and timely warning to the public in the event of an emergency or threatened disaster ensure that such alert and warning plan provides adequate and timely warning to individuals with limited English proficiency, disabilities, or other special needs. The bill requires such officials in office on July 1, 2019, to complete such training no later than December 31, 2019. The bill also prohibits an attorney for the Commonwealth from serving simultaneously as a county, city, or town attorney. The bill requires the Virginia Conflict of Interest and Ethics Advisory Council (the Council) to offer guidance to any person who contacts the Council with an inquiry regarding ethics, conflicts issues, or a person's duties under the General Assembly Conflicts of Interests Act, the State and Local Government Conflict of Interests Act, or lobbying laws. Current law requires the Council to offer guidance on such Acts and lobbying laws to state and local government agencies and to those individuals to whom the Acts and lobbying laws apply. (19103492D)

(HCT) requires courts to provide an option to any person upon whom a fine and costs have been imposed to discharge all or part of the fine or costs by earning credits for the performance of community service work before or after imprisonment. Under current law, providing this option is discretionary. (19102120D, 19101333D)

HB 1741 (Bulova) (HCT) provides that any person who (i) knowingly makes or causes to be made any false statement in writing or fails to disclose any material fact concerning the financial means or ability to pay for the purpose of procuring aid and benefits under any local, state, or federally funded housing assistance program or (ii) knowingly fails to disclose a change in circumstances in order to obtain or continue to receive aid or benefits under such program or who knowingly aids and abets another person in the commission of any such act is guilty of larceny. If the amount of the aid or benefits obtained is \$500 or more, such person is guilty of grand larceny, which is punishable by imprisonment in a state correctional facility for not less than one nor more than 20 years or, in the discretion of the jury or a court trying the case without a jury, confinement in jail not exceeding 12 months or a fine of not more than \$2,500, either or both. If the amount of the aid or benefits obtained is less than \$500, such person is guilty of petit larceny, which is a Class 1 misdemeanor. HJ 687 (Keam) (HRUL) requests that the Office of the Executive Secretary of the Virginia Supreme Court study options and models for a tax court system in the Commonwealth, including the tax court systems of other states, as well as options and models provided by research organizations. The Office of the Executive Secretary shall report its findings to the members of the General Assembly by the first day of the 2020 Regular Session. (19103680D)

SB 1019 (Marsden) (SCT) requires a court, in assessing whether a case regarding child custody, visitation, or support is appropriate for referral to mediation, to consider whether such case can be heard by the court within 120 days of the filing of an initial petition. violent or threatened violent behavior noted in such report. The bill further provides that the court shall award reasonable attorney fees and costs to any employer or potential employer who has a suit dismissed against him pursuant to the immunity provided to him. (19102632D)

Elections

HB 1993 (Price) (HPE) provides that if, after a recount of an election, the recount court finds that each party to the recount has received an equal number of votes, there shall be a special election to determine which candidate is elected to the office. This provision would not apply in cases of recounts of elections for Governor, Lieutenant Governor, or Attorney General; the Constitution of Virginia sets out the process for determining a winner in the case of tie votes for statewide offices. (19101998D)

HB 2034 (McGuire) (HPE) provides for the removal of a general registrar by the circuit court upon a petition signed by a majority of the members of the State Board of Elections or a majority of members of the local electoral board. Currently, a local electoral board may remove a general registrar with a majority vote, while the State Board of Elections may petition the circuit court to remove a general registrar only after petitioning the local electoral board to remove the registrar and the electoral board fails to do so. The bill requires the Virginia Division of Risk Management to assign counsel to the defense of any member of a local electoral board or general registrar subject to a petition for removal, upon that member's or registrar's application. (19100419D)

In conducting its study, the State Board of Elections with the working group shall study and develop

initial instructions and procedures which (i) consider issues related to accessibility, auditability, authentication, verification, and security through encryption, in order to ensure that any process implemented would guarantee the accuracy and integrity of voted military-overseas ballots, and (ii) recommend (a) security measures necessary to reasonably secure the transmission, processing, and storage of voter data from interception and unauthorized access, (b) methods for verifying and authenticating the identity of the voter electronically when registering to vote and when requesting a ballot from and returning a ballot to the voter's jurisdiction, (c) methods for the encryption of voted ballots, and (d) a procedure for security reviews after an election. The study shall focus on implementation of electronic return of voted military-overseas ballots first as a limited pilot program in 2020, and later on a statewide basis. (19103799D, 19104220D)

HB 2682 (Sickles) (HPE) provides that any absentee ballot that is returned to the general registrar after the closing of the polls on election day but before noon on the third day after the election and postmarked on or before the date of the election shall be counted if the voter is found entitled to vote. The bill contains technical amendments. (19104578D)

SB 1552 (Surovell) (SPE) provides that the alternative locations approved by the electoral boards for absentee voting in person prior to election day shall be in a public facility owned or leased by the city, the county, or a town within the county, at which all records concerning the absentee voters, the absentee ballots, both voted and unvoted, and any voting equipment in use at the location are adequately protected and secured. Currently, the law limits the electoral boards to approving alternative locations only in public buildings. (19100858D)

Redistricting

HJ 591 (Cole) (HPE) gives the General Assembly the authority to make technical adjustments to legislative electoral district boundaries following the enactment of any decennial reapportionment law. Such adjustments may be made solely for the purpose of causing legislative electoral district boundaries to coincide with the boundaries of voting precincts established in the counties and cities and shall be permitted only to the extent necessary to accomplish this purpose. Any change made shall be consistent with any criteria for legislative electoral districts adopted for the preceding decennial redistricting. (19101055D)

HJ 615 (Cole) (HPE) requires the establishment of independent redistricting commissions by the General Assembly and the governing bodies of each county, city, or town in which members of the governing body are elected from districts. The purpose of these independent redistricting commissions is to propose electoral districts following the decennial census. The independent redistricting commission established by the General Assembly will consist of eight members, with equal representation given to the political parties, and will be responsible for submitting to the General Assembly proposed plans for congressional and legislative electoral districts. A proposed

plan submitted to the General Assembly shall be introduced as a bill, subject to constitutional requirements for the enactment of laws, but will not be subject to amendment or veto by the Governor. The independent redistricting commissions established by the governing body of each county, city, and town in which members of the governing body are elected from districts will consist of four members, with equal representation given to the political parties, and will be responsible for submitting to its governing body proposed plans for local electoral districts. A proposed plan submitted to a governing body shall, if enacted, be done so in accordance with law. (19101058D)

Split Precincts

SB 1087 (Obenshain) (Reported from SPE) requires counties, cities, and towns to adjust local election district lines to coincide with congressional or state legislative district lines established by the General Assembly. Precincts are required to be wholly contained within a single congressional district, Senate district, House of Delegates district, or local election district, and local governing bodies are directed to establish precinct boundaries immediately after the completion of the General Assembly's decennial redistricting so that each precinct is so wholly contained. The bill provides that if a locality is unable to comply with this requirement it shall apply to the State Board of Elections for a waiver to administer a split precinct and the State Board may grant that waiver or direct the locality to create a precinct with fewer than the required number of registered voters, as it deems appropriate. (19104968D-S1)

Voter Registration

HB 2178 (Sickles) (HPE) directs the State Board of Elections to promulgate regulations and standards necessary to ensure the security and integrity of the Virginia voter registration system and the supporting technologies utilized by the counties and cities to maintain and record registrant information. The local electoral boards are also required to develop and update annually written plans and procedures to ensure the security and integrity of the supporting technologies. The local electoral boards are further required to report annually to the Department of Elections on its security plans and procedures. The bill authorizes the Department of Elections to limit a locality's access to the Virginia voter registration system if it is determined that the county or city has failed to develop security plans and procedures or to comply with the security standards established by the State Board; such access would be limited as necessary to address and resolve any security risks or to enforce compliance. Records describing protocols for maintaining the security of the Virginia voter registration system and the supporting technologies utilized to maintain and record registrant information are exempted from the Freedom of Information Act and meetings to discuss those protocols are permitted to be closed pursuant to the provisions of the Freedom of Information Act. (19101864D)

SB 1250 (Reeves) (SPE) prohibits changes to the registration record of a registered voter who has been sent or provided an absentee ballot from being processed until after the election for which he was sent or provided an absentee ballot. The prohibition applies to registration transactions by electronic means. The bill requires the Department of Elections to provide instructions to the general registrars for enrolling the name and address of voters to whom an absentee ballot is sent or provided into the Virginia voter registration system and for checking the registration record to

determine whether a registered voter has been sent or provided an absentee ballot when receiving a request for a change to the registration record. (19103145D)

Employment Issues and Grievances

HB 1687 (Krizek) (HCT) provides that an employee has a private cause of action against an employer who fails to pay wages to recover the amount of wages due plus interest at eight percent annually from the date the wages were due. If the court finds that the employer knowingly failed to pay wages, the court shall award the employee reasonable attorney fees and other costs. If the court finds that the employer's failure to pay wages was willful and with intent to defraud the employee, the court shall also award the employee three times the amount of wages due. (19100994D)

Environment

HB 1683 (Ware) (HLC) authorizes any electric cooperative to (i) increase or decrease its rates without State Corporation Commission approval for any of its services, rather than only for distribution services, at any time if such adjustments will not effect a cumulative net increase or decrease in excess of 5 percent in such rates in any three year period; (ii) if it does not hold a membership interest in a utility aggregation cooperative and the facility that is the subject of the petition is either owned by the cooperative or has achieved commercial operation, petition the Commission for approval of one or more rate adjustment clauses for the timely and current recovery from customers of the costs of generation facilities, underground facilities to replace certain existing overhead distribution facilities, or certain pumped hydroelectricity generation and storage facilities; (iii) adjust the total system cap for net energy metering, agricultural net energy metering, and small agricultural generators to up to five percent of the cooperative's highest total coincident system peak within the past five years; and (iv) subject to findings that it will not result in either an intra-class or inter-class change in cost recovery, adopt any rate, rate component, program, tariff, or terms or conditions of service that the Commission has previously approved for any other cooperative. (19101783D)

The bill also authorizes any county or city to impose a five-cent per bag tax on disposable plastic bags provided to customers by certain retailers, with certain bags being exempt from the tax. The bill directs revenue from the local tax to be used by the county or city imposing the tax for litter control and stormwater management. HB 1911 (Peace) (HCT) makes a driver's failure to move into a nonadjacent lane on a highway with at least four lanes when approaching a stationary vehicle displaying flashing, blinking, or alternating blue, red, or amber lights, or, if changing lanes would be unreasonable or unsafe, to proceed with due caution and maintain a safe speed, reckless driving, which is punishable as a Class 1 misdemeanor. Under current law, a first such offense is a traffic infraction punishable by a fine of not more than \$250, and a second such offense is punishable as a Class 1 misdemeanor. (19101248D)

SB 1120 (Petersen) (SFIN) repeals the enactment clause from Chapter 766 of the Acts of Assembly of 2013 (the transportation funding bill) that would automatically lower the rate of taxation on motor fuels if Congress were to enact legislation granting states the authority to compel remote sellers to collect and remit sales and use tax. (19101652D)

SB 1505 (Carrico) (STRAN) provides that for highways, bridges, interchanges, and other transportation facilities named after a state official killed during the performance of his official duties, including State Police officers and state highway transportation workers, the Commonwealth shall pay for the costs of producing, placing, and maintaining naming signage. Current law requires the locality in which the highway, bridge, interchange, or other transportation facility is located to pay these costs. (19103031D)

SB 1550 (Surovell) (STRAN) provides that a person who operates a motor vehicle in a careless or distracted manner and is the proximate cause of serious physical injury to a vulnerable road user, defined in the bill as a pedestrian or person riding a bicycle, electric wheelchair, electric bicycle, wheelchair, skateboard, skates, foot-scooter, animal, or animal-drawn vehicle, is guilty of a traffic infraction. The bill prohibits the driver of a motor vehicle from using or crossing into a bicycle lane to pass or attempt to pass another vehicle. (19104047D)
