County Continuity

Overview of the county continuity program

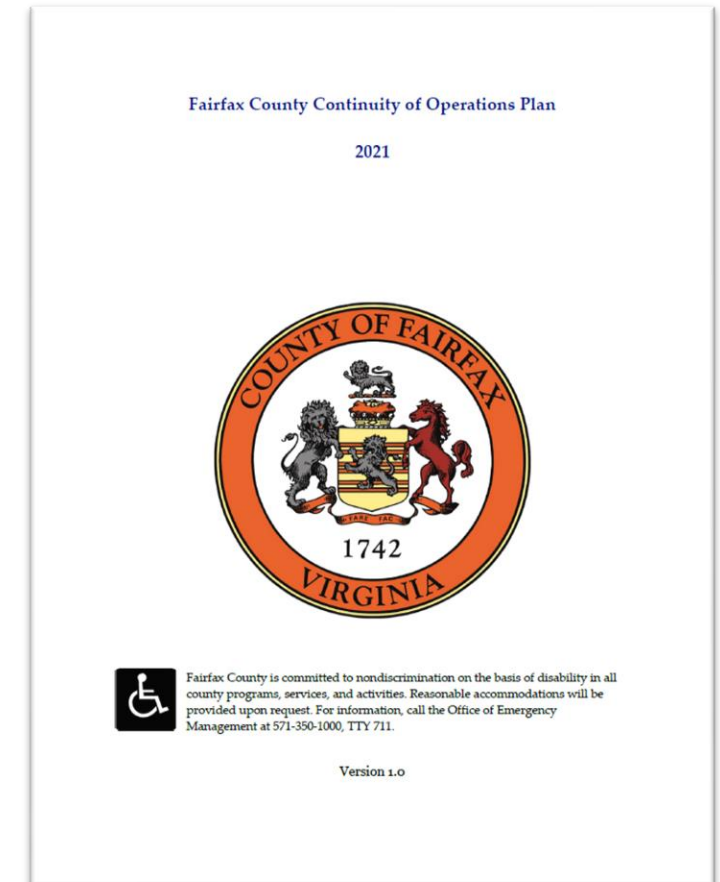

Continuity Basics

“Continuity planning is simply the good business practice of ensuring the execution of essential functions through all circumstances, and it is a fundamental responsibility of public institutions and private entities to their residents and stakeholders.”

Business Disaster Resilience Guide

- Provides an overview of the threats and hazards within Fairfax County for businesses to be aware of and actions to take.
- Provides executable solutions that businesses can adopt to assist with efforts to prepare the facility, continue operations, and protect employees/customers.
- Demonstrates how businesses can be instrumental in their own preparedness and resiliency.
- Provides a template for businesses to work through during the Business Disaster Resilience Workshop.

40%-60% of businesses that close during a disaster never reopen.

Take the time now to create a plan of what you would do before, during, and after an emergency to prevent lost revenue, loss of data, extra expenses, and loss of customers. The better prepared you and your business are, the better the outcome.

Remember that no plan is perfect. By reading this far, you have taken the valuable first step towards making your business disaster resilient. Now, let's take the next step to safeguard your investment!

OPERATIONAL IMPACTS FROM BUSINESS DISRUPTIONS

- Lost sales and income
- Negative cash flow resulting from delayed sales or income
- Increased expenses (e.g., overtime labor, outsourcing, expediting costs, etc.)
- Regulatory fines
- Contractual penalties or loss of contractual bonuses
- Customer dissatisfaction or defection
- Delay executing business plan or strategic initiative
