- **Program Information Review**

The Office of Head Start Program Information Report (PIR) provides comprehensive data on the services, staff, children, and families served by Head Start and Early Start programs nationwide. All grantees and delegates are required to submit Program Information Reports. The PIR data are compiled for use at the federal, regional, state, and local levels.

The 2021-2022 PIR data was submitted to the Office of Head Start on August 30, 2022. A summary of the PIR data is attached.
