Chairman Connolly noted that on October 17, 2005, the County Executive delivered a comprehensive report to the Board on the State of Emergency Planning and Preparedness in the County. A review of the presentation and the materials raised two concerns for him, one regarding evacuation plans for hospitals, nursing homes, et cetera, and the other regarding the County's dams that could be affected by a storm.

Therefore, Chairman Connolly relinquished the Chair to Vice-Chairman Bulova and asked unanimous consent that the Board direct the County Executive to:

- Assure that a survey is done of medical facilities housing patients who could require evacuation to determine what transportation carriers will be used and what the receiving facilities will be.
- Assure that those evacuation plans are up-to-date and workable.
- Take the necessary steps to assure that the County has an up-to-date list of the number of homes at risk for each of the County's high hazard dams.

The first meeting in Northern Virginia was held at the Manassas Regional Airport, and was attended by several hundred interested people. At that meeting, Chairman Connolly and Delegate Jim Scott presented an "8-Point Congestion Management Plan" to the Governor, which starts with the creation of a coordinating Office of Congestion Management in Richmond promoting telework, transit-oriented development, flextime, et cetera. He shared copies of this plan with Board Members.

44. **RECOGNITION OF POLICE DEPARTMENT SECOND LIEUTENANT RANDALL HARGUS** (12:51 p.m.)

Chairman Connolly stated that on February 24, 2005, Police Department Second Lieutenant Randall Hargus stopped to assist a disabled motorist. As he stood at the trunk of his cruiser retrieving flares, he was struck by a vehicle estimated to have been traveling at 45 miles an hour. He suffered grievous injuries. The driver of the vehicle was found to have been driving while intoxicated.

Chairman Connolly announced that on November 30, the Capital Area Chapter of the Theodore Roosevelt Association honored Lieutenant Hargus with the second annual Theodore Roosevelt Police Award. The award honors a deserving law enforcement officer who has overcome a serious handicap, illness, or injury and continues to render praiseworthy service to his department.

Accordingly, Chairman Connolly asked unanimous consent that the Board direct staff to invite Lieutenant Hargus to appear before the Board to receive recognition for his heroic efforts in overcoming critical injuries, for his demonstration of personal strength and courage, for his leadership, and for his commitment to his fellow officers and his department. Without objection, it was so ordered.

Chairman Connolly asked unanimous consent that the Board proclaim February 2006 as "*African American History Month*" in Fairfax County and direct staff to invite appropriate representatives from the Office of Equity Programs and others to receive the proclamation at the January 23, 2006, Board meeting. Without objection, it was so ordered.

46. **SYNTHETIC TURF FIELD DEVELOPMENT PROGRAM** (12:51 p.m.)

Chairman Connolly noted that the Athletic Council recently worked with staff from the Department of Community and Recreation Services (DCRS) and the Park Authority to develop procedures for the new Synthetic Turf Field Development Program. This program, established through the redirection of fee revenue from the athletic services application fee, will enable sports organizations to submit proposals to match County funds up to \$483,000 to install synthetic turf on selected fields.

Accordingly, Chairman Connolly moved that the Board direct the Park Authority staff to work with staff from DCRS and the Department of Management and Budget to explore opportunities to use Park Bond funds to leverage the \$483,000 currently set aside for this program. A plan to make those funds available for the installation of additional turf fields should be developed and presented to the Board and the Park Authority Board. Supervisor Smyth seconded the motion.

Supervisor Smyth asked to amend the motion to include in this plan the stormwater management implications of these turf fields, and this was accepted.

The question was called on the motion, as amended, which carried by a vote of nine, Supervisor Hyland being out of the room.

Chairman Connolly announced that EQAC will be holding its annual public meeting on Wednesday, December 14 at 7:30 p.m. in the Board Auditorium at the Government Center. This meeting gives citizens an important opportunity to share their views with the Commission on the state of County's environment and its environmental management programs.

Therefore, Chairman Connolly asked unanimous consent that the Board direct the Office of Public Affairs to publicize this meeting. Without objection, it was so ordered.

48.

FAIRFAX COUNTY GOVERNMENT SAVINGS AS WELL AS PARKING GARAGE ISSUES (12:54 p.m.)

Chairman Connolly distributed copies of a *Washington Post* article written by George F. Will in which he lauded Indiana for savings to state government. One example included the reduction of the state's vehicle fleet for a savings of \$1.95 million. Chairman Connolly pointed out that because of initiatives of the Board and the Audit Committee, the County saved roughly \$2 million in the reduction of its vehicle fleet.

On the subject of vehicles, Supervisor Smyth asked unanimous consent that the Board direct staff to provide a report on a green roof for the parking garage near the Herrity Building. Following input from Anthony H. Griffin, County Executive, without objection, it was so ordered.

In addition, in Fairfax's ongoing quest to make County government more efficient and cost effective, Chairman Connolly said that the Board reviewed and strengthened controls over the County's travel policy and office furniture purchases, thereby further reducing costs.

Supervisor Hyland raised the issue of the parking garage nearest the judicial center (courthouse) and asked unanimous consent that the Board direct staff to provide signage at the end of the street indicating "no public parking." Following input from Mr. Griffin, without objection, it was so ordered.

With reference to the savings for the vehicle fleet, Supervisor Gross asked unanimous consent that when the Board considers retiring vehicles in the next cycle, it revisit the criteria of only mileage. She noted that some vehicles, such as a "farm truck" for Green Springs Garden Park, would have low mileage because of the nature of its work. Without objection, it was so ordered.

With reference to the signage of the parking garage at the judicial center, Supervisor Kauffman asked unanimous consent that the Board direct staff to report with the security issues involved with public parking in the garage. Without objection, it was so ordered.

Chairman Connolly moved that the staff work with the Auditors to compile a list of County government savings undertaken over the past two years, including areas such as Value Engineering, so that the Board has a better understanding of the savings achieved and an understanding of those areas that should be pursued for further savings. Supervisor Smyth seconded the motion and it carried by unanimous vote.

(NOTE: Later in the meeting, the Board approved the Auditors' report. See Clerk's Summary Item CL#67.)

49.

ANIMAL-FRIENDLY LICENSE PLATE PROCEEDS (1 p.m.)

Chairman Connolly called to the Board's attention the fact that for Fiscal Year 2005, the County received \$27,690 from the Commonwealth of Virginia in proceeds from the sale of animal-friendly license plates. This money will be used to support sterilization of dogs and cats at the County's Animal Shelter. This program is a good example of governments partnering with citizens to provide a key benefit.

There was a brief discussion regarding the program.

50. **“CREATING A COMPREHENSIVE BICYCLE INFRASTRUCTURE”** (1:02 p.m.)

Chairman Connolly outlined several steps the County has undertaken to improve its pedestrian infrastructure, but noted the need for more.

Accordingly, Chairman Connolly moved that the Board direct staff from the Department of Transportation and the Department of Planning and Zoning to report with a list of recommendations to better incorporate bicycle facilities as part of the transportation infrastructure, including, but not limited to:

- The creation of a Countywide bicycle facilities map and a cost estimate for its creation and printing.
- The establishment, potentially, of a staff position with substantial responsibilities devoted to bicycle facility planning, implementation, and coordination.
- The examination of roads in the County that may accommodate on-road bike lanes without substantial construction.
- The creation of a pilot program in a specific area of the County for the establishment of an interconnected bicycling network.

Chairman Connolly added that in making its recommendations, staff is asked to note the State’s role, through the Virginia Department of Transportation, in constructing and maintaining transportation facilities, and to examine possibilities for partnerships with the State and/or other entities. Vice-Chairman Bulova seconded the motion.

Following discussion regarding previous work on the subject, the question was called on the motion, which carried by unanimous vote.

Vice-Chairman Bulova returned the gavel to Chairman Connolly.

AGENDA ITEM

51. **A-8 – AUTHORIZATION TO REALLOCATE HOME INVESTMENT PARTNERSHIP PROGRAM (HOME) FUNDS FROM TELEGRAPH ROAD PROPERTY TO YORKVILLE COOPERATIVE AND TO ALLOCATE HOUSING FLEXIBILITY FUNDS (ONE PENNY FOR HOUSING) TO THE YORKVILLE COOPERATIVE PRESERVATION PROJECT (PROVIDENCE DISTRICT)** (1:05 p.m.)

(NOTE: Earlier in the meeting, the Board deferred action on this item. See Clerk’s Summary Item CL#23.)

The question was called on the pending motion (from earlier in the meeting), and it carried by unanimous vote.

ADDITIONAL BOARD MATTERS

52. **DEFERRAL OF A PUBLIC HEARING (MASON DISTRICT)** (1:07 p.m.)

Supervisor Gross announced her intent to defer, at the appropriate time later in the meeting, the public hearing on Rezoning Application RZ 2005-MA-014 until January 23, 2006, at 3:30 p.m.

(NOTE: Later in the meeting, the Board formally deferred this public hearing. See Clerk's Summary Item CL#92.)

53. **NO BOARD MATTERS FOR BRADDOCK DISTRICT SUPERVISOR BULOVA** (1:07 p.m.)

Supervisor Bulova announced that she had no Board Matters to present today.

54. **HOUSING OVERCROWDING** (1:08 p.m.)

(NOTE: Earlier in the meeting, during adoption of the Legislative Program, the Board took action regarding overcrowding. See Clerk's Summary Item CL#10.)

Supervisor Kauffman referenced a memorandum from the County Executive dated November 18 regarding overcrowding. He commended the County Executive for his initial response, but shared additional questions and concerns.

With regard to enforcement, Supervisor Kauffman expressed his support of the team-based enforcement, but he urged the County Executive to address workload challenges and he emphasized the importance of conducting the inspections in the evening.

With regard to penalties, Supervisor Kauffman asserted that the only way for landlords to address the issue is to have them face serious financial penalties and potentially jail time.

As to education and outreach, Supervisor Kauffman asserted that tough enforcement against violators will spread more quickly and have more impact than any brochure.

Supervisor Kauffman asked unanimous consent that the Board direct staff to:

- Report with how the fire marshal can be made part of the community inspection process, where cross training is occurring between the Police Department and the Department of Planning and Zoning.
- Consider occupancy limits in the Residential Use Permit (RUP) process.

Without objection, it was so ordered.

Chairman Connolly relinquished the Chair to Vice-Chairman Bulova and asked unanimous consent that the Board direct the County Attorney to determine whether the County has the power to put some express limitations in the issuance of a RUP. Without objection, it was so ordered.

Vice-Chairman Bulova returned the gavel to Chairman Connolly.

Supervisor Kauffman noted the shortage of building inspectors and that there is a several months long backlog with resulting health and safety issues. He also noted a Board Matter he presented in March 2005 regarding the definition of family in the current Zoning Ordinance that was not mentioned in the County Executive's November 18 memorandum.

Accordingly, Supervisor Kauffman moved that the Board direct the County Executive to take the aforementioned other concerns and suggestions into consideration and review them for inclusion in approaches and strategies currently being developed by the inter-agency Overcrowding Work Group and provide regular status reports. Chairman Connolly seconded the motion.

Supervisor Gross asked unanimous consent that the Board direct the County Attorney to determine whether the County requires enabling legislation from the General Assembly to change the definition of family given the State's definition. Following discussion, without objection, it was so ordered.

Following further discussion, Supervisor Hudgins asked unanimous consent that the Board direct staff to also focus on the impact on the community rather than simply the family relationship. Without objection, it was so ordered.

Supervisor DuBois asked unanimous consent that the Board direct staff to review the staffing involved with this issue. Without objection, it was so ordered.

Following discussion regarding staffing, Anthony H. Griffin, County Executive, noted for the record that he is striving to keep staffing totals to a minimum.

The question was called on the motion, which carried by unanimous vote.

55. **AGING POPULATION** (1:16 p.m.)

(BACs) Supervisor Kauffman said that baby boomers will start turning 65 in 2011. Today the County is home to more than 80,000 seniors, but by 2020, their numbers will have swelled to about 139,000.

Supervisor Kauffman said that in response to the Board's request, staff presented its initial findings in *Anticipating the Future*, which outlines both the challenges and opportunities of a rapidly increasing senior population. He noted that this demographic shift has serious socioeconomic implications for the County.

To prepare the Board and staff to respond to coming challenges and opportunities of the growing senior population, Supervisor Kauffman asked unanimous consent that the Board work with the County Executive to create a new, standing Committee of the Whole to focus on creating and maintaining an aging-friendly County. He outlined some pros and cons of a booming senior population as well as some research on the subject.

Supervisor Kauffman said that in a County which still overwhelming favors a suburban land use approach, there are questions as to how seniors who may no longer be able to drive safely get to their medical appointments, the supermarket, libraries, recreation, and other important elements of daily life. Other questions he raised include:

- How does the County work with aging populations who find themselves isolated because of language and culture?
- How does the Board allocate general fund resources between the need to educate the next generation-and the pressing needs of the older generation?

Acknowledging that these are difficult issues that cut across many County agencies, and authorities, boards, and commissions, Supervisor Kauffman asked unanimous consent that the Board direct the County Executive to report with recommendations for a new Committee of the Whole to study these issues. He visualized that the Area Agency of Aging, with support from other County agencies, as serving as the

primary staff for this ongoing effort. He further requested that the recommendations for this committee be presented for the Board's consideration after the first of the year. Without objection, it was so ordered.

Chairman Connolly stated that he would create a new committee, and a chairman, when he appoints Board committees in January.

Supervisor Gross noted that in 2000 she had a Mason District Senior Task Force that produced a study on a number of the issues raised. She said that she would distribute copies to the Board and the County Executive for their review of the efforts of this community group.

56. **TRANSIT ORIENTED DEVELOPMENT (TOD)** (1:22 p.m.)

Jointly with Supervisor Smyth, Supervisor Kauffman said TOD is a term that is being used more frequently in the County, and for many years to come, as Metrorail service is extended to Wiehle and on to Dulles Airport. A working-level definition of TOD has been created through ongoing staff and community work on the Metrowest project in Providence District and a number of other large projects under construction or review in other parts of the County.

However, Supervisor Kauffman said that this concept has not been taken from a working-level definition to something easily understood or quickly translatable to the average citizen. He said that TOD must be understandable and, to the extent possible, standardized and verifiable. Cumulative impacts of such projects near individual transit stations and along service corridors must also be taken into account.

Jointly with Supervisor Smyth, Supervisor Kauffman moved that the Board direct staff to provide a more refined, standardized definition or set of principles of what it takes to be a TOD in the County. These principles should provide the flexibility to deal with unique circumstances surrounding each station area. He suggested that staff could include this as a part of the ongoing Transportation Plan Review or some other means to move toward an answer soon, while allowing for public comment and refinement. Supervisor Hyland seconded the motion.

Following discussion regarding Reston guidelines, the question was called on the motion, which carried by a vote of nine, Supervisor Frey being out of the room.

57. **SIGNS DESIGNATING A PORTION OF A ROADWAY AS THE "OLANDER AND MARGARET BANKS ROAD" (LEE DISTRICT)** (1:25 p.m.)

Supervisor Kauffman said that in October the community joined the Banks Family in celebrating the generosity of their patriarch, Olander Banks, with a dedication ceremony marking the future site of the Olander and Margaret Banks Community Park on the tract of land on Old Telegraph Road in the Kingstowne area that has been the family home since 1957. Prior to this, at the October 17 Board meeting, he had asked the Department of Transportation and the Park Authority to work together to investigate the feasibility of designating a portion of Old Telegraph Road in honor of the Banks' contribution to the community. The two agencies have conferred and are in agreement that the best way to commemorate the Banks' generosity is through special signage designating a portion of Old Telegraph Road in honor of the Banks family.

Therefore, Supervisor Kauffman moved that the Board direct staff to request the Virginia Department of Transportation to install signs in each direction on Old Telegraph Road between Hayfield Road and Telegraph Road designating this portion of roadway as the "Olander and Margaret Banks Road." Chairman Connolly seconded the motion and it carried by a vote of nine, Supervisor Gross being out of the room.

58. **FEE WAIVER REQUEST (LEE DISTRICT)** (1:26 p.m.)

Supervisor Kauffman moved that the Board waive the application fees for 21 day permits associated with the Springfield Franconia Host Lions Club Charities, Incorporated, 2006 flea markets as it has done in previous years. Supervisor Bulova seconded the motion, which

carried by a vote of nine, Supervisor Gross being out of the room.

Supervisor DuBois announced that she had no Board Matters to present today.

60. **BOSTON PROPERTIES (HUNTER MILL DISTRICT)** (1:28 p.m.)

Supervisor Hudgins said that Boston Properties Limited Partnership has filed a Development Plan Amendment Application DPA 85-C-088-05 and Proffered Condition Amendment Application PCA 85-C-088-07 to modify the allowed uses on two parcels in the Reston Town Center Urban Core. The applications currently are under review by staff and are currently set for public hearing before the Planning Commission on January 11, 2006.

Supervisor Hudgins said that she has met with the applicant on several occasions to discuss this zoning application. The applicant also has met with members of the Reston community, including the Reston Planning and Zoning Committee, to advise them of the applicant's zoning plans. Because of lease commitments for an office building to be constructed on one of the two parcels in question, the applicant has requested that the Board authorize expedited processing to affirmatively establish a public hearing date before the Board.

Therefore, Supervisor Hudgins moved that the Board authorize expedited processing for Development Plan Amendment Application DPA 85-C-088-05 and Proffered Condition Amendment Application PCA 85-C-088-07 in the name of Boston Properties Limited Partnership. She expressed her hope that these applications be scheduled for public hearing before the Board on January 23, 2006. This motion does not relieve the applicant from complying with all regulations, ordinances, or adopted standards and does not prejudice the consideration of this application in any way. Supervisor Bulova seconded the motion and it carried by unanimous vote.

61. **FIFTIETH ANNIVERSARY OF THE STATEMENT OF DEFIANCE BY MS. ROSA PARKS** (1:28 p.m.)

Supervisor Hudgins noted the fiftieth anniversary of the statement of defiance by Ms. Rosa Parks.

62. **PERMITS TASK FORCE** (1:30 p.m.)

Supervisor Smyth said that, on average, the County is receiving three permit applications each week for home additions that are actually newly constructed homes on existing foundations. The current guidelines of what constitutes a new home, versus an addition, do not adequately address the variety of circumstances encountered in the current building and remodeling climate. Thus, a clear definition is needed to address the discrepancy. Ideally, any such policy would be incorporated into legislation to provide enforcement with sufficient leverage to achieve compliance. In addition, policies need to be established that will ensure proper safety inspections, code compliance requirements, and overcome code enforcement challenges. Present trends indicate an increased number of similar applications each week due to the lack of land availability, economic conditions, and the rising cost for new homes.

Therefore, Supervisor Smyth asked unanimous consent that the Board:

- Establish a cross agency task force to clarify the above mentioned definition, determine inspection and code compliance needs, including when residential use permits are required; and identify which agency/branch will be responsible for issuing these types of permits.
- Direct staff to lead and guide the task force process and include the agencies and organizations that are deemed appropriate to this process.
- Direct the Permits Task Force to provide the Board with a written report of the issues that were identified and resultant

recommendations within one year from the date of approval of this Board.

Without objection, it was so ordered.

Supervisor Gross asked unanimous consent that the Board direct staff to determine how this request will impact the work plan of staff and if there are any budgetary implications for the Fiscal Year 2007 budget. Without objection, it was so ordered.

63. **ARLINGTON COUNTY PUBLIC SAFETY RADIO SYSTEM UPGRADES – EXPEDITED PROCESSING OF FINAL DEVELOPMENT PLAN AMENDMENT APPLICATION FDPA C-108-3 AND THE ASSOCIATED PUBLIC FACILITIES APPLICATION (PROVIDENCE DISTRICT)** (1:33 p.m.)

Supervisor Smyth said that the Arlington County Office of Emergency Management (OEM) is in the process of upgrading its public safety radio system. This system supports Arlington County's emergency first responders (police, fire and emergency medical), and also the City of Falls Church and mutual aid operation with Fairfax County. Arlington is also replacing its public safety mobile digital communication system for public safety.

Arlington County OEM has requested expedited processing of its applications.

Therefore, Supervisor Smyth moved that the Board direct staff of the Department of Planning and Zoning to proceed with expedited processing of Arlington County's pending Public Facilities 2232 application and Final Development Plan Amendment Application FDPA-C-108-3. This motion does not relieve the applicant from complying with all regulations, ordinances, or adopted standards, and does not prejudice the consideration of the pending applications in any way. Supervisor Bulova seconded the motion and it carried by unanimous vote.

64. **CONCURRENT AND EXPEDITED PROCESSING – REZONING APPLICATION RZ 2005-PR-020 – TCR MID-ATLANTIC PROPERTIES, INCORPORATED (PROVIDENCE DISTRICT)** (1:33 p.m.)

Supervisor Smyth said that representatives of TCR Mid-Atlantic Properties Incorporated have requested concurrent and expedited processing of their site plans and other related plans associated with their pending Rezoning Application RZ 2005-PR-020. The parcel associated with this rezoning application went through the recent North County APR Cycle. The pending rezoning application was submitted pursuant to the approved comprehensive plan changes and is scheduled to be heard by the Planning Commission on December 7, 2005.

Therefore, Supervisor Smyth moved that the Board direct staff to accept for expedited and concurrent processing the site plans and other related plans associated with Rezoning Application RZ 2005-PR-020. This motion does not relieve the applicant from complying with all regulations, ordinances, or adopted standards, and does not prejudice the consideration of the rezoning application in any way. Supervisor Bulova seconded the motion and it carried by unanimous vote.

65. **MERRIFIELD MIXED USE LLC – MERRIFIELD TOWN CENTER REZONING APPLICATION (PROVIDENCE DISTRICT)** (1:34 p.m.)

Supervisor Smyth said that Merrifield Mixed Use LLC is preparing to file a rezoning application for its proposed development of a portion of the Merrifield Town Center area. The application will include approximately 27 acres of land on the south side of Lee Highway, currently developed as a multiplex cinema. The applicant proposes to relocate the existing multiplex cinema to the rear of the parcel, and to construct a mixed-use "Town Center" development on the remaining portion of the property. The application contemplates the inclusion of 12,646 square feet of right-of-way in the application. The right-of-way proposed for inclusion is near the Lee Highway frontage of the property and is approximately 12,646 square feet, or 0.29031 acres, of Route 744, Hilltop Road. The applicant proposes to include this area as part of its overall project, which incorporates major transportation circulation improvements as contemplated by the Comprehensive Plan. The applicant is seeking Board authorization to include the right-of-way in its rezoning application.

Therefore, Supervisor Smyth moved that the Board direct staff to include a total of approximately 12,646 square feet right-of-way

adjacent to Tax Map Parcels 49-3 ((1))-80A and 80B, in the Merrifield Mixed Use LLC rezoning application. This motion does not relieve the applicant from complying with all regulations, ordinances, or adopted standards, and does not prejudice the consideration of the rezoning applications or future abandonment/vacation requests in anyway. Chairman Connolly seconded the motion and it carried by unanimous vote.

66. **"BY RIGHT" DEVELOPMENT** (1:37 p.m.)

Supervisor Smyth referred to a situation regarding the "by right" development of a house being built. She said that the plans approved by the County were modified without notifying the County. She noted that staff informed her that it was very difficult, if not impossible, to check on the height of a structure and that there are no standards for taking measurements around the foundations to get the calculations for the average grade plane.

Therefore, Supervisor Smyth asked unanimous consent that the Board direct staff to review the situation and report its findings. Without objection, it was so ordered.

67. **APPROVAL OF AUDIT COMMITTEE QUARTERLY AUDIT REPORT** (1:38 p.m.)

(BACs) Supervisor McConnell moved that the Board accept the Auditors' December 6, 2005, Quarterly Status Report. Supervisor Bulova seconded the motion and it carried by unanimous vote.

68. **JOINT BOARD MATTER WITH CHAIRMAN CONNOLLY AND SUPERVISOR KAUFFMAN ON AN EMERGENCY MANAGEMENT SUMMIT** (1:39 p.m.)

(NOTE: Earlier in the meeting, the Board took action regarding Emergency preparedness. See Clerk's Summary Item CL#42.)

Supervisor Hyland referred to his written Board Matter regarding emergency management and moved that the Board request the Garrison Commander of Fort Belvoir to invite the elected officials and Emergency Management staff from surrounding jurisdictions to attend an Emergency Management Summit at Fort Belvoir early next year. Supervisor McConnell seconded the motion and it carried by unanimous vote.

(NOTE: Later in the meeting, the Board took action regarding Emergency Management. See Clerk's Summary Item CL#101.)

69. **MOUNT VERNON COUNCIL RESOLUTION ON PARKING RESTRICTIONS** (1:40 p.m.)

(BACs) Supervisor Hyland said the Mount Vernon Council of Citizens Associations, at its November meeting, passed a resolution requesting the Board to adopt Virginia Statue 46.2-1222.1 as a stand alone ordinance. Currently, the Code of the County of Fairfax requires the community to solicit support from individual homeowners, seek monetary contributions to procure prescribed signage, and create a Residential or Community Parking District. This resolution would, in effect, seek Countywide enforcement of the enabling statue.

Therefore, Supervisor Hyland asked unanimous consent that the Board refer this resolution to the County Executive and the Transportation Advisory Committee for their recommendations and action. Without objection, it was so ordered.

(NOTE: Later in the meeting, the Board took action on two parking districts. See Clerk's Summary Items CL#97 and CL#98.)

70. **PUBLIC HEARING FOR THE VACATION OF TALBERT ROAD (MOUNT VERNON DISTRICT)** (1:41 p.m.)

- (A) Supervisor Hyland moved that the Board authorize a public hearing to be held before the Board on March 13, 2006, regarding the vacation of Talbert Road in the Lorfax Heights subdivision in Lorton. Chairman Connolly seconded the motion and it carried by unanimous vote.

71. **WILDWOOD COMMUNITY – VACATION OF A PORTION OF WILDWOOD STREET, OWNED BY THE BOARD (MOUNT VERNON DISTRICT)** (1:41 p.m.)

Supervisor Hyland referred to his written Board Matter and moved that the Board authorize incorporating the vacation of that portion of Wildwood Street located north of Midway Place in the Community of Wildwood as generally identified in the rezoning application filed in the name of Calvert Homes located on Tax Map 107-2-((2)). Approval of this motion would in no way prejudice the substantive review of the rezoning application. Supervisor Bulova seconded the motion and it carried by unanimous vote.

72. **SUMMIT STREET PLAN AMENDMENT (SULLY DISTRICT)** (1:42 p.m.)

Supervisor Frey said that during the 2004 North County Area Plans Review (APR) process, APR 04-III-7BR was submitted for Tax Map parcels 54-4 ((2)) 2-7, 8A, 9A, 10-14, and 49-57. This nomination requested consideration of a density of 5-8 dwelling units per acre (du/ac). APR Item 04-III-7BR was deferred indefinitely by the Planning Commission on April 20, 2005, so that it could be reviewed within the context of the Centreville Historic District Study.

As a result of the Centreville Historic District analysis, significant Civil War earthworks have been identified on parcels within and adjacent to the area of APR Item 04-III-7BR. To provide an opportunity to fully consider these earthworks in the evaluation of the potential Plan change, Supervisor Frey moved that the area nominated by APR 04-III-7BR be expanded to include Parcel 54-4((4)) 4.

Accordingly, Supervisor Frey moved that an Out-of-Turn Plan Amendment be authorized for this larger area which will now encompass Tax Map Parcels 54-4 ((2)) 2-7, 8A, 9A, 10-14, 49-57 and 54-4 ((4)) 4. Staff is directed to consider residential use up to 3 du/ac with provisions that address the preservation of these Civil War earthworks. Chairman Connolly seconded the motion and it carried by unanimous vote.

73. **DRAFT ENVIRONMENTAL IMPACT STATEMENT (DEIS) FOR THE MANASSAS NATIONAL BATTLEFIELD BYPASS (SULLY DISTRICT)** (1:44 p.m.)

Jointly with Chairman Connolly, Supervisor Frey said that on September 26, the Board endorsed comments regarding the DEIS for the Manassas National Battlefield Bypass. The essence of the comments was the need for additional information, particularly concerning the preferred alternative D as it had been modified.

Since that time, Supervisor Frey convened a meeting with staff from the Fairfax County Department of Transportation, the Fairfax County Park Authority (FCPA), the Federal Highway Administration (FHA) and the National Park Service to further clarify the issues of concern. The two major issues were the impacts on recently acquired County parkland and the Battlefield Bypass' compatibility with the Tri-County Parkway.

At its November 15 meeting, the Commonwealth Transportation Board endorsed the West Two alignment for the Tri-County Parkway which clarifies the relationship with the Battlefield Bypass and its impacts on Fairfax County. The FHA staff and Superintendent Bob Sutton of the Manassas National Battlefield Park were very helpful and accommodating in working to minimize the impacts on the Sully Woodlands parkland and have committed to working through the preliminary and final design processes to ensure that all steps are taken to protect County parkland.

Supervisor Frey said that this is a unique opportunity to further two goals which are often at odds with each other - historic preservation and protection of parkland, and transportation improvements. Removing Route 29 from the middle of the national battlefield park not only will ensure that it remains the treasure that it is, but also represents the only way Route 29 will ever be widened to alleviate the tremendous bottleneck that occurs every day.

Therefore, jointly with Chairman Connolly, Supervisor Frey moved that the Board endorse Alternative D modified for the Manassas National Battlefield Bypass, and direct the Chairman to sign the letter on behalf of the Board. This alternative has FHA support, the support of the Prince William County Board of Supervisors, and the Fairfax County Park Authority. This support is based on the commitments that have been made by the FHA and the National Park Service to continue to work with County and FCPA staff through the final design process to minimize any potential negative impacts. Chairman Connolly seconded the motion and it carried by unanimous vote.

74. **RECESS/CLOSED SESSION** (1:48 p.m.)
