   The staff was directed administratively to proceed as proposed.
The Board next considered an item contained in the Board Agenda dated July 21, 2008, regarding the WMATA FY 2009 Operating Budget and Capital Improvement Program.

Chairman Connolly noted that entities to which the Board belongs continue to increase subsidies and membership dues and that it was imperative that these entities understand the County’s financial constraints, at least for the coming year. Supervisor McKay noted that he and Supervisor Hudgins have had lengthy conversations with Metro concerning subsidies.

Discussion ensued, with input from Katharine D. Ichter, Director, Department of Transportation, concerning the placement of this information on the County’s website.

Supervisor Gross asked unanimous consent that the Board direct staff to make the following correction to handwritten page 22 of the Board Agenda Item concerning the Route 50 Pedestrian Bridge:

- Change the installation date of July 12, 2008, to sometime in August.

Without objection, it was so ordered.

Supervisor Bulova inquired as to the status of the overpass associated with the Burke Centre VRE garage and adjunct trails, with input from Ms. Ichter.

Supervisor Smyth recounted a conversation with the Virginia Department of Transportation (VDOT) in conjunction with the High Occupancy Travel (HOT) Lanes, concerning the removal and possible reuse of the span for the Washington and Old Dominion (W&OD) Trail.

Chairman Connolly relinquished the Chair to Vice-Chairman Bulova and asked unanimous consent that the Board direct staff to look into the possible reuse of the span. Without objection, it was so ordered.

Vice-Chairman Bulova returned the gavel to Chairman Connolly.

The Board next considered an item contained in the Board Agenda dated July 21, 2008, requesting authorization for the County Executive, on behalf of the County, to sign the second Amendment of the Belle Haven Watershed Flood Damage Reduction Study Agreement between the County and the US Army Corps of Engineers.

The staff was directed administratively to proceed as proposed.

**ADDITIONAL BOARD MATTERS**

28. **TYSONS CORNER CENTER DAY** (12:32 p.m.)

Chairman Connolly noted that Tysons Corner Center opened its doors nearly 40 years ago. Jointly with Supervisor Smyth, he relinquished the Chair to Vice-Chairman Bulova and asked unanimous consent that the Board proclaim July 22, 2008, as “Tysons Corner Center Day” in Fairfax County and direct staff to prepare a proclamation for presentation to the appropriate representatives from Tysons Corner Center at the July 22 celebratory event. Without objection, it was so ordered.

29. **PROPOSAL TO INCREASE ENERGY EFFICIENCY BY 30 PERCENT FOR NEW HOMES** (12:32 p.m.)

Chairman Connolly said that buildings are responsible for approximately one-third of greenhouse gas emissions in the US, so improvements to building code energy efficiency requirements could reduce emissions dramatically. At the International Code Council (ICC) meeting in September, building code officials will consider strengthening energy efficiency standards in new homes by 30 percent. This would reduce carbon dioxide emissions by 464 million tons annually. County staff has been very involved in preparations for this conference and for this standard.

Working with staff and its understanding, Chairman Connolly asked unanimous consent that the Board direct staff to support the proposal to increase energy efficiency by 30 percent for new homes at the September conference of the ICC. Without objection, it was so ordered.
30. **FIREFIGHTERS’ “FILL THE BOOT” CAMPAIGN TO BENEFIT MUSCULAR DYSTROPHY ASSOCIATION (MDA)** (12:33 p.m.)

Chairman Connolly announced that it is time for the “Fill the Boot” campaign to benefit the MDA. Accordingly, he asked unanimous consent that the Board direct staff to:

- Issue a proclamation commending the annual “Fill the Boot” campaign scheduled for Labor Day weekend in September.

- Invite the appropriate representatives from the Department of Fire and Rescue and the MDA to receive the proclamation at the September 8 Board meeting.

Without objection, it was so ordered.

31. **NATIONAL ASSOCIATION OF COUNTIES (NACo) AWARDS** (12:33 p.m.)

Chairman Connolly announced that NACo awarded the County five Achievement Awards this year for the following outstanding County programs:

- IT Project Management
- DART Program: Transparency/Accountability in Finance
- School Readiness Collaboration
- Changing Lives through Literature: Alternative Sentencing
- Security Awareness Day

Accordingly, Chairman Connolly asked unanimous consent that the Board direct staff to invite the personnel involved in each of these programs to appear before the Board at an appropriate time to be recognized and thanked for their achievements on behalf of the citizens of the County.

Supervisor Gross asked to amend the request to also include recognition for the County’s third place finish in the communities over 500,000 population category in the Digital Counties Survey. She noted that at last week’s NACo conference in Kansas City she accepted that award, along with the Department of Information Technology’s Michael Dent. This was accepted.

Without objection, the request, as amended, it was so ordered.
Chairman Connolly noted that Mental Illness Awareness Week is approaching. Accordingly, he asked unanimous consent that the Board proclaim October 5-11, 2008, as “Mental Illness Awareness Week” in Fairfax County and direct staff to invite the appropriate representatives to be presented with the proclamation at one of the September Board meetings. Without objection, it was so ordered.

Chairman Connolly noted that Hispanic Heritage Month is approaching. Accordingly, he asked unanimous consent that the Board proclaim September 15-October 15, 2008, as “Hispanic Heritage Month” in Fairfax County and direct staff to invite the appropriate representatives from Equity Programs and others to be presented with the proclamation at one of the two September Board meetings. Without objection, it was so ordered.

Chairman Connolly noted that Disability Employment Awareness Month is approaching. Accordingly, he asked unanimous consent that the Board proclaim October as “Disability Employment Awareness Month” in Fairfax County and direct staff to invite the appropriate representatives from Equity Programs and others to be presented with the proclamation at one of the two September Board meetings. Without objection, it was so ordered.

Chairman Connolly noted that Domestic Violence Awareness Month is also in October. Accordingly, he asked unanimous consent that the Board proclaim October as “Domestic Violence Awareness Month” in Fairfax County and direct staff to invite the appropriate representatives from the Office of Women and others to be presented with the proclamation at one of the two September Board meetings. Without objection, it was so ordered.

There was brief input from Merni Fitzgerald, Director, Office of Public Affairs, concerning the scheduling of the September Board meetings.

Chairman Connolly asked unanimous consent that the Board proclaim November 2008 as “American Indian Heritage Month” in Fairfax County and direct staff to invite the appropriate representatives from the Equity Programs and others to be presented with the proclamation at the October 20 Board meeting. Without objection, it was so ordered.
37. **SUBSTANCE ABUSE AWARENESS WEEK** (12:37 p.m.)

Chairman Connolly noted that Substance Abuse Awareness Week is approaching. Accordingly, he asked unanimous consent that the Board proclaim October 27-31 as “Substance Abuse Awareness Week” in Fairfax County and direct staff to prepare the proclamation for presentation to the Fairfax-Falls Church Community Services Board at its conference at the Government Center on October 31. Without objection, it was so ordered.

38. **FOUR COUNTY AREAS NAMED MONEY MAGAZINE’S TOP 100 CITIES IN WHICH TO LIVE (BRADDOCK, HUNTER MILL, AND SPRINGFIELD DISTRICTS)** (12:37 p.m.)

Chairman Connolly announced that CNN/Money Magazine recently published its “Best Places to Live” in 2008, listing the 100 best small cities in which to live in the US. Four of the top 100 were communities in the County:

- Hunter Mill at #19
- Sully at #25
- Burke at #31 (Braddock and Springfield Districts)
- Reston at #37 (Hunter Mill District)

Chairman Connolly congratulated all of those communities, but asserted that ALL of the County is the best place to live.

Chairman Connolly asked unanimous consent that the Board direct staff to prepare a press release with this information. Without objection, it was so ordered.

Vice-Chairman Bulova returned the gavel to Chairman Connolly.

39. **NO BOARD MATTERS FOR MASON DISTRICT SUPERVISOR PENEOLOPE A. GROSS** (12:39 p.m.)

Supervisor Gross announced that she had no Board Matters to present today.

40. **INTRODUCTION OF SUMMER INTERNS (LEE DISTRICT)** (12:39 p.m.)

Supervisor McKay introduced the following summer interns from his office:

- Charles Wilson-de Grazia, a student at James Madison University
- Michael Busenhart, a student at Hamilton College in New York
41. **SECURITY CAMERAS AT COUNTY METRO STATIONS** (12:39 p.m.)

In a joint Board Matter with Chairman Connolly and Supervisor Hudgins, Supervisor McKay said that at the July 10 Washington Metro Area Transit Authority (WMATA) Board meeting, the board was briefed by Metro Transit Police Chief Michael Tabom on the Emergency Management and Jurisdiction Camera Program and funding of outdoor security cameras at high crime Metro stops.

Supervisor McKay stated that during a pilot program (January 2006 through January 2008) at the U Street Metro station, where an exterior camera was installed in an area that was clearly visible to the public, reported crimes fell approximately 30 percent. He said that the police have recommended that suburban Metro stations be outfitted with exterior cameras and Metro has agreed to install the cameras if localities cover the equipment costs. Two stations in the County that have seen significant instances of crime are Franconia/Springfield and Vienna.

Supervisor McKay said that installation of cameras at each of these stations in a way that does not infringe on individuals' privacy rights would be a significant contribution to public safety. At a time when there is record ridership at County stations, it is imperative to help protect riders and their property so that they will continue to use public transit.

Supervisor McKay moved that the Board:

- Direct the Police Department to begin coordination with the Metro Transit Police on the best ways to implement this program. Police Chief Rohrer is supportive of this effort.

- Make available up to $75,000 from funds available from the Northern Virginia Transportation Commission (NVTC) to be allocated to install security cameras at both the Franconia/Springfield and Vienna Metro stations.

Supervisor Hudgins seconded the motion and it carried by unanimous vote.

42. **PROPOSED AMENDMENT TO THE RESIDENTIAL PERMIT PARKING DISTRICT (RPPD) ORDINANCE TO INCLUDE COLLEGES AND UNIVERSITIES** (12:41 p.m.)

Supervisor Bulova stated that for several years her office has been hearing from residents on several roadways abutting the Northern Virginia Community College (NVCC) campus in Annandale about problems related to students parking in the community to avoid the college parking fees. A potential remedy was the suggestion to close access to the campus from the community. Based on
community input at a well attended meeting at NVCC last week, the neighborhoods do not favor this proposal.

Supervisor Bulova said that staff suggested that it was possible to amend the existing RPPD ordinance to include colleges and universities so that petitioning blocks with residential addresses within 2000 feet of an entrance to the college do not have to meet the 100 minimum parking spaces or the 75 percent occupied spaces and 50 percent non-resident parking requirements.

Accordingly, Supervisor Bulova moved that the Board direct staff to:

- Initiate an amendment to the RPPD ordinance that will add roadways near college and university campuses, subject to the same criteria currently in place for the establishment of an RPPD next to a high school or Metrorail station.

- Present this proposal to the Board for approval as soon as possible.

Supervisor Smyth seconded the motion, which carried by unanimous vote.

43. **JOINT BUDGET RESOLUTION WITH THE SCHOOL BOARD**  
(12:43 p.m.)

(R) Supervisor Bulova noted that the Board engaged in a joint budget workshop with the School Board on Friday, July 18. The subject of the workshop was the projected significant decrease in revenue available for the next year’s budget because of the general economy and falling property values. Both Boards agreed to participate in a Lines of Business Review (LOBs) process and a School programs review process. The Board of Supervisors took a straw vote at that meeting and unanimously approved this joint process.

Accordingly, Supervisor Bulova moved adoption of the Joint Resolution to Undertake a Detailed Review of County Lines of Business and School Programs to Identify Opportunities for Streamlining, Consolidations, and Eliminations. Supervisor McKay seconded the motion, which carried by unanimous vote, Supervisor Bulova, Supervisor Foust, Supervisor Frey, Supervisor Gross, Supervisor Hudgins, Supervisor Hyland, Supervisor McKay, Supervisor Herrity, Supervisor Smyth, and Chairman Connolly voting “AYE.”

44. **ENCOURAGING PRIVATE SECTOR WORKFORCE HOUSING**  
(12:45 p.m.)

Supervisor Herrity asserted that the lack of affordable housing for employees of businesses in the County in proximity to their place of employment has a significant impact on the economic vitality in the region. The lack of such housing has had immediate bottom-line impacts on local businesses’ ability to recruit and retain its workforce. It decreases productivity, profit, and diminishes
quality of life. Long commutes and rising fuel prices are “fueling” the problem, resulting in higher turnover, employee dissatisfaction, and additional training and recruiting costs. These businesses are essential to the health of the County’s tax base. He maintained that in these difficult economic times the Board needs to take whatever reasonable steps it can to encourage businesses to stay and grow or relocate to the County.

Supervisor Herrity said that businesses have a vested interest in the well-being of their personnel and the community. In the County and around the country, businesses and public entities have taken creative steps to address workforce housing shortages. He cited two examples in the County and said that several businesses are considering similar efforts. The two County examples are the trendsetting Fort Belvoir Residential Communities and George Mason University (GMU). The university, challenged by existing in one of the nation’s most expensive housing markets and experiencing difficulty in attracting and retaining the high caliber of professors and employees it desired due to a lack of affordable housing options, is now in the process of developing its own workforce housing. As GMU already held deed to a significant amount of land proximate to its main campus, GMU explored available options for leveraging these assets to provide reasonably priced housing for its faculty and staff. It is now planning a market-supported mix of multi and single-family housing products to be provided on GMU land over a 10-year timeframe. The detailed development plan called for GMU to offer this employee amenity via a 501(c)(3) not-for-profit foundation which would retain land ownership in perpetuity while offering the majority of units for sale to qualified employees. This is just one creative and innovative example of one of the local employers providing workforce housing for their employees.

Supervisor Herrity said that the County’s own Residences at the Government Center shows that with a simple ground lease there are private companies that will deliver turnkey workforce housing development, construction, management, and maintenance solutions. The more the County can leverage the private sector to provide workforce housing, the greater the burden that can be relieved from taxpayers. Whether it is constructing workforce housing or providing some type of employer-assisted zero-interest loans to cover down payments or closing costs, employers benefit from a stable workforce living nearby, employees benefit from time saved on their commute, and communities benefit from reduced congestion and increased investment from new residents.

Accordingly, Supervisor Herrity moved that the Board direct the County Executive to explore and consider meaningful actions or policies that the County could enact that would encourage and facilitate the efforts of businesses and public entities to address the shortfall in affordable housing for their own employees. Examples might be providing innovative financing for qualified workforce housing projects through the Economic Development Authority or addressing existing zoning or process impediments for businesses to develop
workforce housing. He asked that the County Executive report in October with his findings. Supervisor Frey seconded the motion.

Following discussion, which included information about the GMU program and clarification that it is a rental program, other nationwide programs, and other innovative programs, Supervisor Gross asked to amend the motion to direct staff to present its findings at a meeting of the Board’s Housing Committee first, and this was accepted.

The question was called on the motion, as amended, which carried by unanimous vote.

45. RESIDENCES AT THE GOVERNMENT CENTER (SPRINGFIELD DISTRICT) (12:53 p.m.)

Supervisor Herrity said that representatives of Dallas-based contractor JPI, the selected contractor for the Residences at the Government Center, provided two open houses last week for the community and County government employees to view their conceptual design. He said that he attended both open houses. From the discussions he had at these open houses and from the hundreds of phone calls, meetings, and emails he received since the announcement of the selection of the contractor, he said that the message is clear that the community and the County employees overwhelmingly support the requirement that this project be limited to workforce housing for County employees.

Supervisor Herrity asserted his understanding that this project was first conceived by the Board as one that was for County employees. He said that promises were made to the surrounding community that this project was for County employees only. Furthermore, it is consistently being billed by this Board as housing for County employees.

Supervisor Herrity said that as the Board has been briefed, conversion of this program to County employees only would result in the project’s losing a federal tax credit of approximately $2.5 million. The developer will likely look to the County to make up some or all of this amount during negotiations if the project were to be converted to County employees only.

Supervisor Herrity stated that at the Workforce Housing Summit that a few Board Members attended several weeks ago, this project was announced as one for “our firefighters, policemen, teachers, and bus drivers.” Many of the speakers stressed the importance of the link between workforce housing and the easing of traffic congestion problems. One way to do this is to house employees where they work. He said that the best solution for the County employees who work in the Government Center complex or offices throughout the County is to have affordable housing right next door or close to where they work.
Supervisor Herrity noted that surveys conducted by the County have shown overwhelming interest by County employees in the Residences. Of the roughly 12,000 County employees, over 930 indicated an interest in living at the Residences. He said that the County has not yet surveyed the over 22,000 public school employees, almost double the number already surveyed. He asserted that there appears to be more than enough interest to fill the 270 units at the Residences.

Supervisor Herrity said that County employees are the most important and valuable asset. Many of them, however, live outside the County and must travel great distances to go to work. The commute for many employees has now been exacerbated by the increasing cost of fuel. He stated his expectation that this will drive turnover of County and school employees as the cost of the commute becomes prohibitively expensive.

In addition to the retention benefits of having the Residences being for County employees only, Supervisor Herrity said that several of the County managers he spoke with agreed that this is absolutely necessary to attract employees to settle here. He said that many of them are losing potential candidates because housing is so expensive in this area and the wages are not sufficient to maintain the quality of life they have or could have elsewhere. An example of this is the County’s recent experience with hiring the new Park Authority Director. In that case the ability to offer housing enabled the County to attract and sign the leading candidate.

Supervisor Herrity said that as discussed earlier, employee only workforce housing is not without precedent both within the County and nationally. Affordable and workforce housing is consistently promoted as being for County teachers, firefighters, and police officers, yet very few actually occupy affordable or workforce housing. He said that the Residences offers the perfect opportunity to step up to the plate and deliver for County employees.

Supervisor Herrity said that time is running out to make this change; negotiation on the Ground Lease and Contract to Lease are due to be completed by the end of August. Defining the occupants of the Residences is a critical part of these negotiations.

Therefore, Supervisor Herrity moved that the Board direct the County Executive to negotiate the Ground Lease and Contract to Lease for the Residences at the Government Center to be for County employees only. County employees should be defined as to include County school employees. Non-County employees may be permitted only if there are no eligible County employees available to fill any vacancies. Supervisor Frey seconded the motion.

Discussion ensued regarding the motion concerning the veracity of the statement that the project was first conceived for County employees only as well as the idea of having a diversity of residents at the project and affordable housing goals.
Chairman Connolly relinquished the Chair to Vice-Chairman Bulova and moved to amend the motion to change “to be for County employees only” to “with the aim that these units will be primarily marketed among the County workforce. Supervisor Hyland seconded the amendment to the motion.

Further discussion ensued on the motion including the effect on the tax credits, with input from David P. Bobzien, County Attorney.

The question was called on the amendment to the motion, which CARRIED by a recorded vote of eight, Supervisor Frey and Supervisor Herrity voting “NAY.”

The question was called on the main motion, as amended, which CARRIED by a recorded vote of eight, Supervisor Frey and Supervisor Herrity voting “NAY.”

**REZONING APPLICATION RZ 2004-PR-008 (PROVIDENCE DISTRICT)**

(1:12 p.m.)

Supervisor Smyth said that on April 25, 2005, the Board approved Rezoning Application RZ 2004-PR-008 to build a small infill subdivision and to construct a 560 foot section of sound wall in the Virginia Department of Transportation (VDOT) right-of-way connecting two existing sound walls adjacent to Interstate 66. The proffered sound wall will protect both the new subdivision and the existing neighborhood from highway noise. Since zoning approval, VDOT changed policy on acceptance of sound walls in State right-of-way. After meeting with the developer, Edgemore Homes, staff and the Northern Virginia VDOT District Administrator, Morteza Salehi, a reasonable resolution was negotiated to permit the noise wall to be constructed in the location originally identified in the approved rezoning application.

Supervisor Smyth expressed her appreciation to staff and Mr. Salehi for his professionalism and assistance with helping to ensure that current and future residents will be better protected from Interstate 66 highway noise.

Therefore, pursuant to condition one as contained in the VDOT letter, Supervisor Smyth moved that the Board support the Edgemore Homes proposal to construct the proffered noise wall as depicted in the approved Rezoning Application RZ 2004-PR-008. Supervisor Bulova seconded the motion and it carried by a vote of eight, Supervisor Foust and Supervisor Herrity being out of the room.

**PARKING RESTRICTIONS ON LARGE COMMERCIAL VEHICLES**

(1:12 p.m.)

Supervisor Foust said that there have had a number of complaints concerning extended parking, including overnight and weekend parking, of large commercial
vehicles in and around the commercial areas of McLean. The 2007 session of the General Assembly enacted *Virginia Code* § 46.2-1222.2, which now permits local governing bodies, by ordinance and subject to certain exceptions set forth in the enabling legislation, to limit parking of certain large vehicles on streets adjacent to the commercial areas of the County for periods of no more than two hours.

*Virginia Code* § 46.2-1222.2 is as follows:

- Local ordinances prohibiting parking of certain vehicles — The governing body of any county, city, or town may by ordinance limit to no more than two hours the length of time of parking on streets, adjacent to commercial business areas, of vehicles with gross weights in excess of 12,000 pounds or lengths of 30 feet or more, unless such vehicles are actively engaged in loading or unloading operations or waiting to be loaded or unloaded or are engaged in or preparing to engage in utility or similar service work. (2007, c. 487.)

Therefore, Supervisor Foust moved that the Board direct staff to study and report to the Board on the implementation of this enabling legislation. Supervisor Bulova seconded the motion and it carried by a vote of nine, Supervisor Herrity being out of the room.

**WATER RATES** (1:13 p.m.)

Supervisor Hudgins said that in Board Matters from June 2005 and July 2007 she asked the Board to address water rates for residents within the Town of Vienna and for those Vienna residents outside of the Town boundaries. Apparently the problem of different water rates paid by certain County residents utilizing the different water systems that serve water in the County continues to grow not only in Vienna, but in Falls Church as well.

For example, the dramatic difference in the water rates paid by County residents who purchase water from the City of Falls Church versus those that are paid by County residents who purchase water from Fairfax Water continues to foment. Information adduced from the recent federal court case between the City of Falls Church and Fairfax Water disclosed that the County residents who purchase water from the City of Falls Church pay nearly twice as much as County residents who purchase water from Fairfax Water. The current service rate imposed by the City of Falls Church upon County residents for three months, for 24,000 gallons of water is $85.19, whereas the service rate imposed upon County residents who purchase water from Fairfax Water is $47.05 a quarter.

Supervisor Hudgins said that what makes this particular discrepancy all the more egregious is that the funds derived from the City of Falls Church’s commodity charge are transferred annually from the City of Falls Church’s Water Works Renewal Fund into the City of Falls Church’s General Revenue Fund. Therefore,
those County residents who purchase water from the City of Falls Church are effectively subsidizing the City of Falls Church’s property tax rate and keeping it lower than it otherwise would be.

Another inequitable and equally disturbing situation has arisen with respect to those County residents who live outside the town limits of the Town of Vienna and who purchase water from the Town. The basic water rate service charge imposed upon County residents who live outside the Town is $112.88. In contrast, the basic water rate service charge imposed by the Town of Vienna on its Town residents is $103.76. The City of Falls Church rate is $85.19, and effective April 2, 2008, Fairfax County residents receiving water from Fairfax Water are paying a rate of $47.05. The discrepancy in water rates leading to the apparently unequal treatment of the County residents by the various systems that provide water to the County is of serious concern to the County, its citizens, and this Board.

Accordingly, jointly with Supervisor Smyth, Supervisor Hudgins moved that, in accordance with the oversight authority granted pursuant to Virginia Code Ann.§ 15.2-823 and Virginia Code Ann.§ 15.2-2111, the Board direct the Consumer Protection Commission to conduct an investigation, with the assistance of appropriate County staff, and report with findings and possible recommendations by the end of the year regarding why certain County residents are forced to pay different water rates to the various systems that furnish water service within the County. This motion, the second to which was inaudible, carried by a vote of nine, Supervisor Herrity being out of the room.

DULLES TOLL ROAD SET ASIDE FOR TRANSIT (1:18 p.m.)

Supervisor Hudgins said that the Commonwealth of Virginia, which has maintained and operated the Dulles Toll Road, including the collection of tolls, will transition from the Virginia Department of Transportation (VDOT) to the Metropolitan Washington Airports Authority (MWAA). The Department of Rail and Public Transportation (DRPT), therefore, has informed the County that beginning in Fiscal Year 2011 MWAA, not DRPT, will be responsible for the $6,645,000 set-aside for Dulles Toll Road transit.

It has always been the County’s understanding that the Dulles Toll Road set aside for the Fairfax Connector express bus service, by agreement with the Commonwealth and DRPT, was to continue until Metrorail opened for passenger service to Wiehle Avenue (now estimated to be 2012). The loss of the Dulles Toll Road set aside is exactly opposite of the programs and policies that must be maintained to build transit ridership in advance of successfully implementing Metrorail service in the Dulles Corridor. This has been strongly communicated in a response by the County.

Supervisor Hudgins asked unanimous consent that the Board send a letter to MWAA with a copy to the State noting its commitment and indicating that the
Board would like to reaffirm the commitment that it continue the subsidy as agreed upon until the rail project begins. Supervisor McKay seconded the motion and it carried by a vote of nine, Supervisor Herrity being out of the room.

**EMERALD ASH BORER** (1:20 p.m.)

Supervisor Hudgins said that on July 8, 2008, staff identified sites in Herndon and Springfield infested with the emerald ash borer. These insects are a serious threat to ash trees across the County. This is only the second time that these non-native beetles have been found in the County since a minor outbreak was contained in 2003. This problem is so serious that the Virginia Department of Agriculture and Consumer Services issued a quarantine in the County on Monday, July 14 to halt the movement of ash trees out of the County.

Supervisor Hudgins said that this past Friday her office met with a utility company to discuss its tree cutting schedule in Hunter Mill District. The issue was raised with them.

Therefore, Supervisor Hudgins asked unanimous consent that the Board direct staff to correspond directly with utility and tree services companies, specifically outlining what the process of obtaining a compliance agreement, so that they and their subcontractors are fully aware when clearing and removing trees in the County.

Chairman Connolly relinquished the Chair to Vice-Chairman Bulova and asked to amend the motion to include nurseries, and this was accepted.

Vice-Chairman Bulova returned the gavel to Chairman Connolly.

Supervisor Bulova asked to amend the request to include the Virginia Department of Transportation, and this was accepted.

Without objection, the request, as amended, was so ordered.

**TWENTY-FIFTH ANNIVERSARY OF SLAVE MEMORIAL (HUNTER MILL DISTRICT)** (1:22 p.m.)

Jointly with Supervisor Hyland, Supervisor Hudgins said that on Saturday, September 27 at 11 a.m., the Slave Memorial Wreath Laying Ceremony will be held at Historic Mount Vernon to commemorate the twenty-fifth anniversary of the dedication of the Slave Memorial on its premises. This monument is one of its kind and stands in tribute to the lives and legacies of those enslaved not only at Mount Vernon, but throughout the nation.

In recognition of this event, Black Women United for Action (BWUFA), along with a group of dedicated community volunteers, is organizing a series of dynamic outreach programs designed to further educate the public about the slave
connection, the monument’s symbolic power and its compelling significance to American history. The theme for this year’s commemoration is “A Salute to the US Military” with a major focus on the role patriotic slaves played in the early stages of the Revolutionary War to the present day.

Supervisor Hudgins asked unanimous consent that the Board direct staff to invite the BWUFA to appear before the Board to be recognized for their efforts in educating the public about the richness, spirit, and creative resources embodying a group of people who survived such impoverished circumstances. Without objection, it was so ordered.

52. **NATIONAL SURFACE TRANSPORTATION POLICY AND REVENUE STUDY** (1:22 p.m.)

Supervisor Hudgins said that last week, the National Capital Region Transportation Planning Board (TPB) heard a presentation by the National Surface Transportation Policy and Revenue Study Commission. The report was compelling and outlined national challenges including deteriorating infrastructure and over-capacity of the current surface transportation system, price of congestion, needs, and causes of the crisis, as well as expiration of SAFETEA-LU in 2009.

Therefore, Supervisor Hudgins asked unanimous consent that the presentation be referred to the Board’s Transportation Committee and that the Board direct staff to invite Tom Skancke, President of Skancke Company and a representative from the Study Commission, to address the committee at a future date. Without objection, it was so ordered.

53. **DEPUTY COUNTY EXECUTIVE VERDIA L. HAYWOOD PRESENTED WITH AWARD** (1:25 p.m.)

Supervisor Hudgins that on June 3 Deputy County Executive Verdia L. Haywood was presented with the 2008 Arnold B. Kassabian Memorial Award by the Fairfax Bar Association.

Supervisor Hudgins noted that Mr. Haywood’s contributions have touched and improved the lives of thousands of County residents by designing programs and services for children and families of the County dealing with poverty, homelessness, mental health, or substance abuse issues.

Supervisor Hudgins asked unanimous consent that the Board direct staff to invite Mr. Haywood to appear before the Board to be recognized for this achievement and for his dedication to improving the lives of so many in the County. Without objection, it was so ordered.
54. **RETIREMENT OF MR. MICHAEL RIERSON** (1:25 p.m.)

Supervisor Frey said that after 35 years with the County Park Authority, Michael Rierson is retiring. Mr. Rierson has worked tirelessly over the years to protect valuable artifacts, historic properties, cultural, and natural resources.

Therefore, Supervisor Frey asked unanimous consent that the Board direct staff to invite Mr. Rierson to appear before the Board on August 4 in recognition for his years of service to the County. Without objection, it was so ordered.

55. **FIFTIETH PASTORAL ANNIVERSARY FOR BISHOP FLOYD B. BROWN, JR. (SULLY DISTRICT)** (1:26 p.m.)

Supervisor Frey announced that that Bishop Floyd B. Brown, Jr. recently celebrated his fiftieth Pastoral Jubilee Anniversary with the Church of the Blessed Trinity in Centreville.

Therefore, Supervisor Frey asked unanimous consent that the Board direct staff to invite Bishop Brown to appear before the Board on September 22 for recognition of this wonderful accomplishment. Without objection, it was so ordered.

56. **COMMONWEALTH CENTRE PUBLIC HEARING (SULLY DISTRICT)** (1:26 p.m.)

Supervisor Frey said that to proceed with development of Commonwealth Centre the abandonment of a dedicated public roadway known as Newbrook Drive must occur. Staff has reviewed the proposal and asked the applicant to complete agreements and other items needed to proceed with the abandonment of the right-of-way. Ordinarily, action on a vacation/abandonment is not scheduled until all necessary agreements and revisions are complete. However, the applicant is on a tight construction schedule and has indicated it will have all outstanding issues resolved prior to a public hearing on this matter. Given the applicant's commitment, staff has agreed to allow the public hearing to be scheduled.

Therefore, Supervisor Frey moved that the Board authorize the advertisement of a public hearing to be held before the Board on September 8, 2008, regarding the abandonment of Newbrook Drive. The applicants understand that this motion should not be considered as a favorable recommendation by the Board on the proposed applications and does not relieve the applicants from compliance with the provisions of all applicable ordinances, regulations, and/or adopted standards in any way. Supervisor Smyth seconded the motion and it carried by unanimous vote.
57. **INTENT TO DEFER PUBLIC HEARINGS (HUNTER MILL AND SULLY DISTRICTS)** (1:27 p.m.)

Supervisor Frey announced his intent to defer the following public hearings:

- Rezoning Application RZ 2007-SU-014
- Proffered Condition Amendment Application PCA 74-2-150

Therefore, Supervisor Hyland moved approval of request for concurrent processing for the property which is the subject to Proffered Condition
Amendment Application PCA 93-V-028-02 and Special Exception Application SE 2007-MV-031 and direct staff to accept and review site plan submissions pertaining to this property. This motion should not be construed as a favorable recommendation on these applications, nor does this motion relieve the applicant of compliance with the provisions of any applicable ordinances, regulations, or standards. Supervisor Smyth seconded the motion and it carried by unanimous vote.

62. **NOISE ORDINANCE INTERPRETATION FOR GENERATOR USE DURING A BLACKOUT** (1:32 p.m.)

Supervisor Hyland said that recently a resident of New Alexandria, who experienced flood damage to her basement during Hurricane Isabel in 2003, visited his office to request an amendment to the Noise Ordinance to allow the use of generators during a blackout. Some weeks before, County police officers informed her that someone called to complain that her generator’s noise had kept them up late. However, her generator was powering her sump pump which was preventing her basement from flooding. Shortly after she turned the generator off, the police officers returned and apologetically informed her that her generator could remain on. Chapter 108-6-1 of the Noise Ordinance states that "an exemption from the provisions of this Chapter is granted for noise created in the performance of emergency work." He said that after requesting an interpretation from the Department of Planning and Zoning, he was informed that the use of a generator during a blackout meets the definition of an emergency.

Therefore, Supervisor Hyland asked unanimous consent that the Board direct the Zoning Administrator to confirm this interpretation and circulate it to the Fairfax County Police Department to ensure its proper dissemination to the line officers. Without objection, it was so ordered.
