Without objection, it was so ordered.

The question was called on the motion and it carried by unanimous vote.

Vice-Chairman Gross returned the gavel to Chairman Bulova.

13. **C-1 – ELECTION YEAR POLICIES** (11:25 a.m.)

The Board next considered an item contained in the Board Agenda dated May 24, 2011, regarding Election Year Policies for the 2011 Board. Chairman Bulova announced that a revised Agenda Item had been distributed to the Board and pointed out that on the second page in bullet #2 there is a current prohibition on links from a magisterial district’s webpage on the County’s official website to linking to campaign or social media websites, and that this revision clarifies this prohibition.
Supervisor Gross moved approval of the revised Election Year Policies. Supervisor Smyth seconded the motion.

Supervisor Gross, noting the lateness of the primary, August 23 instead of June due to redistricting, inquired as to the selection of September 6 as a cutoff date with input from Anthony H. Griffin, County Executive, regarding the five to six day delay after the election due to State election certification.

Supervisor Gross asked to amend her motion to change the dates in the revised Board Agenda Item from September 6 to August 24, and this was accepted.

Following discussion, Supervisor Smyth asked to amend the motion to change the August 24 date to August 31 due to the certification delay, and this was accepted.

Following a clarification of the last bullet on the second page of the revised Board Agenda Item concerning the applicability of the moratorium, Supervisor Frey moved a substitute motion to change the September 6 dates in the revised Board Agenda Item to June 1. Supervisor Hyland seconded the motion.

Following discussion concerning the need to keep constituents informed, the question was called on the substitute motion, and it FAILED by a recorded vote of seven, Supervisor Frey, Supervisor Herrity, and Supervisor Hyland voting “AYE.”

ADDITIONAL BOARD MATTERS

19. REQUESTING SUPPORT FROM FEDERAL DELEGATION FOR BASE REALIGNMENT AND CLOSURE (BRAC) DELAY LANGUAGE IN FISCAL YEAR (FY) 2012 NATIONAL DEFENSE AUTHORIZATION ACT (11:43 a.m.)

In a joint Board Matter with Supervisor McKay, Chairman Bulova noted that in 2005, the BRAC Commission recommended the transfer of approximately 20,000 military personnel to the Fort Belvoir Main Post, the Engineer Proving Grounds, and the Mark Center in Alexandria. Under current law, these recommendations must be completed by September 15, 2011. Many personnel are being transferred from locations well-served by developed highway and transit networks. Fort Belvoir, by comparison, has much less transportation and transit options available. The associated traffic impacts are anticipated to be significant in several local transportation corridors. The local region already has some of the worst congestion in the nation.

Congress recently included funding for transportation infrastructure improvements associated with medical facilities related to BRAC recommendations in its FY 2011 budget, and the County is preparing to apply for a portion of these funds. In an unrelated decision, the Federal Highway Administration (FHWA) announced its decision to expand the environmental review of the I-395 HOV/Transit Ramp to Seminary Road project from a Categorical Exclusion to an Environmental Assessment. The project is already expected to take several years and FHWA's decision will delay its completion.

Chairman Bulova stated that on May 12, the House Armed Services Committee reported HR 1540, the National Defense Authorization Act, by a vote of 60-1. Language in the bill grants the Secretary of Defense the authority to extend the deadline, by one year, for completion of not more than seven of the closure or realignment recommendations. Given recent actions and the ongoing need for transportation infrastructure to address the BRAC recommendations, a one year delay of their implementation would be extremely beneficial in that it could allow completion of short-term transportation improvements that will offset some impacts of the move.

Accordingly, Chairman Bulova relinquished the Chair to Vice-Chairman Gross and, jointly with Supervisor McKay, moved that the Board approve sending a letter to the County's Congressional delegation expressing support for language in the National Defense Authorization Act providing the Secretary of Defense the authority to extend by one year the completion of some 2005 BRAC recommendations. Supervisor Herrity, Supervisor Hyland, Supervisor McKay, and Vice-Chairman Gross jointly seconded this motion.
Following a brief discussion about the implementation of BRAC and impending transportation issues, the question was called on the motion, which carried by unanimous vote.

**REQUESTING ASSISTANCE ACQUIRING RIGHT-OF-WAY FROM FEDERAL PROPERTY IN TYSONS CORNER** (11:52 a.m.)

Chairman Bulova recounted that on June 22, 2010, the Board adopted a Comprehensive Plan for Tysons Corner that will turn the area into the County's "downtown." This plan, which has received local and national accolades, encourages high density, mixed use development in areas within a short walk of the four Metrorail stations under construction in Tysons. To be successful, a transformation of Tysons' transportation system will also be required. The current superblock street network must be transformed into a system of smaller connected streets to provide alternative pathways for traffic flow and to facilitate pedestrian environments that attract new residents and businesses.

Chairman Bulova said that one important component to this enhanced network is a new road on the north side of Tysons Corner that will be located between Route 7 and Greensboro Drive. The private property owners in the area adjacent to the new street have agreed to provide sufficient right-of-way for half the road section. However, the other half of the road section is located on Federal property. Due to the sensitive nature of the facility, the County has been unable to identify personnel within the Department of Defense or other Federal agencies to discuss this property. The private property owners have requested assistance from Congressman Moran, whose Congressional district includes the area.

As home to a number of critical Federal facilities, Chairman Bulova said that the County understands the unique safety concerns faced by the Federal government, but believes the two governments can work to find a solution that can provide the construction of this road and address security concerns.

Accordingly, Chairman Bulova moved that the Board approve sending a letter to the County's Congressional delegation to ask for assistance in working with Fort Belvoir and the US Army Corps of Engineers to allow the property to become public right-of-way for this road project. Supervisor Smyth seconded the motion.

Following a brief discussion, with input from Tom Biesiadny, Acting Director, Department of Transportation, regarding pending engineering, the question was called on the motion, and it carried by a vote of nine, Supervisor McKay being out of the room.

**ESTABLISHMENT OF A VOTING PRECINCT FOR GEORGE MASON UNIVERSITY (GMU) (BRADDOCK DISTRICT)** (11:55 a.m.)

Chairman Bulova stated that later this spring, the Board will have an item from the County Executive with recommendations for adjusted precinct boundaries and
new precincts. Some adjustments to precinct boundaries are required because of the new General Assembly districts. These districts have a number of split precincts around the County. Woodson precinct, where GMU is located, has been split at Roberts Road, which borders the campus on the East.

Chairman Bulova said that over the years, she has heard requests from the student body at GMU to establish a polling location on the GMU campus. Over the past decade, a substantial amount of residential construction has been built on campus to house students, faculty, and staff. In 2000 the on-campus population was 2940 and has since grown to 5658 in 2010. This expansion of on-campus housing is expected to continue. GMU will be constructing 7500 new residential units on campus in the next 5 years, resulting in 7000 on-campus residents by the year 2015.

Given the distance from campus to the proposed new polling location and plans for residential growth on campus, Chairman Bulova moved that the Board direct staff to:

- Work with GMU to consider the establishment of an on-campus polling location and the creation of a new University precinct.

- If supported by GMU and found to be feasible, present this to the Board for consideration and potential action in the County Executive's agenda items.

Supervisor McKay seconded the motion.

Discussion ensued regarding:

- Input from the District Supervisor.

- Whether students would vote in their home districts by absentee ballot.

- Formal input from students.

Supervisor Herrity asked unanimous consent that the Board direct staff to answer the following questions:

- Why no other campuses in the Commonwealth of Virginia have polling places on their campuses.

- The number of registered voters on campus.

- The additional cost of the creation of this precinct.
Without objection, it was so ordered.

The question was called on the motion, and it carried by unanimous vote.

Vice-Chairman Gross returned the gavel to Chairman Bulova.

22. **INTENT TO DEFER BOARD DECISION (MASON DISTRICT)** (12:04 p.m.)

Supervisor Gross announced her intent, later in the meeting at the appropriate time, to defer decision on Special Exception Application SE 2009-MA-026.

(NOTE: Later in the meeting, the Board formally deferred this decision. See Clerk’s Summary Item #46.)

23. **INTENT TO DEFER THE PUBLIC HEARING ON SPECIAL EXCEPTION APPLICATION SE 2008-MA-011 (WASHINGTON BAPTIST UNIVERSITY, INCORPORATED) (MASON DISTRICT)** (12:05 p.m.)

Supervisor Gross said that Special Exception Application SE 2008-MA-011 was scheduled for public hearing today. Due to the untimely filing of the reaffirmation of the affidavit, the public hearing needs to be scheduled for a later date.

Therefore, Supervisor Gross announced her intent, later in the meeting, at the appropriate time, to defer the public hearing for Special Exception Application SE 2008-MA-011, in the name of Washington Baptist University, Incorporated until June 7.

(NOTE: Later in the meeting, this public hearing was formally deferred. See Clerk’s Summary Item #51.)

24. **WAIVER OF FILING FEES (MASON DISTRICT)** (12:05 p.m.)

Supervisor Gross said that Ana Cornejo is the record owner of two contiguous parcels of property located at 4954 Sunset Lane [Tax Map 71-4-((1)) parcel 20] and 4921 Backlick Road [Tax Map 71-3-((1)) parcel 24A] in the Mason District. On March 23, 2010, the Board approved Special Exception Application SE 2009-MA-015 under Zoning Ordinance Section 9-610 to permit a waiver of the minimum lot-width requirement for these parcels to allow Ms. Cornejo to construct four single-family detached dwellings on the parcels. On April 12, the County Circuit Court ruled that the Board did not have the authority to permit a waiver of the minimum lot-width requirements for Ms. Cornejo's parcels by special exception, which had the effect of invalidating Special Exception Application SE 2009-MA-015.
In response to the Court's ruling, Supervisor Gross said that she has been informed that Ms. Cornejo will be filing an application with the County to rezone her two parcels of property from the R-2 District to a P District so that she will be able to develop her parcels in a manner similar to that which would have been permitted if the special exception the Board approved for Ms. Cornejo's parcels had not been invalidated by the Court. Given the special circumstances of this case, she expressed her belief that there is good cause to waive the filing fee for the rezoning application that Ms. Cornejo intends to file with the County.

Therefore, after consultation with the County Attorney, and pursuant to Zoning Ordinance Section 18-106, Supervisor Gross moved that the Board waive the filing fee for the rezoning application that Ms. Cornejo will be filing with the County to rezone her two parcels of property from the R-2 District to a P District. Chairman Bulova seconded the motion.

Supervisor Gross noted that the applicant understands that this motion does not relieve it of any obligations, ordinances, or standards and will not prejudice the consideration of the application in any way.

The question was called on the motion, and it carried by unanimous vote.

25. **McLEAN COMMUNITY CENTER (MCC) ELECTIONS (DRANESVILLE DISTRICT)** (12:08 p.m.)

(APPTS) Supervisor Foust said that on Saturday May 21, 2011, the MCC held elections for five positions on the MCC’s Board of Directors including three adult 3-year terms, one youth 1-year term for the Langley High School (HS) area, and one youth 1-year term for the McLean HS area.

Pursuant to the Memorandum of Understanding between the Board and the Governing Board of the MCC dated February 8, 1984, the full results of the election shall be reported to the Board of Supervisors at its first meeting following the election. The Board, after determining that it is in the public interest to do so, shall appoint those persons receiving the highest number of votes to the MCC Governing Board.

Therefore, based on the results of the election, as certified by the MCC’s Elections and Nominations Committee, Supervisor Foust moved that the Board finds that it is in the public interest to appoint those persons receiving the highest number of votes in this election of Governing Board Members, and that the following individuals be appointed to the MCC Board:

- Adults, three year terms: Sean Dunn, Risa Sanders and Chad Quinn
- Youth, one year term, Langley HS area: Christy Meyer
- Youth, one-year term, McLean HS area: Maggie Himpler

Supervisor McKay seconded the motion and it carried by unanimous vote.

26. **JUNE 2011 OPTIMIST INTERNATIONAL CHILDHOOD CANCER AWARENESS MONTH** (12:10 p.m.)

Supervisor Foust announced that the Great Falls Optimist Club, a nonprofit organization under the umbrella of Optimist International, is celebrating its thirty-first year of service to the community. The club prides itself on “Bringing Out the Best in Kids” and is dedicated to activities that contribute to a better future for children, promoting an active interest in good government, encouraging community service among young people, and developing optimism as a philosophy of life.

Supervisor Foust noted that a few of the many activities that the club has undertaken are: organizing and staffing the annual Great Falls Spring Festival; supporting Reach for College, an organization that provides instructional materials and books to underprivileged students; and conducting a fundraising effort for a young high school student paralyzed in a swimming accident. The club is also dedicated to the elimination of childhood cancer, the number one disease killing children today, and has raised funds for a national childhood cancer campaign.

Therefore, Supervisor Foust asked unanimous consent that the Board direct staff to prepare a proclamation recognizing the contributions of the Great Falls Optimist Club and proclaiming June 2011 as “Optimist International Childhood Cancer Awareness Month,” in Fairfax County, which he will present to the club’s officers on June 13, 2011. Without objection, it was so ordered.

27. **EVENING SCHEDULE FOR THE JUNE 7 BOARD MEETING** (12:11 p.m.)

Supervisor Smyth noted that traditionally Celebrate Fairfax! has hosted a dinner in honor of the Lords and Ladies Fairfax following the conclusion of the first Board meeting in June. Following a query about the Board’s public hearing schedule for that evening, with input from Catherine A. Chianese, Assistant County Executive, Chairman Bulova confirmed that the event was scheduled and that the public hearing agenda should be light on June 7.

28. **PUBLIC COMMENT ON COMPREHENSIVE SERVICES ACT (CSA) DRAFT POLICIES** (12:12 p.m.)

In a joint Board Matter with Supervisor Hudgins, Supervisor McKay noted that the CSA for At-Risk Youth is a state and local funding program designed to provide high quality, family centered, cost effective, community based services to
high risk youth and their families. The CSA is a partnership between the Commonwealth and localities with shared funding responsibilities. Localities manage the funds and purchase services at the local level. CSA is a national model for providing effective and innovative care for children with emotional and behavioral problems.

As the costs of CSA have risen, the State has sought to cap or decrease its financial support. Some of these efforts have been successful, including changes to the required local match, while others have not, including proposals to cap the State’s contribution to CSA.

During the 2011 General Assembly session, two identical bills were passed with the potential of decreasing the state’s financial CSA responsibility: HB 1679 and SB 1171. These bills would deny State funding to localities that do not comply with State laws, policies, or federal laws pertaining to any service funded through CSA. While the intent is good, draft guidelines issued by the State Executive Council (available for public comment) raise some problematic issues. Supervisor McKay reminded the Board that during the session, legislative staff worked to ameliorate this bill and, while the bill as passed is better than the introduced version, staff remained concerned with potential problematic implementation policies.

The draft policies are technical and for localities, the overarching issue is that CSA is a state-local partnership. It has increasingly become the practice of the Commonwealth to significantly underfund core services, leaving localities to fill funding gaps with local revenues to maintain essential services. The Board has strongly advocated for the restoration of the critical state-local funding partnership across all programs and services, including CSA.

For the draft CSA policies, Supervisor McKay asserted that the State’s emphasis must be to strengthen state and local governments’ partnership in obtaining successful outcomes for the children served, rather than solidifying or overemphasizing state oversight of local actions and decisions when using state funding. For this partnership to operate effectively, both levels of government must fill their appropriate roles, so that:

- The State should provide clear guidance and direction to localities about requirements of state and federal law, and should allocate sufficient resources to conduct due diligence in the licensing of providers and facilities that serve CSA children.

- The local government then understands what is and is not permitted and there is no ambiguity about differing State and local laws and regulations that span numerous State agencies.
• In cases of fraud by unlicensed providers, the State and localities should work together to ensure accountability and to secure the return of both State and local funding from the provider.

Many groups are now preparing comments that highlight similar concerns, including the Virginia Association of Counties (VACo), the Virginia Municipal League (VML), the Virginia League of Social Services Executives, the Virginia Association of Local Human Services Officials, and the Fairfax-Falls Church Community Policy and Management Team (CPMT). County staff has been working with these groups to analyze the draft CSA policy, as the public comment period is brief, ending on May 31.

Therefore, jointly with Supervisor Hudgins, Supervisor McKay moved that the Board direct staff to provide comments to the State Executive Council on the CSA draft policies, emphasizing the state-local partnership, referencing the principles above, and highlighting County issues or concerns with such policies. Chairman Bulova seconded the motion.

Supervisor Gross asked to amend the motion to direct staff to provide in the letter examples relating to the second bullet, and this was accepted.

Following a brief discussion regarding the provision of examples to highlight concerns, the question was called on the motion, and it carried by unanimous vote.

29. FEE WAIVER FOR AMERICAN LEGION FLEA MARKETS (LEE DISTRICT) (12:19 p.m.)

Supervisor McKay explained that he was requesting a waiver of the application fees for permits associated with the flea markets that American Legion Post 176 will be holding in its parking lot.

The flea markets will be held twice a month on Saturdays from June through November in the American Legion’s parking lot at 6520 Amherst Avenue. The American Legion has coordinated with the Springfield-Franconia Host Lions Club so that both organizations’ flea markets will be held on alternate weeks. Proceeds from the American Legion flea markets will be returned to the community through the numerous organizations and activities that the post supports.

Accordingly, Supervisor McKay moved that the Board waive the application and escrow fees permits associated with the American Legion Post 176 2011 flea markets. Supervisor Foust and Supervisor Herrity seconded the motion, which carried by unanimous vote.
30. **INTENT TO DEFER THE PUBLIC HEARING ON REZONING APPLICATION RZ 2010-LE-013 (LEE DISTRICT)** (12:20 p.m.)

Supervisor McKay announced his intent, later in the meeting at the appropriate time, to defer the public hearing on Rezoning Application RZ 2010-LE-013.

(NOTE: Later in the meeting, this public hearing was formally deferred. See Clerk’s Summary Item #50.)

31. **TRUSTEES OF THE CUB RUN MEMORIAL GARDENS FEE WAIVER (SULLY DISTRICT)** (12:20 p.m.)

Supervisor Frey said that earlier this year, the Board of Zoning Appeals (BZA) approved Variance Application VC 2011-SU-004 to permit a subdivision of an R-C zoned lot. The purpose of subdivision is to allow the Trustees of Cub Run Memorial Gardens Cemetery ("Trustees") to acquire approximately one-half acre adjacent to their cemetery to correct the title and to protect the entirety of the burial grounds.

Supervisor Frey noted that the Trustees are a nonprofit entity, and have encountered significant expense in correcting this decades-old deed irregularity. Therefore, to assist in their efforts to preserve the original boundaries of the cemetery, he moved that the Board waive any and all engineering fees associated with completing this boundary line adjustment. Chairman Bulova seconded the motion.

Following a brief discussion regarding engineering fees, the question was called on the motion and it carried by unanimous vote.

32. **COMMUNITY SOFTBALL GAME (HUNTER MILL DISTRICT)** (12:22 p.m.)

Supervisor Hudgins said that as part of its community outreach efforts, CBS Radio, the owner of WPGC, sponsors events throughout the Washington, DC Metropolitan Region. These events aim to encourage local youth, governmental agencies, and other service providers to collaborate with one another, foster relationships based on respect and communication, while also discouraging violence.

On June 8 the Hunter Mill District will sponsor a community softball game from 5:30 p.m. until 8 p.m. at the South Lakes High School varsity baseball field in Reston. The game will feature WPGC 95.5 against the County Police Department's Road Dawgs and faculty members from South Lakes High School.
Soft drinks and food from the grill will be provided. Residents are encouraged to come out to enjoy the game, meet radio personalities, and get to know some of the police officers and County staff.

Therefore, Supervisor Hudgins asked unanimous consent that the Board direct staff to work with local media to publicize this community event. Without objection, it was so ordered.

33. **RECOGNIZING MASTER POLICE OFFICER (MPO) J. T. FREY**
(12:23 p.m.)

Supervisor Cook recognized a tremendous public servant who has gone above and beyond what was required of him and has made significant contributions to the community in terms of both safety and public awareness.

Supervisor Cook noted that on May 17, MPO J. T. Frey was recognized as the Crime Prevention Officer of the Year. This prestigious award from the nation's preeminent organization for security professionals offers only a hint of the service that Officer Frey has provided to the community.

Supervisor Cook referred to his written Board Matter which outlined MPO Frey’s many accomplishments.

Therefore, Supervisor Cook asked unanimous consent that the Board direct staff to invite MPO Frey to appear before the Board at a future meeting to be recognized for his tireless efforts in working to increase awareness of crime prevention measures and his ceaseless contributions towards keeping the community safe and well-informed. Without objection, it was so ordered.

34. **RECOGNIZING THE BRADDOCK ROAD YOUTH CLUB (BRYC) 98 ELITE U-12 BOYS’ TRAVEL SOCCER TEAM (BRADDOCK DISTRICT)**
(12:25 p.m.)

Supervisor Cook congratulated the U-12 boys’ soccer team from the BRYC on its very impressive and historic win this past Sunday. Competing in its very first Virginia Youth Soccer Association (VYSA) State Cup Championship, the team won in convincing fashion - shutting out FASA Hotspur 98 Elite 3-0 in the championship game. Held annually, the VYSA State Championship (or State Cup) is a state championship for boys and girls teams in the Under 12 through Under 19 age groups and serves as a qualifying event for the larger US Youth Soccer Region I Championships and National Championships conducted by US Youth Soccer.

The BRYC 98 Elite started the tournament off on the right foot, defeating VAR Academy Black 5-2. They followed up that opening round win with two more victories before moving into the semifinal match, where they beat the KIC Richmond Kickers Elite Central 6-1.
BRYC 98 Elite will go on to represent Virginia at the US Youth Soccer Region 1 Championship in Lancaster, Pennsylvania, over the July 4 weekend.

Supervisor Cook asked unanimous consent that the Board congratulate the team for its achievement and direct staff to invite its members to appear before the Board at a future meeting to be formally recognized. Without objection, it was so ordered.

35. ESTABLISHING A VOLUNTEER PROGRAM TO CLEAR COUNTY TRAILS AND SIDEWALKS (12:26 p.m.)

(BACs) Supervisor Cook said that trails and sidewalks are key assets and pieces of infrastructure that are used not only for exercise and enjoyment, but also commuting. Unfortunately, due to budgetary constraints, the County is unable to ensure these particular pieces of infrastructure stay "clean, clear and accessible.” To address this glaring need, the County's Trails and Sidewalks Committee is asking that volunteer support for cleaning and clearing sidewalk and asphalt trail surfaces be authorized to help maintain public walkways in an acceptable condition. He noted that cleaning and clearing does not include significant maintenance projects, but rather minor upkeep efforts such as raking, edging, and trash and debris removal.

Supervisor Cook referred to his written Board Matter which includes a set of suggested guidelines, drafted by the Trails and Sidewalks Committee which explain the vision the Committee has for this undertaking. They seek to develop an informal program that encourages and organizes volunteers to assist in the clearing of trails and sidewalks.

Supervisor Cook said that his community engagement initiative has worked to inspire and train residents to take ownership of neighborhoods by working together to address opportunities for growth as well as meeting challenges.

Therefore, Supervisor Cook moved that the Board direct the County Executive to develop guidelines for implementing a citizen volunteer trail and sidewalk maintenance program, and present these guidelines to the Board at a future date in this calendar year for consideration. As part of the development of such guidelines, the County Executive should consult with the County Attorney to insure that any legal liability issues are addressed appropriately in the program guidelines. Supervisor Herrity seconded the motion.

Discussion ensued regarding:

- The clearance of walkways
- Liability issues
- Trails
Supervisor Foust asked to amend the motion to change the reference in number 1 of the proposed Guidelines for Volunteer Efforts from “. . . walkway surface (either concrete or asphalt)” to “all trails,” and this was accepted.

Supervisor McKay asked to amend the motion to include coordinating with the schools regarding prioritizing routes for snow removal, and this was accepted.

The question was called on the motion, as amended, and it carried by unanimous vote.
