19. **SISTER CITY ARRANGEMENT WITH KARBALA PROVINCE, IRAQ (DRANESVILLE DISTRICT)** (12:07 p.m.)

In a joint matter with Chairman Bulova, Supervisor Foust said that the County has been invited to explore a Sister-city relationship with Karbala Province, Iraq. The Governor of Karbala has expressed interest in bringing a delegation to the County sometime in 2012. These communications have been facilitated by an Iraqi-American resident of the County, Colonel Aizen J. Marrogi, M.D.

Karbala Province has a population of approximately 1 million people and covers about 1,943 square miles, located about 62 miles north of Baghdad and 50 miles south of Najaf City. Karbala Province should not be confused with its capital city, Karbala, a holy city for Shi‘ah Muslims. The province, particularly the capital city, is a religious tourist destination that attracts millions of visitors each year.

The Governor of Karbala Province has expressed an interest in partnering with a "well-run, efficient, and transparent" local government in the United States to serve as an example in the development of its local agencies and processes as the area redevelops, citing land use planning and coping with large numbers of tourists as two immediate interests. The County's reputation as a well-run, large county with both urban and suburban characteristics, as well as the proximity to Washington, DC and its tourist-friendly attractions makes the County an ideal partner for Karbala.

 Supervisor Foust asked unanimous consent that the Board direct staff to express the County's interest in this relationship and learn more about what such a program could involve. It is understood that no County tax dollars will be used for this program, except for incidentals such as phone and fax costs. Without objection, it was so ordered.

20. **HONORING MAYOR ROBERT F. LEDERER FOR 30 YEARS OF SERVICE TO THE CITY OF FAIRFAX (SPRINGFIELD DISTRICT)** (12:10 p.m.)

In a joint matter with Chairman Bulova, Supervisor Cook, and Supervisor Smyth, Supervisor Herrity said that on December 21, 2011, Mayor Robert F. Lederer of the City of Fairfax announced that he would retire in June of this year after 30 years of public service.

Mayor Lederer was first elected to the City Council in 1982 and went on to serve as a Councilman for 8 years and Mayor for 10 years. During that time, the City underwent great changes and has become nationally recognized as one of the best places to live in the country by *Forbes* magazine. Thanks to his leadership, the City was able to maintain its triple-A bond rating through the recent recession and the City recently received a Gold Medal from the National Recreation and Parks Association.
Not only has Mayor Lederer been a leader for the City, he has been a great partner for the County. The City and County share many public services such as schools and libraries. The Mayor has been an ally and a cooperative partner to work with on a broad range of issues. His leadership in the City over the last 30 years, including the redevelopment and revitalization of Old Town Fairfax, has contributed to the growth and enrichment of not only the City but also the surrounding communities in the County. Residents are fortunate for his contributions to the community.

Therefore, Supervisor Herrity moved that the Board direct staff to invite Mayor Lederer to appear before the Board to receive a resolution honoring him for his service and for being an outstanding partner to the County over the last 30 years. Chairman Bulova seconded the motion, and it carried by unanimous vote.

21. **DULLES RAIL OPERATING EXPENSE PROJECTIONS** (12:12 p.m.)

Supervisor Herrity said that at its meeting last week, Loudoun County’s Board of Supervisors approved a Northern Virginia Transportation Commission (NVTC) resolution that amends the terms and conditions of Loudoun’s membership in NVTC effective when and if Loudoun chooses to fund Phase II of the Dulles Rail Project. Included with its approval was a request for NVTC and the Washington Metropolitan Area Transit Authority (WMATA) to provide sufficient information on the terms and conditions of Metrorail service to Loudoun County within 30 days after the completion of preliminary engineering for Phase II which is due to be finished late next month.

Supervisor Herrity stated his belief that, as Loudoun’s staff continues to work with NVTC and WMATA to project what the ultimate financial obligations will be for the County before it commits to funding Phase II, it would be prudent for the County to follow their lead and do the same. He said that the Board needs to have as much information as possible on what the ongoing operating costs will be, if it is constructed, to make an educated decision on whether or not to fund Phase II.

Therefore, Supervisor Herrity moved that the Board direct staff to work with NVTC and WMATA to project what the ongoing operating costs for both Phase I and Phase II are projected to be over the next 15 years and the projected source of funds. Two options should be included—one if Loudoun opts in, one if Loudoun opts out. The projections should also include additional capital requirements that are expected by WMATA and NVTC. This information should be provided a minimum of two weeks before the Board meeting where the opt in decision on Phase II will be made. Chairman Bulova and Supervisor Frey jointly seconded the motion.
Discussion ensued, with input from Anthony H. Griffin, County Executive, regarding the:

- Operating cost
- Process and the public outreach efforts and input
- Process for the final decision
- Financial impact on the County should Loudoun opt out
- Impact on traffic

Supervisor Herrity asked unanimous consent that the Board direct staff to provide an update on when the study will be concluded. Without objection, it was so ordered.

The question was called on the motion, and it carried by unanimous vote.

22. PROCLAMATION RECOGNIZING THE CONTRIBUTIONS OF AFRICAN AMERICANS TO THE FAIRFAX COUNTY PUBLIC SCHOOL (FCPS) SYSTEM (12:26 p.m.)

Supervisor Hyland said that in the County there are currently seven schools or centers named after African-Americans who were educators, writers, and Secretary of State, as follows:

- Louise Archer Elementary (Vienna)
- Lutie Lewis Coates Elementary (Herndon)
- Langston Hughes Middle School (Reston)
- Luther Jackson Middle School (Falls Church)
- Colin Powell Elementary (Centreville)
- Pulley Center (Alexandria)
- Quander Road School (Alexandria)

Their history also goes back in time to serving George Washington at Mount Vernon. This is an important initiative of the FCPS African Heritage Outreach. Supervisor Hyland stated his belief that these historical African-Americans should be recognized for their contributions to the County’s vast school system.
Therefore, Supervisor Hyland asked unanimous consent that the Board direct the Office of Public Affairs to prepare a proclamation recognizing the accomplishments of the seven African Americans and their contributions to the FCPS system during February 20–25 of African-American History month. Without objection, it was so ordered.

23. REQUEST FOR CONCURRENT PROCESSING FOR ST. LOUIS CATHOLIC CHURCH (MOUNT VERNON DISTRICT) (12:27 p.m.)

Supervisor Hyland said that The Most Reverend Paul L. Loverde, Bishop of the Catholic Diocese of Arlington, Virginia, and his successors in office (the applicant) recently submitted a special permit amendment application on St. Louis Catholic Church and School, Tax Map 93-1 ((1)) 6. The applicant proposes only an increase in enrollment of 40 children in the school so that a preschool program for three-and four-year-olds may be established. The existing building will accommodate the proposed preschool and there are no exterior modifications proposed to the existing improvements. Further, there are no changes proposed to the operation of the existing place of worship or the existing private school of general education. A site plan will not be required in conjunction with the establishment of a preschool, however, building plans must be approved prior to the issuance of building permits for interior work. The applicant is interested in opening the preschool this fall, and, therefore, has requested the opportunity to concurrently process building plans with the special permit amendment application.

Therefore, Supervisor Hyland moved that the Board direct the Director of the Department of Public Works and Environmental Services to concurrently and simultaneously process building plans with the pending Special Permit Amendment Application SPA 82-V-059-3. Supervisor McKay seconded the motion and it carried by unanimous vote.

24. REQUEST TO AMEND THE HUNTINGTON CONSERVATION PLAN (MOUNT VERNON DISTRICT) (12:29 p.m.)

Supervisor Hyland said that on January 26, 2009, the Board approved, with the support of the Huntington Community Association, an amendment to the Comprehensive Plan to permit a portion of Land Unit “T” adjacent to the Huntington Metro Station and bounded by Huntington Avenue, Biscayne Drive, Glendale Terrace, and Blaine Drive to redevelop with transit-oriented, mixed-use development up to a 3.0 floor area ratio (FAR), with a focus on high-density residential development. The property that was the subject of that amendment, however, is located within the boundaries of the Huntington Conservation Plan, which was put in place in 1976 when the Huntington Metro Station opened to ensure appropriate compatibility between existing neighborhoods and the metro station.
Supervisor Hyland said that while the Comprehensive Plan has since been amended to permit transit-oriented development within a portion of Land Unit T, the Huntington Conservation Plan has not. Further, the recent Comprehensive Plan amendment requires that any redevelopment be consistent with the Conservation Plan. Accordingly, developers and property owners wishing to implement the new Comprehensive Plan recommendations are precluded from doing so because it would not be in concert with the Huntington Conservation Plan’s recommendations for the property. He stated that one developer is ready to file a rezoning application in furtherance of the Comprehensive Plan’s recommendations, but has not done so because of the disconnect between the Comprehensive Plan and the Huntington Conservation Plan.

Supervisor Hyland said there has been a lot of discussion within the Huntington community about the future of that general area and the impact of the flooding that has occurred over the past five years. He stated his belief that the broader concerns about the future of the Huntington community should not prevent property owners whose properties were authorized for redevelopment under the 2009 Comprehensive Plan amendment from implementing the Plan’s recommendations while discussions of the Huntington Conservation Plan’s long-term future continue. This position is consistent with that of the Huntington Community Association, which was voted on December 1, 2011, to support amending the Conservation Plan to permit certain properties within Land Unit “T” to be removed from the Conservation Plan so that redevelopment may proceed in accordance with the Comprehensive Plan.

Therefore, Supervisor Hyland moved that the Board:

- Direct staff in the Department of Housing and Community Development and the Department of Planning and Zoning to draft appropriate amendments to the Huntington Conservation Plan to remove properties located within Land Unit “T” and bounded by Huntington Avenue, Biscayne Drive, Glendale Terrace, and Blaine Drive from the Conservation Plan and permit redevelopment in accordance with the Comprehensive Plan.

- Authorize public hearings to be held before the Redevelopment and Housing Authority and the Board of Supervisors on the proposed amendments, with the dates of such hearings being as soon as reasonably possible.

Supervisor McKay and Chairman Bulova jointly seconded the motion.

Following a brief discussion regarding the Conservation Plan, the question was called on the motion and it carried by a vote of nine, Supervisor Frey being out of the room.
25. MOUNT VERNON DISTRICT’S TWENTY-FIFTH ANNUAL TOWN MEETING (12:33 p.m.)

Supervisor Hyland announced that on Saturday, February 4, 2012, he will host Mount Vernon’s Twenty-fifth Annual Town Meeting. As in previous years, Chairman Bulova, County Executive Anthony Griffin, School Board Representative Dan Storck, and Fort Belvoir Base Commander Colonel John Strycula will address the attendees. He stated that, unfortunately, it will be Mr. Griffin’s last as County Executive. The Town meeting will have over 66 groups providing information and resources in exhibit hall in the morning. The meeting will conclude with a virtual bus tour of the Mount Vernon District focusing on how the community can help partner with local government to implement the Mount Vernon Visioning Task Force’s recommendations. Supervisor Hyland invited Board Members, County staff, and residents to attend.

Therefore, Supervisor Hyland asked unanimous consent that the Board direct the Office of Public Affairs to advertise the Town meeting on Channel 16, the County’s website, and social media. Without objection, it was so ordered.

26. BRUNSWICK STEW (12:34 p.m.)

Supervisor Hyland distributed around the dais his recipe for Brunswick Stew, which he plans to prepare for the Board’s upcoming retreat.

27. LICENSE AGREEMENT BETWEEN THE COUNTY, FAIRFAX COUNTY PUBLIC SCHOOLS (FCPS), AND FALLS CHURCH-MCLEAN CHILDREN'S CENTER (DRANESVILLE DISTRICT) (12:35 p.m.)

Supervisor Foust said that in 2003, as part of the County's Capital Improvement Program (CIP), the County paid to FCPS approximately $1.9 million for the renovation and construction of an approximately 8,900 square-foot child care center at the Lemon Road Elementary School. The County did this so that the Falls Church-McLean Children's Center would have permanent space to operate a child care facility in the County. The Falls Church-McLean Children's Center is a long-standing community partner that provides child-care services to low-income children enrolled in the Child Care Assistance Program.

In 2010, the School Board informed the Children's Center that, under certain circumstances, it might be necessary for the Children's Center to vacate the Lemon Road School space, and proposed that the Children's Center enter into a written agreement with the School Board that would set forth the rights and obligations of the parties if this were to become necessary. Supervisor Foust stated that this matter then came to his attention, and because the County had originally paid for the construction of the Lemon Road School space so that the Children's Center would have a place to operate, it seemed that the County should be a party to such an agreement, the School Board, and the Children’s Center agreed.
Supervisor Foust noted that, as a result, the School Board executed an agreement, which he previously distributed to Board Members. The agreement was drafted by the County Attorney and counsel for the School Board. It sets forth the rights and responsibilities of the School Board and the Children's Center with respect to the use of the space at the Lemon Road School. With respect to the County, the agreement specifies that if the agreement is terminated for any reason other than a breach of the agreement by the Children's Center, the School Board must pay to the County, or at the direction of the County to the Children's Center, the fair market value of the Lemon Road School improvements the County paid for in 2003. Although this agreement does not provide that the Children's Center will be able to permanently occupy the space in the Lemon Road School, it does ensure that the Children's Center cannot be required to vacate the space unless the School Board makes certain findings regarding its need for the space and complies with certain notice requirements that would enable the Children's Center to carry on its activities while it searches for and secures alternative space. In the event the School Board requires the Children's Center to vacate the space, the agreement ensures that the County would recoup some or all of the money it paid to construct the space. Supervisor Foust stated that the agreement is acceptable to him, the Children's Center, the School Board, and the County Attorney. He stated his belief that it would be in the best interests of the County for the Board to be a party to the agreement.

Therefore, Supervisor Foust moved that the Board authorize and direct the County Executive to execute the agreement on its behalf. Supervisor Smyth seconded the motion.

Following discussion, regarding the proposed agreement, the question was called on the motion and it carried by unanimous vote.

McLEAN GLEN – BOARD’S OWN MOTION, BOARD CONCURRENCE, AND REQUEST FOR EXPEDITED PROCESSING (DRANESVILLE DISTRICT) (12:43 p.m.)

Supervisor Foust said that in 2006 the Board approved Rezoning Application RZ 2005-DR-009 to rezone 8.11 acres from the R-1 District to the PDH-4 District in the name of Winchester Homes to permit the development of 19 single-family detached units. The rezoning represented the consolidation of 13 lots and a portion of Gordon’s Lane and Odrick’s Lane which was intended to be vacated following the zoning approval. Following the zoning approval and prior to the vacation of the roadways Winchester Homes abandoned the project.

For over five years the property owners have been unable to make exterior modifications to the existing structures, such as build decks or additions, because such modifications would not be in substantial conformance with the approved Conceptual Development Plan/Final Development Plan which has been abandoned by the original developer. In addition, it is practically impossible for
the homeowners to market their properties since the individual lots are subject to the consolidated rezoning proffer commitments. Further, the homeowners have been unable to refinance their homes due to the rezoning action that has occurred but has not been pursued.

Supervisor Foust stated that, in consultation with staff from the Department of Planning and Zoning (DPZ) and the property owners, it has been determined that the best solution is to rezone the parcels that were subject to Rezoning Application RZ 2005-DR-009 back to their former R-1 District status without proffers. This would allow the parcels to return to the same development status that existed for each lot prior to the rezoning.

Therefore, Supervisor Foust moved that the Board:

- Concur in the filing of a portion of Gordon’s Lane and Odrick’s Lane in the filing of an application to rezone the land area that had been the subject of Rezoning Application RZ 2005-DR-009 back to the R-1 District.

- Authorize the filing of the zoning application as a Board’s Own Motion rezoning application.

- Designate DPZ to act on behalf of the Board as its representative to expeditiously file and process this application.

- Authorize and direct the Director of the Zoning Evaluation Division of DPZ to expeditiously process the zoning application and schedule the necessary public hearings to occur on the earliest possible dates in 2012.

This motion should not be construed as a favorable recommendation on the application by the Board and does not relieve the applicant from compliance with the provisions of any applicable ordinances, regulations or adopted standards. This action in no way prejudices the substantive review of the application. Chairman Bulova seconded the motion and it carried by a vote of nine, Supervisor McKay being out of the room.

REQUEST TO PROCLAIM FEBRUARY 2012 AS “TEEN DATING VIOLENCE PREVENTION AWARENESS MONTH” IN FAIRFAX COUNTY

In a joint Board Matter with Chairman Bulova, Supervisor Foust stated that the Safe Community Coalition, a part of the Unified Prevention Coalition in the County, works with the communities of Langley, McLean, Thomas Jefferson, and Madeira high schools to promote healthy living by the youth.
February is National Teen Dating Prevention and Awareness Month. It raises public awareness that approximately one in three teens in the US is a victim of physical, emotional, or sexual abuse by a dating partner.

Supervisor Foust said that to call attention to this problem, the Safe Community Coalition will sponsor, in partnership with the various high schools, an event called “What’s Love Got to Do With It: Healthy Relationships and Dating” on February 9, 2012, at McLean High School. In addition to a live theatre presentation, and a guest speaker whose daughter was murdered by an ex-boyfriend, the event will include a community forum on healthy aspects of teen relationships and dating, as well as the early warning signs of an unhealthy relationship.

In recognition of its efforts to create awareness of the problem, the Safe Community Coalition has requested that the County designate February 2012 as Teen Dating Violence Prevention Awareness Month.

Therefore, Supervisor Foust moved that the Board proclaim February 2012 as “Teen Dating Violence Prevention and Awareness Month” in Fairfax County and direct the Office of Public Affairs to publicize the February 9 event. Chairman Bulova seconded the motion and it carried by unanimous vote.

CONCURRENT FILING OF DORR AVENUE COUNTY OWNED PROPERTY/RIGHT-OF-WAY WITH PROSPERITY METRO LLC REZONING APPLICATION (PROVIDENCE DISTRICT) (12:51 p.m.)

Supervisor Smyth said that in 2010 the Board granted Rezoning Application RZ 2009-PR-002, Tax Map 49-l ((13)) 13A, in which Square 1400 LC proffered to extend Dorr Avenue north to Prosperity Avenue. To facilitate this road realignment and connection, the existing cul-de-sac is proposed to be vacated and abandoned. Due to the geometries of the realigned road the entire vacated cul-de-sac (approximately 10,865 square feet area of public right-of-way owned by the Board) would go to the property located on the east side of Door Avenue known as Prosperity Metro LLC.

Supervisor Smyth said that Prosperity Metro LLC proposes for the area to be incorporated into its soon-to-be submitted rezoning application, however, Board approval is required.

Therefore, Supervisor Smyth moved that the Board authorize the:

- Inclusion of the approximately 10,865 square foot area of public right-of-way located between the parcels identified above in a rezoning to be filed by Prosperity Metro LLC.

- County Executive to act as agent of the Board in connection with the pending rezoning application to be submitted by Prosperity Metro LLC.

This motion shall not be construed as favorable recommendation on the proposed application and does not relieve the applicant from compliance with the provisions of all applicable ordinances, regulations or adoptive standards. Chairman Bulova seconded the motion and it carried by unanimous vote.

Supervisor McKay referred to his written Board Matter which outlined accomplishments of the FCPF. He added that it has also received numerous awards.
