19. **OFFICE OF FINANCIAL AND PROGRAM AUDIT – REVISED LIST OF STUDY AREAS: FAIRFAX-FALLS CHURCH COMMUNITY SERVICES BOARD (CSB) FISCAL ISSUES** (12:02 p.m.)

Jointly with Supervisor Herrity, Supervisor Hudgins (Human Services Committee Chairman), Supervisor McKay, and Chairman Bulova, Supervisor Foust (Audit Committee Chairman) said that this Board Matter is regarding the involvement of the Office of Financial and Program Audit and is a motion to revise a list of study areas to include the CSB fiscal issues. He noted that the CSB is facing serious fiscal challenges. The Board has taken several actions to deal with those challenges and has directed the Human Services Council to facilitate a public review process to prioritize, review, and evaluate the impact of the CSB’s proposed Budget Management Plan. He referred to a June 1, 2012, memorandum from the County Executive which noted that staff has been working to investigate
the key financial issues that are contributing factors to the shortfall within the CSB and to develop a plan to address the short and long-term requirements for ongoing sustainability.

Supervisor Foust expressed the belief that every Member of the Board is committed to a detailed review of CSB finances and operations to ensure the financial stability of the CSB and to ensure that clients continue to receive the essential services that they need and depend on receiving. Several Members of the Board have made suggestions and recommendations on specific issues that should be investigated. However, as the County Executive pointed out in the memorandum:

- The CSB is a large department that provides a diverse array of services with complex funding and revenue structure comprised of Federal, State, and local funding, with Medicaid, private insurance, and consumer fees as revenues. The complexity of the CSB has been further amplified by the recommended enhancements set forth in the Josiah H. Beeman Commission report and the CSB’s subsequent transformation designed to implement the Beeman recommendations. As such, a variety of internal and external audit and review strategies must be employed to assist the County and the CSB in identifying opportunities for policy and practice improvements.

The County Executive has directed senior staff in the Department of Management and Budget and the Department of Human Services to work with the CSB to address fiscal and accountability concerns raised by the Board. Within the next three weeks, the County Executive intends to present the Board with a specific plan that will outline a proposed approach for addressing the CSB’s fiscal and accountability issues. That plan will concentrate on concerns related to cost effective service delivery models; financial management oversight; revenue collections, including Medicaid, private insurance, and consumer fees; outsourcing opportunities; and provider rate negotiation processes. As noted in the memorandum, the County Executive intends to recommend using the expertise of a variety of sources, including the Auditor to the Board, revenue maximization consultants, and County staff, to implement that plan.

In the interim, the County Executive proposes that the Board direct the Auditor of the Board to examine the following two specific areas:

- Conduct a cost/benefit analysis of the current CSB contracting and billing strategies.
- Analyze existing co-pay and fee-for-service policies and practices to identify potential enhancements.
If pursued, the study areas will be incorporated into the overall work plan that the County Executive is preparing. Because of the magnitude and complexity of the issues, it is important that a comprehensive plan be prepared and that staff and the Board refrain from pursuing the CSB review in a piecemeal manner. The County Executive has laid out an effective approach to dealing with the CSB fiscal issues and the Auditor to the Board should conduct the studies recommended by the County Executive.

Therefore, Supervisor Foust moved that the Board:

- Amend the current List of Study Areas for the Office of Financial and Program Audit to include the two specific areas of CSB review recommended by the County Executive.

- Direct the Auditor to the Board to report to the Audit Committee with recommendations he has or may develop for further studies of the CSB by the Office of Financial and Program Audit. If the Audit Committee agrees with those recommendations, they will be presented to the Board for consideration and approval.

Supervisor Gross and Chairman Bulova jointly seconded the motion.

Supervisor Smyth noted that CSB funding is not being cut, however additional resources are being made available, both funding and staff. Discussion ensued, with input from Patricia D. Harrison, Deputy County Executive, who noted that it will be made known to all the individuals who will be providing public input and comment in the next several weeks on the recommended budget reduction areas.

Chairman Bulova noted that the CSB has a projected shortfall based on a number of different factors including an increase in the number of individuals in need of services, and the funding not materializing from other sources such as Medicaid and Federal and State funding. A brief discussion ensued, with input from Ms. Harrison, regarding the issue.

Supervisor Herrity raised a question regarding the Auditor to the Board’s report, and noted that the Audit Committee’s next meeting is July 24. Discussion ensued, with input from Edward L. Long, Jr., County Executive, regarding the timeline.

Following further discussion regarding CSB funding, Supervisor Hyland asked unanimous consent that the Board direct staff to send correspondence, to organizations that they think are at risk, communicating what the Board is doing to try to solve the problem. Following a brief discussion, with input from Ms. Harrison, without objection, the request was so ordered.

Chairman Bulova relinquished the Chair to Vice-Chairman Gross and asked unanimous consent that the Board direct staff to provide language that Board
Members can use or incorporate in correspondence that provides accurate and up-to-date information regarding the issue. Without objection, it was so ordered.

Vice-Chairman Gross returned the gavel to Chairman Bulova.

The question was called on the motion and it carried by unanimous vote.

20. GEORGETOWN PIKE RECOMMENDED FOR NATIONAL REGISTER OF HISTORIC PLACES AND THE VIRGINIA LANDMARKS REGISTER (DRANESVILLE DISTRICT) (12:21 p.m.)

Supervisor Foust said that in 1813, Georgetown Pike was constructed to provide a direct connection from the County to Potomac River ports in Georgetown, making it one of the first paved roads in Virginia. In 1974, the Pike became Virginia’s first Scenic By-Way.

The 14.3 mile Georgetown Pike of 1813 began at what is now the Virginia side of the Chain Bridge in Arlington County, following today’s Chain Bridge Road to Dolley Madison Boulevard into the County, turning onto Georgetown Pike near the CIA, crossing the Capital Beltway, through the village of Great Falls, and ending at Leesburg Pike near Seneca Road.

The National Register of Historic Places is a nationwide inventory of properties that are important because of their place in the history, architecture, archaeology, engineering, and/or culture of the country. To be listed in the National Register, a property must go through a designation process that is administered by each state’s State Historic Preservation Officer. In Virginia, that agency is the Department of Historic Resources. In 1993 Georgetown Pike was declared eligible for designation to the National Register, based upon its regional importance in the area of significance of transportation.

The Virginia Landmarks Register, also managed by the Virginia Department of Historic Resources, is the State’s official list of properties important to Virginia’s history. The same criteria are used to evaluate resources for inclusion in the state register as are used for the National Register.

For decades, the members of the Georgetown Pike and Potomac River Association have fought to protect the historic and scenic aspects of this very special road. The designation of admittance in the National Register of Historic Places and the Virginia Landmarks Register is very important to the preservation of Georgetown Pike from the pressures of increasing traffic and development.

Georgetown Pike has now been formally nominated for inclusion in the National Register of Historic Places and for inclusion in the Virginia Landmarks Register. The Department of Historic Resources is planning to present the nomination to the Virginia State Review Board and the Virginia Board of Historic Resources for
recommendation to the National Register of Historic Places and for inclusion in the Virginia Landmarks Register.

The Architecture Review Board (ARB) is the designated body under the National Park Service’s Certified Local Government program and is responsible for reviewing all National Register nominations in the County. The ARB will consider the nomination at its June 14 meeting and make a recommendation to the Department of Historic Resources.

Therefore, Supervisor Foust moved that the Board:

- Endorse the admittance of Georgetown Pike to the National Register of Historic Places and to the Virginia Landmarks Register.

- Direct staff to submit a copy of this Board Matter to the ARB prior to its June 14 meeting and request that the ARB include a copy of this Board Matter with its recommendation to the Department of Historic Resources.

Supervisor Herrity, Supervisor Hyland, and Chairman Bulova jointly seconded the motion and it carried by unanimous vote.

21. **OPPOSITION TO ADDITIONAL CHARGES FOR E-ZPASS USERS**
(12:25 p.m.)

Supervisor Foust said that the Virginia Department of Transportation (VDOT) is considering new fee structures for E-ZPass users. According to VDOT, “various fee structures are under consideration including a $1 per month set fee which was presented to the Commonwealth Transportation Board on April 18.”

Supervisor Foust further stated that according to VDOT, in Virginia, there are currently 560,000 E-ZPass accounts and over 900,000 transponders in service. Transponders are not sold and remain the property of VDOT. To obtain a transponder, E-ZPass users currently pay a minimum toll prepayment of $35 and a $25 tag security deposit. The security deposit is waived if the customer chooses automatic replenishment from a checking or savings account with a back-up credit card. The additional monthly fees would be in addition to any toll usage charges. VDOT maintains that the additional revenue will be used to meet the anticipated, increased demand for transponders, improved, information technology to support additional accounts and transactional activity, and to provide expanded customer service.

Supervisor Foust said that while VDOT has costs associated with operating the E-ZPass system, he expressed the belief that imposing recurring additional fees on E-ZPass users is the wrong way to cover those costs. He added that:
• It is unfair to toll road users because tolls are already high and, particularly with the Dulles Toll Road, those tolls are projected to go much higher.

• If there is a recurring charge for a transponder, many infrequent toll road users will choose not to use E-ZPass and this will add to congestion at toll road entrance and exit ramps when they do use the toll roads.

Supervisor Foust explained that increasing the number of users who pay cash for tolls because they do not have transponders will increase the number of required toll collectors and associated costs.

Fees for some toll roads (including the new I-495 Express Lanes) can only be paid with transponders so those toll lanes will essentially be inaccessible to infrequent users.

Express Lane users have been told that HOV’s would use the new lanes for "free;" that will not be true if the only way to use the Express Lanes is to pay a recurring fee for the transponders.

While VDOT has noted it may eliminate the $25 deposit if a monthly fee is implemented, the on-going monthly fee would result in increased costs for current users who are not required to pay the deposit because they arrange for automatic replenishment of their accounts as well as for long-term users who currently choose to pay the deposit.

Supervisor Foust said that VDOT is accepting comments on fee structures for E-ZPass users through 5 p.m. on June 12. He expressed his belief that the Board should go on record as opposing any increases that would increase the initial cost of obtaining an E-ZPass transponder and/or be in the nature of a rental fee for a transponder.

Therefore, Supervisor Foust moved that the Board direct staff to prepare and submit comments to VDOT prior to the June 12 deadline that clearly and unequivocally express the Board's opposition to any increased costs or fees being imposed on E-ZPass transponder users in Virginia. The motion was multiply seconded.

Discussion ensued regarding:

• The increased costs or fees being imposed on E-ZPass transponder users in Virginia

• Impact on HOV users

• Unattached revenue
• Additional tolls
• The expense of transponders
• Coordination of E-ZPass fees with other states
• Revenue generating tools
• Mileage charges

The question was called on the motion and it CARRIED by a recorded vote of eight, Supervisor Cook and Supervisor Frey voting “NAY.”

22. REQUEST FOR RECOGNITION OF FORESTVILLE ELEMENTARY SCHOOL’S TOP PRIZE AT THE ODYSSEY OF THE MIND FINALS (DRANESVILLE DISTRICT) (12:40 p.m.)

Supervisor Foust expressed his congratulations to the seven-member team from Forestville Elementary School in Great Falls for winning the prestigious Ranatra Fusca Creativity Award at the Odyssey of the Mind World Finals Competition held at Iowa State University over the Memorial Day weekend. The World Finals featured 815 teams and more than 5,000 competitors.

Supervisor Foust noted that the Odyssey of the Mind is an international competition that offers creative problem-solving for students from kindergarten through college. The competition features a complex problem on which teams often work for months to create a solution in advance of the competition, and a spontaneous one that the students must solve on the spot with no help from coaches, teachers, or parents.

The Forestville Team won top honors for its outstanding creativity and teamwork in the spontaneous problem category.

The Forestville team is made up of two third-grade students, Sarina Bell and Daniel Silvestri; three fourth-grade students, Aditya Khera, Caroline Keys, and Sydney Pham; and two fifth-grade students, Gwyn Murphy and Lawrence Kang. Jeffrey LeLoup, a third-grade advanced academics program teacher at Forestville, serves as the advisor.

Therefore, Supervisor Foust asked unanimous consent that the Board direct staff to invite Principal Matt Harris, Mr. LeLoup, and the entire team to appear before the Board on June 19 to be honored for their outstanding achievement. Without objection, it was so ordered.
23. **RESTON HOSPITAL CENTER – REQUEST FOR CONCURRENT PROCESSING (HUNTER MILL DISTRICT)** (12:41 p.m.)

Supervisor Hudgins said that Reston Hospital Center LLC has filed Special Exception Application SE 2012-HM-008 to provide a temporary offsite helistop on a 3,774 square foot portion of its 11.4 acre parcel located at 1800 Cameron Glen Drive in Reston, Tax Map 17-1 ((1)) Parcel 14E. The property is currently undeveloped with no significant tree cover. The proposed helistop will be used primarily for Med-E-Vac missions and other hospital related emergencies while construction associated with the expansion of the hospital occurs. To minimize delays that could negatively impact the applicant’s critical construction schedule, the applicant is requesting an expedited Board date and concurrent processing of the site plan and any other associated plans concurrently with the special exception.

Therefore, Supervisor Hudgins moved that the Board direct the:

- Department of Planning and Zoning to schedule an expedited public hearing to be held before the Board on July 31, 2012.

- Director of the Department of Public Works and Environmental Services to process the site plan and other associated plans concurrently with Special Exception Application SE 2012-HM-008.

This motion should not be construed as a favorable recommendation by the Board on the proposed application and does not relieve the applicant from complying with the provisions of all applicable ordinances, regulations, or adopted standards in any way. Supervisor Foust seconded the motion and it carried by unanimous vote.

24. **TWO FAIRFAX COUNTY TEAMS WIN RUGBY VIRGINIA HIGH SCHOOL STATE CHAMPIONSHIP (SPRINGFIELD DISTRICT)** (12:43 p.m.)

Supervisor Herrity announced that on Saturday, June 2, the County saw two of its teams compete in the Rugby Virginia High School State Championships. The girls’ Fairfax Police Youth Club (FPYC) beat out a good Fort Hunt team at Fairfax High School, and the boys’ Fort Hunt team overcame a strong Hampton team in a nail biting 8 to 5 victory in Newport News.

Supervisor Herrity said that the players and coaches of both teams deserve a lot of credit for attaining the championship this year. It is a testament to the character of everyone involved in the team that they saw off some formidable opposition to clinch their title and capped off another fantastic season. Supervisor Herrity
noted that rugby is a game close to his heart, and is happy that two teams with kids from the Springfield area won the State championship.

Supervisor Herrity said that Rugby is a fast growing sport in the County and the United States and rugby’s inclusion in the 2016 Olympics is expected to accelerate that growth. There is more coverage of rugby now than ever before; even the collegiate national championship in Philadelphia was televised just this last weekend. Several of these collegiate teams included players from this area. The County will also be hosting international rugby in 2015 when it hosts the World Police and Fire Games.

Therefore, Supervisor Herrity asked unanimous consent that the Board direct staff to invite the FPYC and Fort Hunt teams and coaches to appear before the Board to receive a resolution honoring them for winning the Rugby Virginia High School Division I State Championship. Without objection, it was so ordered.

25. **TOWING ORDINANCE** (12:45 p.m.)

In a joint Board Matter with Supervisor Cook, Supervisor Foust, Supervisor Frey, and Supervisor McKay, Supervisor Herrity said that during this past legislative session, the General Assembly passed HB 860 and SB 195 which permits localities to regulate tow yards located outside their jurisdiction if the tow yards receive vehicles from the jurisdiction. It also limits the ability to tow vehicles more than 10 miles outside of the jurisdiction. This matter has been discussed at several Legislative Committee meetings, and this legislation is one the Board strongly supported during the General Assembly session.

For this was enabling legislation to have an impact, Supervisor Herrity said that the Board must create a permitting and regulatory program that protects residents and ensures that tow yards outside the County that receive vehicles towed from the County meet County standards. This program will ensure that if a vehicle is towed from the County to another jurisdiction, consumers are protected and a uniform standard is in place to prevent problems from arising that are out of control. Also under the legislation, fees and fines may be reasonably imposed to assist in paying for the program.

Therefore, Supervisor Herrity moved that the Board direct:

- Staff to draft an ordinance to enact this legislation.
- The County Executive report with a proposal for the inspection, licensing, and monitoring of tow yards outside the County.

Supervisor McKay seconded the motion and it carried by unanimous vote.
SYDENSTRICKER SCHOOLHOUSE RECOMMENDED FOR NATIONAL REGISTER OF HISTORIC PLACES AND THE VIRGINIA LANDMARKS REGISTER (SPRINGFIELD DISTRICT) (12:47 p.m.)

(BACs) Supervisor Herrity announced that the Sydenstricker Schoolhouse is being nominated to the National Register of Historic Places and to the Virginia Landmarks Register. This one room, frame schoolhouse was built in 1928 and was the last one-room school operating in the County when it closed in 1939.

The property is also known as the Upper Pohick Community League Hall. The Community League purchased the property in 1954 at public auction for the sum of $550, and has owned and maintained the building since that time. The League is the oldest community association in the Springfield area, and one of the oldest in the County.

The schoolhouse was recognized as locally significant by the County History Commission in 1969 when it was listed in The County Inventory of Historic Sites. Sydenstricker Schoolhouse will be the first building in the Springfield District, outside of a historic district, to be individually listed in the National Register and the Virginia Landmarks Register.

Supervisor Herrity said that this past year, the schoolhouse has hosted local political debates, Springfield District Council meetings, a Christmas gathering and a coffeehouse night. Thanks to Community League president Lisa Friedrich Becker, the Sydenstricker Schoolhouse is once again returning to its roots as a neighborhood center. He acknowledged and thanked Ms. Friedrich for all of her hard work in preparing the National Register registration form as well as acknowledge her commitment to restoring this wonderful schoolhouse.

Therefore, Supervisor Herrity moved that the Board:

- Endorse the nomination of Sydenstricker Schoolhouse to the National Register of Historic Places and to the Virginia Landmarks Register.
- Direct staff to request the Architectural Review Board (ARB), as the designated body responsible for reviewing National Register nominations under the National Park Service’s Certified Local Government program, to join the Board in its endorsement.
- Direct staff to submit this Board motion along with the ARB recommendation, at its June 14 meeting, to the Department of Historic Resources.

Supervisor Smyth seconded the motion.
Following a brief discussion on the flyer for Sydenstricker Schoolhouse which was distributed to Board Members, and the current use of the schoolhouse, the question was called on the motion and it carried by unanimous vote.

27. HONORING MR. BRIAN HEINTZ FOR RECEIVING THE VIRGINIA’S 2012 HISTORY TEACHER OF THE YEAR AWARD FROM THE GILDER LEHRMAN INSTITUTE OF AMERICAN HISTORY (SPRINGFIELD DISTRICT) (12:50 p.m.)

Supervisor Herrity announced that, Brian Heintz, a Social Studies teacher at West Springfield High School, was named by the Gilder Lehrman Institute of American History as the State winner of the National Teacher of the Year Award in May of 2012 and is now one of the finalists for the national award which will be announced in the fall of 2012. This prestigious achievement recognizes outstanding K-12 teachers of American History. The award is based on evidence of creativity, imagination, and the effective use of documents, artifacts, historic sites, oral histories, and other primary resources to engage students in the study of American history.

Supervisor Herrity referred to his written Board Matter outlining Mr. Heintz’ many accomplishments.

Therefore, Supervisor Herrity asked unanimous consent that the Board direct staff to invite Mr. Heintz to appear at a future Board Meeting to receive a resolution in recognition of being named the Virginia 2012 History Teacher of the Year. Without objection, it was so ordered.

28. PAKISTANI FESTIVAL USA 2012 (12:52 p.m.)

Supervisor Herrity said that for the last 26 years, Pakistan’s Independence Day has been celebrated in the Washington metropolitan area by a large festival that attracts thousands of people from all over the country. The festival celebrates the transition of Pakistan from a country that was under imperial rule, to one that was founded on the principles of self-government and democracy on August 14, 1947.

In the past the festival has been held at different locations in Washington, DC, as well as in Maryland, and also in the County at George Mason University. Many have had the pleasure to attend the festivals that showcased a plethora of Pakistani foods, music, handicrafts, jewelry and much more. And this year will be no different as the festival is back at Bull Run Park for the second year in a row on August 26.

Supervisor Herrity said that over the years the festival has grown tremendously, and is recognized worldwide as Dish Network broadcasts it live to people in over 130 countries. It is a great local attraction, and one that is enjoyed by people all over the Metropolitan area.
Therefore, Supervisor Herrity and Supervisor Frey jointly asked unanimous consent that, in honor of Pakistani-Americans in the County and in conjunction with Pakistan’s Independence Day, the Board direct staff to prepare a resolution recognizing August 14 as “Pakistani-American Day” in Fairfax County to be presented at this year’s festival. Without objection, it was so ordered.

29. REQUEST TO ACQUIRE THE TRAVERS PROPERTY (MOUNT VERNON DISTRICT) (12:57 p.m.)

Supervisor Hyland said that 15 years ago, the Robert L. Travers Charitable Remainder Annuity Trust obtained approval by the Board for a rezoning application. As part of the proffers, the Trust must irrevocably offer to donate the 39,509 square-foot property identified as Tax Map Number 99-4((1)) parcel 10C located at the corner of Cinder Bed Road and Backlick Road to the Board at no cost, and the Board has the discretion to accept such donation between June 5, 2012, and August 3, 2012, pursuant to the proffers in Rezoning Application RZ-1997-MV-049 dated June 1, 2000, and adopted on June 5, 2000. The Department of Transportation has inspected the property and recommended that it should be added to the County’s inventory to use for future transportation projects. Furthermore, a title search and environmental assessment has been performed by staff. Both were favorable, although there has been one instance where some oil has been spilled from a vehicle or something since then. Staff does not believe this would be difficult to clean up or should affect a possible acquisition.

Therefore, Supervisor Hyland moved that the Board accept the donation to the Board of this property as permitted by the proffers. Supervisor Foust and Supervisor Smyth jointly seconded the motion and it carried by unanimous vote.

30. RECOGNIZING THE PARTNERSHIP BETWEEN LEADERSHIP FAIRFAX AND GEORGE MASON UNIVERSITY (GMU) (BRADDOCK DISTRICT) (12:59 p.m.)

Supervisor Cook said that there are many wonderful and unique partnerships that have been formed between the County and other local public and private entities. One such union that deserves to be highlighted is Leadership Fairfax's collaboration with GMU’s Honors College.

Supervisor Cook said that three years ago, under the SERVEFairfax umbrella, a partnership with GMU’s Honors College began where Leadership Fairfax alumni guide Honor College student teams in planning and executing community service projects during their fall and spring semester. Projects are submitted to
Leadership Fairfax to be used in their Emerging Leaders Institute classes, but each year they receive more projects than they can cover. The Honors College students take on some of these leftover projects, learning project management and leadership skills while getting engaged in community service. This initiative, Honors College Connects, is a win/win for everybody: Mason, the benefiting nonprofit, Leadership Fairfax and most importantly, the community.

To honor the hardworking GMU students and Leadership Fairfax alumni who provide their time and expertise, Supervisor Cook asked unanimous consent that the Board direct staff to invite representatives from Leadership Fairfax and GMU to appear before the Board to be formally recognized at a future meeting. 31. RECOGNIZING THE BRADDOCK YOUTH CLUB (BRYC) ’98 ELITE FOR WINNING THE 2012 VIRGINIA YOUTH SOCCER ASSOCIATION STATE CUP (BRADDOCK DISTRICT) (1 p.m.)

Supervisor Cook expressed his congratulations to BRYC ’98 Elite for winning the 2012 Virginia Youth Soccer Association State Cup.

Supervisor Cook said that the BRYC ’98 Elite is one of the premier under 13 (U13) girls’ travel soccer teams not only in Virginia, where they are currently ranked number one, but also in the US. The 16 players on the team attend schools all over the County, from Springfield, Reston and Herndon to Vienna, Fairfax, and Burke.

In the State Championship held on May 20, ’98 Elite competed against 30 other teams from Virginia. They beat Loudoun ’98 in the final round, winning with a final score of 1-0 when Lily Weber of Annandale scored a goal with only minutes left in double overtime. The win at the State Cup now qualifies them to represent Virginia at the US Youth Soccer Association Region One Championships which will be held later this summer in Pennsylvania.

Supervisor Cook noted that this girls’ travel team has received a number of awards in recent years for its dedication and hard work in soccer. They are not only challenging themselves physically but they are also learning life skills, such as working cooperatively as a group, good sportsmanship and challenging themselves to set and reach goals.

Supervisor Cook asked unanimous consent that the Board congratulate BRYC ’98 Elite for its achievement and invite them to appear before the Board at a date to be determined to be formally recognized. Without objection, it was so ordered.

This series of free musical performances, held throughout the summer, presents a wide array of artists, from classical to bluegrass, and everything in between. The atmosphere is informal and with free entertainment for the whole family, this is a great year for folks to make their first trip or their eighteenth.

Supervisor Cook encouraged residents to bring friends, food, children, and maybe a lawn chair or two and be ready for a fun and relaxing evening at the end of a long work-week. Starting June 15 and running through August 31, the concerts take place every Friday evening at Royal Lake and Lake Accotink Park, beginning at 7:30 p.m.

Lee District Citizen Budget Advisory Committee’s Fourth Annual Report (1:03 p.m.)

Supervisor McKay said that on April 9, he presented the Lee District citizen budget advisory committee’s fourth annual report.

Supervisor McKay said that he asked the committee to review this year how to make an already good budget an even better document. He noted that a lot of budget information is provided on the County website with a variety of ways for residents to provide input during the budget process. As his committee noted, most County residents obtain information about the budget online and while information is available, for those not intimately acquainted with the budget it can be confusing and difficult to understand.

Supervisor McKay said that the group made a number of recommendations, the details of which are included as part of his written Board matter. One of the group’s main recommendations is to create a high level Citizens Budget Primer for the County’s website to serve as a roadmap to the budget. The current Citizens Guide to the Budget summarizes the budget specifics for any given year. The budget primer would not be specific to any budget year, rather it would give an overview of the budgeting process and documents. Some of the points to be included in this guide might include:

- The County’s budget is affected by national, State, and local economic factors
- The County has limited ability to raise revenues
- The County is restricted by the State formula for allocating resources, especially in the areas of schools, transportation, health, and human services
- Common misconceptions about services provided by the Federal, State, and County governments
- An explanation of the school transfer and the level of authority the Board of Supervisors has for the funds it transfers
- A description of school-related services covered by the General Fund in addition to the school transfer
- A definition of the different budget phases and documents that explains advertised, adopted, and revised budgets
- A glossary of budget terms
- A glossary of acronyms
Supervisor McKay said that details of the Lee District Citizen Budget Advisory Group’s recommendations may be found in the group’s full report. He added that the report is posted on his website at www.fairfaxcounty.gov/lee/.

Therefore, Supervisor McKay asked unanimous consent that the Board direct staff to forward this report to the Office of Management and Budget and the Office of Public Affairs so that they can work together on implementing these recommendations. Without objection, it was so ordered.
