Chairman Bulova said she recently learned that County Government Channel 16 won the Alliance for Community Media 2013 Hometown Video Award for Overall Excellence in Government Access. The Overall Excellence award is both an extremely distinctive and highly competitive award. The Hometown Video Awards received a total of more than 800 entries this year. The Alliance for Community Media represents over 3,000 public, educational, and government access centers across the country.

In addition to the most distinguished Overall Excellence in Government Access Award, Channel 16 also won the prestigious Children's Programs Award for *Stormy the Raindrop's Watershed Journey* and Government Profile Award for *On the Beat*.

Therefore, Chairman Bulova amended her request that the Board also direct staff to check on the status of that presentation.

Without objection, the request, as amended, was so ordered.

24. **RESIDENTIAL STUDIOS COMMITTEE** (12:26 p.m.)

In a joint Board Matter with Supervisor Frey, Chairman Bulova said that on July 30, the Board authorized a public hearing on a proposed Zoning Ordinance amendment regarding residential studio units (RSU’s) in the County that would permit RSU use in various residential, commercial, and industrial districts by special exception or in all planned development districts. The Planning Commission (PC) has been tasked to conduct additional outreach in the form of work sessions and other public engagement opportunities. To address community concerns members of the PC have suggested a process for encouraging engagement in changes to the advertised ordinance.

Therefore, Chairman Bulova moved that the Board endorse the PC’s plan to defer its November 20, 2013, public hearing on the proposed RSU amendment and to support the establishment of a PC Residential Studios Committee. The Committee will provide opportunities for detailed consideration of the Zoning
Ordinance Amendment by Planning Commissioners, citizens, and other stakeholders through five scheduled Committee meetings. These meetings will be similar in format to the PC’s Tysons Committee and will provide an engagement process with the goals of addressing and resolving questions and concerns associated with the RSU amendment. All meetings will be open to the public and will allow opportunities for discussion.

The PC will continue to conduct work sessions scheduled for September 25 and October 2 at the County Government Center. Following the work sessions, the Residential Studios Committee will convene beginning in late October with further meetings in November, December, and January, with a final public hearing in late February. The Board public hearing that is currently authorized for November 19, 2013, will be rescheduled to follow the PC date and process. Supervisor Frey seconded the motion.

Supervisor Herrity raised a question regarding whether Board Members will have an opportunity to have a discussion or forum regarding the issue, prior to the public hearing.

Supervisor Hudgins expressed her viewpoint that the Board and community have clarity of the issue, what has been discussed at numerous meetings, and what is needed is to move forward, and urged the Board to participate in the process.

Discussion continued and Board Members expressed their concerns and/or support of the motion.

Vice-Chairman Gross raised a question regarding the “Kate and Allie” ordinance and whether it still exists. Therefore, she asked unanimous consent that the Board direct staff to provide information regarding the ordinance and the usage of it. Without objection, it was so ordered.

Following a brief discussion regarding existing opportunities in commercial districts for RSU’s, the question was called on the motion and it carried by a vote of nine, Supervisor Hyland being absent.

Vice-Chairman Gross returned the gavel to Chairman Bulova.

25. PUBLICIZING OCTOBER 17 FUNDRAISER FOR SHELTER HOUSE AND FAIRFAX CASA (12:48 p.m.)

(NOTE: Earlier in the meeting during presentations, this fundraiser was mentioned. See Clerk’s Summary Item #8.)

Supervisor Cook said that raising awareness about domestic violence is a priority in the County and across the globe. Domestic violence is the number one cause of injury to women, more than car accidents, muggings, and rape combined. In the County domestic violence is the number one cause of homicide. Children too
suffer from domestic violence. Even if not subjected to physical violence, children who repeatedly witness domestic violence might suffer permanent emotional injury. Children who suffer from domestic abuse are twice as likely to then abuse their own spouses and children.

In honor of Domestic Violence Awareness Month, Supervisor Cook announced that he will be hosting a fundraiser for two local charities that help domestic violence survivors: Shelter House and Fairfax CASA.

*Fairfax CASA*, or Court Appointed Special Advocates, helps children navigate the confusing and scary aftermath of domestic violence when the juvenile court steps in to provide protection due to abuse or neglect. Often, so many things are changing for a child - his or her home, school, guardians ~ that having one dedicated advocate to fight for his or her rights and help with the transitions can make a huge difference when it's most important. Fairfax CASA finds and trains ordinary citizens to be the voice in court for these children at such an uncertain time.

*Shelter House’s domestic violence shelter, Artemis House* is the County's only emergency shelter for families and individuals fleeing domestic/sexual violence and human trafficking. The emergency shelter provides crisis intervention and temporary housing in an undisclosed "safe-house." Safety planning, immediate basic needs assistance, and comprehensive service planning is available to prepare for a transition to more permanent and stable housing. Artemis House provides intensive case management services, individual and group counseling, employment assistance, and children's programs.

The fundraiser will be held at Kilroy's Restaurant and Sports Bar (5250 Port Royal Road, Springfield, VA), a great restaurant which has generously volunteered to donate 10 percent of its proceeds to the charities. The event will be held October 17, 6 p.m. to 9 p.m. Donated items will be raffled. The charities will also be accepting direct donations.

Individuals may RSVP Supervisor Cook’s office by phone at 703-425-9300, email Braddock@fairfaxcounty.gov, or online www.fightviolence.eventbrite.com.

Supervisor Cook invited Board Members to attend, and asked unanimous consent that the Board direct the Office of Public Affairs to publicize the event. Without objection, it was so ordered.

**PROCLAIMING OCTOBER 9, 2013, AS “WALK OR BIKE TO SCHOOL DAY” IN FAIRFAX COUNTY** (12:50 p.m.)

Supervisor Cook said that October 9 is Walk or Bike to School Day, an international movement that asks students, teachers, and administrators to forego automotive transportation and instead rely on their own two feet.

Walking to school has many benefits; it helps children fight obesity, fosters a sense of independence, and takes cars off the road, which reduces congestion and pollution in neighborhoods. In Braddock District we have been working to make
streets safer for pedestrians, including children walking to school. Last year a crosswalk and sidewalk were improved using a $400,000 Safe Routes to School grant. Supervisor McKay has helped organize and encourage "walking school buses" in Lee District. Walking school buses help promote safety by having an adult lead a group of children to school.

Sometimes parents and children might not even be aware that there are safe options for walking to school. By encouraging and promoting Walk or Bike to School Day we can bring safe routes to their attention, and help create a new culture that is healthy and safe for kids.

Childhood obesity is one of the most concerning public health issues of our time. Almost one in five children and adolescents in the United States are currently obese, a health epidemic contributing to childhood diabetes and other lifelong health issues.

Therefore, as a way to promote healthful practices and environmentally friendly transportation, Supervisor Cook asked unanimous consent that the Board direct staff to issue a proclamation recognizing October 9 as "Walk or Bike to School Day" in Fairfax County. Without objection, it was so ordered.

27. INFRASTRUCTURE FINANCE COMMITTEE MEETINGS (12:51 p.m.)

In a joint Board Matter with Supervisor Foust and Supervisor McKay, Supervisor Cook said that the joint County-Schools Infrastructure Finance Committee has met three times since its creation, and wanted to provide the Board with a brief summary of its activities. The timing is particularly appropriate as the committee is in a transition phase, moving beyond information gathering and learning, and toward developing recommendations and proposals.

All information pertaining to the committee can be found on the County's website at http://www.fairfaxcounty.gov/dmb/infrastructure-fmancing-committee.htm. Staff has done an outstanding job compiling and organizing agendas, minutes, and presentations from all prior meetings. A question and answer (Q&A) process has been developed, handled much like the system used during the budget, and those are available as well.

To date, the committee has heard presentations from both the County and Fairfax County Public Schools on a myriad of topics, including the Capital Improvement Program (CIP) processes, paydown programs, maintenance needs, and what is currently being digested: the CIP requirements for both systems.

Each of these topics has been eye-opening. In fact, through this effort it was discovered that several School Board Members were not aware of the County's 10 Principles of Financial Management. The School Board has since agreed to have County staff provide a full briefing. There is a realization that resources are stretched and that better partnering is necessary, both from a facilities and systems perspective. Moreover, these discussions have highlighted some areas for
improvement in the County’s CIP, and staff is already hard at work addressing them. Supervisor Cook stated that when the materials for Fiscal Year (FY) 15 come out he is looking forward to a much more robust CIP, one that moves beyond just offering lists, but provides greater detail on projects and explains the thinking behind needs and prioritizations.

He encouraged everyone to visit the Committee's webpage and review the materials, and offer thoughts or feedback.

Supervisor Cook asked unanimous consent that the Board direct staff to develop and provide a summary memo accounting the various needs assessments presented to the Committee.

Following a brief discussion regarding the request, without objection, it was so ordered.

28. NO BOARD MATTERS FOR SUPERVISOR GROSS (MASON DISTRICT) (12:57 p.m.)

Supervisor Gross announced that she had no Board Matters to present today.

29. 2013 BLACK ENTERPRISE 100s LIST (HUNTER MILL DISTRICT) (12:57 p.m.)

In a joint Board Matter with Chairman Bulova, Supervisor Hudgins said that each year for the last 41 years, Black Enterprise magazine (BE) publishes the BLACK ENTERPRISE 100s, a listing of America’s largest black owned companies. It is universally recognized as the most authoritative analysis and annual ranking of the nation’s top grossing black-owned companies. The BE 100s consists of rankings of America’s 100 largest black-owned industrial/service companies, 60 automobile dealers, as well as listings of the top advertising agencies, banks, asset managers, investment banks, and private equity firms.

Supervisor Hudgins said that six County companies are on the 2013 Black Enterprise list of the 100 largest African-American owned, service-industrial companies in the nation: Thompson Hospitality of Reston; SoBran of McLean; Metters Incorporated of South County; Communication Technologies, Incorporated; Infiniti of Chantilly; and InScope International of Reston.

Therefore, Supervisor Hudgins asked unanimous consent that the Board direct staff to invite representatives from Thompson Hospitality; SoBran; Metters Incorporated; Communication Technologies, Incorporated; Infiniti of Chantilly; and InScope International to appear before the Board to be recognized and congratulated for their achievement and contribution to the County economy. Without objection, it was so ordered.
30. **OUTSTANDING PERFORMANCE OF LIEUTENANT TIMOTHY L. NICHOLSON, SENIOR MASTER TECHNICIAN IN THE AIR NATIONAL GUARD** (12:58 p.m.)

Supervisor Hudgins said that Lieutenant Timothy L. Nicholson, of the Air National Guard, while on a mission to transport cargo and troops to Afghanistan, his C5 aircraft hit a flock of seagulls and caught on fire, at take-off. For that flight, he was the officer in charge of the troop section of the aircraft. Lieutenant Nicholson quickly assessed the situation, formed an emergency flight plan, and devised an evacuation tactic. He directed the pilot in flight on the crash landing and informed the troops of emergency exit procedures.

Lieutenant Nicholson’s quick thinking resulted in the safe evacuation from the C5 fiery fuselage for all personnel. For his heroic actions in an in-flight emergency, during which all of the crew members survived the life-threatening event, Lieutenant Nicholson was presented the Earl T. Hick Award by the Air National Guard on September 16, 2013.

Therefore, Supervisor Hudgins asked unanimous consent that the Board direct staff to invite Lieutenant Timothy L. Nicholson to appear before the Board and receive a letter of commendation for his rapid perception, strategic decision-making and life-saving execution, during the April 2013 in-flight emergency in Rota, Spain. Without objection, it was so ordered.

31. **FILL THE BOOT CAMPAIGN** (1:02 p.m.)

In a joint Board Matter with Supervisor Herrity, Supervisor Hudgins asked unanimous consent that the Board direct staff to invite representatives from the Fire and Rescue Department to appear before the Board to be recognized for its recent success in the Fill the Boot Campaign to benefit Muscular Dystrophy. Fire Station 40 earned top honors in the nation for its fundraising efforts. Without objection, it was so ordered.

32. **RESTON MULTICULTURAL FESTIVAL** (1:02 p.m.)

33. **SEPTEMBER 2013 QUARTERLY REPORT OF THE OFFICE OF FINANCIAL AND PROGRAM AUDIT** (1:02 p.m.)

Supervisor Foust said the Board has received the Office of Financial and Program Audit’s Quarterly Report as of September 2013. Study areas addressed in the
Auditor’s report include the following:

- Dulles Metrorail Project
- Space Utilization Survey – Government Center Complex
- Capital Renewal Construction Fund Status
- Paydown Program Overview – Fiscal Year 2014
- Follow-Up and Other Ongoing Activities
- CSB Development of a Cost-Benefit Methodology

The Auditor’s findings and recommendations are set forth in the report and several are summarized below.

**Dulles Metrorail Project** - As of June 2013, Metropolitan Washington Area Authority (MWAA) reports that approximately $2.6 billion of the Phase I budget has been expended. The construction budget is $2.9 billion. MWAA assesses the main construction component of the Project as 95 percent complete through July 2013. Project expenditures and the completion rate are running in parallel. In July 2013, MWAA announced a delay of approximately 8 weeks in achieving the substantial completion milestone for Phase 1. The substantial completion date for Phase 1 is currently projected for mid-November. WMATA has not announced the revised date for revenue operations.

The initial stages for Phase 2 are occurring as projected with the award for the design and construction of the guideways, track, stations and systems occurring in May and a notice to proceed issued to the contractor in July. The FTA is evaluating the need to increase the Phase 2 contingency budget for the project.

**Space Utilization Survey – Government Center Complex** - The Auditor and the Facilities Management Department (FMD) conducted a space survey of the three County-owned buildings in the Government Center Complex: the Government Center, the Pennino Building, and the Herrity Building. Because FMD conducted its most recent comprehensive space survey more than five years ago, FMD and audit staff conducted walk-throughs and surveys of the Government Center Complex to determine the current status of vacant workstations. The final survey identified 34 departments with 704 vacant workstations located throughout the Government Center complex. The Auditor recommended that FMD review and analyze the results of the survey to identify opportunities to move administrative functions from leased to owned space and to take a more strategic approach to space planning.
The Audit Committee affirmed the Auditor’s recommendations and requested the following additional concurrent actions by County staff:

- Production of a current Countywide list of leased space with verified costs per square foot and total square footage
- Completion of a comprehensive inventory of vacancies in County leased and owned administrative space
- Identification of potential opportunities to move administrative functions from leased to owned space

**Capital Renewal Construction – Fund Status** - The Auditor reviewed the Capital Renewal Construction Fund, which was established to provide a dedicated funding source for repairs, and improvements to County-owned facilities. Capital renewal expenditures have more than doubled in the last three fiscal years and the fund balance has steadily declined. The Audit Committee accepted the Auditor’s recommendation that the County explore existing financial system capabilities and pending project management application resources to more effectively manage capital renewal project expenditures and monitor cash flows and project budgets (particularly for large projects) at the fund level.

Therefore, Supervisor Foust moved that the Board:

- Adopt the September 2013 Quarterly Report of the Office of Financial and Program Audit
- Approve the list of study areas to be included in the work program of the Office of Financial and Program Audit.

Supervisor Herrity seconded the motion and it carried by a vote of nine, Supervisor Hyland being absent.

34. **FREEDOM OF INFORMATION ACT (FOIA), BYLAWS AND MEETING REQUIREMENTS** (1:06 p.m.)

Supervisor Smyth referred to the issue of briefing boards, authorities, and commissions (BACs) regarding FOIA, bylaws, and meeting requirements and asked unanimous consent that the Board direct staff to review this issue.

Following discussion, with input from David P. Bobzien, County Attorney, without objection, it was so ordered.

35. **HONORING MS. CARA LAMBERT (SPRINGFIELD DISTRICT)** (1:11 p.m.)

Supervisor Herrity announced that Ms. Cora Lambert had received the Virginia Business Education Association's Al Roane Middle School Business Teacher of the Year Award.

AGENDA ITEMS

42. 3:30 P.M. – DECISION ONLY ON SPECIAL EXCEPTION AMENDMENT APPLICATION SEA 93-M-047 (THE PARKLAWN RECREATION ASSOCIATION, INCORPORATED, AND NEW CINGULAR WIRELESS PCS, LLC) (MASON DISTRICT) (3:39 p.m.)

(Note: On September 10, 2013, the Board held a public hearing regarding this item and deferred decision until September 24, 2013.)

Supervisor Gross stated that following the public hearing on Special Exception Amendment Application SEA 93-M-047 on September 10, the record had remained open and she submitted items for the record.
Supervisor Gross addressed issues raised during the course of the application including:

- The irrelevance of an economic benefit to the pool in a land use issue
- Alternative site considerations and Federal Telecommunications Act (FTA) constraints when none exists
- Consideration of Distribute Antenna Systems (DAS)
- Site location and safety issue concerns due to a lack of buffer/safety zone
- Concerns about ice fall, tower collapse, and noise

Supervisor Gross stated that this monopole requires two approvals:

- The first, to amend a special permit application approved for pool operation which was approved nearly 40 years ago
- The second, to amend a special exception application for fill in a flood plain which was approved nearly 20 years ago

While the Planning Commission (PC) unanimously recommended approval of the Special Exception Amendment (SEA) application, the Board of Zoning Appeals denied the Special Permit Amendment (SPA) application, which is being challenged by the applicant. Supervisor Gross noted that the FTA requires the Board to act in a timely manner on this type of application.

Following the County’s thorough review of this application, a graduated paint monopole was recommended as well as a limitation to two carriers. In addition, she announced that the Federal Aviation Administration (FAA) will not require a blinking red light at the top, which should alleviate some of the concerns that had been heard in public testimony.

Noting the importance of communication and infrastructure in emergency management as espoused by the Federal Emergency Management Agency (FEMA), Supervisor Gross moved approval of Special Exception Amendment Application SEA 93-M-047, subject to the revised development conditions consistent with those dated June 13, 2013, and as amended with the addition of a 25th Development Condition that the monopole may not be constructed until the applicant obtains an approved SPA. Chairman Bulova seconded the motion.

Following discussion concerning the need to work with industry to develop better designs and other options for communities, the question was called on the motion and it carried by a vote of nine, Supervisor Hyland being absent.
(NOTE: On July 10, 2013, the PC approved Public Facilities Application 2232-M08-26, noting that the application met the criteria of character, location and extent, and was in conformance with Section 15.2-2232 of the Code of Virginia, and is substantially in accord with the adopted Comprehensive Plan.)
