identifying all County staff with environmentally-related responsibilities. She stated that this list was made available at the Board of Supervisors' meeting held on March 4, 1991. At the request of Jay B. Myerson, Chairman, Environmental Quality Advisory Commission (EQAC), Supervisor Moore asked unanimous consent that the Board direct staff to report to the Board with an update of this listing to include the responsibilities of those staff members. Without objection, it was so ordered.

68. PROCLAMATION DESIGNATING “WORK PLACE LITERACY DAY” IN FAIRFAX COUNTY (TAPE 6)

Supervisor Moore announced that September 5, 1991 has been designated as "Metropolitan Washington Work Place Literacy Day," a program sponsored by businesses throughout the area. In Fairfax County, a list of workshops will be held at the Federal Home Loan Association located in McLean. She moved that the Board endorse this effort and proclaim September 5, 1991 as "WORK PLACE LITERACY DAY" in Fairfax County. This motion was seconded jointly by Supervisor Alexander and Supervisor Davis and carried by a vote of eight, Supervisor Hyland being out of the room.

69. CONFERENCE ON “WOMEN AND HEART DISEASE” (TAPE 6)

Supervisor Moore stated that the American Heart Association has appealed for assistance in educating women about their number one cause of death, heart disease. The Association is sponsoring a conference on "Women and Heart Disease" at the Sheraton in Reston on October 3, 1991. She asked unanimous consent that the Board refer the Association’s article outlining the risk women face for heart disease to the Office of Public Affairs staff for publication in the appropriate County publications and for other appropriate ways to inform County staff and residents about heart disease risk factors and means for prevention. Without objection, it was so ordered.

Vice-Chairman Pennino returned the gavel to Chairman Moore.

70. WAIVER OF FILING FEES REQUESTED FOR REZONING APPLICATION RZ 91-D-005 (HILLS NURSERY) (DRANESVILLE DISTRICT) (TAPE 6)

Supervisor Richards stated that Hills Nursery has a pending Rezoning Application, RZ 91-D-005. As staff reviewed this application, it was determined that a concurrent Special Exception is required in order for this applicant to continue with the operation of this nursery. Given the fact that most of the staff work has taken place under the Rezoning Application, it does not seem fair to now require this applicant to pay the full fee for a Special Exception Application.

Accordingly, Supervisor Richards moved that the Board waive the filing fees for this concurrent Special Exception Application. This motion was
seconded jointly by Supervisor Alexander and Supervisor Davis and carried by a vote of eight, Supervisor Hyland being out of the room.

71. REQUEST FOR PROPOSED AMENDMENT TO THE CODE OF THE COUNTY OF FAIRFAX, CHAPTER 112 (ZONING ORDINANCE) TO ADDRESS PUBLIC USES IN RESIDENTIAL ZONING DISTRICTS (TAPE 6)

Supervisor Richards called to the Board's attention the fact that all public uses are allowed by right in the residential zoning districts. An interpretation by the Zoning Administrator many years ago stated that the United States Postal Service is a public use and will be regulated accordingly. She stated that it is her understanding that the County can amend the Zoning Ordinance to require a special exception for a post office on residentially zoned property if these facilities are leased from a private entity. Given the commercial nature of these facilities, she stated that the County should amend the Zoning Ordinance to require Special Exception approval by the Board to ensure that these facilities do not adversely affect the residential character of a community when a new facility is proposed in a residential neighborhood.

Accordingly, Supervisor Richards moved that the Board direct staff to report to the Board with a proposed amendment to the Code of the County of Fairfax, Chapter 112 (Zoning Ordinance) to address this issue for public hearing at the earliest possible date. This motion was seconded by Supervisor Hanley and carried by a vote of eight, Supervisor Hyland being out of the room.

72. COMMUTER PARKING REQUESTED FOR 23K RIDERS FOR METROBUS STOP AT BARON CAMERON ROAD/HUNTER MILL ROAD (TAPE 6)

Supervisor Richards called to the Board's attention the fact that Metrobus 23X Route, the only public transit serving Great Falls, will be terminated effective September 27, 1991 due to low ridership. She stated that two Great Falls citizens mentioned the Reston Farm Market as a possibility for a location for commuter parking. The Farm Market uses its parking to the fullest extent on weekends and appears to have a parking demand that complements that of the rush hour commuter.

Because much of Great Falls is convenient to an existing Metrobus stop at Baron Cameron and Hunter Mill Road, Supervisor Richards asked unanimous consent that the Board:

- Direct staff to work with the Virginia Department of Transportation (VDOT) and the landowners in the vicinity of this stop to provide some commuter parking for 23X riders; and
73. **METROPOLITAN WASHINGTON COUNCIL OF GOVERNMENTS (COG) TASK FORCE ON LAND USE AND TRANSPORTATION REPORT** (TAPE 6)

Supervisor Richards announced that the Metropolitan Washington Council of Governments' (COG) Task Force on Land Use and Transportation has published its report. She stated that she would forward copies of the report to those Board Members who have not yet received the report.

74. **PROPOSED AMENDMENT TO THE CODE OF THE COUNTY OF FAIRFAX TO ADD A NEW CHAPTER 119 (GRASS OR LAWN AREA)** (TAPE 6)

Supervisor Richards moved that the Board cancel the public hearing scheduled for later in the meeting on the proposed amendment to the Code of the County of Fairfax to add a new Chapter 119 (Grass or Lawn Area) to require that the owners of any developed residential property and certain undeveloped residential properties cut up to one-half acre of grass or lawn area growth when such growth exceeds 12 inches in height. This motion was seconded by Supervisor Pennino and failed by a recorded vote of five, Supervisor Pennino and Supervisor Richards voting "AYE," Supervisor McConnell abstaining, Supervisor Hyland being out of the room.

75. **ZONING PROBLEMS WITH ALUMINUM RECYCLING CENTER** (TAPE 6)

Supervisor Bulova stated that Reynolds Recycling Company is trying to open a recycling site at the Giant at Heritage Mall in Annandale. She explained that when individuals go to the mall on errands, they can stop at Reynolds to drop off their aluminum cans. The cans are weighed and individuals are paid according to the weight. The cans are then placed in a plastic container and placed on a truck and, when it's full, the truck goes for processing and recycling off site.

Supervisor Bulova stated that unfortunately, the Zoning Ordinance does not cover this concept. She said that the closest thing in the Ordinance is a recycling center which is only allowable in the I-4 and I-5 Districts. The definition of a recycling center in the Ordinance is "...a building in which used material is separated and processed prior to shipment to others who will use those materials to manufacture new products..." She said that this proposed use is really a retail use which should be allowed by right in the C-6 District.
Supervisor Bulova said that Reynolds applied for a Site Plan Waiver on June 13, 1991 and everything is in order except for this zoning question. She added that the Board has already given guidance to staff to use flexibility when dealing with recycling issues. Therefore, Supervisor Bulova moved that the Board direct the Zoning Administrator to expeditiously review this matter so that the Site Plan waiver can be granted and Reynolds can open the Recycling site. This motion was seconded by Supervisor Alexander and carried by a vote of five, Supervisor Davis, Supervisor Hyland, Supervisor McConnell, and Supervisor Richards being out of the room.

76. EXPEDITIOUS PROCESSING FOR REZONING, SPECIAL EXCEPTION, AND VARIANCE APPLICATIONS FOR THE GREATER SPRINGFIELD FIRE STATION (TAPE 7)

Supervisor Alexander moved that the Board direct staff to:

- Expedite the Rezoning, Special Exception, and Variance Applications for the Greater Springfield Fire Station located at 7011 Backlick Road; and
- Simultaneously process and review the plans.

Supervisor Alexander stated that the applicant understands that this action neither provides him with a vested right in the plan approval nor relieves him from the responsibility of any plan modifications as a result of Board review.

This motion was seconded by Supervisor Pennino and carried by a vote of six, Supervisor Davis, Supervisor Hyland, and Supervisor McConnell being out of the room.

77. OUT-OF-TURN PLAN AMENDMENT REQUESTED TO INCORPORATE THE SPRINGFIELD STREETSCAPE CONCEPTUAL PLAN INTO THE FAIRFAX COUNTY COMPREHENSIVE PLAN (TAPE 7)

Supervisor Alexander stated that after many months of hard work, the Central Springfield Area Revitalization Council, known as "C-SPARC," along with representatives of the Office of Comprehensive Planning (OCP), the Office of Road Program Management, the Park Authority, and other agencies, has worked to develop a comprehensive plan for the revitalization of the Springfield Central Business District (CBD).

A major part of this effort included the development of a conceptual plan which includes design standards for the improvement of the
Springfield "streetscape." In order to fully integrate the Springfield Streetscape Conceptual Plan into the design review process for the development and redevelopment in Springfield and incorporate the plan into the Fairfax County Comprehensive Plan, Supervisor Alexander moved that the Board direct staff to report with the Springfield Streetscape Conceptual Plan for consideration as an Out-of-turn Plan Amendment as expeditiously as possible. This motion was seconded by Supervisor Hanley and carried by a vote of seven, Supervisor Hyland and Supervisor McConnell being out of the room.

78. CONSIDERATION OF THE INCLUSION OF FUNDS FOR SPORTS SUBSIDY IN CARRYOVER (TAPE 7)

As a reminder, Supervisor Alexander distributed information to Board Members regarding the consideration of the inclusion of funds for the Department of Recreation Sports Subsidy in the September 1991 Carryover.

79. RESCIND DECISION TO SEND NOTICES TO LAY OFF PART TIME EMPLOYEES (TAPE 7)

As a point of clarification, Supervisor Alexander stated that when the Board considered the ordinance on part time employees, he wanted to make sure that it was the staff's understanding the no one else will be terminated. Supervisor Alexander added that, if termination notices were sent out prior to the Board's action, the Board action precluded that.

Acting County Executive Richard A. King stated that the Board's action on July 22, 1991 is being carried out and that the only employees who are leaving are those part time employees who were scheduled to leave.

80. AMENDMENT OF LEGISLATION TO AUTHORIZE THE CREATION OF AN ADDITIONAL SEAT ON THE SCHOOL BOARD FOR A TEACHER (TAPE 7)

Supervisor Alexander moved that the Board direct staff to work with the Chairman of the Legislative Subcommittee on an amendment to the proposed legislation to be submitted to the 1992 Session of the General Assembly to create an additional seat on the School Board designated for a teacher. This motion was seconded by Supervisor Bulova.

Following discussion, Chairman Moore voiced her support for this matter to be considered by the legislative Subcommittee, but that the teacher should serve as a non-voting member to avoid any conflict of interest.

Following further discussion, Supervisor Davis asked that the motion be amended to include taking a look at the option of repealing the conflict contained in the present State statute, and this was accepted.
The question was then called on the motion which, as amended, carried by a vote of seven, Supervisor Hyland and Supervisor McConnell being out of the room.

81. **CERTIFICATE OF RECOGNITION FOR MR. H. G. MCDANIEL ON HIS 80TH BIRTHDAY (TAPE 7)**

Supervisor Davis moved that the Board direct staff to schedule a public hearing before the Board within the next few months on the proposed Fairfax County Charter, which has been prepared by the Fairfax Citizens' Assembly, an across-the-County bipartisan civic group. This motion was seconded by Supervisor Richards and carried by a vote of seven, Supervisor Hyland and Supervisor McConnell being out of the room.

83. **FACT SHEET ON FIRE RETARDANT PLYWOOD (FRP) (TAPE 7)**

- An outline of what the problem is;
- The persons involved in the ongoing mediation;
- The process for getting County assistance;
- A list of any known ways to mitigate the deterioration; and
- Any interim measures which can be taken to slow deterioration of the plywood.

Without objection, it was so ordered.

84. **EXTENSION OF DEADLINE FOR OBTAINING A DECAL FOR THE VIENNA METRO AREA RESIDENTIAL PERMIT PARKING DISTRICT (RPPD) (TAPE 7)**

Supervisor Hanley moved that the Board direct staff to grant an extension of the deadline, and look into the possibility of extending
the operating hours, in order to allow residents of the Vienna Metro Area Residential Permit Parking District (RPPD) to obtain permits until the end of August 1991. She added that this action is necessary due to a mailing error. The motion was seconded by Supervisor Bulova and carried by a vote of seven, Supervisor Hyland and Supervisor McConnell being out of the room.

- Direct the Department of Environmental Management (ULM) to expedite the processing of the grading permit.

This motion was seconded by Supervisor Pennino and carried by a vote of seven, Supervisor Hyland and Supervisor McConnell being out of the room.

87. **CLARIFICATION ON REZONING APPLICATION RZ 89-P-011 (TAPE 7)**

For the purpose of clarification, Supervisor Hanley moved that Rezoning Application RZ 89-P-011 heard by the Board on July 22, 1991, should be subject to proffers dated July 22, 1991, since there are no development conditions associated with this application. This motion was seconded by Supervisor Davis and carried by a vote of seven, Supervisor Hyland and Supervisor McConnell being out of the room.
88. **REVIEW OF SUBDIVISION ORDINANCE FOR NON-CONFORMING LOTS (TAPE 7)**

Citing a problem one of her constituents has regarding a carport which happens to be located on a neighbor's lot, Supervisor Hanley asked unanimous consent that the Board direct staff to review the issue of non-conforming lots, and return to the Board if an additional amendment of the Subdivision Ordinance is appropriate. Without objection, it was so ordered.

89. **REVIEW OF COUNTY ORDINANCE ON VICIOUS DOGS (TAPE 7)**

Supervisor Hanley related an incident where one of her constituents, a senior citizen, was recently attacked by a vicious dog near the Falls Church City line, and moved that the Board:

- Direct staff to review the present policy on the grounds that removal of a dog from Fairfax County merely moves the problem literally to another County; and
- Direct staff to review possible items for submission to the Legislative Subcommittee for inclusion in the County's Legislative Package, if appropriate, to grant Fairfax County the authority to enact an ordinance that would take care of the problem.

This motion was seconded by Supervisor Pennino and carried by a vote of seven, Supervisor Hyland and Supervisor McConnell being out of the room.

Supervisor Alexander acknowledged that this problem is being addressed at the national level and asked that the request be amended to ask for review of this issue on a local level, and this was accepted.

Chairman Moore relinquished the Chair to Vice-Chairman Pennino and asked that the request be amended to include staff review of the delegated authority to designate alternate routes in this type of emergency, and this was accepted.

Without objection, the request, as amended, was so ordered.

Vice-Chairman Pennino returned the gavel to Chairman Moore.

97. **RIBBON CUTTING ON CENTREVILLE ROAD**  
(TAPE 8)

Supervisor Pennino announced that there had been a Ribbon Cutting Ceremony at Centreville Road which was the result of three years of work with the citizens, the developers, Planning Commission, and staff. She expressed her appreciation to the Fairfax County staff, and in particular, Anthony Griffin, Deputy County Executive, Planning and Development; and Shiva K. Pant, Director, Office of Transportation.

98. **REQUEST FOR THE VIRGINIA DEPARTMENT OF TRANSPORTATION (VDOT) TO TURN ON FLASHING LIGHTS ON HUNTER MILL ROAD NEAR SUNRISE VALLEY DRIVE**  
(TAPE 8)

Supervisor Pennino stated that approximately three years ago the citizens on Hunter Mill Road complained about a hair pin turn that was very dangerous and requested that the Virginia Department of Transportation (VDOT) give consideration to putting up flashing warning traffic lights. She said that finally the lights were installed in February 1991, however they have not been turned on.
Therefore, Supervisor Pennino moved that the Board direct the Acting County Executive to request VDOT to turn on the flashing lights at the hairpin turn at Hunter Mill Road near Sunrise Valley Drive. This motion was seconded by Supervisor McConnell and carried by a vote of five, Supervisor Alexander, Supervisor Davis, Supervisor Hyland, and Chairman Moore being out of the room.

99. STORAGE OF EVICTED PERSONS BELONGINGS (TAPE 8)

Supervisor Pennino stated that years ago Fairfax County adopted a policy such that when someone was evicted the County stored their possessions until shelter was found for the evicted individuals. Supervisor Pennino moved that the Board direct the Acting County Executive to examine the previously adopted policy and report with recommendations on how to "tighten it up" so that individuals who are being evicted do not lose their worldly possessions. This motion was seconded by Supervisor Richards and carried by a vote of five, Supervisor Alexander, Supervisor Davis, Supervisor Hyland, and Chairman Moore being out of the room.

100. REQUEST FOR OWNERS TO MOVE THEIR CIGARETTE VENDING MACHINES (TAPE 8)

Supervisor Pennino stated that she had received a letter from a constituent who is employed by the local grocery store and notes that there are no provisions which mandate the monitoring of vending machines which sell tobacco products. Therefore, Supervisor Pennino moved that the Board direct the Acting County Executive to send letters to the major store chains and restaurants in the County requesting that they voluntarily position their vending machines so as not to be easily available to young people and that they be placed so that they are easily monitored by employees. This motion was seconded by Supervisor Hanley and carried by a vote of five, Supervisor Alexander, Supervisor Davis, Supervisor Hyland, and Chairman Moore being out of the room.

101. BINS AT RECYCLING CENTER FOR CARDBOARD AND PLASTIC (TAPE 8)

Supervisor Pennino stated that she had been contacted by constituents in Reston who are requesting that additional recycling bins be placed in the Reston area. She said that there are currently bins for bottles and cans but none for cardboard or plastic. Therefore, Supervisor Pennino asked unanimous consent that the Board direct staff to investigate the possibility of placing bins in Reston for cardboard and plastic. Without objection, it was so ordered.

102. WASHINGTON AIRPORTS TASK FORCE (TAPE 8)

Supervisor Pennino stated that she had been approached by representatives of the Washington Airports Task Force who requested that
Fairfax County pay a proportionate share of the cost of the operation of this Task Force and its effort. She said that the cost for Fairfax County would be $64,000. Therefore, Supervisor Pennino moved that the Board direct the Acting County Executive to review this request with it being administered by the Economic Development Authority (EDA) and report his findings in September when the "Carryover" is considered. This motion was seconded by Chairman Moore.

Following discussion, the question was called on the motion which CARRIED by a recorded vote of six, Supervisor Richards voting "NAY," Supervisor Hanley and Supervisor Hyland being out of the room.

103. REQUEST TO DETERMINE IF THE OFFICE OF RESEARCH AND STATISTICS (ORS) IS DUPLICATING THE ECONOMIC DEVELOPMENT AUTHORITY'S (EDA) PUBLICATION (TAPE 8)

Supervisor Pennino stated that Board Members had received a memorandum dated July 16, 1991 entitled "Economic and Demographic Bulletin". She said that the cover note indicated that it is the first in a series that will be produced by the Office of Research and Statistics (ORS). She said that it appears to be an overlap of what the Economic Development Authority (EDA) is already providing. Therefore, Supervisor Pennino asked unanimous consent that the Board direct staff to determine:

- If this publication is in competition with EDA's publication;
- If it is something to assist the EDA in their pursuit of maintaining industry and encouraging industry to Fairfax County; or
- Is it a duplication?

Without objection, it was so ordered.

104. ENCOURAGE CAR POOLING ON THE DULLES TOLL ROAD (TAPE 8)

Supervisor Pennino stated that it was suggested to her to encourage car pooling and van pooling on the Dulles Toll Road. She asked that vehicles carrying three or more persons be permitted on the Dulles Toll Road for a charge of 10 cents at any entrance and be required to pay an additional 25 cents should they pass through the toll facilities at Spring Hill Road.

Therefore, Supervisor Pennino moved that Board request the Virginia Department of Transportation (VDOT) to review this concept to determine if there would be sufficient income to pay off the bonds should a policy such as this be implemented. This motion was seconded by Supervisor
Richards and carried by a vote of seven, Supervisor Hanley and Supervisor Hyland being out of the room.

105. LOT LINE ADJUSTMENTS (TAPE 8)
Superintendent McConnell stated that on January 28, 1991 the Board requested the Zoning Administrator to review a proposed amendment to Section 2-405 of the Zoning Ordinance that would allow simple subdivision lot line adjustments for homeowners. She said that the Board requested the Zoning Administrator to report with a recommendation by February 11, 1991 and to date there has been no staff comment. Supervisor McConnell moved that the Board direct staff to prepare this amendment to Section 2-405 of the Zoning Ordinance for authorization to advertise a public hearing to be held in October 1991.

Following discussion, with input from Acting County Executive Richard King, and Anthony Griffin, Deputy County Executive, Planning and Development, regarding whether or not this item was the same item included in today’s Board package, it was the consensus of the Board to determine if this is the same item and report with its findings later in the meeting.

(NOTE: This item was not discussed later in the meeting.)

106. EXPIRATION OF SITE PLAN NUMBER 6857-SP-28 (TAPE 8)
Superintendent McConnell stated that on June 17, 1991, the Board had adopted a Zoning Ordinance amendment to Section 17-109 of the Zoning Ordinance to allow for expedited review for Site Plans which expired between June 17, 1990 and June 17, 1991.

Supervisor McConnell said that she had been informed that Site Plan Number 6857-SP-28 had expired on June 15, 1990, only two days prior to the Board’s action.

Supervisor McConnell asked unanimous consent that the Board direct staff to:

- Include this plan in the same category as those plans considered under the Zoning Ordinance amendment to Section 17-109; and
- Waive the Department of Environmental Management’s (DEM) review fees pursuant to Section 18-106 of the Zoning Ordinance for this Site Plan which was filed within 30 days of the Board’s June 17, 1990 action.
Following discussion, Chairman Moore asked that the request be amended to direct staff to review this issue and this was accepted. Without objection, the amended request was so ordered.

107. **VIRGINIA RUN SUBDIVISION LOT LINES/SET BACK REQUIREMENTS** (TAPE 8)

Supervisor McConnell stated that the Board had directed staff to review the issues regarding the January 7, 1985 Court Order which allowed for minimum front and side yard set backs to remain in effect for those lots grandfathered by the Courts until a Residential Use Permit (RUP) was issued or until January 1, 1992. She said that after this deadline, residents in the Virginia Run Community would be prohibited from building additions such as decks on their property and require builders in this community to substantially reduce the size of the originally planned homes which would then be incompatible with the size of the existing homes.

Supervisor McConnell said that the community is extremely concerned that the January 1, 1992 deadline is soon approaching with no scheduled public hearing to date to address this potentially devastating problem.

Supervisor McConnell said that she has previously requested that an amendment to the Zoning Ordinance be enacted that would allow Virginia Run residents to build decks, etcetera, or builders to build compatible homes on the remaining lots by requesting a variance before the Board of Zoning Appeals (BZA). She added that her staff has discussed this issue with the County Attorney's Office and the Zoning Administrator and has not yet received any new information responding to the Board's previous motion.

Therefore, Supervisor McConnell asked unanimous consent that the Board refer this issue to staff in order that a public hearing be scheduled consistent with the January 1, 1992 deadline to address this urgent matter in a timely manner.

Following discussion, Acting County Executive Richard King, reported that staff was currently working on this issue and would be ready to deal with it prior to the end of the year.

Without objection, it was so ordered.

108. **LETTER REGARDING REAL ESTATE TAXES** (TAPE 8)

Supervisor McConnell referred to a letter to the Editor of the *Journal Newspaper* regarding the taxes of a handicapped senior citizen. She said that Mrs. Sparks receives $700 per month in Social Security as her only income. Supervisor McConnell explained that Mrs. Sparks' tax bill is $2,637.97.
Supervisor McConnell stated that Mrs. Sparks' property does not perk and a septic tank was installed. She said that there have been no improvements to the property, but her real estate tax increased by 60 percent. She noted that the County has extended the sewer to within .2 of a mile and provided a pumping station for the adjoining neighbor leaving Mrs. Sparks' property as the only property on Shirley Gate Road without public utilities. She added that recently the widening of Shirley Gate Road further devalued the property when asbestos was found in the rock and hazardous dangerous signs were placed on the entrance to the property. She said that with the inability of the land to perk and the asbestos problem the land is useless, yet the value has escalated. The land cannot be sold since the County does not permit septic tanks to be used, the County does not intend to purchase the land nor will it extend the sewer .2 of a mile to make the land useable, therefore it is useless.

Therefore, Supervisor McConnell asked unanimous consent that the Board direct staff to review this situation and determine what tax relief is available to her and if the assessment on her land is correct. Without objection, it was so ordered.

109. SPECIAL EXCEPTION APPLICATION SE 89-S-058 (TAPE 8)

Supervisor McConnell referred to Special Exception Application SE 89-S-058 an Amoco Service Station on Keene Mill Road which the Board approved on December 3, 1990. She explained that in her motion for approval, a transitional screening waiver was made from a 50 foot to a 20 foot requirement along Torrence Street. However, a clerical error has the waiver recorded as a 25 foot requirement.

Therefore, Supervisor McConnell moved that the Board direct staff to correct this error and show the waiver recorded as a 20 foot transitional screening requirement. This motion was seconded by Supervisor Bulova.

Following discussion, with input from Acting County Executive Richard King, Chairman Moore moved to amend the motion to direct staff to proceed with the correction if possible and report if there are any problems.

The question was called on the motion which carried by a vote of six, Supervisor Hanley, Supervisor Hyland, and Supervisor Pennino being out of the room.

110. FULL-TIME NURSE AT WEST SPRINGFIELD HIGH SCHOOL (TAPE 8)

Supervisor McConnell stated that the students at West Springfield High School have been experiencing an unusually high number of health problems over the past year. She said that the source of the problem
has not been identified, however an advisory task force has been created and is meeting on a regular basis to try and identify the problem.

Therefore, Supervisor McConnell moved that a full-time nurse be placed at the West Springfield High School for the upcoming school year or until the health problems have been identified. This motion was seconded by Supervisor Davis and carried by a vote of six, Supervisor Hanley, Supervisor Hyland, and Supervisor Pennino being out of the room.

111. **SAINT ANDREWS CHURCH RIGHT-OF-WAY (TAPE 8)**

Supervisor McConnell asked unanimous consent that the Board direct staff to review as expeditiously as possible the problem of the Saint Andrews Church located in Centreville regarding right-of-way for sewer and to determine whether condemnation is possible.

Following discussion, Acting County Executive Richard King stated that he was working with staff regarding this issue so that a construction season would not be lost.

Without objection, it was so ordered.

112. **GOVERNMENT CENTER OCCUPANCY (TAPE 8)**

Page B1-54:
* Substitute the following language beginning with the first bullet:

'The complete "buildout" development of the land uses planned in Sub-units A2, A3, A4, B1, B2, E6, E7, E8, F west of the railroad and F1 adjacent to the Lorton Road interchange as well as of other areas that will benefit from Lorton area improvements will create transportation needs which are regional in nature, the specific characteristics of which need extensive detailed analysis. The provision of the following transportation improvements which will provide regional benefits, based on preliminary analysis, would address these needs:

Commuter rail service, with a station within the "Town Center;"

Improvement for east-west vehicular flow such as the widening of Lorton Road and the underpass of the railroad as well as improvements to ramps of the existing I-95 interchange; and
Improvements for north-south vehicular flow, including the Armstead Road extension to Pohick Road and New Gunston Cove Road between Gunston Road and Lorton Road.

As a result of this regional impact, traditional methods of financing these improvements will be inadequate. The financial environment, market demand and the "non-phaseable, up-front" nature of some of the improvements (i.e., the underpass of the railroad) mandate the need for transportation phasing and financing studies to identify specific transportation improvements needed; to define the area(s) which will benefit from such improvements; to assign and allocate specific values to these benefits and to each beneficiary; and to determine a fair and equitable method for payment of funds in accordance with an appropriate phasing of development. It is recognized that transportation improvements and strategies identified in these studies need to be implemented in such a way as to ensure that transportation needs created by new development are met during all phases of development.

It is also recognized that some transportation improvements, such as the widening of the Lorton Road underpass below the railroad and the I-95 Interchange improvements will need to be provided by the public sector, by combined private interests, or jointly by public-private efforts. Private development alone cannot provide all of the funds necessary to pay for these key improvements. Therefore, public funds will be necessary along with a system for equitably sharing a
portion of the total costs among the appropriate property owners. It is further recognized that it is in the interests of the private sector and the public sector to hasten the implementation of the planned transportation improvements. The private and public sectors should actively participate in providing the transportation improvements through cooperative private or private and public efforts. High priority should be assigned to these key improvements by both public and private sectors in order to facilitate the realization of the Lorton "Town Center";

**ADDITIONAL BOARD MATTER**

**POHICK/HOOES ROAD INTERSECTION (TAPE 18)**

Supervisor McConnell stated that she had recently held a meeting with the South Run Coalition on July 25, 1991 regarding the Pohick/Hooes Road Intersection of the Fairfax County Parkway. She said that the original Parkway plan had shown Pohick Road as a cul-de-sac which would have (and still might) create serious traffic problems and prolonged emergency response times. She said that fortunately, a revision has
recently been made to this intersection that now, if funded, will rectify this situation. The problem is that this vital improvement was not approved until after the recent $42 million Parkway appropriation and it is, therefore, currently unfunded.

Supervisor McConnell moved that the Board direct staff to immediately review all possible funding sources so that this two million dollar revision for a full interchange can be made as expeditiously as possible. She added that due to safety concerns, she would like to see Parkway contingency funds allocated to construct (during the current construction) an emergency services access road. She said that this will allow emergency vehicles to have direct access to the cul-de-sac side of Pohick Road allowing more acceptable emergency response times until the more permanent solution is implemented. This motion was seconded by Supervisor Hyland and carried by a vote of six, Supervisor Davis, Supervisor Hanley, and Supervisor Pennino being out of the room.
