51. **INTERNATIONAL BUILDING SAFETY WEEK** (Tape 5)

Supervisor Frey noted that for many years International Building Safety Week has been observed across the country to increase public awareness of the importance of building codes and construction safety. Code officials actively endorse Building Safety Week as an effective means to enhance communication between their departments, community residents, and local builders and developers; and to increase public education on a wide range of safety issues, the considerable safety devices available to homeowners, and the functions performed by their building departments.

Supervisor Frey pointed out that this year, International Building Safety Week will be observed during the week of April 6-12, 1997. To mark the event, the Department of Environmental Management (DEM) has scheduled several public outreach efforts in local hardware and construction supply retail stores.

55. **PROPOSAL FOR A PILOT OFF-LEASH AREA FOR DOGS IN BLAKE LANE PARK** (Tape 7)

Supervisor Connolly stated that citizens have approached him about creating areas in County parks where they could run their dogs off-leash. He noted that the County’s leash law strictly prohibits this. He explained that he had communicated with the Park Authority regarding this issue, but that they determined that other uses at parks make it unfeasible.
Supervisor Connolly stated that a group of constituents have formed a social club of dog walkers at Blake Lane and are calling themselves the Bushman Drive Kennel Club and they have offered to pay for fencing for an off-leash area called a “puppy park.” This would alleviate concerns about conflicts with soccer fields as well as other issues of concern in establishing an off-leash area. He noted that the plan has the tentative support of the Director of the Department of Animal Control.

Accordingly, Supervisor Connolly moved that the Board direct:

- The Acting County Executive to work with the Park Authority and the Department of Animal Control to determine whether a pilot program for the establishment of a puppy park/off-leash area in County parks could be established in partnership with the Bushman Drive Kennel Club at Blake Lane Park;

- Staff to seek input from interested citizens on this issue; and

- The County Attorney to draft a supporting amendment to the County leash law to apply to County-established, fenced off-leash areas.

This motion was seconded by Supervisor Bulova.

The subject property is located at the intersection of Route 7 and Dogwood Lane. Mr. Mervis indicated that he would like to build his headquarters within the height and square footage limitations placed on the previously approved rezoning application. He is anxious to begin the Proffered Condition Amendment application process and has requested expedited and concurrent processing of his applications.
Accordingly, Supervisor Connolly moved that the Board direct:

- The Director of the Department of Environmental Management (DEM) and the Director of the Office of Comprehensive Planning (OCP) to expeditiously and concurrently process the zoning applications, Site Plans, and permits associated with Proffered Condition Amendment Application PCA 95-P-012; and

- Staff to schedule the public hearing to be held before the Board on August 4, 1997.

He explained how Community Countdown can create an atmosphere in which interactive and hands on citizen participation can take place while providing them an opportunity to more fully understand local government and to address local issues.
