20. SLEEPING BAGS, BLANKETS, AND COATS (11:02 a.m.)

In light of the current cold weather and concern for homeless persons, Chairman Connolly announced that groups working with homeless persons are in need of sleeping bags and extra blankets. The non-profit group FACETS is collecting those items, and Chairman Connolly said that he would provide its telephone number later in the meeting.

Chairman Connolly relinquished the Chair to Vice-Chairman Bulova and asked unanimous consent that the Board direct the Office of Public Affairs to publicize information about donation collections by non-profit groups. Without objection, it was so ordered.
Supervisor Hudgins announced that the Hunter Mill District Office, in cooperation with the Reston Interfaith, has been collecting coats. She expressed her appreciation to the community members for their coat donations, which are available in the community room of the Hunter Mill District Office. She asked unanimous consent that the Board direct staff to publicize the availability of these coats. Without objection, it was so ordered.

(NOTE: Later in the meeting, Chairman Connolly provided additional information. See Clerk's Summary Item CL#55.)

21. **SHOWMOBILE FEE WAIVER FOR FAIRFAX COUNTY YOUTH FOOTBALL LEAGUE** (11:04 a.m.)

Chairman Connolly announced that the Fairfax County Youth Football League was chosen to host the Washington Metropolitan Area Youth Super Bowl Championships for the third year in a row. The County’s Showmobile is used for the awards ceremony to recognize participating athletes and cheerleaders.

Accordingly, Chairman Connolly moved that the Board waive all fees associated with the Youth Football League’s use of the Showmobile as part of the Washington Metropolitan Area Youth Super Bowl Championships. Supervisor McConnell seconded the motion and it carried by unanimous vote.

22. **ENGINEERING A BETTER FAIRFAX** (11:04 a.m.)

Chairman Connolly reminded the Board that for 53 years engineers across the nation have been recognized during the month of February for their work in improving communities. The County employs more than 200 engineers who work diligently to enhance the quality of life for the citizens. Accordingly, he asked unanimous consent that the Board:

- Proclaim February 22-28, 2004, as “National Engineers Week” in Fairfax County.

- Direct staff to invite the appropriate staff representatives to be recognized with the proclamation at the February 23, 2004, Board meeting.

Without objection, it was so ordered.

23. **KOREAN SENIOR CENTER FUNDING** (11:05 a.m.)

Chairman Connolly said that the Korean Senior Center provides services and activities to nearly 400 seniors throughout the region. This group represents nearly a quarter of the total Korean population of citizens over the age of 65. Under the current funding the Center is able to open twice a week, once for a full
day with lunch and the other just half a day without lunch. The County has been instrumental in providing funding and services to the Senior Center that are essential to its livelihood.

Chairman Connolly moved that the Board direct staff to place $25,000 to help the Korean Senior Center provide services for an additional day each week on the Consideration List for the Fiscal Year 2005 Budget. Supervisor McConnell seconded the motion and it carried by unanimous vote.

24. **LAUREL HILL TASK FORCE SEEKS PUBLIC INPUT** (11:06 a.m.)

Chairman Connolly said that the Laurel Hill Adaptive Reuse Citizens Task Force is seeking input from the public on concepts it is considering recommending to the Board regarding the adaptive reuse of 85 acres of the 2,300 acre former prison site at Lorton. The 85 acres contain the Central/Maximum Security Facility. Most of the buildings at the site are designated as historically significant.

Chairman Connolly said that the Task Force is planning to present its preliminary recommendations about future uses at the site during three citizen comment meetings in late February and early March. At the meetings, the public will be invited to comment on the draft concept. The public input meetings will be:

- February 21 (Saturday) 9 a.m. - noon - Lorton Station Elementary School cafeteria, 9298 Lewis Chapel Road, Lorton, VA 22079
- February 28 (Saturday) 9 a.m. - noon - Silverbrook Elementary School cafeteria, 9350 Crosspointe Drive, Fairfax Station, VA 22039
- March 4 (Thursday) 7 p.m. - 9 p.m. - Fairfax County Government Center Conference Rooms 9 and 10, 12000 Government Center Parkway, Fairfax, VA 22035

Jointly with Supervisor Hyland, Chairman Connolly asked unanimous consent that the Board direct the Office of Public Affairs to publicize the upcoming public meetings and distribute the information to civic associations and other groups in the County to ensure full public participation in this important project. Without objection, it was so ordered.

Discussion continued briefly.

25. **STATE OF THE CROSS-COUNTY TRAIL, 2003** (11:08 a.m.)

Chairman Connolly noted that in 1999, the Board endorsed the creation of the Cross-County Trail, a multi-use trail linking the Occoquan and the Potomac Rivers, largely through the linking of existing trails and easements. Since that time, staff and citizen volunteers, working together, have completed several
projects to further develop the trail into a resource that all County residents can enjoy.

Chairman Connolly said that the Park Authority recently released its "State of the Trail" report for 2003 and highlighted several developments which have taken place to advance completion of the trail. He referred to his written Board Matter and outlined the highlights.

Chairman Connolly said the Park Authority was scheduled to host the third annual Cross County Trail Caucus this evening at 7:30 p.m. at Woodson High School to provide citizens with information on the Trail's progress. Because of today's inclement weather, and the cancellation of tonight’s meeting, he asked unanimous request that the Board direct staff to publicize any new date for this caucus.

Following a brief discussion, without objection, the request was so ordered.

26. INITIATIVE TO COORDINATE EXISTING COUNTY, SCHOOL, AND COMMUNITY-BASED SERVICES IN COMPREHENSIVE ANTI-GANG EFFORT (11:10 a.m.)

Chairman Connolly said that the presence and proliferation of gangs in the County is a well-documented threat to the quality of life in the County and to the successful adjustment of children and young people. Efforts to address this problem exist throughout the County government, including but not limited to, the work of the Police Department's Gang Unit; the activities developed by Community and Recreation Services; the community-building work of the Strengthening Neighborhoods Building Communities initiative and of the Department of Systems Management for Human Services; the Skin Deep program of the Health Department; and the parents group at the Juvenile and Domestic Relations Court. He also noted the efforts of the Schools and many other County agencies.

Chairman Connolly moved that the Board direct the County Executive to:

- Develop and present a proposal to the Board for a cross-agency effort to coordinate activities regarding gangs, and to involve the School Division and community-based organizations, including the Fairfax County Partnership for Youth.

- Report with a proposed design for this initiative as soon as possible.

Vice-Chairman Bulova seconded the motion, and she reminded the Board that the Braddock District will be conducting a community dialog with several sessions, including one regarding gangs.
Following discussion, Supervisor Hudgins noted that the Board received a document last year from the Partnership for Youth on its analysis on gangs, and asked unanimous consent that the Board’s Human Services Committee be the appropriate venue for this issue and related issues. Without objection, it was so ordered.

Following discussion, Supervisor Gross asked to amend the motion to specifically include the community coalitions that are connected to the high schools and their feeder schools, and this was accepted.

Supervisor Kauffman asked to amend the motion to include representatives from regional shopping malls or centers, and this was accepted.

The question was called on the motion, as amended, which carried by unanimous vote.

27. **HOME SWEET HOME** (11:15 a.m.)

Chairman Connolly said that the Department of Housing and Community Development (HCD) started the First-Time Homebuyers Program in 1993 to enable citizens who otherwise could not afford to purchase a home, the chance to do so. Recently, the program helped its 1001st family to purchase a home. To help the next thousand citizens find “home sweet home,” HCD created new literature about this valuable service to help spread the word.

Therefore, Chairman Connolly moved that the Board direct the Office of Public Affairs to publicize the First-Time Homebuyers Program and the availability of this new brochure as well as issue a media release announcing the contract of the 1001st home under this local program. Supervisor Smyth seconded the motion.

Supervisor Smyth asked to amend the motion to direct staff to examine other creative ways to finance affordable housing, such as programs equivalent to the First-Time Homebuyers Programs, to achieve flexibility.

Following a brief discussion, the amendment to the motion was accepted.

Following further discussion, Supervisor Hudgins suggested convening a meeting of the Board’s Housing Committee to convey the Board’s Policy to the Redevelopment and Housing Authority.

The question was called on the motion, as amended, and it carried by unanimous vote.

Vice-Chairman Bulova returned the gavel to Chairman Connolly.
28. **TRANSPORTATION AND TRANSIT ISSUES** (11:19 a.m.)

Supervisor Kauffman noted that all of the Board’s Action Items on the agenda today involved transportation or transit issues. He expressed appreciation to the Chairman, who sets the agenda, for his commitment “to keeping Fairfax County moving.”

29. **RENOVATION OF WOODSON HIGH SCHOOL** (11:19 a.m.)

Supervisor Bulova reminded the Board that on April 30, 2001, while adopting the Capital Improvement Plan (CIP) for fiscal years (FY) 2002-2006, the Board moved to increase the School Bond allocation by $30 million in FY 2002 to a total of $130 million. This action was to allow for the acceleration of a number of school construction schedules. The Board then unanimously adopted an amendment to the main motion stating, “The funding for Woodson High School should equal the timetable for South Lakes High School ($400,000 in FY 2003 and $642,000 in FY 2004). This amendment will not affect the queue of the projects.”

Supervisor Bulova said that in April 2002, during consideration of the County’s CIP for FY 2003 through FY 2007, the Board again singled out Woodson High School (along with Glasgow Middle School) for emphasis. The Board increased the School Bond sales from $130 million to $136.4 million. In so doing, the Board said, “It is the Board’s intention that this action will result in the acceleration of planning funds for Woodson High School and Glasgow Middle School renewal of FY 2003 and will not interfere with the existing placement of projects waiting to be funded . . .”

Supervisor Bulova said that with regard to the increase in School Bond sales in FY 2003 and the acceleration of planning funds for Woodson and Glasgow renewal to FY 2003, former Providence District Supervisor Connolly asked unanimous consent that the Board “direct staff to reflect in the record that Jane K. Strauss, School Board Budget Chair, indicated in a ‘head nod’ that the Board has an understanding with the School Board that it will honor the request to use the extra funds to accelerate the renovations at Woodson High School and Glasgow Middle School.” There was no objection, and it was so ordered.

Supervisor Bulova stated that she was concerned because she had been contacted by angry parents who say that the School Division, in its advertised CIP, indicates that the completion date for South Lakes High School is moved up from 2009 to 2008, but Woodson has been left with a completion date of 2010. She said that this appears to be in direct contradiction to the Board of Supervisors’ previous directions that the renewal schedule for Woodson High School should be equal to that of South Lakes High School.

Supervisor Bulova said that those same angry parents also asked where the bulk of the $6.4 million School Bond sales for FY 2003 was spent. Her understanding
was that $1 million was spent on Woodson and $1 million for Glasgow, but she wanted an explanation for the allocation of the remaining $4.4 million.

Accordingly, Supervisor Bulova moved that the Board direct staff to:

- Request information from the School Division about the reasons for the inequity in the timetables for Glasgow and Woodson as shown in the advertised FY 2005-2009 School CIP, as well as an accounting of the $6.4 million.

- Reiterate to the School Board the Board of Supervisors’ previous directions regarding the renewal of Woodson High School, as she had outlined.

Supervisor Gross seconded the motion.

Supervisor Gross asked to amend the motion to include in the second bullet the addition of “and the renovation of Glasgow Middle School” following Woodson High School, and this was accepted.

Following discussion, Supervisor Smyth asked unanimous consent that the Board direct staff to report regarding the role of development criteria with regard to funding capital facilities for these schools and how the School Board is utilizing these funds.

Supervisor Hudgins asked unanimous consent that the Board direct staff to provide a report of development criteria funding for all of the County development that has taken place.

Chairman Connolly restated the requests as an accounting for cash proffers that flowed to the School Division and how that money is proposed to be used. Without objection, it was so ordered.

Following discussion, Supervisor Bulova clarified that implicit in her motion was the assumption that this would be forwarded to the School Board in a letter signed by Chairman Connolly.

The question was called on the motion, as amended and clarified, and it **CARRIED** by a recorded vote of nine, Supervisor Hudgins abstaining.

Supervisor Gross clarified that implicit in the request was that the response would be received prior to action on the budget.
30. **UNIWEST-MERRIFIELD TOWN CENTER CONCURRENT REVIEW OF SITE PLAN REZONING/FINAL DEVELOPMENT PLAN APPLICATION RZ/FDP 2003-PR-009 (PROVIDENCE DISTRICT)** (11:31 a.m.)

Supervisor Smyth noted that public hearings are currently scheduled to be held before the Board for a rezoning and final development plan application for the first phase of the Merrifield Town Center, Rezoning/Final Development Plan Application RZ/FDP 2003-PR-009. The public hearings had been scheduled for today, but will be deferred. The issue is affordable housing. The applicant, Uniwest Group LLC, has requested concurrent processing, but understands that it runs the risk of potentially having to redesign and resubmit a new site plan if substantial design changes occur during the process.

Accordingly, Supervisor Smyth moved that the Board approve concurrent processing of the site plan for the pending Rezoning/Final Development Plan Application RZ/FDP 2003-PR-009. This motion does not prejudice in any way the consideration of this pending rezoning application. Supervisor Kauffman seconded the motion, which carried by a vote of nine, Supervisor Frey being out of the room.

31. **WHITE PEARL INVESTMENT COMPANY (PROVIDENCE DISTRICT)** (11:34 a.m.)

(A) Supervisor Smyth stated that her next Board Matter concerned the matter of an applicant desiring to add an antenna to its rooftop only to learn that the building with its penthouse on top occupies more that the requisite 25 percent and now the building is considered too tall.

Supervisor Smyth stated that White Pearl Investment Company is the applicant for Special Exception Application SE 2003-PR-032. This applicant is correcting an issue which was discovered in the context of a pending 2232 public facilities application, and is bringing the building into compliance by means of this special exception. The applicant has requested a date for a public hearing to be held before the Board.

Accordingly, Supervisor Smyth moved that the Board direct the Department of Planning and Zoning to schedule a public hearing to be held before the Board for Special Exception Application SE 2003-PR-032 for February 23, 2004. This motion does not prejudice in any way the consideration of this application. Supervisor Bulova seconded the motion.

Following input from Catherine A. Chianese, Assistant to the County Executive, the public hearing time would be scheduled for 4 p.m. on that date.

The question was called on the motion, which carried by a vote of seven, Supervisor Frey, Supervisor Kauffman, and Supervisor Hyland being out of the room.
32. **WAIVER OF MINIMUM SIZE REQUIREMENT FOR CONSIDERATION OF THE ESTABLISHMENT OF THE AMBERWOOD COMMUNITY PARKING DISTRICT (CPD) (HUNTER MILL DISTRICT)** (11:35 a.m.)

Supervisor Hudgins stated that she received a request from the Amberwood Homeowners Association to establish a CPD along Wall Street. The request was rejected by the Department of Transportation because it did not meet the size requirement under Section 82-5B-3(a)(5) of the Code of the County of Fairfax, which requires a minimum of five blocks on both sides of the street or a minimum of 5000 linear feet to establish a CPD. The size proposed for the CPD along Wall Street is 775 linear feet.

Supervisor Hudgins stated that Wall Street is a public street in the County and the main entrance into the Amberwood community. The streets that stem from Wall Street are private. However, the establishment of a CPD along Wall Street would not relocate the parking problem from Wall Street to adjacent streets because those streets are private.

Accordingly, Supervisor Hudgins moved that the Board waive the minimum size requirement for the establishment of the Amberwood CPD along Wall Street. Supervisor Bulova seconded the motion, which carried by a vote of eight, Supervisor Frey and Supervisor Hyland being out of the room.

33. **SHOWMOBILE FEE WAIVER FOR AMERICAN CANCER SOCIETY (HUNTER MILL DISTRICT)** (11:36 a.m.)

Supervisor Hudgins announced that the annual American Cancer Society’s Relay for Life will be held Saturday, May 15 and Sunday, May 16, 2004 at South Lakes High School. The American Cancer Society requested a waiver of the fee for use of the Showmobile for this worthy event.

Accordingly, Supervisor Hudgins moved that the Board waive the fee for the use of the Showmobile by the American Cancer Society on May 15-16, 2004. Chairman Connolly seconded the motion, which carried by a vote of eight, Supervisor Frey and Supervisor Hyland being out of the room.

34. **EMERALD ASH BORER THREATENS LOCAL ASH TREES (DRANESVILLE DISTRICT)** (11:37 a.m.)

Supervisor DuBois reported that it had come to her attention that a new exotic insect from Asia, the emerald ash borer, was discovered feeding upon ash trees planted at the new Colvin Run Elementary School in the Vienna area of the Dranesville District. The trees were purchased by the School Division from a Maryland nursery that acquired the stock from a supplier in Michigan. Immediate action was taken to remove and incinerate all of those trees.
Supervisor DuBois stated that because the bark of these trees revealed signs that this beetle may have successfully exited the original trees, the Commissioner of the Virginia Department of Agriculture and Consumer Services has now added the emerald ash borer to the list of insects that can be controlled by service districts. Further, the Federal Department of Agriculture’s Animal and Plant Health Inspection Service has now determined that all ash trees within one-half mile of the site must be similarly removed. The Department of Public Works and Environmental Services’ Office of Forest Pest Management completed a field survey of the ash trees in that zone and determined that there are 197 affected trees, and they are located at Wolf Trap Farm Park, on property owned by the Shouse Village community, and on private land.

Supervisor DuBois said that Forest Pest Management staff have been working with the Office of Public Affairs on methods of communicating necessary information to the affected property owners. Letters will be sent to the owners of record on February 1, 2004, and a meeting for those affected property owners will be held at Colvin Run Elementary School on February 17. A number of questions still remain unresolved, including how trees will be valued for reimbursement, whether there is a plan for stumps remaining in the stream valley, how landscapes will be restored, and how local costs associated with this effort will be reimbursed.

Accordingly, Supervisor DuBois asked unanimous consent that the Board direct the:

- Appropriate agencies to continue to coordinate any agreements with State and Federal agencies relative to the eradication of the emerald ash borer.

- Office of Public Affairs to develop a public information campaign to advise the community further about this pest and details of suppression activities.

- Staff to update the Board, and particularly her office, as needed, on the various activities associated with this effort.

Without objection, it was so ordered.

Discussion ensued, with input from Troy Shaw, Coordinator, Forest Pest Program, Department of Public Works and Environmental Services, and Anthony H. Griffin, County Executive.

Supervisor Hyland asked unanimous consent that the Board direct staff to determine whether there are any prevention methods to protect trees from this insect in other areas not yet affected. Without objection, it was so ordered.
Following further discussion, with input from Mr. Shaw, Chairman Connolly suggested that updates on this subject be added as a regular feature of the Board’s Environmental Committee meetings.

35. CONCURRENT PROCESSING OF THE REZONING APPLICATION AND SUBDIVISION PLAN FOR SILVERBROOK FARMS PHASE IV (SPRINGFIELD DISTRICT)  (11:45 a.m.)

Supervisor McConnell said that Silverbrook Farms, Phase IV is located in the Springfield District on Tax Map 97-4((2))7. Parcel 7 was the only lot not rezoned in conjunction with the Silverbrook Farms Phase I (Rezoning Application RZ 2001-SP-007) and Silverbrook Farms Phases 2 and 3 (Rezoning Application RZ 2001-SP-009) rezonings in 2001. The current owner is interested in rezoning this property to mirror the surrounding Silverbrook Farms I, II, and III applications for the R-3 and R-3 cluster which were approved by the Board.

Supervisor McConnell said that this application specifically calls for the rezoning of the property from the R-1 District to the R-3 District for the construction of two new homes and is designed to mirror the adjacent Silverbrook Farms subdivision in terms of density, style, building materials, public improvements, and proffers. This rezoning application results in a density of .95 dwelling units per acres (du/ac) which is below the Plan recommendations for this property of 2 to 3 du/ac. Emma Ann Way will be extended into the subject property to provide public street access to each of the new homes. The applicant plans to commit a similar proffer package as was offered with the previous Silverbrook Farms rezonings.

Supervisor McConnell noted that the applicant is currently scheduled to go before the Planning Commission on January 28, 2004. Due to the fact that this project mirrors the surrounding Silverbrook Farms subdivision, the applicant is interested in pursuing concurrent processing of the rezoning application and subdivision plan.

Therefore, Supervisor McConnell moved that the Board approve this request to allow the applicant of this project to pursue concurrent processing of the rezoning application and subdivision plan for Silverbrook Farms, Phase IV. Supervisor Hyland seconded the motion and it carried by unanimous vote.

36. WAIVER OF THE FEES FOR USE OF THE SHOWMOBILE (MASON DISTRICT)  (11:47 a.m.)

Supervisor Gross said that the George Mason Regional Library, the Annandale Rotary Club, and the Annandale Chamber of Commerce are sponsoring a Multicultural Festival on Saturday, May 22, 2004. The sponsoring groups have
reserved the County showmobile for that date.

In view of the community nature of this event, and the non-profit status of the sponsors, Supervisor Gross moved that the showmobile fee ($300) be waived for this event. Supervisor Bulova seconded the motion and it carried by unanimous vote.

37. RECOGNITION IN HONOR OF THE THOMAS JEFFERSON LIBRARY'S FIFTIETH ANNIVERSARY (MASON DISTRICT) (11:48 a.m.)

Supervisor Gross announced the fiftieth Anniversary of the Thomas Jefferson Library. The Library will invite the community to help celebrate its anniversary on Saturday, April 24, 2004.

Supervisor Gross noted that Thomas Jefferson was the County's first branch library. It opened on January 4, 1954, in the back room of the Buck Family Barber Shop at Graham Road and Arlington Boulevard. After a few months it moved to a two-bedroom apartment in the Jefferson Village Apartments, where even a bathtub was used to store books. The branch has come a long way over the last half century. In fiscal year 2003, the branch reported more than 150,000 visits and made almost 272,000 loans of books and other items. The community enjoys the branch's events and services such as one-on-one internet tutoring, story times for preschoolers, conversation groups for people learning the English, book discussion groups for adults, and volunteer opportunities.

Supervisor Gross asked unanimous consent that the Board direct staff to prepare an appropriate certificate for presentation at the March 15, 2004, Board meeting to the Thomas Jefferson Library staff. Without objection, it was so ordered.

38. AUTHORIZATION FOR AN OUT-OF-TURN PLAN AMENDMENT - CAMBRIDGE COMMONS APARTMENTS (MASON DISTRICT) (11:49 a.m.)

Supervisor Gross said that the Cambridge Commons apartment community is located on Willston Drive and identified as Tax Map 51-3-((18)) in the Seven Corners area. She noted that the Cambridge Commons provides an important source of affordable rental housing and over the past several years, the owner of the property, along with her office, has worked to facilitate a number of upgrades and improvements there. Unfortunately, they have also learned that the size and configuration of many of the units are simply not well suited to the increasing numbers of families needing affordable housing. To address this problem, the owner has proposed an innovative approach to enlarge certain units without increasing the overall density.

Regrettably, the ability to improve and/or enlarge the existing units is precluded by the property being classified as a non-conforming use under the current zoning
regulations. The problem is compounded as the existing Comprehensive Plan language does not provide any means to correct the non-conformity through a rezoning action.

Based on these circumstances, Supervisor Gross moved that the Board authorize an Out-of-Turn Plan amendment for the limited purpose of allowing the non-conforming status to be eliminated so as to permit the renovation of the existing units at the current density. Supervisor Bulova seconded the motion and it carried by unanimous vote.

EXPEDITED PROCESSING - SHIRLEY HIGHWAY DISTRIBUTION PARTNERSHIP (MARLO FURNITURE) (MASON DISTRICT) (11:51 a.m.)

Supervisor Gross said that Shirley Highway Distribution Partnership (Marlo Furniture) filed concurrent Special Exception Amendment Applications SEA 93-M-049-2 and SEA 00-M-48 and Proffered Condition Amendment Application PCA 2000-MA-031 requesting to add some additional parking spaces, a loading area, and a new travel lane to their property at 5650 General Washington Drive. The applicant has been working with staff and the Mason District Land Use Committee.

To facilitate the process, Supervisor Gross moved that the Board direct staff to conduct expedited processing for these concurrent applications and schedule the public hearing to be held before the Board on or prior to, March 15, 2004. This motion should not be construed as a favorable recommendation on the application by the Board, and does not relieve the applicant of compliance with the provisions of any applicable ordinances, regulations, or adopted standards. Supervisor Bulova seconded the motion and it carried by a vote of nine, Supervisor McConnell being out of the room.

EXPEDITED PROCESSING - JEFFERSON AT EDSALL ROAD LP (MASON DISTRICT) (11:52 a.m.)

Supervisor Gross said that Rezoning/Final Development Plan Application RZ/FDP 2003-MA-030 filed by Jefferson at Edsall, LP proposes to rezone a currently vacant and dilapidated commercial property for residential use. This application follows a Comprehensive Plan amendment which was approved in the last Area Plans Review cycle. In working diligently with staff and the Mason District Land Use Committee, the applicant has deferred its Planning Commission date from January 28 to February 18 to resolve a few outstanding issues with staff, but wishes to keep the March Board date.

Therefore, Supervisor Gross moved that the Board direct staff to conduct expedited processing for Rezoning/Final Development Plan Application RZ/FDP 2003-MA-030 and schedule the public hearing for a date of, or prior to, March 8, 2004. This motion should not be construed as a favorable recommendation on the
application by the Board, and does not relieve the applicant of compliance with the provisions of any applicable ordinances, regulations, or adopted standards. This motion, the second to which was inaudible, carried by a vote of nine, Supervisor McConnell being out of the room.

41. **TOTAL MAXIMUM DAILY LOAD IMPLEMENTATION PLAN FOR THE FOUR MILE RUN WATERSHED (MASON DISTRICT)** (11:53 a.m.)

Supervisor Gross referred to her written Board Matter regarding the Four Mile Run Watershed and announced that the issue would be raised at the next Environmental Committee meeting scheduled for Friday, January 30, 2004, at 2:30 p.m.

A brief discussion ensued with input from Carl Bouchard, Director, Stormwater Planning Division, Department of Public Works and Environmental Services.

42. **PROCLAMATION (MOUNT VERNON DISTRICT)** (11:56 a.m.)

Supervisor Hyland asked unanimous consent that the Board approve a proclamation for an individual as contained in his written Board Matters. Without objection, it was so ordered.

43. **CERTIFICATE OF APPRECIATION FOR "ACCESS" EMPLOYEE (MOUNT VERNON DISTRICT)** (11:56 a.m.)

Supervisor Hyland said that he received a letter from Major General Daniel Raymond enthusiastically commending the assistance he received recently from a County "Access" employee, Ms. Zindi Tevis at the South County Center.

Supervisor Hyland referred to his written Board Matter and outlined the service that Ms. Tevis provided and asked unanimous that an enthusiastic commendation from the Board be sent to Ms. Tevis with a copy attached to her personnel record. Without objection, it was so ordered.

44. **RECOGNITION FOR POLICE AND FIRE AND RESCUE DEPARTMENT OFFICERS (MOUNT VERNON DISTRICT)** (11:57 a.m.)

Supervisor Hyland said that he received a letter from Dr. Connell Trimber who practices in the City of Alexandria, but resides in the Mount Vernon District, complimenting Officers Plaska and Lyles of the Fairfax County Police Department for their prompt and thoughtful actions taken on behalf of an incapacitated woman on December 7, 2003.

Supervisor Hyland referred to his written Board Matter regarding the actions of the officers and asked unanimous consent that certificates of recognition from the Board be prepared and distributed to Officers Plaska and Lyles and the Fire and Rescue Department personnel involved in this situation and that copies of the
certificates be placed in each employee's personnel record. Without objection, it was so ordered.

45. **JOINT BOARD MATTER REGARDING THE PROPOSED TAXING OF VIRGINIA CREDIT(Unions)** (11:57 a.m.)

Supervisor Hyland referred to his written Board Matter regarding credit unions and the pending legislation.

Accordingly, Supervisor Gross and Supervisor Hyland jointly moved that the Board take a position opposing the proposal being circulated to impose taxes on income and assets of Virginia credit unions and that this position be communicated to the Northern Virginia State Delegation. Supervisor Gross seconded the motion.

Supervisor Gross disclosed that she has been an officer for a credit union for the past 19 years.

Following discussion, the question was called on the motion and it carried by a vote of nine, Supervisor McConnell being out of the room.

46. **CERTIFICATE OF ACHIEVEMENT RECOMMENDED BY CONSTITUENT (MOUNT VERNON DISTRICT)** (12:02 p.m.)

Supervisor Hyland said that he received a copy of a letter from Mr. Fettig last week and in it he dramatically commends Ms. Donna Auman who works at Fairfax County’s I-95 Citizen Disposal Facility. In the letter, Mr. Fettig mentions the excellent service provided by the staff and particularly singles out Ms. Auman for his appreciation.

Supervisor Hyland asked unanimous consent that the Board direct staff to send a congratulatory letter from the Board commending her citizen-friendly practices and that it be placed in Ms. Auman’s personnel file. Without objection, it was so ordered.

47. **EXPANSION OF THE OUT-OF-TURN PLAN AMENDMENT S03-IV-MV4 REQUESTED (MOUNT VERNON DISTRICT)** (12:04 p.m.)

Supervisor Hyland said that the Board authorized an Out-of-Turn Plan amendment last September concerning land in the Memorial Heights area which is generally located on the east side of Richmond Highway between Popkins Lane and East Lee Avenue to consider greater intensity for the office and retail use currently planned for that area. The property owner is now considering a mixed use project that includes residential use.

Therefore, Supervisor Hyland moved that the Board authorize an expansion of the Out-of-Turn Plan Amendment S03-IV-MV4 to consider residential/mixed use at
an intensity up to .80 floor area ratio for the property as shown on the map contained in his Board Matter, provided that compatible development may be achieved, including appropriate transition, screening, buffering, and minimal off-site impacts for adjacent development. Supervisor Gross seconded the motion and it carried by a vote of nine, Supervisor McConnell being out of the room.

48. MOUNT VERNON DISTRICT’S SEVENTEENTH ANNUAL TOWN MEETING ON JANUARY 31, 2004 (12:04 p.m.)

Supervisor Hyland announced the Mount Vernon District’s Seventeenth Annual Town meeting. The event will be held on Saturday, January 31, 2004, at 7:45 a.m. until 1 p.m. at Mount Vernon High School’s Little Theatre, 8515 Old Mount Vernon Road, followed by A Taste of Mount Vernon.

49. LWL, LLC (SULLY DISTRICT) (12:05 p.m.)

(A) Supervisor Frey said that LWL, LLC filed a rezoning request for a part of Parcel 21A within Westfields, also known as 44-3-((6))21A. The applicant has taken a deferral of the Planning Commission hearing to work out some of the issues identified by staff. For contractual reasons, the applicant has asked that the Board authorize a date certain for the Board public hearing.

Therefore, Supervisor Frey moved that the Board authorize a date certain for the Board public hearing to occur on February 23, 2004, at 5 p.m. The applicants understand that this motion does not relieve them of any obligation, ordinance, or standards, and will not prejudice the consideration of the application in any way. This motion, the second to which was inaudible, carried by a vote of nine, Supervisor McConnell being out of the room.

50. VERIZON WIRELESS (SULLY DISTRICT) (12:07 p.m.)

Supervisor Frey said that Verizon Wireless is pursuing public facilities (2232) application approval to expand its switching station located at 3675 Centreview Drive in Chantilly. Because of the high demand for wireless service, they are anxious to obtain all necessary approvals as expeditiously as possible, and have asked that the Board authorize concurrent processing for the minor site plan and the 2232 determination that will be required.

Therefore, Supervisor Frey moved that the Board authorize concurrent processing of the site plan and the public facilities (2232) application for the expansion of the Verizon switching station located on Tax Map Parcels 34-2-((6)) 1, 2, and 3. The applicants understand that this motion does not relieve them of any obligation, ordinance, or standards, and will not prejudice the consideration of the application in any way. Supervisor Hyland seconded the motion and it carried by a vote of nine, Supervisor McConnell being out of the room.
51. **DEVELOPER SECURITY** (12:08 p.m.)

Supervisor Frey said that the Virginia Code permits the County to require a developer to provide security in the form of a certified check, cash escrow, bond, or letter of credit that does not exceed the total amount of the estimated cost of construction based on unit prices for new public or private sector construction in the locality and a reasonable allowance for estimated administrative costs, inflation, and potential damage to existing roads or utilities which shall not exceed 25 percent of the estimated construction costs.

Supervisor Frey stated that in most cases, in calculating the amount of security a developer must provide the County in connection with a development project, the County adds to the estimated construction costs 19 percent of those costs for estimated administrative costs, inflation, and potential damage to existing roads and utilities.

Supervisor Frey noted that it has become increasingly apparent that the amount of security the County receives from a developer to ensure that the County will be protected in the event the developer defaults on his or her obligations to the County in connection with the construction of a development project is often insufficient to protect the County. In such cases, the County often uses money out of the General Fund to complete the project.

Therefore, Supervisor Frey moved that the Board direct staff to evaluate the feasibility of adding, as the security a developer must provide to the County in connection with a development project, 25 percent of the estimated construction costs for estimated administrative costs, inflation, and potential damage to existing roads or utilities, and report its findings. Supervisor Hudgins seconded the motion.

Following discussion, and input from David P. Bobzien, County Attorney, and Craig Carinci, Director, Environmental and Facilities Inspection Division, Department of Public Works and Environmental Services, the question was called on the motion and it carried by a vote of nine, Supervisor McConnell being out of the room.

53. **VIOLATORS OF SCHOOL BUS LAWS** (12:13 p.m.)

Supervisor Kauffman referred to a letter sent to the Governor from a constituent who is a County bus driver. He is very concerned about drivers who violate the law and ignore school bus flashing red lights, often racing by buses with no regard to the students' safety.

Supervisor Kauffman moved that the Board:

- Forward the letter, under letter from the Chairman, to the Police Chief's office for a reply outlining how enforcement of school bus laws can be increased.

- Direct staff to provide the Board with a response to the suggestion in the letter that uniformed police officers randomly accompany bus drivers and issue tickets to violators.

Supervisor Gross seconded the motion.

Following discussion, the question was called on the motion and it carried by a vote of nine, Supervisor McConnell being out of the room.

(4:27 p.m.)

The Proffered Condition Amendment/Final Development Plan Amendment Applications PCA 86-P-089-6/FDPA 86-P-089-3 and PCA 86-W-001-10/FDPA 86-W-001-5-2-2 property is located in the southwest quadrant of the intersection of Fair Lakes Parkway and West Ox Road, north of Interstate 66, Tax Map 55-2 ((1)) 15 pt.

Mr. McDermott had filed the necessary notices showing that at least 25 adjacent and/or interested parties had been notified of the date and hour of this public hearing and he proceeded to present his case.

Following discussion, Supervisor McConnell said that with regard to Proffered Condition Amendment Application PCA 86-P-089-6/Final Development Plan Amendment Application FDPA 86-P-089-3 and Proffered Condition Amendment Application PCA 86-W-001-10/Final Development Plan Amendment Application FDPA 86-W-001-5-2-2, and based on Mr. McDermott's representation, neither Centex Homes nor Ryland Homes are contract purchasers of the subject properties in these applications filed by The Peterson Companies L.C. She said that the Board has a Policy requiring deferral of public hearings for applications having the affidavits changed in less than seven business days before the public hearing and that she fully supports this Policy. Supervisor McConnell said that the Board's Policy also provides that the Board can, on its own motion, waive the seven-day deadline and that this is an extraordinarily unique circumstance meriting, in her judgment, the Board's waiver of the seven-day deadline. She said that the situation is unique because Centex Homes and Ryland Homes were contract purchasers of the subject properties and there exists no other relationship requiring inclusion of Centex Homes and/or Ryland Homes. Supervisor McConnell consulted with David Bobzien, County Attorney, and confirmed that Centex Homes and Ryland Homes were unnecessary included on the affidavits for these zoning cases since neither Centex nor Ryland are contract purchasers of the subject properties and there exists no other relationship requiring inclusion of Centex Homes and/or Ryland Homes. Mr. McDermott filed revised affidavits on behalf of his client.
excluding Centex Homes and Ryland Homes because of his statement regarding Centex and Ryland not yet being contract purchasers.

Based on the foregoing, Supervisor McConnell moved that the Board waive the seven-day rule applicable to amendments on affidavits for these land use cases in order to allow the Board to proceed with the public hearing and decision on these cases today. Supervisor DuBois seconded the motion and it CARRIED by a recorded vote of five, Supervisor Frey and Chairman Connolly voting "NAY," Supervisor Hudgins, Supervisor Hyland, and Supervisor Smyth being out of the room.

Supervisor McConnell said that the Peterson Companies, LC requested an exception to the criteria and requirements of the Chesapeake Bay Preservation Ordinance under Section 118-6-9, General Resource Protection Area Encroachment Exception to permit encroachment into the Resource Protection
Area for the uses depicted on Final Development Plan Amendment Applications FDPA 86-P-089-3, FDPA 86-W-001-05-2-2, and FDPA 82-P-069-14-3. She said that the application has been properly filed in accordance with the requirements of all applicable State and County Codes; and the Board has made the following findings of fact:

- The requested exception to the criteria is the minimum necessary to afford relief.

- Granting the exception will not confer upon the applicant any special privileges that are denied by this part to other property owners who are subject to its provisions and who are similarly situated.

- The exception is in harmony with the purpose and intent of the Chesapeake Bay Preservation Ordinance and is not of substantial detriment to water quality.

- The exception request is not based upon conditions or circumstances that are self-created or self-imposed.

- Reasonable and appropriate conditions are imposed, as warranted, that will prevent the allowed activity from causing a degradation of water quality.

- The water quality benefits resulting from the proposed facility or improvement exceed the associated water quality detriments.

Supervisor McConnell said that while the construction of trails and public utilities depicted on the aforementioned FDPs are permitted or exempt uses in Resource Protection Areas and did not require an exception, the applicant addressed all the proposed encroachments as part of the Water Quality Impact Assessment and the exception request. Approval of the exception request will automatically permit all the proposed encroachments in the Resource Protection Area and eliminate the need for separate determinations that such activities are permitted.

Therefore, Supervisor McConnell moved approval of Exception Request Number 026133 under Section 118-6-9 of the Chesapeake Bay Preservation Ordinance to permit the encroachments into the Resource Protection Area depicted on Final Development Plan Amendment Applications FDPA 86-P-089-3, FDPA 86-W-001-5-2-2, and FDPA 82-P-069-14-3 subject to Proffered Condition Amendment Applications PCA 86-P-089-6, PCA 86-W-001-10, and PCA 82-P-069-13. She said that this approval shall be valid for as long as the FDPAs and PCAs remain valid. Additional PCAs and amendments to the approved final development plans may be approved as long as the amendment does not aggravate conflicts with the provisions of the Ordinance. Supervisor
Hyland seconded the motion and it carried by a vote of nine, Supervisor Smyth being out of the room.
