A regular meeting of the Board of Supervisors was called to order at 2:01 p.m., and was conducted wholly electronically using Fairfax County’s videoconferencing system because the COVID-19 pandemic made it unsafe to physically assemble a quorum in one location or to have the public present. The meeting was accessible to the public through live broadcast on Channel 16, live video stream, and live audio. Chairman McKay presided over the meeting and participated with Supervisor Penelope A. Gross, Mason District, at the Government Center and the following Supervisors participated remotely from their respective District Offices:

- Supervisor Walter L. Alcorn, Hunter Mill District
- Supervisor John W. Foust, Dranesville District
- Supervisor Patrick S. Herrity, Springfield District
- Supervisor Rodney L. Lusk, Lee District
- Supervisor Dalia A. Palchik, Providence District
- Supervisor Kathy L. Smith, Sully District
- Supervisor Daniel G. Storck, Mount Vernon District
- Supervisor James R. Walkinshaw, Braddock District

Others present during the meeting were Bryan J. Hill, County Executive; Elizabeth Teare, County Attorney; Jill G. Cooper, Clerk for the Board of Supervisors; Dottie Steele, Chief Deputy Clerk for the Board of Supervisors; Ekua Brew-Ewool and Emily Armstrong, Deputy Clerks, Department of Clerk Services.
1. **ORDERS OF THE DAY** (2:01 p.m.)

Chairman McKay stated that consistent with the Governor’s announcement last Friday, which among other things, capped in-person gatherings at no more than 25 people, the Board has decided to meet virtually. The ability to do this is permitted under the Board’s Emergency Declaration on April 14, 2020, and speakers were made aware of their continued options to provide phone or video testimony.

He stated that because each member of the Board is participating in the meeting from his or her respective Board office, it must be verified that a quorum of Members is participating and that each Member’s voice is clear, audible, and at an appropriate volume for all of the other Members. Therefore, Chairman McKay conducted a roll call and asked each Member to confirm that they could hear each other’s voices.

Therefore, Chairman McKay relinquished the Chair to Vice-Chairman Gross and moved that the Board certify for the record that each Member’s voice may be adequately heard by each other member of this Board. Supervisor Foust seconded the motion and it carried by unanimous vote.

Chairman McKay moved that the Board certify that the State of Emergency caused by the COVID-19 outbreak makes it unsafe for speakers, staff, and the public to attend this meeting in person, and that as such, an in-person meeting cannot be implemented safely or practically. As a result, Chairman McKay further moved that the Board conduct this meeting electronically through a dedicated video conference line, and that the public may access this meeting via simultaneous telecast on Channel 16, or video streaming, or hear a live audio feed of the meeting by dialing 703-324-5300, and the public may participate in public hearings by established phone lines, YouTube submissions, or through written testimony. Vice-Chairman Gross seconded the motion and it carried by unanimous vote.

Chairman McKay further moved that the Board certify that all matters on the agenda today concern the emergency, and/or are necessary for continuity in Fairfax County government under the Ordinance adopted by the Board on October 20, 2020, and/or are statutorily required or necessary to continue operations and the discharge of this Board’s lawful purposes, duties, and responsibilities. Vice-Chairman Gross seconded the motion and it carried by unanimous vote.

Vice-Chairman Gross returned the gavel to Chairman McKay.

2. **MOMENT OF SILENCE** (2:05 p.m.)

Chairman McKay stated that:
• COVID-19 is affecting the whole community, from children to small businesses, to those who are ill with the virus. He asked to keep everyone in Fairfax, and around the world, in thoughts and prayers during this difficult time.

• The Fairfax County flag continues to fly at half-staff at all County facilities in honor of the residents who have died from COVID-19 and in recognition of the many essential workers who are responding to the pandemic.

The Board asked everyone to keep in thoughts the family and friends of:

• Detective Peter Charles, who died in October. He was an employee of the Fire and Rescue Department and had served the County since 1994.

• Sergeant Vincent Guidi, who died recently. He was a retired Fire and Rescue Department employee and was the last surviving member of the original 10 Fairfax County paid firefighters hired in 1949 and retired from the County in 1978.

• Mr. William B. Tirrell, who died recently. He was a former member of the Herndon Town Council and was a graduate of the United States Naval Academy in Annapolis, Maryland, and served in the United States Coast Guard for over 20 years.

• Ms. Joyce A. White, who died recently. Ms. White began her career with the County as a Director of the Teen Center and in 1970, became the Director of the James Lee Community Center. She helped ensure that the African American community had a place to call their own. On July 9, 2011, Chairman Bulova declared it as the “Joyce White Day” in her honor.

• Ms. Charlotte Wineland, who died recently at the age of 101. She was the mother of Linda Burns, a long time Lee District Supervisor’s Office staffer. She was active in the Oakton Women’s Club and helped lay the groundwork for the Oakton Library.

• Ms. Shirley Robson, who died recently. Ms. Robson was a long-time Hollindale resident and companion of former Mount Vernon Supervisor Gerald W. Hyland. She was passionate about equal rights and greater personal freedoms for women. She wrote and produced a documentary series called “Every Woman, Perspectives of Women in a Male Dominant World ” in 1970s while working for the television channel WUSA 9.
• Supervisor Alcorn announced that his mother is celebrating her 90th birthday today, and wished her a happy birthday

AGENDA ITEMS

3. 2:00 P.M. – PRESENTATION BY KATE HANLEY, SECRETARY OF THE ELECTORAL BOARD, REGARDING ELECTION YEAR 2020 (2:17 p.m.)

Katherine K. Hanley, Secretary to the Electoral Board, presented statistics regarding the recent United States presidential election and provided an overview of the efforts made by many to ensure a smooth voting process. She noted that the General Assembly recently enacted several changes during their regular session that took effect in July. Some of the changes related to new requirements for drivers’ licenses, early voting, absentee ballots, voting by mail, and timeline for implementing the changes before the November elections.

Ms. Hanley noted that:

• Fairfax County had a 79.4 percent voter turnout, with a record turnout for absentee voting. There were 3,827 Election Day Officers, 50 people were responsible for processing online applications and mail-ins. 295 people were responsible for labelling, mailing envelopes, and checking in returned ballots

• There were 243 precincts, out of the 787,214 registered voters, 761,547 were active and 25,667 were inactive. 232,000 people voted by mail and 85,000 were from the drop boxes. 192,398 voted in person at all the 15 locations, and 414,381 were absentee votes. 186,253 voted in person on Election day

• Plans were made to limit the risks from COVID-19 by adhering to social distancing, masks, sneeze guards and other Personal Protection Equipments (PPEs) protocol

Ms. Hanley expressed her appreciation to all those who helped make the election a success. She also thanked the Board for their support.

Discussion ensued, with input from Ms. Hanley, regarding:

• The new laws to improve voter access

• Improving technology and infrastructure to solve issues with space

• Statistics and clarity of information for voters

• Ballots drop boxes and security
• Signage at the polls and curbside voting
• Number of people voting curbside
• Improving education and information for voters
• Increasing the number of absentee/early voting locations

Supervisor Alcorn requested that the addition of satellite locations and the need for additional polling locations be added to the upcoming Legislative Package.

Discussion ensued with input from Ms. Hanley, regarding:
• Uniformity and flexibility of locations
• Aligning satellite location hours of operation with the hours of operation for the Government Center
• Improvement in customer service by addressing citizen concerns

Supervisor Herrity asked unanimous consent that the Board direct staff to provide the number of incorrect congressional ballots that were sent back but not returned/counted. Without objection, it was so ordered.

Discussion continued with input from Ms. Hanley, regarding:
• Identifying the most efficient ways to serve the constituents
• The finances for state and local jurisdictions
• The need for the Virginia Municipal League (VML) to provide support for the election process

5. PROCLAMATION REQUEST FOR WOMEN IMPACTING PUBLIC POLICY AND THE SMALL BUSINESS SATURDAY COALITION

(3:05 p.m.)

Chairman McKay relinquished the Chair to Vice-Chairman Gross and asked unanimous consent that the Board direct staff to prepare a proclamation to be presented out of the Board Room to Women Impacting Public Policy and the Small
Business Saturday Coalition in recognition of Small Business Saturday, which will be held on November 28, 2020. Without objection, it was so ordered.

6. **PROCLAMATION REQUEST FOR THE OFFICE OF HUMAN RIGHTS AND EQUITY PROGRAMS** (3:05 p.m.)

Chairman McKay asked unanimous consent that the Board direct staff to prepare a proclamation to be presented out of the Board Room to the Office of Human Rights and Equity Programs in recognition of November as “Native American Heritage Month.” Without objection, it was so ordered.

7. **LEGISLATIVE COMMITTEE PRESENTATION ON GENERAL ASSEMBLY BILLS (HB 833/SB 8 AND HB 358/SB 182)** (3:06 p.m.)

Jointly with Supervisor Walkinshaw, Chairman McKay stated that the Board supported two bills in this year’s regular General Assembly session that would permit prevailing wage and project labor agreements on some public works projects. These bills would apply to contractors doing business with the County and include the following:

- HB 833/SB 8 provides the authority to decide whether to require payment of prevailing wage from organizations that contract with the County
- HB 358/SB 182 authorizes the County to require bidders for project labor agreements on public works projects

Both pieces of legislation are effective on May 1, 2021. Ahead of this date, the Board should discuss the potential feasibility of them in the County.

Therefore, jointly with Supervisor Walkinshaw, Chairman McKay moved that the Board direct staff to prepare a presentation on these items to be discussed in a future Legislative Committee meeting, to occur prior to the date the bills become effective. Supervisor Gross seconded the motion.

Following Supervisor Herrity stating that he did not support parts of the General Assembly Bills, the question was called on the motion and it carried by unanimous vote.

Vice-Chairman Gross returned gavel to Chairman McKay.

8. **FUTURE APPOINTMENTS TO THE CITIZEN ADVISORY COMMITTEE ON REDISTRICTING** (3:08 p.m.)

Chairman McKay stated that the discussion on the census is forthcoming and that each district will be represented during that discussion. He requested that each Board Member begin thinking of who they would like appointed to represent their district on the Citizen Advisory Committee on Redistricting.
9. **NO BOARD MATTERS FOR SUPERVISOR GROSS (MASON DISTRICT)** (3:10 p.m.)

Supervisor Gross announced that she had no Board Matters to present today.

10. **NO BOARD MATTERS FOR SUPERVISOR WALKINSHAW (BRADDOCK DISTRICT)** (3:10 p.m.)

Supervisor Walkinshaw announced that he had no Board Matters to present today.

11. **MOTION TO WAIVE FEES FOR TURNER FARMHOUSE FOUNDATION (DRANESVILLE DISTRICT)** (3:10 p.m.)

Supervisor Foust stated that on November 1, 2018, Fairfax County, under its Resident Curator Program, entered into a lease with the Turner Farm Foundation for use of the historic house and other buildings, located at Turner Farm Park in Great Falls, Virginia. Ms. Sarah Kirk is the principal of the Turner Farmhouse Foundation, a 501 (c)(3) tax-exempt entity. Ms. Kirk is a long-time resident of Great Falls and an active member of the community. Her application for the Park Authority’s Resident Curator program garnered enthusiastic and widespread support and endorsement.

On January 15, 2019, Ms. Kirk moved into the Turner Farmhouse, after she, with financial and in-kind support from citizens and businesses, made significant improvements to the historic house. She also created a pony farm on three acres of the five-acre site. The Turner Farmhouse Foundation is now focusing its efforts on converting the second home on the site, often referred to as the garage. As described in the application for the Resident Curator Program and outlined in a use determination letter from the Department of Planning and Development, Ms. Kirk intends to establish a “retreat center” in the garage. The retreat center would provide accommodations for sleeping, meeting and dining, including a second kitchen, for approximately 20 guests, primarily at-risk teens. Other activities may include workshops and lectures on best practices in farming, tours of the pony farm, and open house opportunities for the public to view the farmhouse. The Turner Farmhouse Foundation might also partner with other organizations, such as the Becky Love Foundation and Comfort Zone Camps, to conduct retreats. The use as described has been determined to be a Public Benefit Association, which is permitted by special exception pursuant to Paragraph 7 of Sect. 9-301 of the Fairfax County Zoning Ordinance.

Supervisor Foust stated that the Turner Farmhouse Foundation had recently submitted its application for a Special Exception and has requested consideration of a waiver of the filing fee of $16,375. The Resident Curator Program was created as a mechanism to leverage private investment in sites that the County could not otherwise make. Because of the program, the Turner Farmhouse, a beloved landmark of the Great Falls community, has been restored. If the Board approves the Special Exception, the garage will also be restored into a place where at-risk
teenagers could enjoy some respite. As a result, more people will be drawn to the historic site than if there were just a private citizen living in the house.

Supervisor Foust stated that the Turner Farmhouse Foundation proposal will bring benefits to the community and demonstrates good cause for the Board to waive the filing fee.

Therefore, Supervisor Foust moved that the Board direct the staff of the Department of Planning and Development to waive all filing fees for the Special Exception application submitted by the Turner Farmhouse Foundation. This motion should not be construed as a favorable recommendation on the Special Exception application by the Board and does not relieve the applicant from compliance with the provisions of any applicable ordinances, regulations, or adopted standards. This action in no way prejudices the substantive review of the applications. Chairman McKay seconded the motion and it carried by unanimous vote.

12. **COVID-19 AND VACCINATION PLANS** (3:13 p.m.)

Supervisor Alcorn announced that he recently shared with the Board a link to a video by Dr. Ben Schwartz, Director of the Health Department’s Division of Epidemiology and Population Health. He also thanked Dr. Schwartz and Dr. Gloria Addo-Ayensu, Director of Health, for their hard work on developing vaccination plans.

13. **NO BOARD MATTERS FOR SUPERVISOR LUSK (LEE DISTRICT)** (3:14 p.m.)

Supervisor Lusk announced that he had no Board Matters to present today.

14. **ESTABLISHMENT OF A RIVER FARM HISTORIC OVERLAY DISTRICT (HUNTER MILL DISTRICT)** (3:15 p.m.)

Storck stated that the American Horticultural Society property is located at 7931 East Boulevard Drive, in Alexandria. The property was listed on the Fairfax County Inventory of Historic Sites as “Wellington/George Washington’s River Farm” in 1969.

The land was originally owned by George Washington and the existing dwelling may date as far back as 1790. The property passed through several prominent Fairfax County residents, including the Snowdens and the Mathesons. The American Horticultural Society purchased the property in 1973 for its national headquarters.

The surrounding community has expressed interest in the consideration of the establishment of a Historic Overlay District for River Farm and that it is appropriate for the County to consider this, due to its historic, cultural and potential archaeological significance in Fairfax County. The November 12 memo sent by the
Department of Planning and Development, in response to my October 20, 2020, request for analysis of options related to establishment of a Historic Overlay District (HOD) for River Farm and other options for preservation, staff conclusions showed a HOD as the most sure way for a public entity to preserve the site.

Supervisor Storck clarified that his motion will direct staff to analyze the property for inclusion within the potential River Farm Historic Overlay District. The potential boundary consists of the entirety of the property located at Tax Map Parcel number 102-2 ((01)) 20. Amendments to both the Comprehensive Plan and the Zoning Ordinance map and text would be required to establish a River Farm Historic Overlay District. To expedite the review and analysis of the River Farm Historic Overlay District proposal, this Board item includes both a resolution and a motion. The resolution is required by statute for the Board to initiate amendments to the Zoning Ordinance map and text. The resolution and motion include authorization of:

- Comprehensive Plan Amendments

- Zoning Ordinance Text and map amendments to establish boundaries and regulations for a River Farm HOD

Therefore, Supervisor Storck moved that the Board adopt the November 17, 2020, River Farm Historic Overlay District resolution authorizing proposed amendments to the Comprehensive Plan and the Zoning Ordinance to create a Historic Overlay District for River Farm—a process which will include, but is not limited to, the following:

- Preparing a staff report that will analyze and provide recommendations on the historic, architectural, cultural, and archaeological significance, as well as the boundaries for the potential historic overlay district. This report will be coordinated with all appropriate Boards, Authorities, and Commissions

- Drafting and advertising public hearings on a proposed amendment to the Comprehensive Plan for any map and text changes that may result from this process

- Drafting proposed amendments to the Zoning Ordinance to establish boundaries and regulations for the Historic Overlay District along with appropriate use regulations, if recommended by the report, and advertising those amendment for public hearings before the Planning Commission and the Board of Supervisors

Supervisor Storck further moved that the Board authorize the County Executive or his designee, to act as agent for the County for all matters concerning this matter. The approval of this motion and related resolution does not in any way relieve the participants from compliance with the provisions of all applicable ordinances, regulations or adopted standards, nor does it prejudice in any way
the Board’s consideration of the proposed amendments. Chairman McKay and Supervisor Gross jointly seconded the motion and it carried by unanimous vote.

15. **BUTTONS IN HONOR OF RUBY BRIDGES** (3:21 p.m.)

Supervisor Palchik thanked the Board for wearing the buttons her office distributed in horror of her being one of the first Black students to integrate public schools after the Supreme Court's landmark ruling in *Brown v. Board of Education*.

16. **RECOGNIZING JANUARY 2021 AS “NATIONAL HUMAN TRAFFICKING AWARENESS MONTH IN FAIRFAX COUNTY”** (3:24 p.m.)

Jointly with Chairman McKay, Supervisor Herrity stated that January 2021 will mark National Human Trafficking Awareness Month. Human traffickers use fear and intimidation to keep trafficking victims silent, which makes raising awareness vitally important to ending this horrific crime. The circumstances created by the pandemic have tragically led to an increase in trafficking across our country and around the world. The Polaris Project saw their Trafficking Hotline call volume increase by over 40 percent within the month after initial stay at home orders were issued. It is critical to continue to educate residents on the signs of trafficking, what to do to protect themselves and those around them, and work to make Fairfax County a nonpermissive environment for all forms of exploitation.

As we educate ourselves and others on human trafficking, we also need to publicly recognize the many forms it can take. In March, he stated that he asked the Board to form an interdepartmental work group to focus on the issue of over 80 illicit massage businesses (IMBs) operating in Fairfax County. These businesses hide in plain sight among legitimate businesses and make up one of the largest and most networked markets in the United States sex trafficking industry. While the pandemic response has delayed that effort until recently, this work group is now meeting and other efforts to stop trafficking in our region have continued.

Over the past year, our law enforcement agencies have arrested multiple traffickers operating in Northern Virginia area. In many of these cases there was a connection to gang activity, specifically MS-13, taking advantage of our most vulnerable. According to the Polaris Project’s 2019 data report, the top three risk factors for trafficking vulnerability are substance abuse concerns, runaway homeless youth, and recent migration/relocation. All these factors exacerbated by the pandemic cause our youth to be more vulnerable to gang affiliation and trafficking. In our efforts to raise awareness of human trafficking, we need to continue to crack down on the gangs that prey on our immigrant communities, runaways, and those with drug addictions while providing preventative services especially for our children.
Recognizing Human Trafficking Awareness Month in Fairfax County will reiterate Fairfax County’s commitment to preventing human trafficking, and its across-the-board consequences for victims, their families, and the community.

Therefore, jointly with Chairman McKay, Supervisor Herrity asked unanimous consent that the Board direct staff to prepare resolution recognizing January 2021 as “Human Trafficking Awareness Month” in Fairfax County in honor of the tireless efforts of staff and County partners who have worked to raise awareness, aid survivors, and bring traffickers to justice, to be presented to Francisco Klockner Gonzalez, the county Gang Prevention Coordinator. Supervisor Herrity stated that the County’s gang prevention partners have made gang trafficking of girls a priority issue. Mr. Gonzalez works with Fairfax County Public Schools, the Fairfax County Police Department, Child Protective Services, Northern Virginia Family Service and others to identify girls who are in danger or at risk and find services for them. Mr. Gonzalez has played a significant role in raising awareness in our community through presentations on gang trafficking for school staff and community groups. Without objection, it was so ordered.

17. LETTER TO GOVERNOR NORTHAM REGARDING UNEMPLOYMENT CLAIMS (3:27 p.m.)

Supervisor Herrity stated that over the last year, our region has lost a significant number of jobs, especially within our hospitality and service industry. These job losses have put many of our residents through turmoil as they try to care for themselves and their families during a pandemic. When these residents have tried to apply for unemployment, they have been met with a bureaucratic nightmare while waiting for their claim to be approved or simply waiting for a response.

This issue has continued from April through October to the point where Virginia has been ranked among the worst states in the nation for quickly reviewing unemployment claims. Many residents have reached out to my office, as I am sure they have to my colleagues as well, to ask us to advocate for a response from the state. Unfortunately, conditions do not seem to be improving and there is potential for a new round of layoffs as we approach the winter months.

Therefore, Supervisor Herrity moved that the Board direct staff to prepare a letter to Governor Northam outlining the Board’s concerns about ongoing unemployment cases affecting Northern Virginia residents. The letter should include our concern about the upcoming winter months and the potential for significant additional job losses that could cause many of our residents to rely on the prompt processing of their unemployment claims. The letter should ask the Governor to direct the resources necessary to more timely address unemployment claims. Supervisor Gross seconded the motion.
Discussion ensued between the Board regarding the following:

- The inadequacy of certain phone lines helping those in need
- Tone and language of the letter
- Including appropriate facts in the letter
- Issues people have when trying to access unemployment benefits
- The amount for unemployment being inadequate
- Include language for vulnerable populations

Following the discussion, the question was called on the motion, as amended, and it carried by unanimous vote.

18. **GRATITUDE FOR CAREGIVERS FOR OLDER ADULTS** (3:36 p.m.)

Supervisor Herrity expressed appreciation for the caregivers for older adults in the community.

19. **CONCURRENCE IN FILING FOR STONECROFT LEE, LLC SULLY DISTRICT** (3:38 p.m.)

Supervisor Smith stated that the applicant Stonecroft Lee, LLC has filed a rezoning application to rezone Tax Maps 33-2 ((2)) 10 and 11 (Parcels 10 and 11), and 34-1 ((2)) 11A (Parcel 11A) located to the north of the intersection of Stonecroft Boulevard and Thompson Road from the I-3, WS, and AN Districts to the I-5, WS, and AN District to permit a new storage yard.

The property is surrounded by industrial uses to the south and the Dulles International Airport to the north. Resource Protection Areas (RPA) are located to the west and south of the property. As part of the zoning application, the applicant proposes to incorporate Glorus Road, which is located between Parcels 10 and 11, within the subject property. Glorus Road is proposed to be vacated and abandoned in a separate, but concurrent process to help prevent future encroachments within the adjacent RPA areas. Since the Board of Supervisors owns the Right of Way associated with Glorus Road, the Board must concur with the filing of the application. The applicant understands that this motion will not prejudice the consideration of the application in any way.

Therefore, Supervisor Smith moved that the Board concur with the filing of a rezoning application (currently referenced with a temporary id of RZ 2020-0092) by Stonecroft Lee, LLC, to rezone Right of Way associated with Glorus Road, to the I-5, WS, and AN Districts. Supervisor Smith further moved that the Board authorize the County Executive and/or his designees to act as agent
of the Board in connection with this application. Supervisor Foust seconded the motion and it carried by unanimous vote.

20. **EXPEDITED AND CONCURRENT PROCESSING FOR SHEETZ, INC. (SULLY DISTRICT) (3:40 p.m.)**

Supervisor Smith stated that SHEETZ, INC. (the "Applicant") is currently processing an application identified as Special Exception Application SE 2020-SU-005. The application proposes a Sheetz service station with a quick-service food store and restaurant with drive-through uses facility on approximately 2.7 acres located in the southeastern quadrant of the intersection of McLearen Road and Towerview Road. This will be the first Sheetz location in Fairfax County.

The proposal will improve the site with landscaping, open space, and an attractive building design, and the use will complement and serve the Dulles Suburban Center office and light industrial warehouse neighborhood. The Applicant is eager to pursue construction as soon as possible on the initial development phase and has requested expedited and concurrent processing of the pending application.

Therefore, Supervisor Smith moved that the Board direct staff to expedite the scheduling of the Board of Supervisors public hearing for Special Exception Application SE 2020-SU-005 to March 23, 2021. Supervisor Smith further moved that the Board direct the Director of the Department of Land Development Services to accept for concurrent and simultaneous processing any site plans, architectural drawings, or other drawings as may be necessary in conjunction with the application filed on behalf of the Applicant. This motion should not be construed as a favorable recommendation by the Board of Supervisors and does not relieve the Applicant from compliance with the provisions of all applicable ordinances, regulations or adopted standards. Supervisor Foust seconded the motion and it carried by unanimous vote.

21. **ADMINISTRATIVE ITEMS (3:42 p.m.)**

Supervisor Gross moved approval of the Administrative Items. Supervisor Foust seconded the motion.

3:00 P.M. – PUBLIC HEARING TO RECEIVE COMMENT FROM CITIZENS ON THE PROPOSED LEGISLATIVE PROGRAM TO BE PRESENTED TO THE 2021 VIRGINIA GENERAL ASSEMBLY (GA)

(4:05 p.m.)

A Certificate of Publication was filed from the editor of the Washington Times showing that notice of said public hearing was duly advertised in that newspaper in the issues of October 30 and November 6, 2020.

Supervisor Walkinshaw, Chair of the Board’s Legislative Committee, presented a brief synopsis of the proposed Legislative Program, noting the following:

- Language, high-lighted in yellow in the distributed draft program, has been added since the Board’s last Legislative Committee meeting on October 27; the new language is in response to direction the Board provided staff at that meeting

- The County was able to remove several long-standing priorities from its program this year as they were achieved during the 2020 session. The state’s revenues have continued to fluctuate considerably in recent years and the COVID-19 pandemic has had significant impact on these revenues. This has led the GA to undo much of the positive progress that was included in the budget passed during the 2020 session. The state budget will be a major area of focus in the 2021 session as the GA continues to respond to the pandemic and works on amending its budget for FY2021 and FY2022

- Many of the Board’s fundamental priorities remain the same from previous years including:
  - State support for education to fully meet its responsibility to adequately fund K-12 education, including restoration of full funding for Cost of Competing funds
  - The Regional Transportation Priorities
statement encourages the GA to fully restore funding to the Northern Virginia Transportation Authority in an amount equal to what was diverted by the 2018 GA

- The Transition Priority Statement encourages the GA to continue to build upon legislation providing significant transportation revenues passed by the 2013 and 2020 GA’s to ensure sufficient funding for transportation use

- The Human Services Issue Paper is again part of the package, which highlights the County’s interest in a number of human service programs, and includes three priorities:

  1. State funding and actions to increase availability of affordable housing options

  2. Sustainable state-funding for diversion programs to connect those who come into contact with the criminal justice system for low-level offenses

  3. Increase state-support to address the ongoing substance-use disorder epidemic

Supervisor Walkinshaw noted that the Board had three other items under consideration as initiatives this year, including the following:

- Increase the number of members on the Fairfax County Economic Development Authority Board from seven to nine, which could further diversify participation from the County’s business community while maintaining focus on the traditional business base

- Allow ordinances adopted to ensure continuity in government to remain in effect for up to twelve months following a disaster. Current Virginia laws allows such ordinances to remain in place for up to six months. Providing localities with this authority would allow additional time when necessary for residences and business owners to recover from the disaster before returning to normal operations

- Update and modernize the State’s funding formula for the Commonwealth’s Attorney Offices to reflect the goal of improving the criminal justice system and policing. The current
formula uses an outdated approach focused on felony inditement and sentencing events in Circuit Court, which is antithetical to the goal of increasing diversion programs and utilizing specialty dockets. A new formula would reflect the goal of supporting efforts to create a more equitable criminal justice system and improving outcomes for the entire community.

Supervisor Walkinshaw stated that the Board’s last Legislative Committee meeting for this year will be on November 24, 2020, at which time it will finalize the State Legislative Program in preparation for Board adoption on December 1, 2020. Federal issues will also be discussed at the meeting.

Following the public hearing, which included testimony by five speakers, Supervisor Walkinshaw announced that the draft budget fact sheet has been distributed to Board and the draft Human Services and Transportation fact sheets will soon be distributed. Supervisor Walkinshaw requested that any feedback on the fact sheets be provided to staff prior to the next Legislative Committee meeting.

Supervisor Walkinshaw stated that on December 8, 2020, the Board will host its annual legislative work session with the County’s delegation on the General Assembly.

Andrew Painter, Agent, Walsh, Colucci, Lubeley & Walsh, P.C., reaffirmed the validity of the affidavit for the record.

Katelyn Quinn, Planner, Zoning Evaluation Division, Department of Planning and Development, gave a presentation depicting the application and site location.
Mr. Painter had filed the necessary notices showing that at least 25 adjacent and/or interested parties had been notified of the date and hour of this public hearing and he proceeded to present his case.

Following the public hearing, which included testimony by nine speakers, Ms. Quinn presented the staff and Planning Commission (PC) recommendations.

Supervisor Alcorn asked if staff were currently working on an update to the Comprehensive Plan to address airport noise as well as updating noise contours.

Mr. Gorney further clarified that staff were not currently working on updating the noise contours.

Supervisor Lusk asked how many of the proposed units would have rooftop decks.

Mr. Painter stated that rooftop decks were an option but not mandatory.

Discussion ensued by the Board regarding the external and internal noise concerns and the frequency of flights that would use the flight path located above the property location.

Supervisor Foust seconded the motion.

Discussion ensued by the Board regarding:

• The current noise level at the site, for nearby properties, and current uses near the site

• The accuracy of the noise contours map

Barbara Byron, Director, Department of Planning and Development stated that Johnson Aviation was hired to study the noise contours and analyze the study completed by the Metropolitan Washington Airports Authority (MWAA). Ms. Byron further stated that Johnson Aviation had reported that there were no issues with the methodology used by MWAA, but there were concerns with the assumptions regarding the methodology because it is unprecedented to estimate into future years, which the MWAA study did.

Further discussion ensued by the Board regarding:

• The change in noise contours during the evening

• MWAA’s estimates for increased cargo flights

• Testimony received by the Board

• The impact this development would have on Dulles International Airport

• The need to update the 2019 noise contours

• Whether the potential owners would be informed prior to purchase about the noise issues

• The limitations imposed by Federal laws

• The current development needs for the Sully District

• Whether the application was in conformance with the Comprehensive Plan
