

JET Subcommittee Discussion

2/19/20

1. In depth conversations to establish understanding of County/Schools existing practices, goals and targets for your subject areas. As well as limitations and restrictions on what County/schools can and cannot do. Identify what additional information is needed to make recommendations to the County/schools. (February/March)
2. Determine what targets/goal areas are appropriate for your subject area. (March/April) (i.e. conversion to electric vehicles)
3. Draft aspirational and practical targets/goals for recommendation to County/schools. i.e. All electric fleet by 2050. (March/April)
4. Draft actions to recommend in support of targets/goals. i.e. Convert 10% of fleet annually. (April/May)
5. Prepare for presentation of targets/goals/actions to full JET. (May/June)
6. Presentations to full JET. (June/July)
7. JET recommendations to County/schools. (July/September)
