He asked to keep everyone in the County, and around the world, in thoughts and prayers during this difficult time

He thanked the first responders for their work, for not giving up, and for finding them and helping the families deal with the tragedy and get closure.
The Board asked everyone to keep in thoughts:

- Supervisor Alcorn and his family following the recent loss of his mother
- Richard “Dick” Dickson, a resident of Clifton, who died recently. He served in the US Marine Corps and infantry and reconnaissance training officer with the first Marine Division; served as the Assistant Commonwealth’s Attorney for Fairfax; after retirement as a lawyer, he co-founded the Thomas Jefferson Heritage Society and was involved in many organizations. His daughter Beth Methfessel, works in the Office of Elections
- The family of Emily Lu, who went missing several weeks ago and her body was recently discovered. Her only daughter, Jennifer Ball, described her mother as very giving and kind person. Ms. Lu lived in the County for more than 30 years and after retirement, she worked at Home Instead Senior Care in Annandale helping elderly clients through the pandemic
- Dr. Douthard Butler, who died recently. He was a beloved member of the Mount Vernon District. He retired from the US Army; was a past president of the Mount Vernon Rotary club; he held various leadership positions in the district; and taught as an adjunct professor at George Mason’s School of Policy, Public and International Affairs

BOARD MATTERS

7. PROCLAMATION REQUEST DESIGNATING AUGUST 3, 2021, AS “NATIONAL NIGHT OUT” (10:24 a.m.)

Chairman McKay relinquished the Chair to Vice-Chairman Gross and asked unanimous consent that the Board direct staff to prepare a proclamation designating August 3, 2021, as “National Night Out,” be presented to the Police Department. Without objection, it was so ordered.

8. PROCLAMATION REQUEST DESIGNATING SEPTEMBER 2021 AS “KINSHIP CARE MONTH” (10:24 a.m.)

Chairman McKay asked unanimous consent that the Board direct staff to prepare a proclamation designating September 2021 as “Kinship Care Month,” be presented to the Department of Family Services. Without objection, it was so ordered.

9. PROCLAMATION REQUEST FOR JOE MONDORO, CHIEF FINANCIAL OFFICER (10:24 a.m.)

Chairman McKay stated that on September 10, 2021, Joe Mondoro, Chief Financial Officer, will be retiring. Mr. Mondoro began with the County as a Budget Analyst in 1995 and worked his way up to know every in and out of the County’s multi-billion-dollar budget.

In his time with the County, Mr. Mondoro has ensured that the County continues its reputation as a well-run County with triple-A bond ratings and steered the agencies through the lines of business process which helps shape the County’s strategic direction and priorities. During the pandemic, Mr. Mondoro was a necessary voice in the County’s response to the pandemic and was integral in guiding use of federal stimulus dollars.

Chairman McKay stated that he is rarely at a loss for words, but Mr. Mondoro literally does and knows everything about the County. He has far too many accomplishments to list, and he’s certainly been a friend and a calming voice for decades. Chairman McKay stated that the entire Board will miss him.

Therefore, jointly with the entire Board, Chairman McKay asked unanimous consent that the Board recognize Mr. Mondoro for his service, contributions, and accomplishments in his time in Fairfax County Government and direct the Office of Public Affairs prepare a proclamation for presentation at a future Board meeting, when it is appropriate to do so. Without objection, it was so ordered.
Chairman McKay stated that in a little less than eight months, the Health Department, along with trusted partners across the community, have vaccinated over 75 percent of people 18 and older against COVID-19. This is a major accomplishment that all should be proud of. In addition, the County has made huge strides in vaccinating the Black and Brown communities that were hardest hit by COVID-19 through equity clinics and one-on-one engagement. The Board knows however, that the work is far from done as the County continues to vaccinate as many people as possible.

The Board knows vaccinations save lives. Significant evidence shows that the vaccine is safe and effective against most COVID-19 hospitalizations and death.

As a local government, the Board serves residents every day in a variety of ways. Many of those are vulnerable residents. The Board continues to advance safety in County buildings as well as in the community.

No one wants to be in this position, but the County is seeing the Delta variant surging in unvaccinated communities across the country. As a County, the Board has to do all it can to protect the community and will continue to work to increase vaccination rates, including that of County employees. The Board must keep in mind that the youngest children remain exposed to COVID-19 because they are unable to be vaccinated. The Board knows how important it will be to fully reopen schools and the economy; its ability to do so is dependent on people getting vaccinated and feeling safe. As a large employer, and one that has successfully and consistently stressed to residents the importance of being vaccinated, the Board must practice what it preaches.

Therefore, as the County Executive finalizes his return to in-person work for employees this fall, Chairman McKay moved that the Board direct the County Executive to:

- Thoroughly explore a COVID-19 vaccine requirement for all County employees. This requirement should include the usual exemptions used by other public and private sector employers such as religious and medical

- As a part of this evaluation, consider a requirement mandating face masks and weekly testing for those employees who do not meet exemptions and continue to refuse the vaccine

Supervisor Foust and Vice-Chairman Gross jointly seconded the motion and it carried by unanimous vote.

Vice-Chairman Gross returned the gavel to Chairman McKay.
11. **NO BOARD MATTERS FOR SUPERVISOR GROSS (MASON DISTRICT)** (10:33 a.m.)

Supervisor Gross announced that she had no Board Matters to present today.

12. **PROCLAMATION REQUEST DESIGNATING SEPTEMBER 2021 AS “SUICIDE AWARENESS MONTH”** (10:33 a.m.)

Supervisor Walkinshaw stated that the COVID-19 pandemic has brought more attention to the impact of increased isolation, stress, and uncertainty on a person’s mental health. In a recent survey, half of adults said that they are more open to talking about mental health since COVID-19. This is encouraging, and this openness will help bring about positive change in the way all talk about suicide. As the County recovers from the pandemic, more needs to be done to help friends, families, and communities reduce the risk of suicide.

Supervisor Walkinshaw shared the following sobering suicide statistics:

- 47,500+ lives were lost to suicide in 2019, nationally
- Suicide is the ninth leading cause of death in Virginia with an average of 1140 suicides occurring annually
- Second leading cause of death for ages 10-34
- 12 million Americans have had serious thoughts of suicide
- 57.5 percent of communities in Virginia did not have enough mental health providers to serve residents in 2020, according to federal guidelines
- 57.98 percent of all suicides were by firearms
- Locally, there were 112,000+ crisis contacts (online chat, hotline, and texts) in Fiscal Year 2021, taken by PRS CrisisLink, which included over 16,000 from verified County residents

Supervisor Walkinshaw stated that everyone can help make a difference in these efforts, starting with outreach, education, and support focused on increasing resiliency. Organizations such as PRS CrisisLink, American Foundation for Suicide Prevention (AFSP), and the Fairfax-Falls Church Community Services Board (CSB) are on the frontlines working to change the conversation from suicide to suicide prevention. By offering support, encouragement, and resources they help promote healing and give hope.

During the month of September, mental health advocates, prevention organizations, survivors, and community members unite to promote suicide prevention awareness. To raise awareness every year, September is recognized as “Suicide Awareness Month.” Supervisor Walkinshaw stated that as part of this effort, he and Supervisor
Smith are leading the County team at the AFSP’s annual Out Of The Darkness community walk on October 2, 2021, in Fairfax City. All are invited to join.

Therefore, jointly with Supervisor Smith, Supervisor Walkinshaw moved that the Board direct staff to:

- Prepare a proclamation designating September 2021 as “Suicide Awareness Month” in the County, and that PRS CrisisLink, AFSP, the CSB, and other partners in suicide prevention be invited to come before the Board on September 14, 2021, to accept this proclamation

- Publicize both, September as “Suicide Awareness Month” and AFSP’s Out of the Darkness walk on October 2, 2021

Supervisor Herrity and Supervisor Lusk jointly seconded the motion and it carried by unanimous vote.

GEORGE MASON UNIVERSITY (GMU) MASTER PLANNING PROCESS (BRADDOCK DISTRICT) (10:36 a.m.)

Supervisor Walkinshaw stated that GMU is a tremendous asset for the County. It is the largest public research university in Virginia, with over 37,000 students. As the Board knows, their main location is the 675-acre Fairfax Campus, located in the Braddock District. GMU provides an economic and cultural vibrancy to the County that only a major institution of higher learning can provide.

In January 2020, GMU began a master planning process to update its current master plan for the university’s three primary campuses in Fairfax, Arlington, and Prince William. The current master plan for the Fairfax Campus was adopted in 2002. Quite a lot has changed over the last twenty years, and just as GMU has updated its strategic and academic goals over that time, this planning process is positioned to update the design of the physical structures at the Fairfax Campus and how it relate to the adjacent community and public infrastructure.

The GMU planning process was split into two phases. The Phase One report, published on July 12, 2021, describes the existing conditions on campus and includes projections on GMU’s growth. This report provides preliminary recommendations for how the GMU campus layout and physical development may need to change to continue GMU’s success into the future. The County is pleased that the Fairfax Campus is proposed to remain as the primary campus.

The Phase Two report, due later this year, will include recommendations for how to accommodate those changes through campus design, including concepts for development of new buildings, changes to the transportation network, and changes to how the campus relates to the surrounding community. These are all critical recommendations that will impact the County for years to come and the Board needs to have a voice in those recommendations.
Jointly with Chairman McKay, Supervisor Walkinshaw thanked Greg Washington, GMU President and Carol Kissal, Senior Vice President, for developing an open and transparent planning process. Supervisor Walkinshaw stated that they appreciate the outreach from Paul Liberty, Vice President for Government and Community Relations, and Traci Kendall, Executive Director of Community and Local Government Relations, to ensure community awareness of this important effort. To date, there have been six community town hall meetings, two presentations to the Fairfax Campus and Community Advisory Board, a community survey which received over 9,400 comments, multiple stakeholder meetings, and the involvement of staff. Supervisor Walkinshaw encouraged his colleagues on the Board and community members to review the materials developed to date, as they are available online for review.

Therefore, jointly with Chairman McKay, Supervisor Walkinshaw moved that the Board direct staff to draft a letter for the Chairman’s signature commending GMU on the community-based Master Plan process they have undertaken over the last 18 months and to outline areas of interest to the County as GMU develops their Phase Two Master Plan for the Fairfax Campus. The letter should come before the Board for endorsement no later than September 14, 2021. Chairman McKay seconded the motion and it carried by unanimous vote.

14. AMERICAN RESCUE PLAN ACT FUNDING FOR COMMUNITY VIOLENCE INTERVENTION PROGRAMS  (10:40 a.m.)

Supervisor Walkinshaw stated that firearms industry data show that nearly 23 million guns were purchased in 2020, an increase of 65 percent compared with 2019. At the same time, the number of homicides in Virginia increased by 23.4 percent and firearms were used in 83 percent of them. The Board enacted an ordinance banning guns from libraries, recreation centers, community centers, and parks, while also advocating for additional legislative efforts such as closing background check loopholes and keeping guns out of the hands of domestic abusers.

Intervention programs are also key to reducing gun violence in the communities. Proven, effective programs have been in practice but due to the decreased human interaction during the pandemic, some of these programs have been cut back. The gap in these services, combined with the effects of the COVID-19 pandemic, may have been contributing factors in the uptick in violence.

Guidance from the Treasury Department on the use of funds in the American Rescue Plan Act (ARPA) indicates that State and Local Fiscal Recovery Funds can support communities working to reduce and respond to increased violence due to the pandemic. Examples of Community Violence Intervention (CVI) efforts can include:

- Focused deterrence, street outreach, violence interrupters, and hospital-based violence intervention models, complete with wraparound services...
such as behavioral therapy, trauma recovery, job training, education, housing and relocation services, and financial assistance.

- Capacity-building efforts at CVI programs like funding more intervention workers; increasing their pay; providing training and professional development for intervention workers; and hiring and training workers to administer the programs.

The Virginia Community Violence Coalition – a newly formed organization consisting of gun violence prevention organizations, activists, health care professionals, and community-based violence interruption and prevention groups – has turned its focus on building support for these CVI programs which can be so effective. As part of its effort, the Coalition has asked local leaders to join together in requesting that state leadership dedicate ARPA funds towards CVI programs such as those outlined above. The Virginia Community Violence Coalition’s request is consistent with the Board’s public safety positions in the Legislative Program and with its youth and domestic violence prevention positions in the Human Services Issues Paper.

Therefore, jointly with Chairman McKay, Supervisor Walkinshaw moved that the Board authorize the Chairman, on behalf of the County, to sign on to the letter to the General Assembly requesting that ARPA funding be dedicated to CVI programs. Supervisor Walkinshaw thanked Governor Northam, Speaker Filler-Corn, and Senate Majority Leader Saslaw on their historic work on gun violence prevention and appreciate the challenges they face in the upcoming August 2, 2021, Special Session. Chairman McKay seconded the motion, which carried by a vote of nine, Supervisor Palchik being out of the room.

15. EMERGENCY SUBSTANTIAL RISK ORDER (ESRO) LAW (10:44 a.m.)

Supervisor Lusk stated that on July 1, 2020, the Commonwealth of Virginia’s ESRO law, commonly referred to as a “red flag law,” went into effect, making Virginia the 19th state to enact such legislation.

Virginia’s ESRO law enables the police to investigate and seek a court order to temporarily remove a gun or guns from individuals who have been determined to be an imminent danger to themselves or others. Such investigations are predicated upon the reporting of a credible concern to the Office of the Commonwealth Attorney, law-enforcement officer, circuit court judge, general district court, juvenile and domestic relations district court, or a magistrate.

The law requires that an independent investigation be conducted by law enforcement which determines that grounds for the petition exist, and that the petition shall expire within 14 days of issuance. Additionally, the law allows for the subject of an order to file an appeal to dissolve the order at any time.

Supervisor Lusk stated that while he, Chairman McKay, and Supervisor Walkinshaw recognize and applaud the actions taken by the legislature to enact this life-saving legislation, they also recognize that public awareness around this
legislation remains low. Therefore, jointly with Chairman McKay and Supervisor Walkinshaw, Supervisor Lusk moved that the Board direct the Office of Public Affairs (OPA) to:

- Undertake a public awareness campaign to educate the residents of Fairfax County about the details of Virginia’s ESRO law.

- Liaise with the Office of the Commonwealth Attorney, as well as any other appropriate body designated to issue emergency petitions, to ensure that all resources shared by OPA are accurate, clear and accessible.

- Report back to the Board on the outcome of the public outreach campaign so that relevant information could potentially be presented at a future Public Safety Committee meeting if deemed appropriate.

Supervisor Lusk stated that this motion has been vetted through the Office of Public Affairs, as well as the Office of the Commonwealth Attorney, and has been brought forward without objection. He shared that the relevant Virginia Code (19.2-152.13) is attached to his Board Matter. Supervisor Alcorn seconded the motion, which carried by unanimous vote.

16. **OUTREACH FOR OLDER DECKS** (10:48 a.m.)

Supervisor Alcorn stated that he has heard homeowners' concerns about the safety of older decks following press reports about deck collapses in the region and beyond.

While the County’s permitting process does an excellent job ensuring that new decks are built structurally sound, years of weather and wear and tear may weaken parts of decks, making them less safe. Deck maintenance and management are the responsibility of the homeowner. However, community outreach to homeowners on how to ensure that older decks are structurally sound can help avoid collapses and other safety concerns.

Therefore, Supervisor Alcorn asked unanimous consent that the Board direct Land Development Services and the Office of Public Affairs to develop and disseminate guidance and information for homeowners with older decks on how to ensure they remain safe and structurally sound. Without objection, it was so ordered.

17. **INTRODUCTION OF INTERNS** (10:49 a.m.)

Supervisor Palchik introduced the following interns in her office:

- Manal Khalid
- Matthew Jaquette

On behalf of the Board, she welcomed them to the County.
18. **MODIFICATION OF FINAL DEVELOPMENT PLAN (FDP) FEES FOR “THE BLOCK AT SCOTTS RUN” (PROVIDENCE DISTRICT)** (10:51 a.m.)

Supervisor Palchik stated that Cityline Partners, LLC has proposed a unique placemaking opportunity for Tysons called "The Block at Scotts Run." Cityline proposes establishing an interim activation of an entire city block consisting of 3.5 acres located within the 1/4-mile radius of the McLean Metro Station. The various interim uses would include a quasipublic park, outdoor commercial recreation, retail, and restaurant uses.

The Property is zoned PTC and is part of the larger development known as Scotts Run Station South (Rezoning Application RZ 2011-PR-011). This location has Conceptual Development Plan (CDP) approval for two high-rise buildings with approximately 900,000 square feet of gross floor area. Although Cityline is not currently prepared to submit an FDP for build out of the CDP approved density, they are very interested in establishing interim activation to provide a sense of place to this vacant site, as well as the broader area. The proposed activation could include outdoor movies, Farmer’s Markets, music in the park, small area for miniature golf/putting green, pop-up retail and restaurants, and other outdoor recreation uses and activities.

The filing fee to seek approval of this interim activation is the same as what would be required to establish the almost one million square feet of gross floor area approved.

Since the County’s current fee structure does not make a distinction between these two types of uses, Cityline has asked for a minor modification of the filing fees for the submission of an FDP to accommodate this unique interim activation.

Therefore, Supervisor Palchik moved that the Board direct staff to:

- Modify filing fees for the FDP to establish an interim activation on Tax Map Parcels 30-3 ((28)) A and 30-3 ((1)) 6C, 6B and 6F to $6,820 + $435 per acre, which is the fee structure for the amendment of a Final Development Plan Amendment (FDPA)

- Apply the standard FDP fee rate to any future FDPA submission to develop the CDP-approved development plan for the site

This motion should not be construed as a favorable recommendation by the Board or the Planning Commission on the proposed application and does not relieve the applicant from compliance with the provisions of all applicable ordinances, regulations and adopted standards. Chairman McKay seconded the motion and it carried by unanimous vote.
19. **PROCLAMATION REQUEST DESIGNATING SEPTEMBER 2021 AS “HUNGER ACTION MONTH”** (10:54 a.m.)

Supervisor Palchik stated that the County is home to 1.2 million people. According to the Feeding America Impact of Coronavirus on Food Insecurity Projections (published March 29, 2021), the food insecurity rate in the County is at 7.4 percent in 2021, up from 5.8 percent in 2019. That means that about 86,716 people in Fairfax are experiencing food insecurity.

At the start of the COVID-19 pandemic, the County Health, Housing and Human Services System created the Community Provider Coordination Team (CPCT). The CPCT identified five key focal areas to coordinate around to address the urgent needs the pandemic created. Food insecurity was identified as a focal area and the Food Access subcommittee was formed.

The Food Access subcommittee continues to meet and has brought together a diverse group of food providers, comprising 150 individuals representing about 40 organizations, including nonprofits, faith communities and county agencies to address food insecurity in the County. Feeding America has designated September as “Hunger Action Month,” a time when people all over America stand against hunger.

Therefore, Supervisor Palchik moved that the Board direct staff to:

- Prepare a proclamation designating September 2021 as “Hunger Action Month”
- Advertise the month-long events that residents can participate in and the resources that are available to help end food insecurity in the County

Chairman McKay seconded the motion and it carried by unanimous vote.

20. **PROCLAMATION REQUEST DESIGNATING SEPTEMBER 15 – OCTOBER 15, 2021, AS “HISPANIC HERITAGE MONTH”** (10:59 a.m.)

Supervisor Palchik stated that Hispanic Heritage Month is an annual celebration of the rich history, culture, and diversity of the Latinx and Hispanic communities. The event, which spans from September 15 to October 15, commemorates the contributions and influence of Hispanic American communities to the entire society. September 15 was chosen as the starting point for the commemoration because it is the anniversary of independence of five Hispanic countries: Costa Rica, El Salvador, Guatemala, Honduras, and Nicaragua, all who declared independence in 1821.

Hispanic Americans represent a vibrant and thriving part of the diverse Nation. During this period, America celebrates these diverse cultures and traditions. The community is very proud of the significant role that its Latinx and Hispanic communities play in the County.
Therefore, jointly with Chairman McKay, Supervisor Palchik moved that the Board direct staff to:

- Proclaim September 15 - October 15, 2021, as “Hispanic Heritage Month” in Fairfax County, and urge all residents to join in recognizing the contributions of the Hispanic and Latinx American communities in the County and throughout the United States

- Prepare a proclamation, and invite representatives from CASA, Edu-Futuro, Defensores de la Cuenca, and the Virginia Latino Advisory Board to be presented with the proclamation at the September 14, 2021, Board Meeting

Chairman McKay seconded the motion and it carried by unanimous vote.

21. REQUEST FOR WAIVER OF FEES FOR PERMITS ASSOCIATED WITH CELEBRATE FAIRFAX INC. EVENTS AT 8508 LEESBURG PIKE (PROVIDENCE DISTRICT) (11:02 a.m.)

Supervisor Palchik stated that on July 30, 2021, Celebrate Fairfax, Inc. is hosting a kickoff event for its 40th Anniversary Celebration event series. The event is located at the County-owned building at 8508 Leesburg Pike, Vienna VA 22182. Supervisor Palchik stated that she is requesting a waiver of the application fees for additional permits associated with community activation events held by Celebrate Fairfax, Inc. located at 8508 Leesburg Pike, Vienna, VA, through the end of the 2021 calendar year.

Placemaking, local businesses, and community engagement are playing vital roles as the County continues reopening and economic recovery. Local businesses and artists are featured in this event series and the location is uniquely situated to serve the growing residential and business community in this area of Tysons.

Therefore, jointly with Chairman McKay, Supervisor Alcorn, and Supervisor Foust, Supervisor Palchik moved that the Board direct staff to waive the application fee for permits associated with Celebrate Fairfax, Inc. events held at the 8508 Leesburg Pike building, through the end of the 2021 calendar year. Chairman McKay seconded the motion and it carried by unanimous vote.

22. LETTER REGARDING THE VIRGINIA DEPARTMENT OF MOTOR VEHICLES (DMV) (11:04 a.m.)

Supervisor Herrity stated that the DMV was closed to residents in the County for much of the pandemic and recently reopened with limited services. Appointments are mandatory and unavailable for as far out as two months. The DMV serves essential functions for County residents including issuing licenses, vehicle registration, and license plates. Many have been waiting to obtain or renew driver licenses. Supervisor Herrity stated that he was glad to see the DMV recently expanded road skills test locations, but more is needed.
While issues with the DMV have been around for years, like many things the pandemic exacerbated those issues. Supervisor Herrity stated that he has heard numerous stories from residents in the County who have made appointments in other parts of Virginia, as far as South Hill, to get a timely appointment. Given that DMV services are essential, County residents should not have to wait over a month or be forced to go to another part of Virginia for an appointment. Residents in the County should be able to go to their local DMV, wait a reasonable amount of time, and receive an appropriate level of customer service like they would expect at any private business. Real ID requirements have been extended to May 3, 2023, and many people will want to make appointments to fulfill this requirement as 2022 approaches. Changes must be made to the DMV to accommodate the backlog from the pandemic as well as the influx of residents needing to update their license for Real ID requirements.

Therefore, Supervisor Herrity moved that the Board direct staff to send a letter to Governor Northam asking him to open DMV locations to accept walk-in appointments and address the wait times that Northern Virginia residents are facing. Supervisor Lusk seconded the motion.

Supervisor Walkinshaw clarified that that DMV locations have been open since mid-2020 and DMV Connect services have been available throughout the County.

Therefore, Supervisor Walkinshaw asked to amend the motion to:

- Edit the language regarding the DMV locations being closed
- Send the letter to the DMV Commissioner and request a plan to increase services and reduce wait times be shared with the Board

Supervisor Herrity and Supervisor Lusk accepted the friendly amendment. Supervisor Herrity clarified that the Governor will need to be provide resources for this request.

Discussion ensured regarding:

- Recent personal experiences with the DMV
- Not overstepping by providing the State with operational requests

Following the discussion, Supervisor Gross asked to further amend the motion and request that personal experiences and challenges be added to the letter. Supervisor Herrity and Supervisor Lusk accepted the friendly amendment. The question was called on the motion, as amended, and it carried by unanimous vote.

**INTRODUCTION OF INTERN** (11:14 a.m.)

Supervisor Herrity introduced Gabriella Tayco, an intern in his office. On behalf of the Board, he welcomed her to the County.
24. **PUTTING FOR PETS GOLF TOURNAMENT** (11:15 a.m.)

Supervisor Smith stated that as the Board is aware, one of the success stories of the County is its Michael Frey Animal Shelter. Not only is the facility the location where a child might pick out their first pet, but also where many of these pets find a new adult companion. In 2020, the Shelter received a total just under 3,000 dogs, cats, small animals, and poultry. Of that number, over 2,000 were adopted and more than 600 were returned to their owners. Despite all the challenges the Shelter faced during the pandemic last year, the 2020 live release rate was an astounding 91.6 percent.

In addition to the outstanding Shelter staff, the Friends of the Fairfax County Animal Shelter, and other volunteers provided over 9,000 in-house hours, and fosters provided over 38,000 hours to the Shelter. The Friends through their efforts provided nearly $161,000 in Shelter funding. These monies were used for items such as $26,000 for medical treatment of Shelter pets.

One of the fundraisers for the Friends Group is the Putting for Pets Golf Tournament. This year’s tournament is Monday, September 27 at Chantilly National Golf and Country Club in Centreville. The shotgun start is 11 a.m. and there will be light breakfast before, and dinner after, the tournament and an auction.

Supervisor Smith stated that if any of her colleagues are golfers and wish to spend time outside on what will hopefully be a beautiful fall day, she would encourage them to sign up.

Therefore, Supervisor Smith asked unanimous consent that the Board direct the Office of Public Affairs publicize the event. Without objection, it was so ordered.

25. **CONCURRENT AND EXPEDITED PROCESSING REQUEST FOR IDI/HUNTINGTON CLUB (MOUNT VERNON DISTRICT)** (11:18 a.m.)

Supervisor Storck stated that the resident owners of the Huntington Club Condominium Association have been working for more than 15 years on a plan to redevelop its condominium to resolve long-term maintenance needs and to take advantage of the property’s proximity to the Huntington Metro Station next door. As a result, the Association has been working with its development partner, the IDI Companies, on the required rezoning applications and on strategies to fund the significant infrastructure needed to support the redevelopment. Special legislation was passed so that the HOA could buy out owners with 80 percent approval to pursue redevelopment. In 2017, 87 percent of the Huntington Club Condominium owners approved this project.

The applicant has been working with staff on revisions to the zoning applications to improve the overall design, and we are encouraged by the progress made to date. There are, however, several elements that must fall into place in the coming months if the project is going to meet the late-2022 deadline for termination of the condominium that was established when the condo owners agreed to pursue
redevelopment. In particular, the applicant needs to begin work on its final development plan, even as the Planning Commission and Board consider the underlying zoning applications. To that end, we propose to establish a Board public hearing date for the rezoning due to the time-sensitive nature of the overall project. Supervisor Storck stated that the County also wants the applicant to be able to submit its site plans when they are ready, although obviously at the applicant’s risk.

In addition, Supervisor Storck stated that he wants to encourage staff to work with the applicant to explore adding this site and the adjacent Washington Metropolitan Area Transit Authority (WMATA) site to the areas eligible for the Economic Incentive Program (EIP) established by the Board late last year and make a recommendation to this Board for its consideration. Inclusion of this site in the EIP program, coupled with other financial tools, could help address the substantial infrastructure costs required as part of the redevelopment’s first phase.

Therefore, jointly with Chairman McKay, Supervisor Storck moved that the Board direct staff to:

- Expedite processing for Rezoning Application RZ/CDP 2018-MV-005 to establish a Planning Commission public hearing date of October 27, 2021, and a Board public hearing date of November 9, 2021

- Process concurrently the site plans for the development associated with RZ/CDP 2018-MV-005

- Explore inclusion of the area of the Huntington Club site and the adjacent WMATA site in the areas eligible for inclusion in the EIP

- Explore the inclusion of the Huntington Club and WMATA sites into the potential program, including any ordinance amendments necessary to facilitate such inclusion; work with the applicant on the potential establishment of a service district for the application property to help facilitate the redevelopment

- Report back to the Board by September 28, 2021, with its recommendations on these or other appropriate actions

This motion should not be construed as a favorable recommendation by the Board, nor does it relieve the Applicant from compliance with the provisions of all applicable ordinances, regulations or adopted standards. Chairman McKay seconded the motion.

Discussion ensured regarding:

- Current issues with the property

- Infrastructure needs
• Special legislation for condominiums

The question was called on the motion and it carried by unanimous vote.

Supervisor Storck stated that pursuant to a prior Board Matter jointly presented by himself and Chairman McKay in October 2020, the County established a seven person Work Group. It was charged with providing recommendations to the Board for the preferred approach for organizing and leading County-wide efforts for an inclusive observance, celebration, and commemoration of the semiquincentennial anniversary of the American Revolution, the Revolutionary War, and the Independence of the United States of America.

This Work Group, led by Scott Stroh, Executive Director at Gunston Hall, included representatives from Visit Fairfax, George Washington’s Mount Vernon, the National Museum of the United States Army, the History Commission, the Fairfax County Human Rights Committee, the City of Fairfax Regional Library, and associated County history, equity, and human rights staff. The Work Group also included representatives from the Department of Planning and Development and from his office.

The Board accepted and approved the Work Group’s Report on July 13, 2021, and this subsequent Board Matter seeks to authorize the implementation of associated procedural and administrative next steps.

Therefore, jointly with Chairman McKay, Supervisor Storck moved:

• That the Board direct the County Executive, with support from the Department of Planning and Development, to take the following steps in furtherance of the implementation of recommendations contained in the previously approved Report from the Semiquincentennial Work Group:

  • Transition the existing Work Group and its current membership to a Fairfax County 250th Commission that will remain in existence through June 30, 2027

  • Working with the inaugural members of this Commission, identify and appoint additional members for the purpose of increasing and diversifying the composition of the Commission. With input from the Board, additional members should include, at a minimum, one representative from each magisterial district

  • Working with the Commission, implement the committee structure proposed in the Report
• Working with the Commission, create and convene an Advisory Council to ensure broad and inclusive community awareness and participation. The Commission will advise the Board of its recommendations for the Advisory Council

• Working with the Commission, develop and present to the Board a business plan and multi-year commemoration budget by December 31, 2021

• Working with the Commission, create and implement a community based, County-wide survey of residents specific to opportunities and ideas associated with the commemoration by December 31, 2021

• Working with the Commission, develop and implement a marketing and promotion plan to build awareness and affinity for the commemoration by April 20, 2022. Research the possibility of applying for a grant from the Virginia Tourism Corporation for this purpose as part of their fall 2021 grant cycle and pursue as appropriate

• Present a semi-annual report of Commission activities to the Board

• Present monthly financial reports to the County entity, department, or individual designated by the Board

• That a consideration of $20,000 be included in the Board’s Carryover discussion to be provided to Visit Fairfax as the proposed fiscal agent for the Commission efforts. This funding would support the initial work of the Commission. The requested funds will be used to establish a website, develop a marketing plan, produce promotional materials, provide matching dollars to support a Virginia tourism grant and for other administrative costs.

Chairman McKay seconded the motion and it carried by unanimous vote.

27. PROCLAMATION REQUEST RECOGNIZING OURISMAN AUTOMOTIVE OF VIRGINIA FOR THEIR 100TH ANNIVERSARY (11:37 a.m.)

Supervisor Storck stated that Ourisman’s story started in 1921 when Ben Ourisman, a D.C. local and only 18 years old, opened his first car dealership, Ourisman Chevrolet. With hard work and perseverance, Mr. Ourisman created a successful business and went on to open a second store in Anacostia. By the late 1940s, Mr. Ourisman’s automobile stores were two of the most successful dealerships in the country. When Mr. Ourisman passed away in 1955, the business leadership was safely in the hands of his son, Mandell Ourisman, who then expanded the organization with two of his sons and his stepson.
Mandell’s sons expanded the business into the greater Washington, D.C. metropolitan area. Danny Korengold, started locations in Virginia when he opened Ourisman Chrysler Jeep Dodge Ram in 1978 on Richmond Highway. He has since opened Ourisman Ford Lincoln in 1982, Ourisman Fairfax Toyota in 1989, Ourisman Chantilly Toyota in 2002, Ourisman Chantilly Kia in 2009, and Ourisman Chevrolet Buick GMC in 2010. Three of these dealerships are located on Richmond Highway and a fourth, Ourisman Kia, will open this fall. The Ourisman name may be recognized nationally, but locally Ourisman is known for its commitment to community and community leaders. A life-long resident of the Groveton area, Michael Bennett joined Ourisman in 1983, and is now a Partner and its Chief Financial Officer. He serves on the Board of Directors for Good Shepherd Housing and Family Services and has been involved with the Mount Vernon Lee Chamber of Commerce for over 40 years. Also, under his leadership, the Ourisman dealerships on Richmond Highway employ more than 600 people.

Therefore, jointly with Chairman McKay and Supervisor Lusk, Supervisor Storck asked unanimous consent that the Board direct staff to prepare a proclamation, to be signed by himself, Chairman McKay, and Supervisor Lusk, to be presented at a future date to Ourisman Automotive of Virginia, recognizing them for 100 years of service. Without objection, it was so ordered.

**PROCLAMATION REQUEST RECOGNIZING WALT WHITMAN MIDDLE SCHOOL FOR THEIR 60TH ANNIVERSARY** (11:39 a.m.)

Supervisor Storck stated that Walt Whitman Middle School opened on September 5, 1961, with an enrollment of 1,066 students at the site on Old Mount Vernon Road that is now Mount Vernon High School. In 1973, it was decided this location would be better for Mount Vernon High School, so Walt Whitman Middle School traded places with the high school, moving to the Richmond Highway location that is now known as Original Mount Vernon High School. With the closing of Fort Hunt High School and the merger of Stephen Foster and Bryant Intermediate Schools in 1985, Whitman was moved again to its present location on Sherwood Hall Lane.

When it opened, Walt Whitman Middle School was one of the first original eleven intermediate schools opened by Fairfax County Public Schools (FCPS). Intermediate schools were created to ease the transition from elementary school to high school by providing students with a specialized program of study geared to the specific needs of their age group.

Although boundaries and locations have changed over the years, the basic premise that contributes to the success of the school is the commitment to meet the needs of the child in the middle. The school has implemented many innovative programs, practices, and strategies to address the school’s changing demographics and students with special needs.

In 2018, Walt Whitman Middle School became FCPS’ first Community School. The program’s goal is to leverage community resources, combining them with an integrated focus on academics, health and social services, youth and community
development, and community engagement to lead to improved student learning, stronger families, and an overall healthier community.

Therefore, jointly with Chairman McKay and Supervisor Lusk, Supervisor Storck asked unanimous consent that that Board direct staff to prepare a proclamation, to be signed by himself and Chairman McKay, to be presented to Walt Whitman Middle School outside of the Board Room, in recognition of the school’s 60th anniversary. Without objection, it was so ordered.

“WHEREAS, the Board of Supervisors of Fairfax County, Virginia (“the County”), through its elected representatives and counsel, and the Commonwealth of Virginia, through the Office of the Attorney General, are separately engaged in litigation seeking to recover costs incurred and to be incurred in abating the opioid addiction epidemic that plagues Virginia communities;

WHEREAS, the County and the Commonwealth of Virginia share a common desire to abate and alleviate the impacts of the opioid addiction epidemic and to maximize litigation recoveries from those third parties responsible for same;

Supervisor Foust stated that on June 22, 2021, the Board authorized the County Attorney to send a letter to the Falls Church City Attorney voicing County staff’s concerns over the City’s proposed expansion of the economic development area at
West Falls Church and noting that such expansion would appear to run afoul of the 2013 Voluntary Boundary Adjustment Agreement (VBAA) between the County and the City. On July 13, 2021, the Board also authorized the County Attorney to negotiate an agreement with the Falls Church City Attorney that would establish, among other things, a firm acreage limit on the land area that can be used for non-school purposes under the terms of the VBAA.

Therefore, Supervisor Foust moved that the Board:

- Authorize and direct the County Attorney to negotiate an agreement with the City Attorney that addresses the Economic Development Project specifically, including terms providing that the proposed one-third-acre expansion complies with the limits in the VBAA and recognizing no further expansion of land area is permitted for the Economic Development Project
