BOARD MATTERS

1. **Masks Optional** (9:33 a.m.)

Chairman McKay stated that masks will now be optional for employees and visitors in all County facilities, except for those where health or medical services are provided. This is based on the updated Center for Disease Control metric that place the County’s current COVID-19 community transmission level at low. Still, we know that a layered approach to mitigation is the best way to defeat the virus, so masks are still encouraged but not required.

2. **Remote Participation of Supervisor Palchik (Providence District)** (9:34 a.m.)

Chairman McKay announced that Supervisor Palchik will be participating in the meeting remotely due to the birth of her first child and asked her to identify herself for the record and provide her general location.

Due to technical audio issues, Supervisor Palchik’s voice could not be heard.

Following an inquiry to Elizabeth Teare, County Attorney, regarding the issue, Chairman McKay announced that the Board will proceed with the Moment of Silence and will remotely connect with Supervisor Palchik later in the meeting.

(Note: Later in the meeting, Supervisor Palchik joined the meeting remotely. See Clerk’s Summary Item #4.)

3. **Moment of Silence** (9:36 a.m.)

The Board asked everyone to keep in thoughts the family and friends of:

- John “Til” Hazel, Jr., who passed away recently, at the age of 91. His imprint on the County will last forever both as a trailblazer and significant contributor to the title being the “Economic Driver” of the Commonwealth of Virginia, building homes now occupied by one in every ten residents of the County

- Coral Hicks, mother of the Mount Vernon-Lee Chamber of Commerce president, Holly Dougherty. Ms. Hicks, a resident of Utah, was an active member of the Latter Day Saints Church, an election officer, certified midwife and family practitioner

- Pat Charboneau, who passed away recently. She was a former colleague of Supervisor Storck, who worked many years for Fairfax County Public Schools and was Deputy Clerk to the School Board
- George Robert Rumore, who passed away recently. He was a long-time softball coach at Lake Braddock Secondary School, training and advocating for the girls on the team which led to more than 200 wins. He served in the Vietnam War and after retiring from service, started coaching youth sports and used his military experience to prepare the teams for competition.

4. **REMOTE PARTICIPATION OF SUPERVISOR PALCHIK (PROVIDENCE DISTRICT)** (9:43 a.m.)

(Note: Earlier in the meeting, Chairman McKay announced Supervisor Palchik’s remote participation. See Clerk’s Summary Item #2.)

Chairman McKay asked Supervisor Palchik to identify herself for the record and provide her general location.

Supervisor Palchik stated that she was participating remotely from her home in the Providence District.

Chairman McKay relinquished the Chair to Vice-Chairman Gross and moved that the Board:

- Certify for the record that Supervisor Palchik’s voice can be heard by all persons assembled in the Government Center
- Confirm that Supervisor Palchik’s remote participation in the Board meeting today fully conforms with the Board Policy for participation in meetings by electronic communication

Vice-Chairman Gross seconded the motion and it carried by unanimous vote.

Vice-Chairman Gross returned the gavel to Chairman McKay.

**AGENDA ITEMS**

5. **PROCLAMATION DESIGNATING APRIL 2022 AS “CHILD ABUSE PREVENTION MONTH” IN FAIRFAX COUNTY** (9:43 a.m.)

Jointly with Supervisor Palchik, Supervisor Lusk moved approval of the Proclamation designating April 2022 as “Child Abuse Prevention Month” in Fairfax County and urges all residents to wear blue on April 1, Virginia’s Wear Blue Day, plant a pinwheel garden to show support, and find ways to support families and help all children in the community to be safe. Chairman McKay seconded the motion and it carried by unanimous vote.
6. **PROCLAMATION DESIGNATING APRIL 4-10, 2022 AS “PUBLIC HEALTH WEEK” IN FAIRFAX COUNTY** (9:57 a.m.)

Chairman McKay relinquished the Chair to Vice-Chairman Gross and moved approval of the Proclamation designating April 4-10, 2022, as "Public Health Week" in Fairfax County and urges all residents to recognize that health is a human right and by working together we create safer, healthier and more resilient neighborhoods and communities. Vice-Chairman Gross seconded the motion and it carried by unanimous vote.

Vice-Chairman Gross returned the gavel to Chairman McKay.

7. **9:30 A.M. – REPORT ON GENERAL ASSEMBLY ACTIVITIES** (10:09 a.m.)

Supervisor Walkinshaw, Chairman of the Board’s Legislative Committee, presented the final report on General Assembly activities, noting the following:

- The regular session of the 2022 General Assembly adjourned on March 12, 2022. Board Members received a copy of the draft final report by email. A final version of the report will be posted on the Board’s web page next week.

- Looking at the session by the numbers underscores the volume of bills that were considered this year by the General Assembly and the Board:
  - 3,143 bills and resolutions were introduced
  - 1,841 bills were reviewed by County operational and legal staff
  - The Board took formal positions on 189 bills

- The Board originally opposed or sought to amend 107 bills; at the end of the session, 12 bills remained in that category. Of those 12, one was fixed the final week of the session, and several are House and Senate versions of the same bill, so only nine discrete proposals that the County sought to oppose or amend remain

- The General Assembly did not pass its budget before adjourning. Governor Youngkin will call a special session in the coming weeks to resolve the budget and act on a small number of bills in conference that were also carried over to the special session. One of the outstanding issues that will need to be resolved as part of those discussions is the potential elimination, in whole or in part, of the sales tax on groceries and the fiscal impact of any final proposal on localities
As the Board has discussed throughout the session, the current sales tax on groceries generates approximately $60-70 million per year in Fairfax County, with a significant portion being dedicated to K-12 funding. Though the current proposals do seek to backfill that funding, they do not mitigate the projected $135 million annual reduction in sales taxes directed to transportation.

After the session had concluded Governor Youngkin announced a plan to send emergency legislation temporarily suspending the entire statewide gas tax to the General Assembly for consideration during the special session. The Governor stated that this is in response to the current spike in gas prices, at least in part resulting from the Russian invasion of Ukraine and the ongoing conflict in that region. The bill would impact the state tax of 26.2 cents per gallon for gasoline and 27 cents per gallon for diesel (which is deposited into the Commonwealth Transportation Fund), reducing state transportation revenues by approximately $473 million. Though the gas tax suspension would be temporary, the Governor’s plan would also cap the annual inflation adjustment to the gas tax at two percent per year, potentially creating a permanent reduction in state revenues. This proposal could have a significant impact on state transit operations funding, as well as transit capital and roadway funding. While the Governor indicated that the goal of this plan is to combat high gas prices, there is no guarantee that suspending the state gas tax would have any impact on gas prices, as retailers are not required to pass the reduction on to consumers.

Northern Virginia has not yet been made whole from regional funding diverted to the Washington Metropolitan Area Transit Authority (WMATA) in 2018 – only $63.5 million of the $102 million in annual funding has been restored so far. Also, the County recently approved funding to pay the Virginia Department of Transportation (VDOT) for an additional round of mowing on the right of way – unfortunately this is not a one-time occurrence, and if VDOT is unable to adequately fund small ticket items like mowing, it seems difficult to imagine that the Commonwealth is in a position to reduce transportation revenues.

The impact of the session on many County priorities, including K-12 funding, transportation, human services, and public safety, will not be fully determined until the final budget is passed. Staff will continue to work with the County’s delegation and update the Board as information becomes available.

Other key measures that passed the General Assembly include the County’s legislative initiatives:
• HB 396 (Sullivan), which reduces barriers for localities seeking to participate in virtual net metering through the State’s Municipal Net Metering Pilot Program

• HB 443 (Bulova), which allows the Fairfax County Park Authority to resell electricity through electric vehicle charging stations

Supervisor Walkinshaw recognized the legislative staff and thanked them for their hard work and dedication during the General Assembly session.

Supervisor Walkinshaw moved adoption of 2022 General Assembly Final Legislative Report. Supervisor Alcorn seconded the motion.

Discussion ensued, with input from Claudia Arko, Legislative Director, and Noelle Dominguez, Department of Transportation, regarding:

• Structural underfunding in Northern Virginia
• Transportation, schools and mental health funding
• Exhaust noise legislation and whether it is enforceable
• Speed limit bills not supported for pedestrian and bicycle safety

The question was called on the motion and it carried by a vote of nine, Supervisor Herrity voting “NAY.”

24. NEW HOUSING GOAL FOR AFFORDABLE HOUSING UNITS (10:35 a.m.)

Chairman McKay stated that as the Board set a goal of 5,000 new affordable housing units by 2034, the Board knew that this would be an amount it would set out to exceed. It has always been a “floor,” not a “ceiling,” to meet the County’s identified need of 15,000 net new units of affordable housing, as laid out by the Affordable Housing Resources Panel.

The Board set this goal with the intent to blow it out of the water, and the County is doing just that. With 2,200 new units in the development pipeline right now and many more on the way, in every corner of the County, enormous progress is being made towards that current goal.

With this progress, it is time to re-evaluate the minimum goal of 5,000 units. The Board has always set out to be aspirational in affordable housing work, and it has paid off.

Therefore, jointly with Supervisor Foust, Chairman McKay moved that the Board adopt a new housing goal of 10,000 net new affordable housing units by 2034 and direct staff to evaluate this new goal and identify the resources needed to achieve it. Supervisor Foust and Supervisor Lusk jointly seconded the motion.

Discussion ensued regarding the following:

- Appreciation for staff
- Increasing new units of affordable housing within each District
- The current tax burden on the residents
- Resources needed to achieve this goal
- The benefit of this goal

The question was called on the motion and it carried by a vote of nine, Supervisor Herrity voting “NAY.”

25. AID PROGRAM FOR REFUGEES FROM UKRAINE (11:01 a.m.)

Chairman McKay stated that since Russia’s unprovoked and unjustified invasion of Ukraine, more than three million residents have fled their homes.

Chairman McKay stated that the County is one of the most generous and caring communities, and his office has been flooded by requests to help.
To that end, Chairman McKay announced a press conference will be held on March 23, 2022, in the Forum, in conjunction with the Northern Virginia Regional Commission and some other regional colleagues, to launch an aid program to collect new/gently used coats, as well as new blankets, socks, and gloves, for refugees from Ukraine. It is open to everyone and will be held at 10 a.m.

Chairman McKay thanked the Board for agreeing to use their offices as drop-off points for these items. A full list of drop-off sites will be announced on March 23, 2022, when the campaign officially begins. More information can be found at: www.HelpUkraineNova.org.

26. WASHINGTON METROPOLITAN AREA TRANSIT AUTHORITY (WMATA) YELLOW LINE SHUTDOWN (11:04 a.m.)

Chairman McKay stated that WMATA announced the Yellow Line tunnel and bridge crossing the Potomac River will shut down starting September 10, 2022, for up to eight months because of essential safety rehabilitation work.

Clearly, safety must be the highest priority when it comes to the transit system. However, the seemingly endless stream of shutdowns, delays, and missed completion dates is making County commuters increasingly frustrated and hampering Metro’s ability to rebound from pandemic ridership numbers. While during the height of COVID, these issues were less impactful due to the robust teleworking taking place, Chairman McKay stated that he is greatly concerned about the impacts of this shutdown, especially as people slowly return to the workplace - something seen in traffic volumes daily.

Everyone is trying to get back to normal and the County is on the fast track to recovery from the pandemic, so a reliable transit is more important than ever.

Therefore, Chairman McKay moved that the Board write a letter to WMATA, urging them to:

- Investigate ways to provide a more robust system of convenient bussing than what has already been proposed
- Provide transit alternatives while this essential route is offline
- Explore other methods, such as fare reductions and parking fare reductions at Yellow Line stations, like the Huntington Station
- Encourage the Virginia Railway Express (VRE) to play a lead role in possibly providing relief in ways like fare incentives for Yellow Line riders
- Conduct a thorough review to see if a tighter timeline can be developed
The Northern Virginia Transportation Commission (NVTC) has already convened a working group and plans to write a similar letter. The County needs all the help it can get. Supervisor Storck seconded the motion and it carried by unanimous vote.

Vice-Chairman Gross returned the gavel to Chairman McKay.

27. **VOCATIONAL WELCOME CENTER** (11:07 a.m.)

Chairman McKay announced that he submitted a consideration item of $1.5 million for a vocational welcome center in the County to:

- Strengthen job training and placement programs
- Engage the Fairfax County Public Schools and local institutions of higher education
- Coordinate improvements to certification and reskilling programs
- Provide these opportunities and more to lower income families

He stated that this project is being done jointly with CASA and the Commonwealth of Virginia, and any County funding is tied to the State approving the $5 million item currently in its budget for this project.

28. **PROCLAMATION REQUEST DESIGNATING SEPTEMBER 2022 AS “FAIRFAX PETS ON WHEELS MONTH”** (11:08 a.m.)

Supervisor Gross stated that this year, Fairfax Pets on Wheels Inc. (FPOW) will celebrate its 35th year of “Helping Lick Loneliness” in the County. FPOW connects pets with people living in nursing homes and assisted living facilities. An all-volunteer program, begun 35 years ago, – donates more than 5,000 hours of pet visitation annually to 14 long term care facilities and three Adult Day Health Care Centers. Petting animals has been medically proven to assist in curtailing the loneliness, depression, and withdrawal often associated with residency in a nursing facility, enabling older adults to recall happier times.

Supervisor Gross asked unanimous consent that the Board direct staff to prepare a Proclamation designating September 2022 as “Fairfax Pets on Wheels Month” in the County, to be presented at the Board meeting on September 13, 2022, to applaud this milestone. Without objection, it was so ordered.

29. **NO BOARD MATTERS FOR SUPERVISOR WALKINSHAW (BRADDOCK DISTRICT)** (11:10 a.m.)

Supervisor Walkinshaw announced that he had no Board Matters to present today.
30. **MCLEAN COMMUNITY CENTER (MCC) ELECTION CANDIDATES**  
(11:10 a.m.)

(BAC) Supervisor Foust stated that on March 16, 2022, his office received notice that 12 Dranesville Small District –1A residents, nine adults and three youth, have successfully petitioned to become candidates and have their names placed on the ballots for the MCC Governing Board elections. Three adult positions and two youth positions are open this year.

Supervisor Foust stated that a copy of the MCC’s certification of the candidates dated March 16, 2022, is attached to his written Board Matter. Pursuant to the Memorandum of Understanding (MOU) between the Board and the Governing Board of the MCC, dated February 8, 1984, as revised, notice of all certified candidates is to be presented to the Dranesville District Supervisor and through him or her to the Board at its next regular meeting.

Early voting began on March 16, 2022, and will continue through May 18, 2022. Pursuant to the requirements of the MOU, the results of the election should be reported to the Board at its first meeting following the election. If the Board determines that it is in the public interest to do so, the Board may appoint the three adult candidates and one youth candidate from the McLean High School boundary area and one from the Langley High School boundary area, who receive the highest number of votes to the MCC Governing Board.

Therefore, Supervisor Foust asked unanimous consent that the record reflect receipt by the Board of the list of candidates for the MCC Governing Board election. Without objection, it was so ordered.

31. **RESOLUTION OF RECOGNITION FOR THE MCLEAN SYMPHONY AND MAESTRO DINGWALL FLEARY (DRANESVILLE DISTRICT)**  
(11:12 a.m.)

Supervisor Foust stated that this year The McLean Symphony, led by Maestro Dingwall Fleary, will celebrate 50 years of providing concerts in McLean and throughout Northern Virginia. Without a doubt, this is quite an achievement.

In the fall of 1971, the late June and Robert Trayhern, Founders and Directors of the McLean Academy of Musical Arts, approached Conductor Dingwall Fleary about establishing an orchestra in McLean. The primary purpose was to create a local ensemble with which their advanced students could perform. Their combined efforts resulted in the formation of the all-volunteer McLean Chamber Orchestra.

After three successful seasons, it became apparent to the founders that it was time to organize in a way that would enable more support from the community. In 1974, a Governing Board was established for the orchestra, and it gained status as a not-for-profit 501(c)(3) organization.
McLean’s first Community Arts Award was given to Mr. Fleary at the end of the 1975-76 season. To better reflect its growth in size and scope, the Board and players dropped “chamber” from the name. In 1986, in response to a change in philosophy from the Board, the players unanimously reorganized under its current name, The McLean Symphony, retaining Maestro Fleary as its conductor.

Since its inception, the orchestra has had a tradition of performing American works with a special emphasis on local, living composers as well as new music from around the world. The orchestra has premiered over 65 new works.

As dedicated music education advocates, Maestro Fleary and symphony members have continuously provided a stage for talented youth soloists and composers. Members have graciously performed at area schools and senior communities.

Therefore, Supervisor Foust asked unanimous consent that the Board direct staff to prepare a Resolution of Recognition for The McLean Symphony and Maestro Fleary, to be presented at a future Board meeting, acknowledging their musical contributions to the community. Without objection, it was so ordered.

**REQUEST TO PROMOTE APRIL 22 – 30, 2022 AS “DARK SKY WEEK”**

(11:14 a.m.)

Supervisor Alcorn stated that in the United States and Europe, 99 percent of people live under a light-polluted sky. Globally, it is estimated to be one-third of the population. Yet, few are aware of its impact. The damage of artificial light at night goes far beyond blocking the view of the stars and disrupting migratory patterns of wildlife. Its significant impacts on human quality of life warrant far more attention. Scientists link light pollution to global insect decline, the death of millions of migrating birds, increased carbon emissions, and disease.

“International Dark Sky Week” raises awareness of light pollution and provides solutions to protect dark skies while enjoying safe outdoor lighting. “International Dark Sky Week” events will be celebrated across the globe to help raise awareness of the benefits of community friendly lighting and the heritage of dark skies.

The good news for the County is that the Turner Farm Park Observatory is expected to be designated soon as an Urban Night Sky Place by the International Dark Sky Association.

Therefore, jointly with Supervisor Foust, Supervisor Alcorn asked unanimous consent that the Board direct the Office of Public Affairs to work with the Park Authority and other appropriate agencies to promote April 22 - 30, 2022, as “Dark Sky Week” in the County, highlighting the importance of community and nature-friendly lighting. Without objection, it was so ordered.
33. **PROFFERS FOR ELM STREET COMMUNITIES, INC. (LEE DISTRICT)**  
(11:16 a.m.)

Supervisor Lusk stated that Elm Street Communities, Inc. (the “applicant”) is the contract purchaser of approximately 5.42 acres of land located on the west side of Richmond Highway (Route 1) at its intersection with Buckman Road (Route 836) and zoned to the PDH-30 District. The property is part of a larger land area known as Mount Vernon Gateway that has not been constructed since it was rezoned in 2005. The applicant proposes a rezoning to the PRM District with a concurrent proffered condition amendment to remove the application property from Mount Vernon Gateway and construct a single multi-family building.

On May 18, 2021, the Board consented to the inclusion of a portion of right-of-way previously dedicated and known as Rolling Hills Avenue in the pending applications. This portion of right-of-way is no longer required for roadway purposes and is the subject of a pending vacation/abandonment request.

As part of the rezoning application process, the applicant has submitted proffers. The applications are scheduled for a public hearing before the Board on April 12, 2022.

Therefore, Supervisor Lusk moved that in conjunction with the pending applications, the Board authorize the County Executive and/or his designees to act as agent of the Board in connection with these applications, subject to the execution of an agreement indemnifying the Board as to any proffered conditions associated with the rezoning application. This motion should not be construed as a favorable recommendation by the Board on the proposed applications and does not relieve the applicant from compliance with the provisions of any applicable ordinances, regulations, or adopted standards. Supervisor Foust seconded the motion and it carried by unanimous vote.

34. **PROCLAMATION REQUEST FOR ED BALLARD**  
(11:18 a.m.)

Supervisor Storck stated that Ed Ballard, Supervising Engineering Inspector of Site Development and Inspections Division, in Land Development Services, retired on March 11, 2022, after 35 years of dedicated service to the County. Mr. Ballard joined the County in 1987 and began his career as a Site Inspector and then eventually served in several progressively more responsible roles. For the last 15 years, he supervised a team of site inspectors providing site inspections for developments in the Mason, Lee, and Mount Vernon Districts.

His tremendous experience coupled with his knowledge of codes and regulations were instrumental in addressing and solving many complicated field situations. Mr. Ballard provided excellent customer service to residents and was highly praised and admired by the Board, as well as his supervisors and colleagues throughout his career. He is an exceptional individual who contributed significantly to the successful implementation and completion of development projects in the County.
Mr. Ballard was a respected supervisor and leader who was invested in and facilitated his staff’s growth and advancement. Many of his team members were promoted to different agencies in the County.

Therefore, jointly with Chairman McKay, Supervisor Gross, and Supervisor Lusk, Supervisor Storck asked unanimous consent that the Board direct staff to prepare a Proclamation for Ed Ballard, to be signed by Chairman McKay, Supervisor Gross, Supervisor Lusk, and himself, in recognition for his outstanding service to the County, to be presented at a future Board Meeting. Without objection, it was so ordered.

35. CERTIFICATES OF RECOGNITION FOR THE BOARD/SCHOOL BOARD JOINT ENVIRONMENTAL TASKFORCE (JET) MEMBERS (11:20 a.m.)

(BAC) Supervisor Storck stated that the JET was formed in April 2019 by the Board and the Fairfax County School Board. The JET's mission is to join the political and administrative capabilities of the county and the school system to proactively address climate change and environmental sustainability. The final meeting of the JET was held in September 2020.

The JET aimed to set and meet aggressive goals in areas of common influence such as workforce development, infrastructure and sustainability of public facilities and transportation, land use planning, communication, and community engagement. The JET provided a forum for collaboration and alignment of institutional policies and practices. The JET organized subcommittees around four specific focus areas: Energy, Transportation, Waste Reduction/Recycling, and Workforce Development.

Members attended many meetings and spent hundreds of hours over two years debating and developing its recommendations. In October 2020, the JET issued a final report with recommendations from each of the four subcommittees. The overarching recommendation from JET members was to set the County and schools goal of being carbon neutral by 2040, further establishing the County as a leader in climate action. County staff has expanded on this goal by creating the Carbon Neutral Counties Declaration and encouraging other jurisdictions to sign on. The JET recommendations have been accepted by both Boards and incorporated into the County’s Operational Energy Strategy.

The JET was composed of 13 members from the Board, the School Board, and the community at-large.

Therefore, jointly with Chairman McKay and Supervisor Gross, and Supervisor Storck asked unanimous consent that the Board direct staff to prepare Certificates of Recognition for the JET members in recognition of their service, to be signed by
Chairman McKay, Supervisor Gross, and himself, to the presented to each member at a future Board Meeting. Without objection, it was so ordered.

Supervisor Storck stated that the Board received the Auditor of the Board’s Quarterly Report for March 2022. The report included the following study areas, recommendations, consideration item, and managements’ concurrence:

- Liaise with agencies to interface external systems where appropriate
- Complete interfaces for systems reported in prior study
- Incorporate system update documentation processes for external systems
- Assess duplicative functionalities between external systems and FOCUS
- Obtain and update DIT External Systems Inventory Tracker
- Liaise with agencies to update and/or execute vendor contracts for external systems
- Mortarrium on p-card system purchases no longer under consideration. Management to put updates and monitoring processes in place and report back at the September 2022 Audit Committee meeting
- Update guidance for recording miscellaneous transactions including creating new G/L accounts where appropriate
- Pursue avenues to implement alerts in FOCUS requiring completed text and attachments for manual JE transactions
- Update ATB020 and DOF approved monthly reconciliation plans to include reconciling miscellaneous transactions

Therefore, Supervisor Storck moved that the Board adopt the Auditor of the Board’s March 2022 Quarterly Report and approve the attached Audit Committee Work Plan for the upcoming quarter. Supervisor Lusk seconded the motion and it carried by unanimous vote.
2022 SOLARIZE FAIRFAX COUNTY CAMPAIGN (11:26 a.m.)

Supervisor Storck stated that for half a decade the County has joined the Northern Virginia Regional Commission (NVRC) and the nonprofit Local Energy Alliance Program (LEAP) to offer Solarize Fairfax County, a campaign to help make solar panels more affordable and accessible to County residents and businesses. This year, the County will partner once again with NVRC and LEAP to offer Solarize from April 1 - June 30, 2022.

This is an especially important year for the residents and businesses to consider installing solar, for several reasons. At the end of this calendar year, the federal income tax credit for solar installations will drop from 26 percent to 22 percent, which represents a marked decrease. Anyone interested in installing solar will need to have signed a contract and their solar project installed before December 31, 2022, to qualify for the 26 percent tax credit.

Additionally, on a local level, 2022 marks the beginning of implementation of the County’s Community-wide Energy and Climate Action Plan (CECAP), in earnest. CECAP includes a goal of achieving carbon neutrality within the community by 2050. Using on-site renewable energy, like solar, can help the County to achieve this goal. Choosing to pursue solar for a home or business is an excellent way to take climate action, right here in the County.

Solarize participants can receive free, no-obligation site assessments of their properties from a pre-qualified vendor. Those who decide to move forward and install solar panels receive bulk discounts on their purchase, financing options, guidance on how to make the most of the federal tax incentive, and more. Additionally, anyone who installs solar in the County is eligible for County solar incentives, which currently include a waiver for the permit application and a five-year solar energy equipment tax exemption.

Last year, more than 320 residents and businesses signed up for Solarize in the County to assess the solar readiness of their properties. Of those sign ups, 64 went on to install solar, collectively standing up more than $1.6 million of solar technology capable of generating 631 kilowatts of energy. That’s nearly 50 percent of the total capacity of the solar arrays installed through Solarize in Northern Virginia in 2021.

In addition to solar panels, the Solarize campaign also offers participants the chance to install battery storage systems at a discount. Installing battery storage along with a solar array is a great way to increase the value of the solar system and provide peace of mind in the case of severe weather or other events that interrupt power supply from utilities.

Solarize allows participants to bundle electric vehicle (EV) charging stations with their solar system purchase, making EV charging technology available at a discount. As EVs are another critically important piece of the carbon-neutrality
puzzle in the County, this is a tremendous opportunity to take steps toward EV ownership and adoption on a larger scale across the County.

Therefore, jointly with Chairman McKay and Supervisor Gross, Supervisor Storck asked unanimous consent that the Board direct the Office of Environmental and Energy Coordination, in partnership with the Office of Public Affairs, to proceed with the promotion of the 2022 Solarize Fairfax County Campaign. Without objection, it was so ordered.

38. **BIRTHDAY CELEBRATION FOR ADA SINGLETARY** (11:33 a.m.)

Supervisor Storck announced that Ada Singletary is the oldest resident that was born and raised in Gum Springs and is turning 102 years old today. He stated that many will be participating in her birthday celebration by driving by her home and honking the horn in their vehicle.

39. **PROCLAMATION REQUEST FOR THE LITERACY COUNCIL OF NORTHERN VIRGINIA (LCNV) (11:36 a.m.)**

Supervisor Palchik stated that LCNV, established in 1962, has a mission to teach adults the basic skills of reading, writing, speaking, and understanding English so they can better access employment and educational opportunities and more fully and equitably participate in the community.

LCNV is proud to have served nearly 60,000 beginning-level English language and literacy adult learners in its 60 years. Its programs are focused on best practices in research-based pedagogy and provide student-centered instruction. This entails assessing each adult, placing him or her at the appropriate level within the learning continuum, gearing instruction to personal learning goals, and addressing special learning needs or disabilities. They also provide an opportunity for many working age and retired County residents to serve as trained volunteer teachers.

One of its recent initiatives is Destination Workforce®. This is a program that delivers language-based workforce training that teaches industry-recognized credential training in addition to the languages skills necessary to obtain, succeed, and advance in many entry-level jobs. With these courses, adults learn critical language and soft skills, while leveraging their employability and marketability. LCNV collaborates with businesses interested in upskilling their employees and committed to addressing barriers for low-wage employees to advance in the workforce. Such partners include Arlington Partnership for Affordable Housing, BF Saul Company Hospitality Group, Capital One, Centreville Immigration Forum, DoubleTree by Hilton McLean Tysons Corner, José Andrés ThinkFoodGroup, and Korean Community Service Center Job Readiness Project.

LCNV says that that literacy is a survival skill. Never has that been truer than this past couple of years, where filling out online vaccination forms, and going to the
doctor, or COVID testing became part of the new normal. Language is integral to our own health and safety.

LCNV will be hosting two in-person events to celebrate its 60th anniversary. First is a breakfast fundraiser, A Taste of Literacy, on March 25, 2022, from 8 a.m. to 9:30 a.m., where a discussion will be held among students, instructors, and partners who have worked together to break down barriers and overcome obstacles. Its Annual Recognition Ceremony will be on the evening of June 21, 2022. More details on the ceremony are forthcoming.

Therefore, jointly with the Board, Supervisor Palchik asked unanimous consent that the Board direct staff to prepare a Proclamation, recognizing LCNV’s contributions to the community, to be presented at its Annual Recognition Ceremony on June 21, 2022. Without objection, it was so ordered.

40. PARTIAL WAIVER OF SPECIAL PERMIT FEES TEMPORARY ROLLER AND ICE RINK (PROVIDENCE DISTRICT) (11:40 a.m.)

Supervisor Palchik stated that Edens, the developer and owner of the Mosaic District, accommodated a temporary roller rink in the Mosaic District last year. This outdoor activity was successful in helping to activate Mosaic District, bringing people together despite the COVID-19 restrictions in effect at the time, and providing support for local nonprofits from the fees generated by the activity. Edens did not generate a profit last year and the same outcome is planned for this year.

Edens is interested in bringing back the roller rink in June and an ice rink in October. The extended duration of these uses will trigger the need for a Special Permit for a Temporary Special Event or a Proffered Conditioned Amendment to revise the development plan to add these uses to the property. The fee for a Special Permit for a temporary event would be $16,375.

Under the uncodified ordinance passed by this Board last summer, hospitality uses are entitled to a 75 percent reduction in zoning fees to assist the industry in its response to the pandemic. Outdoor commercial recreation uses were not included under the uncodified COVID-19 ordinance, however in this instance, the proposed skating rinks are intended to add significant outdoor activities to an existing, established shopping and lifestyle center. Supervisor Palchik stated her belief that they are essentially the same as the hospitality uses defined in Section C of the Uncodified Ordinance and feels that this offers good cause to support a modification of the zoning fees in line with that authorized by the Uncodified Ordinance for other hospitality industry uses.

Therefore, Supervisor Palchik moved that the Board authorize a 75 percent reduction for the Special Permit Fee for the temporary accommodation of a roller and ice rink at the Mosaic District. This motion should not be construed as a favorable recommendation by the Board, nor the Board of Zoning Appeals, on the proposed application and does not relieve the applicant from compliance with the
provisions of all applicable ordinances, regulations and adopted standards. Chairman McKay seconded the motion.

Following discussion, with input from Beth Teare, County Attorney, regarding the Executive Order and allowances provided by the Zoning Ordinance, the question was called on the motion and it carried by unanimous vote.

41. CERTIFICATES OF RECOGNITION REQUEST FOR THE HIGH SCHOOL STUDENT SHARK TANK TECHNOLOGY CHALLENGE 2021-22 (11:45 a.m.)

Supervisor Herrity stated that the first County High School Student Shark Tank Technology Challenge was held in 2015. The project was launched to help implement a Fairfax 50+ Community Action Plan initiative entitled: Help People Stay in their Homes with Technology. The annual challenge was interrupted by the public health safety concerns brought about by the COVID-19 pandemic.

The student “Shark Tank” technology challenge was restated this school year and students from six different high schools accepted the challenge. Three schools will be represented in the finals. Selected projects will be presented to the Shark Tank judges on April 1, 2022, and winners will be announced on April 14, 2022.

Partners of the high school challenge include Fairfax Area Agency on Aging, Neighborhood and Community Services, George Mason’s Kellar Institute, Fairfax County Public Schools, and INTEGRITYOne Partners. INTEGRITYOne Partners is generously providing the monetary award this year, as they have each year since 2015. Judges for this event are representatives from INTEGRITYOne Partners, the Kellar Institute, Inova and AARP.

Therefore, Supervisor Herrity asked unanimous consent that the Board:

- Reserve May 24, 2022, for a reception to honor the “Shark Tank” technology challenge students and their families
- Direct staff to prepare Certificates of Recognition for the winners and invite them to appear before the Board to receive the certificates, in recognition of their achievements and contributions to the community

Without objection, it was so ordered.

42. PROCLAMATION REQUEST DESIGNATING MAY 2022 AS “OLDER AMERICANS MONTH” (11:46 a.m.)

Supervisor Herrity stated that this year, the U.S. Administration for Community Living has chosen the theme “Age My Way” for Older Americans Month. Older adults play vital, positive roles in the communities as family members, friends,
mentors, volunteers, civic leaders, members of the workforce, and more. Just as every person is unique, so too is how they age and how they choose to do it.

The 2022 theme provides an opportunity to celebrate the strength of older adults and the Aging Network in the County, with special emphasis on aging in place so older adults can plan to stay in their homes and live independently in their communities for as long as possible.

May is also Adult Abuse Prevention Month in the Commonwealth. While recognizing the vitality of the County’s older adults, the Board also recognizes that vulnerable older adults need protection from abuse, neglect, and exploitation.

The County has many resources for older adults who want to age in place and live here. The County also has many resources available for older adults, caregivers, and individuals with disabilities through the Aging, Disability, and Caregiver Resources Line.

Therefore, Supervisor Herrity asked unanimous consent that the Board direct staff to prepare a Proclamation designating May 2022 as “Older Americans Month” in the County and invite a representative from the Commission on Aging to receive the Proclamation at the May 10, 2022, Board Meeting. Without objection, it was so ordered.

RESOLUTION OF RECOGNITION REQUEST FOR GREENBRIAR WEST ELEMENTARY SCHOOL (SPRINGFIELD DISTRICT) (11:47 a.m.)

Supervisor Herrity stated that Greenbriar West Elementary School will soon be celebrating its 50th Anniversary. Opening to students on March 27, 1972, it had an enrollment of 615 students. With the increase in housing developments in Fairfax during the mid-late 1960s, the original Greenbriar Elementary School on Point Pleasant Drive had been suffering from overcrowding, requiring construction of an additional elementary school in the Greenbriar subdivision. The developer of Greenbriar, Levitt and Sons, donated the land for the project and the School Board in 1970 awarded a contract to construct a new school on Poplar Tree Road at the cost of approximately $1.2 million. This construction cost was much higher than that of other schools in the County at that time because it required special soundproofing due to its location in the Dulles Airport flight paths. While the school was under construction in 1971, the existing Greenbriar Elementary School was renamed Greenbriar East, and this school was officially named Greenbriar West.

The 50th Anniversary of the school is an exciting milestone for Greenbriar, where longtime County residents continue to welcome young families and bright students in a uniquely intergenerational community.

Therefore, Supervisor Herrity asked unanimous consent that the Board direct staff to prepare a Resolution of Recognition, recognizing Greenbriar West Elementary
School’s 50th Anniversary and for its contributions to the surrounding community, to be presented outside the Board Room at the Greenbriar West Elementary Anniversary celebration on March 26, 2022. Without objection, it was so ordered.

44. CONSIDERATION OF ECONOMIC OPPORTUNITY RESERVE GRANT FOR PATRIOT PARK NORTH (SPRINGFIELD DISTRICT) (11:49 a.m.)

Supervisor Herrity stated that Patriot Park North will be the first sports tourism complex in the County upon its completion later this year. As previously discussed by this Board, investment in this complex is an avenue to diversify the County’s revenue through sports tourism, which has proven to be a recession-proof industry. To be a successful sports tourism facility, Patriot Park North requires the amenities outlined in the memo from the Park Authority. Without these amenities, the facility will not be able to attract tournaments. Investing in these amenities will ensure that the facility can open to tournaments without delay and contribute to the overall revenue to the County as well as local businesses, the full extent of which can be identified by Visit Fairfax.

Therefore, Supervisor Herrity moved that the Board direct staff prepare an Initial Project Evaluation to review these critical amenities at Patriot Park North under the guidelines adopted for the Economic Opportunity Reserve. The review should evaluate a $669,000 contribution to this project and the impacts such an investment would make in furthering the County’s goals in areas of strategic importance. In accordance with the established process, no additional investment from the Economic Opportunity Reserve will be made to the Patriot Park North project unless and until the Board has approved the use of the funds for that purpose. Chairman McKay seconded the motion and it carried by unanimous vote.

45. CHANTILLY HIGH SCHOOL’S TEEN JOB FAIR (11:52 a.m.)

Supervisor Herrity thanked the attendees and employers for attending the recent job fair at Chantilly High School. He stated that a job fair, to be held at West Springfield High School, has yet to be rescheduled.

46. PROCLAMATION REQUEST DESIGNATING MAY 2022 AS “BUILDING SAFETY MONTH” (11:52 a.m.)

Supervisor Smith stated that staff from Land Development Services (LDS), the Department of Code Compliance and the Fire and Rescue Department enforce the Virginia Uniform Statewide Building Code and Statewide Fire Prevention Code to ensure life safety requirements are incorporated into the design, construction and maintenance of the buildings and structures in the County. The County celebrates Building Safety Month each year to raise awareness of the importance of complying with these codes to provide safe buildings and infrastructure that serve the community every day.
Although 2021 proved to be a challenging year due to the continuing pandemic, staff was able to overcome many obstacles and continue to facilitate safe and sustainable buildings in the County. The County’s dedicated staff has implemented virtual inspections, electronic permitting and plan review, and online meetings to support the building industry to ensure buildings are safe.

Therefore, Supervisor Smith asked unanimous consent that the Board direct staff to prepare a Proclamation designating May 2022 as "Building Safety Month" in the County, to be presented outside the Board Room to the Building Safety Month Planning Committee members, along with William Hicks, Director, LDS, and Jay Riat, Building Official/Building Division Director, LDS. Without objection, it was so ordered.

**REQUEST FOR CONCURRENT SITE PLAN PROCESSING FOR K. HOVNANIAN AT GALLERY PARK AT WESTFIELDS LLC (SULLY DISTRICT) (11:54 a.m.)**

Supervisor Smith stated that K. Hovnanian at Gallery Park at Westfields, LLC has filed a Rezoning, Final Development Plan and Proffer Condition Amendment, RZ/FDP 2021-SU-017 and PCA 78-S-063-12, for a site previously approved for office use, to permit two-over-two style townhouses on Tax Map Reference 043-2 ((2)) 0029G3.

A formal public hearing is scheduled before the Planning Commission on April 20, 2022. To facilitate review of the Final Development Plan Amendment application, the applicant has requested authorization to process concurrent site and building plans for the project in advance of the public hearing.

Therefore, Supervisor Smith moved that the Board direct the Director of the Department of Land Development Services to accept for concurrent and simultaneous review a site plan, architectural drawings, building permits and other materials as may be necessary in conjunction with the pending application. This motion should not be construed as a favorable recommendation by the Board on the pending application and does not relieve the applicant from compliance with the provisions of all applicable ordinances, regulations, or adopted standards, nor does it prejudice in any way the Board’s consideration of this pending application. Chairman McKay seconded the motion.

Following discussion regarding location in noise contours, the question was called on the motion and it carried by unanimous vote.

**VALE SCHOOLHOUSE (11:56 a.m.)**

Supervisor Smith announced that Stan Proffitt, the last remaining pupil of Vale Schoolhouse, recently visited the school with his three great-grandchildren.
AGENDA ITEMS

49. **ADMINISTRATIVE ITEMS** (11:57 a.m.)

Supervisor Gross moved approval of the Administrative Items 1-8. Supervisor Lusk seconded the motion.

Supervisor Alcorn called the Board’s attention to Admin 6 – Authorization for the Department of Transportation (DOT) to Apply for and Accept Grant Funding from the United States Department of Transportation’s (USDOT) Fiscal Year 2022 Rebuilding American Infrastructure with Sustainability and Equity Discretionary Grant Program (Dranesville, Hunter Mill, and Lee Districts) and asked unanimous consent that the Board direct staff to explore opportunities for additional federal funding for the Sunrise Valley Drive Active Transportation Improvements Project. Without objection, it was so ordered.

Discussion ensued, with input from Tom Biesiadny, Director, DOT, regarding the request, and Board’s input for transportation projects which require vast amounts of funding.

The question was called on the motion and it carried by unanimous vote, Supervisor Alcorn, Supervisor Foust, Supervisor Gross, Supervisor Herrity, Supervisor Lusk, Supervisor Palchik, Supervisor Smith, Supervisor Storck, Supervisor Walkinshaw, and Chairman McKay voting “AYE.”
