16. **ANALYSIS AND OPTIONS TO ADDRESS PANHANDLING** (10:55 a.m.)

Chairman McKay stated that over the last several months, his office has received numerous inquiries from residents as it relates to panhandling throughout the County. While courts have maintained repeatedly that panhandling is protected speech, the concerns residents have shared pertain to public safety, that is, worries over the individual(s) who panhandle, as it often takes place at busy intersections.

Furthermore, the County and Board have invested extensively in human services and resources aimed at ensuring residents do not have to turn to alternative means to meet their basic needs.

To be clear, neither the Board nor the County have any interest or desire to infringe or limit any individuals’ Constitutional rights. The interest at hand is ensuring that all residents and community remain safe.

Therefore, Chairman McKay moved that the Board direct the Office of the County Attorney, the Fairfax County Police Department, the County’s Department of Transportation, and the Office to Prevent and End Homelessness to coordinate and submit to the Board, no later than July 31, 2022, a memorandum containing the following:

Supervisor Herrity seconded the motion.

Following discussion regarding panhandling, the question was called on the motion and it carried by unanimous vote.

Vice-Chairman Gross returned the gavel to Chairman McKay.

Chairman McKay announced that the County recently received the 2022 Regional Housing Leaders Award from the Northern Virginia Affordable Housing Alliance.

18. **RESOLUTION OF RECOGNITION REQUEST FOR WESTMINSTER SCHOOL** (11:06 a.m.)

Supervisor Gross stated that 2022 marks the 60th anniversary of Westminster School, a non-profit independent school located in Annandale. The school began as a kindergarten class in rented facilities at St. Albans Church in Annandale. Today it has grown and evolved into a pre-school to eighth-grade program with its own campus and a capacity of 360 students. Westminster School continues to provide students with an accelerated curriculum, high academic standards, and an atmosphere promoting kindness, respect, personal responsibility, and the pursuit of excellence.

Therefore, Supervisor Gross asked unanimous consent that the Board direct staff to prepare a Resolution of Recognition for the Westminster School, commemorating its achievements, as the school celebrates 60 years of excellence in education, to be signed by the Chairman and the Mason District Supervisor, to be presented on June 11, 2022, as part of Westminster School's Diamond Jubilee Celebration. Without objection, it was so ordered.

19. **PLAN AMENDMENT AUTHORIZATION BAILEY’S CROSSROADS COMMUNITY BUSINESS CENTER (CBC) (MASON DISTRICT)** (11:07 a.m.)

Supervisor Gross stated that the adopted Comprehensive Plan recommendations for the Bailey’s Crossroads CBC are now more than a decade old and may not reflect the needs of today’s urban and post-pandemic communities. Some of the language in the current Plan was designed for the anticipated Streetcar Project, which was
withdrawn in 2014. While some repurposing of existing office buildings in Skyline is underway, the significant redevelopment envisioned by that Plan has not been seen, and it may be time to update portions of the Plan to promote renewal of the CBC.

A property owner is interested in development of residential uses on Leesburg Pike, within Land Unit B-5 of the Baileys Town Center Core area and has approached the County with a concept for increased residential density and building heights that are not anticipated in the current Plan. The Plan’s recommendations for this Land Unit should be evaluated to determine if alternative planned uses may be appropriate and could incentivize redevelopment.

Therefore, Supervisor Gross moved that the Board authorize an amendment to the Comprehensive Plan to review the recommendations for Land Unit B-5 of the Town Center Core area of the Baileys CBC. The Plan Amendment should consider the following:

- The appropriate mix of residential and commercial uses with a strong emphasis on parcel consolidation, design, and open space
- A range of building heights from four to up to 14 stories

The Carousel Court Apartments, on the south side of Seminary Road, are part of Land Unit B-5 but should not be considered for a change in land use or density. This motion should not be construed as a favorable recommendation by the Board or Planning Commission on the proposed amendment and does not relieve the applicant from compliance with the provisions of all applicable ordinances, regulations, and adopted standards. Chairman McKay seconded the motion and it carried by unanimous vote.

20. **RESOLUTION OF RECOGNITION REQUEST FOR THE WOODSON HIGH SCHOOL’S FOR INSPIRATION AND RECOGNITION OF SCIENCE AND TECHNOLOGY (FIRST) ROBOTICS TEAM (BRADDOCK DISTRICT)** (11:10 a.m.)

Supervisor Walkinshaw stated that the FIRST Robotics Competition is an annual international competition in which teams of high school students, teachers, and mentors work during a rigorous six-week period to build robots capable of competing in that year’s games. In this year’s competition that took place in Houston, more than 3,200 teams competed, with 454 teams advancing to Championship.

Woodson High School’s Robotics Team qualified for the world championships by winning the Rookie All-Star award during a regular season meet and then making a presentation about the goals of the team at the district championship in Newport News. The Team supports the goal of Science, Technology, Engineering, and Mathematics (STEM) for all and has nearly 20 ethnicities participating. The team
members who went to the World Championships persevered through short nights, long days, bent/broken robot parts, driving challenges and a host of other problems; yet in the end, they finished as the highest ranked rookie team at the World Championships in their division.

Supervisor Walkinshaw stated that the following students are part of the Woodson FIRST Robotics team:

- Collin Ollis
- Rowan Rosenblum
- Sammy Kee
- Hailey Pan
- May Paek
- Chloe Cho
- Connor Geraghty
- Zainab Rentia
- Isaac Kim
- Indra Ranjan
- Joseph Tso
- Josh Park
- Sam Park
- Kaden Nguyen
- Kartikay Georg
- Aaron Amartuvshin

Therefore, jointly with Chairman McKay, Supervisor Gross, Supervisor Herrity, and Supervisor Palchik, Supervisor Walkinshaw asked unanimous consent that the Board direct staff to prepare a Resolution of Recognition for the Woodson High School’s FIRST Robotics Team, to be presented this spring in the Board Room. Without objection, it was so ordered.
21. RECOGNITION OF THE 40TH ANNIVERSARY OF THE HERNDON-RESTON FRIENDLY INSTANT SYMPATHETIC HELP (FISH) BARGAIN LOFT (DRANESVILLE DISTRICT) (11:11 a.m.)

Supervisor Foust stated that 2021 marked the 40th anniversary of the opening of the Bargain Loft by Herndon-Reston FISH, led by Executive Director Mary C. Saunders. For the past 53 years, FISH has operated as a non-profit in the Herndon and Reston area. In 1981, FISH opened a shop in Herndon named The Bargain Loft, which is a volunteer-run upscale thrift store that accepts donations and sells treasures. Over 60 volunteers help staff the shop – this is truly a community organization.

The profits that are generated by The Bargain Loft support the financial assistance given to residents with short-term emergency needs, such as pending evictions, utilities to be cut off, and needed medical prescriptions. The Bargain Loft proceeds help to support the FISH Holiday Food and Gift Program and SNAP at the Market program at the Herndon Farmers’ Market.

Therefore, jointly with Supervisor Alcorn, Supervisor Foust asked unanimous consent that Board direct staff to invite members of the Bargain Loft and Herndon-Reston FISH to appear before the Board at its June 28, 2022, Board Meeting, to be acknowledged for their contributions to the community. Without objection, it was so ordered.

22. RESOLUTION OF RECOGNITION REQUEST FOR THE COOPER MIDDLE SCHOOL BAND (DRANESVILLE DISTRICT) (11:13 a.m.)

Supervisor Foust stated that the John Philip Sousa Foundation recently selected the Cooper Middle School Band program and its Conductor, Matthew Baker, as the recipients of the 2021 Sudler Cup. This prestigious international award recognizes junior high and middle school concert bands for outstanding musical excellence.

To be eligible for nomination for the award, a middle school band must have achieved and maintained high standards of excellence in the concert area over a period of seven years under the same conductor.

The band must have performed at several state and national level conferences, received letters of recognition and recommendations from prominent educators and conductors, as well as submit years of concert programs and recordings.

The Sudler Cup is recognized as the most prestigious award a school band program can receive. Only 60 schools have received this award since its inception in 1985.

Therefore, jointly with Chairman McKay, Supervisor Foust asked unanimous consent that the Board direct staff to prepare a Resolution of Recognition for the Cooper Middle School band and its Conductor, Matthew Baker, to be presented at
the band’s spring concert to be held on June 2, 2022, at the Alden Theater in the McLean Community Center. Without objection, it was so ordered.

24. **PROCLAMATION REQUEST DESIGNATING MAY 6-13, 2022, AS “MILITARY SPOUSE APPRECIATION WEEK”** (11:15 a.m.)

Supervisor Storck stated that the freedoms that Americans enjoy can only be made possible by the efforts of the more than 2 million men and women who serve the nation as active-duty service members of the Armed Forces. Right here on Fort Belvoir, there are approximately 4,420 active-duty service members and 2,246 military spouses. Proudly, the County is home to approximately 80,000 military veterans and their spouses.

Military Spouse Appreciation Day is a day set aside to pause and recognize military spouses who have the greatest impact on service members lives through their support and commitment to service. The average military spouse moves 8-12 times in a span of a 20-year military career, which often results in starting over in each new location and dealing with the struggles of meeting new people and feeling a sense of community where they live. Military Spouse Appreciation Day was recognized nationally on May 6. However, tomorrow, on May 11, 2022, the County is co-hosting its second Veteran and Military Spouse Career Fair with the Fairfax County Economic Development Authority at the National Army Museum and virtually.

Therefore, in honor of the supportive and heroic military spouses, including those residing here in the County, and jointly with Chairman McKay, Supervisor Gross, and Supervisor Herrity, Supervisor Storck asked unanimous consent that the Board recognize May 6 – 13, 2022, as “Military Spouse Appreciation Week” and direct staff to prepare a Proclamation, to be signed by the sponsors of this Board Matter, to be presented to Army Community Services at the Veteran and Military Spouse Career Fair.

Discussion ensued regarding licensure issues associated with relocations. Without objection, it was so ordered.

25. **BRAND LAUNCH FOR POTOMAC BANKS – EXPLORE FAIRFAX SOUTH (MOUNT VERNON DISTRICT)** (11:22 a.m.)

Supervisor Storck stated that in February 2019, he launched the Mount Vernon Tourism Task Force with the purpose to bring together key tourism stakeholders to connect and increase awareness of the vibrant cultural, natural, and heritage resources of the southern portion of the County. Visit Fairfax has collaborated with
the Board and its many partners, including: Mount Vernon Estate, National Museum of the United States Army, Woodlawn Pope-Leighey House, Workhouse Arts Center, Gunston Hall, Gum Springs Museum, Fairfax County Park Authority, Arcadia Farms, National Park Service, Fort Belvoir, NOVA Parks, Mason Neck State Park, River Farm, South Fairfax and Mount Vernon Lee Chambers of Commerce, South Fairfax Development Corporation and local residents.

The Board has supported several initiatives as a result of the Mount Vernon Tourism Task Force work. This includes carryover funding to support the Semi quincentennial Workgroup and for Visit Fairfax to study, develop, and procure a consultant for a tourism placemaking and marketing strategy. As a result of this work, the Potomac Banks Brand Launch will be on May 18, 2022, from 10:30 a.m. to noon at George Washington’s Mount Vernon Estate.

The launch will highlight the brand which ties together the area sites with tourism packaging which will enable greater regional visibility and impact, with a new visitor savings pass. This new branding effort will create synergy between the historical, recreational, cultural, and ecological venues in the region, help grow opportunities for new tourism infrastructure, and enhance the visitor experience to the area.

Therefore, jointly with Chairman McKay, Supervisor Storck asked unanimous consent that the Board direct the Office of Public Affairs to share the media alert, attached to his Board Matter. Supervisor Storck invited the Board to attend this special event at the home of America’s First President. Without objection, it was so ordered.

Supervisor Storck announced that National Fentanyl Awareness Day is on May 10, 2022, to raise public awareness about the growing fentanyl public health crisis. People are dying at alarming rates due to illegally made fentanyl, a dangerous synthetic opioid. Supervisor Storck encouraged the community to get the facts and share them widely.

27. **REQUEST TO EXPEDITE THE PUBLIC HEARING FOR B.F. SAUL (PROVIDENCE DISTRICT)** (11:29 a.m.)

Supervisor Palchik stated that B.F. Saul is proposing to redevelop a functionally obsolete 1970s-era office building located at 7926 Jones Branch Drive. This building, Park Place I, is part of a two-building complex, located at a gateway location along the Capital Beltway, next to the Scotts Crossing Road overpass and opposite the Capital One Tower. The other building in this complex, Park Place II, is commonly known as the Hilton Worldwide headquarters and was developed pursuant to a Special Exception Application SE 99-P-034, for additional building height, approved in 2000.
The new Park Place I building is proposed to be the same size as the building it will replace, but taller, by taking advantage of the increased building heights recommended in the Tysons Corner Comprehensive Plan. B.F. Saul proposes to achieve its desired building height through an amendment to the existing building height special exception.

Supervisor Palchik said the applicant has worked with staff on the Special Exception Amendment to improve the overall design, and she is encouraged by the progress made to date. The Special Exception Amendment has also received favorable community support.

The Special Exception Amendment is currently scheduled for a Planning Commission hearing on June 8, 2022. To ensure the application remains on track, the applicant has asked for a public hearing before the Board, to be held on June 28, 2022.

Therefore, Supervisor Palchik moved that the Board direct staff to schedule Special Exception Amendment Application SEA 99-P-034 for a public hearing before the Board on June 28, 2022. This motion should not be construed as a favorable recommendation by the Board, nor does it relieve the applicant from compliance with the provisions of all applicable ordinances, regulations or adopted standards. Chairman McKay seconded the motion and it carried by unanimous vote.

28. **APPOINTMENT OF THE HEAD START POLICY COUNCIL’S INTERIM DIRECTOR** (11:33 a.m.)

Supervisor Palchik stated that after serving children, families, and staff for close to 20-years as director of the County’s Head Start/Early Head Start program, Jennifer Branch recently retired, leaving the program in excellent standing. Supervisor Palchik expressed that she is grateful for Ms. Branch’s dedication and commitment to serving the community.

Staff has begun the competitive recruitment process for hiring a new Head Start Director and will be reaching out to stakeholders and partners throughout Virginia, Maryland, and the District of Columbia as well as national networks, as the County seeks to attract strong candidates for this complex and rewarding position.

During this transition period, the County will need to appoint an interim Head Start director. As the grantee of both federal grants, Head Start/Early Head Start and Early Head Start Child Care Partnership Grant, the Board serves as the governing body for the Head Start/Early Head Start program in partnership with the Head Start Policy Council. Federal Head Start Performance Standards require the governing body and Policy Council to approve key personnel appointments. This includes approval of both the Head Start Director and Chief Financial Officer positions.

As Chairperson of the Board’s Health and Human Services Committee and Board liaison to the Head Start Program, Supervisor Palchik stated that she would like to
request Board’s consideration for the appointment Janet Stewart to serve as Interim Director. Ms. Stewart has over 20 years of experience in Head Start. In her current position, she serves as the County’s Head Start Quality Assurance Manager, ensuring the program meets federal, state, and local regulations and program standards, and serves as an Assistant to the Director. This past year she has played a leadership role in the County’s Head Start program and had the opportunity to learn from Ms. Branch about all aspects of County’s grants, build relationships with Policy Council members, and to support delegate partners Fairfax County Public Schools and Higher Horizons Day Care.

In addition to her experience in the County, Ms. Stewart has extensive experience supporting all Head Start service areas in her various roles at EACHS Head Start in West Virginia. Her previous positions include Family Services Specialist, Nutrition Coordinator, Family Service Worker, and Area Supervisor, among other certifications. Ms. Stewart’s knowledge of County’s program and grants, and her lengthy career serving at EACHS Head Start, as well as her service on Head Start Associations Board of Directors, uniquely position her to serve in the role of Interim Director for the County’s Early Head Start and Head Start programs. Ms. Stewart will be supervised by the Director of the Office for Children.

As required by the Head Start Performance Standards, the Fairfax County Head Start Policy Council has voted to approve the appointment of Ms. Stewart as Interim Director. Therefore, Supervisor Palchik moved that the Board approve the appointment of Ms. Janet Stewart as Interim Director of Fairfax County’s Head Start/Early Head Start Program. Additionally, staff are also currently recruiting for the Head Start Chief Financial Officer position, and she anticipates returning later this summer with a request to approve the appointment of a new Director of Head Start and Chief Financial Officer. Supervisor Foust seconded the motion and it carried by unanimous vote.

29. **HISTORICAL MARKER PROJECT** (11:38 a.m.)

(BAC) Supervisor Palchik stated that the Historical Marker Project, focusing on the Black/African American experience in the County, has been a positive partnership among the County, Fairfax County Public Schools (FCPS), and FCPS students. The submission period for the contest closed on April 30, 2022, with over 55 submissions from individual students and classes from around the County. The students have seized the opportunity to research the members of the Black/African American community in the County and learn more about their numerous contributions to County history.

The next step in this process is for the voting committee to select outstanding submissions to be honored, including ones that may be recommended for consideration as Historical Markers under the Fairfax County Historical Marker Program. This committee is comprised of several African American history and cultural organization representatives, as well as appointees from each magisterial district, and FCPS students. These participants were chosen with a goal of allowing
the community to spearhead the selection of submissions to be recommended as Historical Markers.

To ensure the Board has a sufficiently sized voting committee to address the robust number of submissions, and one that reflects the community, staff recommends that two additional representatives be added to the voting committee, to be appointed by the Chairman. These spots will be reserved for community leaders of the Black/African American community here in the County and will allow the voting committee to evaluate the Historical Marker Project submissions and recommend markers that best represent the County’s One Fairfax values.

Therefore, jointly with Chairman McKay, Supervisor Palchik moved that two additional seats be added to the Historical Marker Project Voting Committee, to be appointed by the Chairman. Chairman McKay seconded the motion and it carried by unanimous vote.

30. **RESOLUTION OF RECOGNITION REQUEST FOR NV RIDES**
(11:45 a.m.)

Supervisor Palchik stated that in early April, NV Rides was awarded first place for Best Practices for Aging from the Virginia Commonwealth Council on Aging. This award honors programs and services that allow seniors to age in place, identifies innovative, community-based strategies to help seniors in their home communities.

NV Rides supports a network of volunteer driver programs who make transportation for seniors possible in the Northern Virginia area. It is a unique umbrella volunteer organization that provides the capacity and support to their partner driving organizations, which in turn allows each partner to meet the needs of their community. They recognize the importance of customization to serve specific religious communities or veterans. Throughout the pandemic, NV Rides’ partners continued to drive seniors in their own vehicles, on their own time, and have been tirelessly committed to making senior transportation available every single day in the region.

Therefore, jointly with Supervisor Gross, Supervisor Palchik asked unanimous consent that the Board direct staff to prepare a Resolution of Recognition for NV Rides and their volunteers, in honor of them receiving the Virginia Council on Aging Award and for the important work they do in assisting County seniors who wish to age in place, to be presented out of the Board Room. Without objection, it was so ordered.

31. **CONCURRENT PROCESSING REQUEST FOR TOLL MID- ATLANTIC LP COMPANY, INC. (PROVIDENCE DISTRICT)** (11:47 a.m.)

Supervisor Palchik stated that Toll Mid-Atlantic LP Company, Inc. is requesting a rezoning from the R-1 District to the PDH-12 District and to-be-vacated right-of-way associated with Buena Vista Road in Tysons. The applicant is currently
processing applications for a rezoning and final development plan, identified as Rezoning/Final Development Plan Application RZ/FDP 2021-PR-00019, to permit the construction of 48 single-family attached dwelling units and the retention of one single-family detached dwelling unit. The applications are scheduled for a Planning Commission public hearing on June 29, 2022. To be heard prior to the August recess, the applicant is requesting concurrent processing so that a public hearing before the Board may be scheduled.

Therefore, Supervisor Palchik moved that the Board direct the Director of Planning and Development to schedule Rezoning/Final Development Plan Application RZ/FDP 2021-PR-00019 for a public hearing before the Board on August 2, 2022. This motion should not be construed as a favorable recommendation by the Board, nor does it relieve the applicant from compliance with the provisions of all applicable ordinances, regulations or adopted standards. Supervisor Lusk seconded the motion and it carried by a vote of nine, Chairman McKay being out of the room.

33. **NAMING FAIRFAX COUNTY POLICE DEPARTMENT (FCPD) HELICOPTER HANGAR AFTER FORMER POLICE CHIEF AND DEPUTY COUNTY EXECUTIVE, DAVID ROHRER** (11:50 a.m.)

(R) Supervisor Herrity stated that at the March 8, 2022, Board Meeting, the Board unanimously approved the motion to have the History Commission begin the process of evaluating the naming of the FCPD Helicopter Hangar after former Police Chief and Deputy County Executive, David Rohrer.

Since then, the History Commission has determined that based on Board Policy for renaming facilities established January 26, 2021, it is not the appropriate agency to evaluate the naming of the facility given that the Board is seeking to name the facility after a living person. They further determined that FCPD is the appropriate agency to evaluate the naming of this facility.

FCPD has since reviewed the naming of the FCPD Helicopter Hangar and approved naming it after David Rohrer.

Therefore, in accordance with the Board’s naming policy which requires the appropriate agency review and approve facility name recommendations, and jointly with the entire Board, Supervisor Herrity moved that the Board name the FCPD Helicopter Hangar after former Police Chief and Deputy County Executive, David Rohrer. Supervisor Alcorn seconded the motion and it carried by a vote of seven*, Supervisor Gross, Supervisor Palchik, and Supervisor Smith being out of the room.

* Supervisor Brickey was absent during the vote.
(*NOTE: Later in the meeting, Supervisor Gross, Supervisor Palchik, and Supervisor Smith requested that they be recorded as voting affirmatively for this Board Matter. See Clerk’s Summary Item #36.)

34. REAFFIRMING COMMITMENTS TO ADDRESSING PANHANDLING
(11:52 a.m.)

(NOTE: Earlier in the meeting, Chairman McKay presented a Board Matter on panhandling. See Clerk’s Summary Item #16.)

Supervisor Herrity stated that on April 8, 2022, the County Executive circulated a memorandum to the Board on panhandling. For the last two years, there has been little movement on the actions the Board directed in 2019 to address panhandling, in part due to the pandemic. Prior to the pandemic, the Board had significant discussions on panhandling solutions and directed staff to put those solutions in motion. As a refresher to the entire Board, the public, and as a supplement to the County Executive’s memorandum, he shared some history on where the County’s action on this issue left off.

Supervisor Herrity stated that in 2017 he proposed a program to provide jobs for people experiencing homelessness called "There's a Better Way," which has been successful in other jurisdictions nationally and was originally implemented in Albuquerque, New Mexico. Shortly thereafter, the City of Fairfax started a similar program teaming up with the Lamb Center. The Department of Public Works and Environmental Services piloted a similar program and later established that program, Operation Stream Shield, which has had over 2,200 clients serve in the program including many that “graduated” into full time jobs. Also in 2017, the Office of Public Affairs (OPA) executed a community outreach campaign to educate residents on what resources the County provides and to discourage them from giving to panhandlers.

On July 16, 2019, Supervisor Herrity stated that he presented a Board Matter jointly with former Supervisor Cook, which asked the Board to consider an ordinance to promote safety curb-to-curb by prohibiting anyone from engaging with motorists. In addition, it asked for continued community outreach to share with residents how they can better support people who are in need rather than giving one-time funds to panhandlers and what resources the County provides. This motion was unanimously approved.

On September 17, 2019, at the Board’s Public Safety Committee Meeting, the County Attorney shared that a curb-to-curb safety ordinance could be considered and more likely to hold up in court if the ordinance is content neutral, limited in scope, and focused on conduct. The County Attorney further explained that the ordinance would need to be tailored to address specific traffic safety problems and recommended the County preemptively collect traffic data. Other recommendations from the meeting included enhanced enforcement strategy for law enforcement, a survey by the Office to Prevent and End Homelessness (OPEH)
to better understand panhandling individuals, a new community outreach campaign, and signage to discourage panhandling at specific intersections. The consensus at that meeting was that staff would conduct a limited, in-house transportation study to determine intersections where people in the median pose a particular public safety issue and staff would also conduct a survey to better understand if County services are connecting with the people who are panhandling. Using that data, the Board consensus was to move forward with signage discouraging panhandling at identified intersections and potentially consider an ordinance.

There was some reluctance by the Board at the time to enact an ordinance that would impact the Fill the Boot campaign, charity car washes, and other community benefit sign waving. Supervisor Herrity stated that he supports the efforts of the Fill the Boot campaign and was glad to see that it successfully used other fundraising mechanisms during the pandemic when in-person methods were not possible. Supervisor Herrity stated that while he would not want to impact any worthy fundraising effort like Fill the Boot, the safety issue of people interacting with motorists in intersections with heavy traffic persists year-round and needs to be addressed.

In early March of 2020, Supervisor Herrity stated that his office received updates from staff that the Department of Transportation and Police Department completed the traffic study and identified 40-plus panhandling hotspots. In addition, OPEH developed a survey based on other communities’ panhandling surveys. Staff planned to conduct the survey on April 20, 2020, and release the survey data in May 2020. Further, his office was told that staff had a sign design prepared and ready to present to the Board but were waiting on other logistical issues. The pandemic hitting in mid-March 2020 delayed those efforts.

Since then, complaints about panhandling and road safety have increased significantly and he has followed up on this issue numerous times asking for an update. There also has been an uptick in panhandling at shopping centers, resulting in calls to his office and police who have had to remind the center owners that shopping centers are private property. The County is an increasingly urban suburb and traffic is returning to pre-pandemic levels. Distraction is already a major issue for motorists. Accidents and near-misses throughout the County compel the Board to do something and prevent further tragedy. To protect both panhandlers and motorists, the Board needs to move forward with action on this issue.

Therefore, Supervisor Herrity moved that the Board direct:

- Staff to share with the Board updated traffic data related to panhandling hotspots, suggested language and design for signage, and identified locations for sign installation for the Board to discuss at the next Public Safety Committee meeting
- The County Attorney to draft an ordinance promoting curb-to-curb safety that is content neutral, limited in scope, and focused on prohibiting anyone from engaging with motorists within medians or intersections as a critical public safety issue for discussion at the Public Safety Committee meeting.

- OPA develop a communication plan to discuss at the Public Safety meeting to educate residents on what resources the County provides and to discourage them from giving to panhandlers. As a part of that education campaign, a component to educate businesses on available services the County offers as well as their right to address panhandling on their property as they see fit be included.

This motion died for lack of a second.

Discussion ensued regarding the following:

- Differences among the Board on the process.

- Directing staff to draft the ordinance.

- The need for future conversations with the Board regarding the challenges associated with panhandling.

35. **CITIZEN TASK FORCE ON TAX REVENUE AND EXPENDITURES**

(12:03 p.m.)

Supervisor Herrity stated that during the public budget testimony and at the budget town halls, the Board heard from a large number of residents on the impact of rising assessments and the resulting real estate tax increases on the affordability of living in the County. Over the last several decades, past Boards took different approaches to address these concerns.

Prior to Fiscal Year 2000, there were several commissions and task forces formed to address County revenues and expenditures, emphasizing efficiency and fiscal restraint. From the Cole Commission under then-Chairman Tom Davis to the Task Force on Revenues and Expenditures under then-Chairman Kate Hanley. More recently there was the Line of Business Reviews under then-Chairman Sharon Bulova. These provided a forum for citizens of diverse backgrounds with fiscal expertise to review the County’s revenue and expenditures, sharing feedback to the Board year-round outside of the annual budget process.

Based on the testimony received from numerous citizens on the impact of the tax increase and the recommendations of organizations like the McLean Citizens Association and the Fairfax County Federation of Civic Associations, Supervisor Herrity stated his belief that it is time for the Board to convene a group of citizens to review the budget for areas where services can be provided more efficiently and reduce the impact on County residents. This group would hopefully be comprised...
of constituents with demonstrated budget expertise from diverse backgrounds for the purpose of providing recommendations on how the County can provide quality services in a more cost-effective manner, provide options for revenue diversification, and provide options to address the reduced commercial tax base with the goal of reducing the cost of government and the tax burden on County residents and businesses. The County Executive and Office of Management and Budget staff do an incredible job each year balancing the County budget, finding savings, and proposing greater efficiencies to the Board. As staff works under the direction of this Board, a citizen budget review group would provide a greater diversity of perspectives on the budget, which may aid this Board and staff in those efforts.

Therefore, Supervisor Herrity moved that the Board direct the County Executive to review the models used by the County in the past as well as current best practices for such efforts and report to the Board at an upcoming Budget Committee meeting with his findings and a recommendation on a direction forward. This motion died for lack of a second.

36. **REQUEST TO RECORD AN AFFIRMATIVE VOTE** (12:06 p.m.)

(NOTE: Earlier in the meeting, a Board Matter was presented regarding the naming of the Fairfax County Police Department (FCPD) helicopter hangar after former Police Chief and Deputy County Executive David Rohrer. See Clerk’s Summary Item #33.)

Upon their return to the Board Room, Supervisor Gross, Supervisor Palchik, and Supervisor Smith requested to be recorded as voting affirmatively for the Board Matter, which was presented earlier in the meeting.

37. **REQUEST TO CONCUR IN FILING FOR MATAN GLORUS ROAD, LLC (SULLY DISTRICT)** (12:07 p.m.)

Supervisor Smith stated that the applicant, Matan Glorus Road, LLC, has filed a Rezoning and Proffered Condition Amendment Application for Tax Map Parcels 33-2 ((2)) 9, 9A and 10D. Each of the three parcels is located on the north side of Thompson Road and has frontage on Barney Road.

The application property is surrounded by industrial and institutional uses to the south and east, and the Dulles International Airport to the north. A significant portion of the application property and parcels to the north are located within Resource Protection Areas (RPAs). As part of the Rezoning and Proffered Condition Amendment applications, the Applicant proposes to incorporate the segment of Barney Road, located between Thompson Road to the south and Adkins Road to the north, within the application property. This segment of Barney Road is a dedicated but unimproved section of right-of-way that is unlikely to be constructed in the future due to the presence of RPA and floodplain on the application property and the surrounding area. Accordingly, this segment of Barney
Road is proposed to be vacated and abandoned in a separate but concurrent process. Since the Board owns the right-of-way associated with Barney Road, the Board must concur with the filing of the application. This proposal has been discussed with representatives from the Department of Transportation, who do not object to the proposed vacation/abandonment.

The applicant understands that this motion will not prejudice the consideration of the Rezoning and Proffered Condition Amendment applications in any way.

Therefore, Supervisor Smith moved that the Board:

- Concur with the filing of the Rezoning and Proffered Condition Amendment applications by Matan Glorus Road, LLC, to rezone the right-of-way associated with Barney Road to the I-4, WS and AN Districts

- Authorize the County Executive and/or his designees to act as agent of the Board in conjunction with this application

Supervisor Palchik seconded the motion and it carried by a vote of eight, Supervisor Herrity and Supervisor Storck being out of the room.

EXPEDITE AND CONCURRENT PROCESSING REQUEST FOR MATAN GLORUS ROAD, LLC (SULLY DISTRICT) (12:09 pm.)

Supervisor Smith stated that Matan Glorus Road, LLC has filed a rezoning application on property in the Sully Magisterial District identified as Tax Map Parcels 33-2 ((2)) 9, 9A, and 10D. The application, identified as Rezoning Application RZ 2022-SU-00010, proposes to expand the parking area associated with a previously approved industrial building that is currently under construction. The proposed expansion is in response to market demand for additional parking from various prospective users of the building that the applicant has engaged in the course of its marketing efforts. Given that construction of the building is underway, and due to the applicant’s ongoing marketing efforts with prospective users of the industrial building, the applicant seeks to expedite the processing of the rezoning application. In addition, the Applicant seeks to concurrently process a site plan for the expanded parking program.

Therefore, Supervisor Smith moved that the Board direct the Director of:

- The Zoning Evaluation Division to expeditiously process the pending rezoning application submitted by the applicant

- Land Development Services to accept for concurrent and simultaneous processing any site plans, architectural drawings or other drawings as may be necessary in conjunction with Rezoning Application RZ 2022-SU-00010
Planned and Development to schedule Rezoning Application RZ 2022-SU-00010 for a public hearing before the Board. This motion should not be construed as a favorable recommendation by the Board on the proposed applications and does not relieve the applicant from compliance with the provisions of all applicable ordinances, regulations or adopted standards in anyway.

Chairman McKay seconded the motion and it carried by a vote of nine, Supervisor Herrity being out of the room.

EXPEDITE REQUEST FOR SANDSTONE VIRGINIA CARE LLC (SULLY DISTRICT) (12:12 p.m.)

Supervisor Smith stated that Sandstone Virginia Care LLC has filed a Special Exception Application on Tax Map Parcel 33-2 ((13)) 2 to allow a medical care facility within an existing building. No site modifications are proposed. The facility would occupy approximately 10,000 square feet of an existing building for a Medical Detox and Residential Treatment Center open 24-hours a day, seven days a week. Services would include voluntary, addiction and mental health treatments for adult community members. The Planning Commission public hearing is scheduled for July 13, 2022, and this case should move forward to the Board as soon as possible.

Therefore, Supervisor Smith moved that the Board direct staff to expedite the scheduling of the Board’s public hearing for Special Exception Application SE 2021-SU-00031 to a date certain of August 2, 2022. This motion should not be construed as a favorable recommendation by the Board on the proposed applications and does not relieve the applicant from compliance with the provisions of all applicable ordinances, regulations or adopted standards in anyway. Chairman McKay seconded the motion and it carried by a vote of nine, Supervisor Herrity being out of the room.

PROCLAMATION REQUEST DESIGNATING MAY 8-14, 2022, AS “FOOD ALLERGY AWARENESS WEEK” (12:13 p.m.)

Supervisor Smith stated that food allergies are a life-changing, serious, and increasingly prevalent disease that affects 32 million Americans. One in every 13 children has food allergies or approximately two children in every classroom. In the United States, emergency medical treatment for severe allergic reactions to food has increased 377 percent in only a decade. Each year an estimated 3.3 million Americans require emergency room treatment for symptoms of a severe food allergy reaction.

Food Allergy Research and Education (FARE) is one of the world’s largest non-profit organizations that specializes in raising awareness of food allergies. It was founded in 1991, by a mother whose daughter had been diagnosed with a milk and egg allergy. FARE began Food Allergy Awareness week in 1998. This is an
opportunity to call on people to take action and make an impact on behalf of the millions of people around the world that suffer with food allergies by encouraging individuals to increase their understanding and awareness of food allergies and anaphylaxis.

Therefore, Supervisor Smith moved that the Board direct staff to prepare a Proclamation designating May 8-14, 2022, as “Food Allergy Awareness Week” in the County. Supervisor Palchik and Supervisor Storck jointly seconded the motion and it carried by a vote of nine, Supervisor Herrity being out of the room.

41. COMMENT LETTER ON THE COMMONWEALTH TRANSPORTATION BOARD'S (CTB) FISCAL YEAR (FY) 2023-2028 SIX-YEAR IMPROVEMENT PROGRAM (SYIP) (12:17 p.m.)

Supervisor Alcorn stated that the CTB is currently developing its FY 2023-2028 SYIP. The draft SYIP was released on April 19, 2022, and the CTB is expected to adopt the SYIP in June. As in past years, public meetings are being held across Virginia for the public to comment on the program. The Northern Virginia District meeting occurred on May 4, 2022, and comments can also be submitted in writing through May 23, 2022.

In even-numbered years, the CTB allocates funding for smaller programs, such as the Transportation Alternatives Set-Aside and Revenue Sharing programs. Additionally, some programs are allocated annually, including Congestion Mitigation and Air Quality, Regional Surface Transportation Program and State of Good Repair. However, there is not as much flexibility with annually-allocated funds. The Board has generally provided testimony and substantial comments in support of County projects in odd years, which is when the more significant Smart Scale funding is allocated. Since the CTB will be considering smaller programs this year, staff is recommending the Board provide a letter, as they have done in previous years.

The draft letter thanks the Commonwealth for including funding for several projects and programs benefiting the County in the Draft SYIP. This includes $33.5 million in operating assistance for the Fairfax Connector; $26.4 million for various transit capital projects; $641,000 for transportation demand management programs; $5.1 million for the Fairfax County Parkway; $4.9 million for the Lincoln Street project; $2.4 million for three bicycle and pedestrian projects, and $5.9 million for various bridge rehabilitation projects in the County.

The letter also notes the importance of transportation to the County and the Commonwealth and notes concerns over various legislative proposals that would reduce state transportation revenues.

Therefore, Supervisor Alcorn moved that the Board approve the letter (attached to his written Board Matter) providing comments on the Commonwealth's draft FY 2023-2028 SYIP to be sent to the Virginia Secretary of Transportation as part of
the public comment record on behalf of the County. Chairman McKay seconded the motion.

Discussion ensued, with input from Noelle Dominguez, Chief, Coordination Section, Department of Transportation (DOT) and Tom Biesiadny, Director, DOT, regarding the following:

- How and who identifies the projects for State funding
- Pedestrian projects
- Future discussion regarding the Transportation Priority Plan with the Board
- Bridge rehabilitation and the location of a bridge on Heritage Drive
- Concerns regarding replacing revenue
- Funding still not fully restored by the General Assembly
- Gas tax and transit funding

The question was called on the motion and it carried by a vote of nine, Supervisor Herrity being out of the room.
