Mission

To provide reserves for unanticipated and anticipated grants awarded to Fairfax County from federal, state, and other funding sources. The reserves enable Fairfax County to accept grant funding to enhance services provided to the residents of Fairfax County.

Focus

In order to provide a comprehensive summary of grant awards to be received by the County in FY 2021, awards already received and awards anticipated to be received by the County for FY 2021 are included in the Fund 50000, Federal-State Grant Fund budget. The total FY 2021 appropriation within Fund 50000, Federal-State Grant Fund is \$119,943,967, an increase of \$7,394,432, or 6.6 percent, over the FY 2020 Adopted Budget Plan total of \$112,549,535.

In order to secure grant funding, the grantor often requires that a certain percentage of funds be matched from local funding sources. In FY 2021, the General Fund commitment for Local Cash Match totals \$4,490,584, an increase of \$57,930 or 1.3 percent, over the total FY 2020 anticipated need for Local Cash Match of \$4,432,654.

Prior appropriation of the anticipated grants will allow for grants to be handled in an expeditious manner when actual awards are received. As specific grants are awarded and approved, a supplemental appropriation of the required funds is made to the specific agency or agencies administering a grant. This increase in a specific agency grant appropriation is offset by a concurrent decrease in the grant reserve. The list of anticipated grants to be received in FY 2021 was developed

based on prior awards and the most recent information available concerning future awards. A detailed list of grant programs by agency, including a description of the grant programs funded, the number of positions supported, and the funding sources (federal/state grant funds, General Fund support, and other support) is included. In addition, an amount of \$5,075,000 is included as part of the reserve to allow for new grant awards that were not anticipated.

The current County policy for grant application and award is based on certain pre-established criteria. The Board of Supervisors has authorized the grant applications for those grants listed on the Anticipated Grant Awards table in the Adopted Budget for the current fiscal year. If the actual funding received does not differ significantly from the projected funding listed in the budget, the agency can work directly with the Department of Management and Budget to appropriate funding. However, additional Board approval will be required to receive the award if it is significantly different from what is included in the Adopted Budget. If an agency is applying for a new grant award and it is \$100,000 or less, with a required Local Cash Match of \$25,000 or less, with no significant policy implications, and if the grantor does not require Board of

Supervisors' approval, the agency can work directly with the Department of Management and Budget to apply for and receive the award. The Chairman of the Board of Supervisors, the County Executive and/or a designee appointed by the County Executive are authorized to enter into the grant agreement and any related agreements, including but not limited to Federal Subaward Agreements, on behalf of the County for both grant awards included on the anticipated grant table and for those awards where Board of Supervisors' approval is not required. For any other grant that does not meet all of the

specified criteria, the agency must obtain Board of Supervisors' approval in order to apply for or accept the grant award.

Funding in Reserve within Fund 50000

An amount of \$119,943,967 is included in FY 2021 as a reserve for grant awards. Grant awards are principally funded by two general sources – federal/state grant funding and Local Cash Match. The FY 2021 reserves for each of these sources are estimated for anticipated grant awards and for unanticipated grant awards. The Reserve for Estimated Grant Funding and the Reserve for Estimated Local Cash Match are shown on the fund statement as both estimated revenue and estimated expenditures.

In FY 2021, the Reserve for Estimated Grant Funding is \$115,453,383, including the Reserve for Anticipated Grant Funding of \$110,453,383 and the Reserve for Unanticipated Grant Funding of \$5,000,000. This reflects an increase of \$7,336,502, or 6.8 percent, over the <u>FY 2020 Adopted Budget</u> <u>Plan</u> Reserve for Estimated Grant Funding of \$108,116,881. The increase is primarily attributable to increases in estimated funding for grants in the Department of Housing and Community Development, Department of Transportation, Fairfax-Falls Church Community Services Board, Department of Neighborhood and Community Services, Fire and Rescue Department, and Emergency Preparedness.

In FY 2021, the Reserve for Estimated Local Cash Match is \$4,490,584 including the Reserve for Anticipated Local Cash Match of \$4,415,584 and the Reserve for Unanticipated Local Cash Match of \$75,000. This reflects an increase of \$57,930 or 1.3 percent, from the <u>FY 2020 Adopted Budget Plan</u> Reserve for Local Cash Match of \$4,432,654. This increase in Local Cash Match requirements is primarily due a new grant received in the Department of Neighborhood and Community Services offset by a decrease in Local Cash Match requirements in the Police Department.

The Reserve for Local Cash Match is a projection of the County contributions required for anticipated and unanticipated grant awards. The anticipated Local Cash Match required by agencies is as follows:

| Agency | FY 2021 Advertised Local Cash Match |
|---|--|
| Department of Housing and Community Development | \$473,009 |
| Department of Transportation | 179,600 |
| Department of Family Services | 1,658,958 |
