## Focus

Fund 20000, Consolidated County and Schools Debt Service Fund, accounts for the general obligation bond debt service of the County as well as general obligation bond debt service for the Fairfax County Public Schools (FCPS). In addition, debt service expenditures are included for the Fairfax County Economic Development Authority Lease Revenue bonds and School facilities, payments for Fairfax County Redevelopment and Housing Authority (FCRHA) Lease Revenue bonds, payments to the Virginia Resources Authority (VRA), and direct loans to banking institutions. Revenues for the debt service funds are derived principally from a transfer from the General Fund. Debt service on wastewater revenue bonds is reflected in the Enterprise Funds.

## **Debt Service Ratios**

The Board of Supervisors has adopted specific debt indicators within the *Ten Principles of Sound Financial Management (Ten Principles)* to effectively manage the County's bonded indebtedness. The *Ten Principles* state that the County's debt ratios shall be maintained at the following levels:

- Net debt as a percentage of estimated market value should always remain less than 3.0 percent; and
- The ratio of debt service expenditures as a percentage of Combined General Fund disbursements should remain under 10.0 percent.

The Board of Supervisors annually reviews the cash requirements for capital project financing to determine the capacity to incur additional debt for construction of currently funded projects as well as capital projects in the early planning stages. In FY 1992 and FY 1994, bond projects were deferred to reduce planned sales and remain within capacity guidelines.

During the adoption of the FY 2008 Adopted Budget Plan, the *Ten Principles* were revised to allow for the use of variable rate debt. Variable rate obligations are debt obligations that are frequently used for short-term or interim debt financing and have an interest rate that is reset periodically, usually for periods of less than one year. Variable rate debt is typically used to take advantage of low short-term rates in anticipation of converting to longer-term fixed rate financing for complex

## Fund 20000: Consolidated County and Schools Debt Service Fund

projects or to mitigate the impact of volatile markets. Also, variable rate debt reduces interest costs and typically provides the ability to redeem bonds without a prepayment penalty. It is anticipated that the use of variable rate debt will provide opportunities for interest rate savings, reduce arbitrage payments, and promote more accurate sizing for long-term bond issues.

As a result of County financial policies, prudent fiscal management and a strong economy, the County has been awarded the strongest credit rating possible from the three major national rating services. The County holds a Aaa from Moody's Investors Service (awarded 1975), a AAA from Standard and Poor's Global Ratings (awarded 1978), and a AAA from Fitch Ratings (awarded 1997). As of January 2022, Fairfax County is one of only 13 states, 49 counties, and 31 cities to hold a triple-A rating from all three services.

As part of the [FY 2019 Adopted Budget Plan](#) and future budgets, the County included an additional \$25 million in general obligation bonds for the Fairfax County Public Schools, thereby increasing their annual total from \$155 million to \$180 million. The County's annual bond sale limits were revised as part of the *Ten Principles of Sound Financial Management*. Debt ratio impact with respect to capacity and affordability will continue to be reviewed on an annual basis.

As part of the [FY 2023 Adopted Budget Plan](#), the County included an additional \$25 million in general obligation bonds for the Fairfax County Public Schools and an additional \$25 million in general obligation bonds for the County, thereby increasing the annual total from \$300 million to \$350 million. The new total will be applicable in FY 2023 and FY 2024. Starting in FY 2025, the County will include an additional \$25 million in general obligation bonds for the Fairfax County Public Schools and an additional \$25 million in general obligation bonds for the County, thereby increasing the annual total from \$350 million to \$400 million. These increases were the result of recommendations from the Joint Board of Supervisors and School Board Capital Improvement Program Committee as part of their final report issued in October 2021. Specifically, the County's bond sale limits were increased from \$300 million to \$400 million with the incremental increase to occur over the next several years as noted. The Board of Supervisors then approved the Joint CIP report in November 2021. The County's annual bond sale limits were revised as part of the *Ten Principles of Sound Financial Management*. Debt ratio impact with respect to capacity and affordability will continue to be reviewed on an annual basis.

The following are debt ratios and annual bond sales reflecting debt indicators for FY 2019 - FY 2023:

2023 (Est.)	355,235,535	4,774,034,947	7.44%

<sup>1</sup> The amount includes total principal and interest payments on the County's outstanding tax supported debt obligations, including General Obligation Bonds, Economic Development Authority bonds, and other tax supported debt obligations budgeted in other funds. Sources: FY 2019 to FY 2021 Annual Comprehensive Financial Report; FY 2022 and FY 2023 Fairfax County Department of Management and Budget. The FY 2020 actual debt service figure reflects a notable decrease from the prior year due primarily to the final payoff of two outstanding County debt issuances (Herrity and Pennino Administrative buildings and Capital Renewal loan). The FY 2021 actual debt service figure again trended lower to prior years due primarily to the planned one-time debt service savings structure as part of the Series 2020B General Obligation Refunding Bonds.

Fiscal Year	Par	Premium	Total
2019	214.66	32.70	247.36
2020	213.92	53.74	267.66

<b>Total</b>	<b>\$1,305.42</b>	<b>\$149.60</b>	<b>\$1,455.02</b>

<sup>1</sup> Actual County and School bond sale amounts are based on the cash requirements for each project and municipal bond market conditions at the time of the sale. As part of the FY 2023 Adopted Budget Plan, annual County bond sales are increased by \$50 million from \$300 million (or \$1.50 billion over a five-year period) to \$350 million (or \$1.75 billion over a five-year period); with a technical limit of \$375 million in any given year. These new total amounts are applicable to FY 2023 and FY 2024. Starting in FY 2025, annual County bond sales are increased by \$50 million from \$350 million (or \$1.75 billion over a five-year period) to \$400 million (or \$2.00 billion over a five-year period); with a technical limit of \$425 million in any given year. These amounts above reflect new money bond sale project fund deposits (par + premium) and exclude refunding bond sales. The increases were the result of recommendations from the Joint Board of Supervisors and School Board Capital Improvement Program as part of their final report issued in October 2021. Specially, the County's bond sale limits were increased from \$300 million to \$400 million with the incremental increase to occur over the next several years as noted. The Board of Supervisors then approved the Joint CIP report in November 2021. The County's annual bond sale limits were revised as part of the *Ten Principles of Sound Financial Management*. Debt ratio impact with respect to capacity and affordability will continue to be reviewed on an annual basis.
