

# Fund 10020: Consolidated Community Funding Pool

**Mission** To provide funding to community-based health and human services programs through a competitive grant process that is responsive to changing community needs.

**Focus** The Consolidated Community Funding Pool (CCFP) began in FY 1997, when the Board of Supervisors (BOS) approved the development and implementation of a competitive funding process to fund services best provided by community-based agencies and organizations. These organizations were formerly funded through either a contribution or a contract with an individual County agency. The CCFP allows for one process for setting categories and awarding funding. In accordance with the Board's direction, this process is guided by the following goals:

- Provide support for services that are an integral part of the County's vision and strategic plan for health and human services;
- Serve as a catalyst to community-based agencies, both large and small, to provide services and leverage resources;
- Strengthen the community's capacity to provide health and human services to individuals and families in need through effective and efficient use of resources; and
- Help build public/private partnerships and improve coordination, especially within the human services regions of the County.

The CCFP is funded from federal Community Development Block Grant funds (CDBG); federal Community Services Block Grant (CSBG) funds received in the General Fund; and local Fairfax County General Funds. In order to comply with federal reporting requirements, CDBG funds are accounted for in Fund 50800, Community Development Block Grant. The CSBG funds received in the General Fund and local Fairfax County General Funds are accounted for in Fund 10020, Consolidated Community Funding Pool; however, CSBG funding is not detailed separately from the General Fund Transfer. Prior to FY 2021, the CDBG portion of the total funding allocated for the CCFP process included both Capital funds and Targeted Public Services funds. Beginning with the FY 2021 CCFP funding cycle, the Capital CDBG funding is no longer a part of the CCFP selection process, and instead is solely administered by the Department of Housing and Community Development (HCD) and consolidated with other funding sources that support housing related capital projects; however, the Targeted Public Services CDBG funds will remain part of CCFP. This change will increase efficiencies with the review and administration of the Capital CDBG funding and simplify the CCFP RFP process.

The COVID-19 pandemic, along with identified service gaps in housing and food supports, have highlighted the need to ensure adequate emergency basic needs are resourced throughout the County. Therefore, beginning with the FY 2023-FY 2024 cycle, funding is now awarded through two competitive grant processes. The first request for proposal (RFP I) awarded funding to programs that build self-sufficiency, provide health programs, assist with financial stability, encourage positive behaviors, and build strong social networks through prevention programs and services. RFP I recipients were awarded \$8.8 million of the CCFP allocation. The second request for proposal (RFP II) allocated emergency housing and emergency food intervention supports to all areas of the County, proportionate to need. RFP II recipients were awarded \$5 million of the CCFP allocation.

# Fund 10020: Consolidated Community Funding Pool

The CCFP process operates on a two-year funding cycle. When funding is awarded, the Chairman of the Board of Supervisors, the County Executive, and/or a designee appointed by the County Executive are authorized to enter into agreements, including but not limited to Federal Subaward Agreements, on behalf of the County for funding awarded through the CCFP process. FY 2024 is the second year of the two-year cycle.

In FY 2024, the General Fund transfer remains flat compared to the FY 2023 Adopted Budget Plan and no increase in CDBG funding is included based on the actual FY 2023 CDBG award amount. Combined, the total CCFP FY 2024 funding level is anticipated to be \$13,817,132, the same level as the FY 2023 Adopted Budget Plan. A breakdown of this funding is shown below:

Funding Source	FY 2023 Adopted Budget	FY 2024 Advertised Budget	Change
General Fund Transfer <i>(includes estimated CSBG revenue to General Fund)</i>	\$12,897,910	\$12,897,910	\$0 0.0%
CDBG <sup>1</sup> <i>(included in Fund 50800, CDBG)</i>	\$919,222	\$919,222	\$0 0.0%
<b>Total CCFP</b>	<b>\$13,817,132</b>	<b>\$13,817,132</b>	<b>\$0 0.0%</b>

<sup>1</sup> The Fund 50800, CDBG, award is currently an estimate and is based on the FY 2023 U.S. Department of Housing and Urban Development (HUD) award. Allocation of actual funding, also consistent with the Consolidated Plan One-Year Action Plan for FY 2024, will be made as part of the *FY 2023 Carryover Review*.

The CCFP process reflects significant strides to improve services to County residents and to strengthen relations between the County and community nonprofit and faith-based organizations. First, all programs funded through this process are required to develop and track program outcome measures. Second, the criteria used to evaluate the proposals explicitly encourages agencies to leverage County funding through strategies such as cash match from other non-County sources, in-kind services from volunteers, or contributions from the business community and others. Third, the criteria encourages agencies to develop approaches that build community capacity and involve residents, individuals, and families in the neighborhoods being served. Fourth, the County facilitates interactions between community-based organizations, the business community, the local community, and County staff with the goal of strengthening the community's capacity to provide ongoing services to meet the needs of County residents and to support the development of potential CCFP applicant organizations.

### **FY 2023 - FY 2024 Initiatives**

- Utilize data from the 2022 Human Services Needs Assessment along with information from public meetings, reports, and studies as well as data from County and nonprofit health and human services agencies to assist in the identification of emerging needs and the development of future funding categories.
- Continue provision and coordination of relevant training and technical assistance to build community and organizational capacity and expand service delivery to meet the County's health and human services needs.

# Fund 10020: Consolidated Community Funding Pool

- Continue provision of contract oversight, which includes program activities, service delivery, contractual compliance, and financial management, to nonprofit recipients of CCFP funds.
- Promote approaches that build community capacity, leadership, and the involvement of residents.
- Promote the use of measures and indicators that align with the health and human services determinants to gain insight into the impact of CCFP funding on the health and human services system and to gauge whether the fund is achieving its goals.

The FY 2023-FY 2024 CCFP funding categories are reflective of the two new RFP processes. The Consolidated Community Funding Advisory Committee (CCFAC) has organized the funding categories according to seven areas for RFP I and two areas for RFP II and adopted outcome statements. The CCFAC also included service examples for each category area. The BOS approved these funding priorities on June 22, 2021.

**Overarching Statement**

These categories were identified as needs and are aligned with health and human services determinants. Each outcome statement focuses on a broad community definition and specifically includes all individuals and families, income levels, abilities, and ages. ***Where appropriate, providing case management, transportation, high-quality and affordable child care, linguistically and culturally appropriate services, and/or other resources that remove barriers and allow participation, may be included in all seven categories of CCFP RFP I and case management may be included within the two categories of CCFP RFP II.***
